COOP

PURCH

DISAST

PURCH

Installation and Site Preparation Services - Include installation and site preparation services ordered in conjunction with buildings and structures, building materials, storage tanks/systems, services for alternative energy solutions or power distribution equipment, and fuel dispensing and management systems purchased under this schedule contract. For ordering limitations and information, refer to the Special Ordering Procedures/Ordering Guide posted on [www.gsa.gov](http://www.gsa.gov) NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.
- OLM 

COOP

PURCH

DISAST

PURCH

OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

1b. Lowest Priced Model Number and Price:

SIN	Part No.	GSA Net Price
334290	TR300	\$4.09
334290L	PROE1PSCBL	\$45.35
334512	CCT2177/U	\$0.20

1c. Hourly Labor Rates and Descriptions:

Labor categories and rates – Refer to page 7

Labor Descriptions:

Job Title	Functional Responsibilities	Education / Experience
Mechanical Technician	Provide a wide-range of on-call, scheduled preventive maintenance, installation and repair services on HVAC equipment and systems, temperature controls, and energy management systems. Provide proactive preventative maintenance to maintain optimal mechanical system operations to attain desired comfort, safety and operating cost efficiencies.	Education and experience levels are determined by a combination of Union and Honeywell requirements. There is no specific formal degree requirement but minimum experience for Journeymen is 5 years.
Job Title	Functional Responsibilities	Education / Experience
Automation Technician	Installation, commissioning, maintenance and repair of Honeywell Control systems. Performs installation, maintenance or repair services, checkout and start-up of diverse technologies including, HVAC, Fire & Security, Integrated systems and internet based computer systems. Also possess basic project management and engineering skills to engineer and install small jobs and perform close-out tasks to meet customer requirements.	Vo-Tech Degree in HVAC control or related mechanical, electrical, security or computer systems, or Bachelor's Degree in Mechanical / Electrical Engineering, or equivalent industry related experience. Minimum 2 years desired in one or more disciplines related to mechanical, technical, HVAC, Fire and Security Systems, and/or computer system / networking experience required. Ability to provide technical guidance and support on Honeywell products and services with little or no supervision. Fire Alarm Technicians are working towards obtaining NICET Level II, III or IV.
Engineer	Systems design, analysis, installation and integration with a major emphasis on improving system performance to generate savings in energy, operations, and maintenance costs. Specifies system components to ensure conformance with engineering design and performance specifications. May perform diagnostics and troubleshoots problems as required to resolve system issues and to provide technical information as required. May perform Project Management functions as required including developing project plans, directing personnel, and developing procedures for testing and commissioning.	B.S. Degree, Engineering, Mechanical or Electrical or equivalent experience. Generally 5-7 years application engineering experience including large, complex and target job assignments required. Extensive knowledge of Honeywell and industry standard software. Comprehensive understanding of all existing and current Honeywell offerings and ability to integrate the two. Understanding of state, federal and municipal code requirements for electrical, fire, and safety systems. Extensive knowledge of PC's, software, networks, internet related technologies. Fire Alarm Designers are working towards obtaining NICET Level II, III or IV.

2. Maximum Order: All SINS \$250,000

If the "Best Value" selection places your order over this Maximum Order, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the Schedule contract in accordance with FAR 8.404.

3. Minimum Order: \$100.00

4. Geographic Coverage: Worldwide

5. Points of Production: Louisville, KY (Jefferson County); Arlington Heights, IL (Cook County); San Diego, CA (San Diego County); Golden Valley, MN (Hennipin County); El Paso, TX (El Paso County); Tijuana, Mexico.

6. Basic Discount: Prices shown herein are GSA Net
7. Quantity Discount(s): None
8. Prompt Payment Terms: Net 30 Days
- 9a. Government Purchase Cards: Government Purchase Cards are accepted at or below the Micro-purchase threshold (\$3,000).
- 9b. Government Purchase Cards: Government purchase cards are accepted above the micro-purchase threshold.
10. Foreign Items: Various items are manufactured in Mexico,
- 11a. Time of Delivery: 15 Day ARO
- 11b. Expedited Delivery: For all items, if in stock: Any order received by 2:30 PM Eastern Time and requesting both same day shipment and PREMIUM ROUTING (air) will be charged for air freight.
- Any orders received after 2:30 PM Eastern Time with a same day shipment request will default to a request date of the next business day and cannot be guaranteed same day shipment.
- 11c. Overnight and 2-Day Delivery: Contact Contractor's Representative N/A
- 11d. Urgent Requirements: Agencies can contact the contact Contractor's representative to affect a faster delivery. Customers are encouraged to contact the contractor for the purpose of requesting accelerated delivery.
12. FOB Point: FOB Destination – 48 contiguous states  
Port of Exportation in Alaska, Hawaii, Puerto Rico, US Territories and Worldwide
13. Ordering Address: Honeywell International, Inc.

<b>Labor Category</b>	<b>Rate Range</b>
Mechanical	\$100.35 - \$215.79 per hour
Automation	\$142.24 - \$244.61 per hour
Engineering	\$147.04 - \$252.26 per hour

**Honeywell Software License Agreement  
For Honeywell Enterprise Buildings Integrator and/or Digital Video Manager**

Dear Customer:

Your new Enterprise Buildings Integrator and/or Digital Video Manager system requires the use of software listed on Exhibit 1 of this form (Software) (to be provided).

Honeywell grants to you a limited, non-exclusive, perpetual license for the internal use of the Software with compatible equipment at the designated installation. You may make up to two (2) copies of the Software in non-printed, machine-readable form, to be used solely for archival or backup purposes.

The Software is proprietary to, and the title to the Software remains with, Honeywell and its vendor(s). You agree (1) not to violate Honeywell's and its vendors' rights in the Software; (2) not to sell, transfer, publish, display, disclose, or make the Software or data it generates, including copies available to others; and (3) not to decompile, disassemble, or otherwise reverse engineer the Software. Absent Honeywell's written consent, which will not be unreasonably withheld, any attempt to transfer, assign, or sublicense this software license agreement ("Agreement") or the Software is null and void. Upon termination of this Agreement, you will immediately return the Software to Honeywell. Termination will not cancel your obligations under this Agreement.

Honeywell warrants that the Software will be free from material defects and operate substantially as described. If, for a period of one (1) year, the Software does not meet Honeywell's specifications, then Honeywell, at its option, shall repair or replace the Software. If a breach of this warranty cannot be remedied by repair or replacement, Contractor shall refund the fee associated with the non-conforming item. THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

IN NO EVENT SHALL HONEYWELL OR ITS VENDORS BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE, STATUTORY, OR INDIRECT DAMAGES, LOSS OF PROFITS, REVENUES, OR USE, OR THE LOSS OR CORRUPTION OF DATA, EVEN IF INFORMED OF THE POSSIBILITY OF THESE DAMAGES. THE AGGREGATE LIABILITY OF HONEYWELL FOR ANY CLAIMS ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL IN NO CASE EXCEED THE AMOUNT OF LICENSE FEES PAID BY YOU HEREUNDER. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THESE LIMITATIONS AND EXCLUSIONS WILL APPLY WHETHER LIABILITY ARISES FROM BREACH OF CONTRACT, INDEMNITY, WARRANTY, TORT, OPERATION OF LAW, OR OTHERWISE. THIS CLAUSE SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75 – PRICE REDUCTIONS, CLAUSE 52.212-4(H) – PATENT INDEMNIFICATION, AND GSAR 552.215-72 – PRICE ADJUSTMENT – FAILURE TO PROVIDE ACCURATE INFORMATION).

**SIN 334290 - Ancillary Services**

**Instructions:** Ancillary services are included under this SIN; however, services performed under this SIN shall not be the primary purpose of the work ordered, but be an integral part of the total solution offered. Services provided under this SIN must be ancillary to other schedule offerings and may only be ordered in conjunction with the purchase of supplies.

**SIN 238910 – Installation and Site Preparation Services**

**Instructions:** Installation and Site Preparation services provided under this SIN must be purchased in conjunction with products offered under the Facilities subcategory titled "Structures", the Security and Protection subcategory titled "Security Systems" and the Industrial Products and Services subcategory titled "Industrial Products". In addition, the services provided under this SIN must be ancillary to products or services purchased under these 3 subcategories.

Applicable clauses associated with FAR Subpart 22.4 have been incorporated into this SIN; however, specific wage determinations are not included and ordering activities are directed to review the FAR, agency supplemental regulations and any other relevant guidance to ensure that all applicable clauses and other requirements are incorporated at the order level based on the specific circumstances of their requirement. Agencies executing orders under the contract must observe any agency- specific approvals, thresholds, or funding restrictions associated with real property work, such as/for example, the use of operation and maintenance (O&M) funds for unspecified military construction.

This SIN excludes services including (1) major or new construction of buildings, roads, parking lots and other facilities; (2) complex R&A of entire facilities or significant portions of facilities, and (3) Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36.

Ancillary services, incidentals, and equipment rental may only be ordered in conjunction with or in support of products or services purchased under the Federal Supply Schedule contract.

**SIN 334512 – PROFESSIONAL SECURITY/FACILITY MANAGEMENT SERVICES**

**Instructions:** Includes services to support facilities management systems.

FACILITY ENERGY SAVINGS UPGRADES AND IMPROVEMENTS PERFORMED UNDER THIS SIN SHALL COMPLY WITH ALL APPLICABLE PROVISIONS SET FORTH IN 42.U.S.C. § 8287 ET SEQ AND 10 C.F.R § 436.30 ET SEQ INCLUDING, AND IN ADDITION TO, THE FOLLOWING REQUIREMENTS:

- Agencies may enter into energy savings performance contracts (ESPCs) under this SIN for a period not to exceed 25 years without funding of cancellation charges.
- Annual Energy Measurement and Verification (M&V) are required. The M&V is required to be performed utilizing the International Performance Measurement and Verification Protocol (IPMVP). Steps in the process include: baseline verification, post-installation verification, and regular interval post-installation verification. Required M&V shall be included in the financing payment quoted by the contractor in response to the agency's SOW.
- Annual Energy Audits are to be performed utilizing the M&V Protocol issued by the Department of Energy's Federal Energy Management Program (FEMP). Required energy audits may be performed by the agency. Annual energy audits performed by the contractor shall be included in the payment quoted by the contractor in response to the agency's SOW.
- Terms and Conditions of the Performance Guarantee shall be specified by the contractor in its response to the agency's SOW. This guarantee shall, at a minimum, provide that the contractor is responsible for maintenance and repair services for any energy related equipment installed under this agreement (including computer software systems). The contractor shall guarantee a minimum amount of energy cost savings per year. Shall the minimum savings amount not be met; the difference shall be paid to the agency within 30 days of the end of the yearly period. An analysis shall be performed to determine if a contract change is required in the event that the guaranteed minimum amount is not met.
- Aggregate annual payments made by an agency to both the utility and energy savings performance contract may not exceed the amount that the agency would have paid for utilities in the absence of the ESPC during the life of the agreement.
- Guaranteed cost savings must exceed the debt service requirements.
- Customer agencies shall have the right to place additional requirements within the scope of this contract in their SOW. Any maintenance agreement performed under this provision shall be effective for the duration of the project, unless otherwise specified by the agency in their scope of work.
- The agency shall have the option of "buying out" the contract at any period during the project. The buy-out amount shall be the equitable adjustment (GSAM 552.243-71) and pricing proposal,(GSMA 552.243.70), based on the evaluation of the ESCO's proposal.

SPECIAL PROVISIONS

Contracts awarded under this SIN are to be for the number of years stated in the task order. The Government has the right to terminate this contract for convenience or default in accordance with Federal Acquisition Regulation Part 49.

### **CANCELLATION CEILING**

In the event of a partial termination for convenience, the Government shall negotiate a reasonable equitable adjustment, (GSAM 552.243-71) and pricing proposal (GSAM 552.243-70) based on the evaluation of the ESCO's proposal.

### **PERFORMANCE DELAYS**

The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine, restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence. Any delays caused by the Government in its contractual capacity shall be dealt with in accordance with Federal Acquisition Regulation 42.13. Notwithstanding this provision, the Contractor shall not be entitled to any adjustment in the term or price of the ESPC arising from delays caused by the Government unless a detailed Critical Path Method Schedule was provided to the Government at the start of the project and updated regularly by the Contractor.

### **ESPC ENABLE PROCESS - Overview**

The Department of Energy's (DOE) Federal Energy Management Program (FEMP) is facilitating a fast-track approach to ESPCs referred to as the ESPC Enable process tailored for small Federal facilities (under 200,000 square feet) to implement targeted energy conservation measures (ECMs) including but not limited to lighting, water, and controls. The ESPC ENABLE process provides a standardized process to quickly award and install projects with basic levels of measurement and verification (M&V).

The ESPC ENABLE process provides:

- A streamlined and standardized selection and acquisition process.
- Defined parameters for savings and scope, and .
- M&V appropriate for the project size and scope.

For vendors who wish to participate in the ESPC ENABLE Process, current SIN 246-53 Schedule 84 contract holders can modify their contracts to annotate participation in the ESPC ENABLE Process.

All Schedule 84 contract terms and conditions will still apply when utilizing the ESPC ENABLE Process to the extent that such terms and conditions are not inconsistent with the ESPC authority (42 U.S.C. § 8287 *et seq*; 10 C.F.R § 436.30 *et seq.*) . Additionally, vendors utilizing the ESPC ENABLE Process may be required to provide various data elements to FEMP as described and incorporated into any resultant MAS Task Order placed against Schedule 84 utilizing the ESPC ENABLE Process.

### **ESPC ENABLE PROCESS STREAMLINED ORDERING PROCEDURES:**

- Contractor expresses interest to the Agency Request for Quotation / Notice of Opportunity (for Schedules – posted on GSA eBuy)\*
- Contractor and Agency enter into agreement for the Contractor to perform a detailed Investment Grade energy Audit (IGA). The contractor shall utilize the templates and tools provided by the DOE's Federal Energy Management Program (FEMP) to perform the IGA.
- Contractor shall present a final proposal which includes an overview of the proposed project, the audit findings and savings guarantees (generated from FEMP tool), M&V plan (generated from FEMP template) and a price proposal (including FEMP ESPC schedules). The price proposal shall consist of product prices, and labor prices (to be negotiated in accordance with awarded contract terms and conditions). The periodic payment shall be

calculated by the Contractor utilizing the contractual rate of interest. In addition to the Final Proposal the ESCO will also present the scope of work, which may include preliminary drawings/plans.

- Upon agreement to the price proposal and SOW, an ESPC MAS task order shall be issued by the ordering agency.
- Upon acceptance of the work, the guarantee period shall begin.

\*Agency will determine which contractor offers the best value after this step. No cost to the agency for this service.

**SIN 334512 - Energy Savings Performance Contracts Financing Agreement Will be clearly identified within the GSA Schedule Contract documents.**

NOTE: The chart below is a suggested format – rates or terms offered should be consistent with commercial rates or terms offered. If another format is utilized, provide as an attachment. Any differences in offered rates or terms for use of the ESPC ENABLE Process shall be noted on the chart or by attachment to this document.

**SIN 334512 financing terms**

Projects under \$5M	(5 Year term)	325 BP over Treasure
Projects from \$5M - \$15M	(10 Year term)	315 BP over Treasure
Projects over \$15M +	(15 Year term)	310 BP over Treasure

\*Actual financing rate will be the lowest rate possible at the time of project financing.

Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Single Lamp, 1 Year Warranty.	EA	\$558.59	US
334512	Triatomic Environmental Inc	TUVC-160D	60" (152cm) Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 1 Year Warranty.	EA	\$927.88	US
334512	Triatomic Environmental Inc	TUVC-160S	60" (152cm) Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Single Lamp, 1 Year Warranty.	EA	\$564.80	US
334512	Triatomic Environmental Inc	TUVC-218D-HO	18" (45cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 2 Year Warranty, High Output.	EA	\$892.81	US
334512	Triatomic Environmental Inc	TUVC-218S-HO	18" (45cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Single Lamp, 2 Year Warranty, High Output.	EA	\$649.52	US
334512	Triatomic Environmental Inc	TUVC-224D-HO	24" (60cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 2 Year Warranty, High Output.	EA	\$905.85	US
334512	Triatomic Environmental Inc	TUVC-224S-HO	24" (60cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Single Lamp, 2 Year Warranty, High Output.	EA	\$656.03	US
334512	Triatomic Environmental Inc	TUVC-232D-HO	32" (81cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 2 Year Warranty, High Output.	EA	\$920.90	US
334512	Triatomic Environmental Inc	TUVC-232D-TF	32" (81cm) Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 2 Year Warranty, Teflon Coated.	EA	\$834.01	US
334512	Triatomic Environmental Inc	TUVC-232D-TFHO	32" (81cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Dual Lamp, 2 Year Warranty, High Output Teflon.	EA	\$1,018.65	US
334512	Triatomic Environmental Inc	TUVC-232S-HO	32" (81cm) High Output Lamp	Commercial Germicidal UV Air Handler Treatment System with Choice of Lamps and a 110-277 VAC Auto Switching Power Supply with Lifetime Warranty. Kit Includes: Water-Resistant Power Supply, Lamp(s), Remote Cables and Mounting Hardware including "L" brackets and lamp clips. Single Lamp, 2 Year Warranty, High Output.	EA	\$662.55	US
