

2022 County of Monterey – Grant Tracking Report

Active Applications

Department	Grant Program	Project Summary	Request	Role	Status
OCESA	Community-based Violence Intervention and Prevention	Enhance community-based violence intervention strategies by expanding street outreach, having crisis response teams respond to family and neighborhood needs as well as those of the individual, and practicing neighborhood violence interruption.	\$1,700,000	Met with staff to discuss the project details and strategy to be more competitive in this round. Gathered legislative letters of support for the application.	Submitted June 21, 2022
PWFP	Active Transportation Program (ATP)	Carmel Valley Road Bike Lane	\$957,000	Met with staff to discuss the project details and reviewed the application to provide edits and suggestions.	Submitted June 15, 2022
PWFP/Health	Active Transportation Program (ATP)	Community of Chualar – Complete Streets	\$6,349,000	Met with staff to discuss the project details and strategy to be more competitive in this round. Will continue to meet with staff to discuss the application progress, will review the applications, and will provide edits and suggestions to the application.	Submitted June 15, 2022
PWFP/Health	Active Transportation Program (ATP)	Community of Castroville – Complete Streets	\$6,463,000	Met with staff to discuss the project details and strategy to be more competitive in this round. Will continue to meet with staff to discuss the application progress, will review the applications, and will provide edits and suggestions to the application.	Submitted June 15, 2022

PWFP	Drinking Water State Revolving Fund	Planning for safe, clean drinking water project in San Lucas.	\$1,288,600	<p><i>Meet with staff to discuss potential funding opportunities. Continue to coordinate meetings with the State Water Board. Provide strategic advice to PWFP.</i></p> <p>-----</p> <p><i>6/2/22 Central Coast Water Board letter to Mission Ranches/Naraghi Family requiring submittal of a feasibility study to address the intermittent nitrate exceedances in the community's drinking water system. 8/16/22 Mission Ranches submitted the feasibility study comparing "Transmission Line Alternative Project" and "Wellhead Treatment using Ion Exchange". -- Water Board is coordinating with Division of Drinking Water and Monterey County Health Department to prepare comments on the feasibility study. They have also reached out to the Water District to provide them with an opportunity to ask questions regarding their wastewater or water needs in addition to update them on the information included in the feasibility study. Once the SWRCB gets input from DDW, Monterey County, and the District, they will send a letter to Mission Ranches/Naraghi family to provide feedback on the study and required next steps.</i></p>	Pending
HCD	CalOES/FEMA Hazard Mitigation Grant Program	Address flood management and floodplain habitat loss within the lower Carmel River Basin by improving the natural and historic functions and values of the lower Carmel River and Carmel Lagoon through the hydraulic reconnection of the Carmel River, its southern floodplain, and the lagoon.	\$22,900,000	Reviewed the first draft, comments from the Big Sur Land Trust, and the final application. In October 2020, the County sent a letter clarifying technical points of the application and is awaiting response from FEMA.	All outstanding issues with the application have been resolved. The FEMA award is secured pending the environmental review process to be completed. Expected Award: 2022
