If at any time during the Acceptance Period the SOFTWARE PROPERTY does not meet Customer's expectations, Customer may terminate this Agreement by written notice to BLUE ELM. In the event of such a termination, BLUE ELM shall refund to Customer all fees paid, including license, service and support for the Software. At the conclusion of the Acceptance Period, the SOFTWARE PROPERTY will be deemed accepted and Customer may no longer terminate this Agreement under the terms of this paragraph.

If Customer disagrees with BLUE ELM on the amount of an invoice, Customer shall work with BLUE ELM in good faith to correct the invoice. Pending settlement or resolution of the dispute, Customer's non-payment of such disputed items shall not constitute default by Customer.
- b. All amounts payable hereunder shall exclude all applicable sales, use and other taxes. - c. Termination by BLUE ELM. In the event that any license payment due BLUE ELM under this Agreement is delinquent for ninety (90) days past the Due Date, then BLUE ELM may, at its sole discretion, terminate the license to the SOFTWARE PROPERTY. Additionally, BLUE ELM may notify Customer at any time after five (5) years following the Initial Service Period that it is discontinuing offering Maintenance for the SOFTWARE PROPERTY to the general public. Such discontinuation will take effect on the date specified by BLUE ELM in a notice of discontinuation, which date shall not be earlier than six (6) months from the date of discontinuation. BLUE ELM will make its best commercial effort to provide a substitute offering if Maintenance to the SOFTWARE PROPERTY is discontinued. If a substitute offering is not available or accepted by Customer, BLUE ELM will have the right to terminate the Maintenance and refund any pre-paid fees for Maintenance covering the remaining Renewal Service Period.
- d. Termination by Customer. Customer's payments to BLUE ELM under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for Customer's purchase of the indicated quantity of services, then Customer may give written notice of this fact to BLUE ELM, and the obligations of the parties under the Maintenance portion of this Agreement shall terminate immediately, or on such date thereafter, as Customer may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.
- e. Termination for Convenience. After the Initial Service Period, Customer may terminate Maintenance at any time for its own convenience by providing sixty (60) days written notice to BLUE ELM.

If the SOFTWARE PROPERTY is ever displaced by BLUE ELM (or another renamed product is distributed), Customer shall review the new product at no additional charge. The initial service period ("Initial Service Period") of the Maintenance shall be for three (3) years commencing immediately after the SOFTWARE PROPERTY warranty period expires as defined in Paragraph 8(b). Upon the expiration of the Initial Service Period, Maintenance shall automatically renew for successive one (1) year terms (each a "Renewal Service Period") unless Customer provides notice of termination or non-renewal no less than thirty (30) days prior to expiration of the then-current service period. The Initial Service Period and any Renewal Service Period are referred to herein collectively as the "Service Period." BLUE ELM shall provide Customer with at least sixty (60) days prior written notice of any fee increase applicable to the Renewal Service Period that is about to commence. BLUE ELM's fees hereunder shall be fixed during the Initial Service Period. Thereafter, BLUE ELM may increase such fees for a Renewal Service Period in accordance with Section 8(b) (Maintenance Payment Terms) below.

7. DELIVERY OF MAINTENANCE SERVICE

- e. If Errors recited in Paragraph 7(c) above are reasonably deemed by BLUE ELM to originate in computer hardware or in communications equipment or in software not covered by a BLUE ELM warranty or maintenance agreement or result from modifications to the SOFTWARE PROPERTY listed in Order Form made by anyone other than BLUE ELM, then BLUE ELM's responsibility shall be limited to providing assistance and advice to enable Customer to determine appropriate remedial action to be taken by Customer or others (not by BLUE ELM) to resolve such Errors; provided, however, BLUE ELM may agree to perform such modifications, assistances and support at mutually agreed upon rates via an amendment to the Order Form.
- f. If the Errors recited in Paragraph 7(c) above are reasonably deemed by BLUE ELM to result from errors or Defects in the SOFTWARE PROPERTY listed in Order Form, then BLUE ELM shall correct such Errors or Defects in the SOFTWARE PROPERTY and shall exercise its best efforts to assure that the same is accomplished in as expeditious a manner as possible. "Errors or defects in the SOFTWARE PROPERTY" are defined as failures of the SOFTWARE PROPERTY to operate or to produce output in substantial conformity to descriptions of such operation or output in the program documentation provided on the Order Form.
- g. If Errors recited in Paragraph 7(c) above are reasonably deemed by BLUE ELM to originate from incorrect Use of the SOFTWARE PROPERTY or by a hardware malfunction which results in database errors requiring BLUE ELM's assistance for correction, then at BLUE ELM's option, the associated consulting time shall be billed to Customer at mutually agreed upon rates. "Incorrect Use of the SOFTWARE PROPERTY" is defined as data processing procedures not in conformity with descriptions of such procedures on the Order Form.

8. MAINTENANCE PAYMENT TERMS

During the Initial Service Period, Customer will pay to BLUE ELM for Maintenance the fees as specified on the Order Form at the commencement of each Service Period in accordance with Section 3(a) (Invoice Payment Terms). Invoices will be sent to Customer annually, at the commencement of any Maintenance Service Period.
- b. Upon expiration of the Initial Service Period, the Maintenance fee may be increased once per year upon sixty (60) days written notice to Customer prior to the beginning of any Renewal Service Period at a rate not to exceed the greater of three percent (3%) or the percentage equal to the percentage change in the Consumer Price Index during the twelve (12) month period preceding the date on which BLUE ELM notifies Customer of such increase. For these purposes, the "Consumer Price Index" shall mean the Consumer Price Index for All Urban Consumers, U.S., All Items (1982-84 = 100). BLUE ELM shall provide sixty (60) days written notice of such increase to Customer. In the event of such notice, Customer may terminate the Maintenance portion of the Agreement as of the effective date of the increase by providing written notice to BLUE ELM of such termination. Such notice from Customer shall not be subject to the sixty (60) day requirement provided under Paragraph 5.
- c. In addition to the above charges, the consulting time referred to in Paragraph 7(g) associated with the performance of services by BLUE ELM to Customer under this Agreement shall be borne by Customer, and shall be invoiced separately to Customer when, as, and if incurred by BLUE ELM; provided that the parties shall mutually agree in a written amendment to the rates for the consulting time prior to the performance of any consulting time by BLUE ELM.
- d. Customer wishing to rejoin Maintenance within a two (2) year period of no cover can do so subject to the payment of a reinstatement fee which will be provided by BLUE ELM on request. - e. The Maintenance fees do not provide for any travel by BLUE ELM personnel to Customer's site. There shall be no travel or expenses reimbursement associated with the Maintenance services unless pre-approved in writing by Customer. All travel shall be mutually agreed to between BLUE ELM and Customer.

BLUE ELM will make a best faith effort to keep SOFTWARE PROPERTY operable with all future versions of MEDITECH's software. Should SOFTWARE PROPERTY become inoperable with MEDITECH and BLUE ELM is unable to correct such issue within sixty (60) days, Customer may terminate the Maintenance portion of this Agreement immediately and receive a pro-rated refund of any pre-paid Maintenance fees.

The foregoing limitations shall apply even if the above-stated warranty fails of its essential purpose.

- b. BLUE ELM agrees to indemnify, defend and hold harmless Customer and its affiliates and their respective officers, agents, and employees, with respect to any actual third party claim, expense (including reasonable attorneys' fees), liability, loss, fine or damages, in any way arising out or in connection with: (i) any personal injury or damage to real or tangible personal property caused or incurred by BLUE ELM or its personnel; (ii) the breach by BLUE ELM or its personnel of its confidentiality or security obligations under this Agreement, including any breach incident involving Customer Data in BLUE ELM's possession, custody, or control; (iii) the non-compliance by BLUE ELM or its personnel with applicable law; (iv) the infringement, misappropriation, or other violation of intellectual property rights; (v) the grossly negligent acts or omissions or willful misconduct of BLUE ELM or its personnel; and (vi) the performance of this Agreement or Customer's use of the SOFTWARE PROPERTY in connection with this Agreement, including damages caused to Customer's system from use of the SOFTWARE PROPERTY, excepting any loss caused by Customer's negligence or willful misconduct. - c. Customer agrees to indemnify, defend and hold harmless BLUE ELM and its affiliates and their respective officers, agents, and employees, with respect to any actual third party claim, expense (including reasonable attorneys' fees), liability, loss, fine or damages, in any way arising out or in connection with: (i) the negligent acts or omissions or willful misconduct of Customer or its personnel; (ii) Customer's unauthorized use of the SOFTWARE PROPERTY in connection with this Agreement; (iii) any personal injury or damage to real or tangible personal property caused or incurred by Customer or its personnel; and (iv) any issues caused by SOFTWARE PROPERTY where a maintenance contract was offered by BLUE ELM but not accepted or terminated by Customer.

- e. If the SOFTWARE PROPERTY becomes or is likely to become the subject of an infringement claim indemnified under Section 10(b), then, in addition to defending the claim and paying any damages and attorneys' fees as required above, BLUE ELM shall, at its option and in its sole discretion, either (a) immediately replace or modify the SOFTWARE PROPERTY, without loss of material functionality or performance, to make it non-infringing, or (b) immediately procure for Customer the right to continue using the SOFTWARE PROPERTY pursuant to this Agreement. Any costs associated with implementing either of the above alternatives will be borne by BLUE ELM. Subject to the foregoing nondisclosure and non-use obligations, the Receiving Party agrees to use at least the same care and precaution in protecting such Confidential Information as the Receiving Party uses to protect the Receiving Party's own Confidential Information and trade secrets, and in no event less than reasonable care. Each party acknowledges that due to the unique nature of the other Party's Confidential Information, the Disclosing Party will not have an adequate remedy in money or damages in the event of any unauthorized use or disclosure of its Confidential Information. - c. No Publicity. During the term of this Agreement and at all times after the termination or expiration of this Agreement, BLUE ELM shall not make any media release or other public announcement relating to or referring to this Agreement without Customer's prior written consent. BLUE ELM shall acquire no right to use, and shall not use, without Customer's prior written consent, the terms or existence of this Agreement, the names, trade names, trademarks, service marks, artwork, designs, or copyrighted materials, of Customer, its related or affiliated companies, its employees, and assigns: (a) in any advertising, publicity, press release, customer list, presentation or promotion; (b) to express or to imply any endorsement of BLUE ELM or BLUE ELM's software or services; or (c) in any manner other than expressly in accordance with this Agreement.
- d. Data Security. Without limiting the generality of the foregoing, BLUE ELM will take all reasonable measures to secure and defend its location and equipment against "hackers" and others who may seek, without authorization, to modify or access BLUE ELM systems or the information found therein without the consent of Customer. BLUE ELM agrees to use, deploy, and maintain commercially available anti-virus and anti-malware software on its systems. BLUE ELM will periodically test its systems for potential areas where security could be breached. BLUE ELM will report to Customer within two (2) days any breaches of security or unauthorized access to BLUE ELM systems that BLUE ELM detects or becomes aware of that could impact Customer. BLUE ELM will use diligent efforts to remedy such breach of security or unauthorized access in a timely manner and deliver to Customer a root cause assessment and future incident mitigation plan with regard to any breach of security or unauthorized access affecting Customer Data. Whereas BLUE ELM warrants that it has developed or is developing computer programs to audit Medical Information Technology, Inc. ("MEDITECH") based data repositories ("Data Repository" or "DR") in their C/S, MAGIC or MAT (6.x) product lines, the executable versions of which, and any physical embodiments of such versions, and related documentation being together called **DrAuditor** (herein "SOFTWARE PROPERTY"), and WHEREAS Customer desires to obtain from BLUE ELM the right to use said SOFTWARE PROPERTY.

4. EXECUTION DEADLINE

If this Order Form is not executed prior to August 31, 2018, this Order Form will become invalid and may not be executed thereafter.

5. PRODUCT OVERVIEW

The general purpose of the DrAuditor application is to provide a mechanism to validate MEDITECH MAGIC, C/S and MAT HCIS application data in a Data Repository product. The approach DrAuditor uses to perform data validation analysis is to capture sample batches of current data from within a MAGIC, C/S or MAT application database and compare the sample batches with data stored within the DR. Sample batch data that has not been modified since the last transfer to the DR should exist and precisely match the corresponding data in the DR. The DrAuditor software identifies instances when DR data is missing or inaccurate.

Features of the DrAuditor Application include:

- The ability to audit any standard MEDITECH HCIS table in the DR.
- The ability to select multiple DR tables for audit analysis.
- Audit batch sample rate selectivity to adjust the tradeoff between statistical significance of the analysis and processing time to complete the analysis.
- Scheduling of audits to run one-time or periodically (e.g., monthly).

- The ability to analyze the same sample batch multiple times over a period of time.
- Discrepancy Reports for:
 1. Table volume (rows) compared to DR tables.
 2. Table entries (rows) missing from DR tables.
 3. Inaccurate column data in DR tables.

Ancillary MEDITECH data repositories (e.g., Home Health, Long Term Care) are not included as part of the standard DrAuditor installation.

The DrAuditor application is developed utilizing Microsoft Visual Studio® programming environment. The application uses an object-oriented programming (OOP) design that provides for easy modification and support. DrAuditor is comprised of two major components – a client and a server. The server is responsible for the majority of processing involved in auditing DR data. The client allows a user to create and run audits and view audit results. DrAuditor also dynamically generates C/S, MAT and MAGIC programs that are run on C/S, MAT or MAGIC machines/networks where they generate sample data.

Auditing DR data utilizing the DrAuditor application is a three-step process. These processes are integrated into easy to use and familiar looking wizards. The steps are:

1. Entering the parameters for the audit
2. Running the audit
 - a. Sampling data from transactional system
 - b. Analyzing the sample data in the DR
3. Reviewing reports

Parameters that can be configured prior to running an audit include choosing the application and or tables to be audited and selecting the sample size (i.e., percentage of data) to extract from the MEDITECH transactional application database into the sample batch. Depending on the results of the analysis, the last two steps may be repeated multiple times. Re-analyzing allows the batch sample data to be checked over consecutive days to determine if corrective measures are functioning. Re-sampling data allows a predefined audit to be run on a regular (e.g., quarterly) basis. Running the audit consists of initiating the audit to run and monitoring its progress. Once complete, the results of the analysis can be compiled and reports generated to view the findings.

The DrAuditor performs extensive data analysis and therefore requires a mid-level workstation class hardware to perform its intended functions. Since the DrAuditor software is broken down into two major components there are two sets of requirements for an installation. The installation of the client can occur on the server device, usually without the need for additional hardware upgrades.

DrAuditor Windows Service Machine Minimum Hardware/Software requirements:

- PC with 4 processors (physical or virtual) (8 processors recommended)
- 8 Gb of memory (16 Gb recommended)
- 50 Gb of available disk space

5.7 Choice of Law; Interpretation. This BAA shall be governed by the laws of the State of California. Any ambiguities in this BAA shall be resolved in a manner that allows Covered Entity and Business Associate to comply with the Privacy Rule, the Security Rule, and the California Confidentiality Laws.

5.8 Indemnification. Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any related or other agreement between the Parties.

5.9 Applicability of Terms. This BAA applies to all present and future Service Agreements and Business Associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

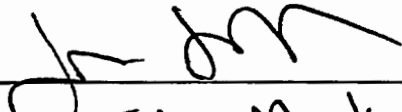

5.10 Legal Actions. Promptly, but no later than five (5) business days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law.

5.11 Audit or Investigations. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any audit, compliant review, or complaint investigation by the Secretary or other state or federal agency related to compliance with HIPAA, the HITECH Act, or the California Confidentiality Laws.

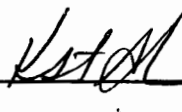

IN WITNESS WHEREOF, each of the undersigned has caused this BAA to be duly executed in its name and on its behalf as of the Effective Date.
