This treatment setting has a primary focus on the development of interpersonal skills and strengthening recovery so that individuals are prepared for transition to outpatient treatment, a sober living environment, and/or direct reintegration into the community.

CONTRACTOR will provide Level 3.5: Clinically Managed High-Intensity Residential Services (Adult Criteria) in a DHCS licensed and DHCS/ASAM designated facility consisting of structure and support designed to serve individuals who, because of specific functional limitations, need a 24-hour supportive treatment environment to initiate or continue a recovery process that has failed to progress. Many individuals placed in this level of care have significant social, behavioral and psychological problems. This treatment setting is staffed by licensed or credentialed clinical staff such as addiction counselors who work with allied health professional staff in an interdisciplinary team approach. Staff are knowledgeable about the biological and psychosocial dimensions of co-occurring substance use and mental health disorders and their treatment. Primary focus of treatment is delivery of evidence based clinical services that improve the individual's ability to structure and organize the tasks of daily living and to develop and practice prosocial behaviors within the therapeutic community.

ASAM Service Level Description

Residential Treatment (American Society of Addiction Medicine Level 3) is a non-institutional, 24-hour non- medical, short-term residential program that provides rehabilitation services to beneficiaries with a substance use disorder diagnosis when determined by a Medical Director or Licensed Practitioner of the Healing Arts as medically necessary and in accordance with an individualized treatment plan.

These services are intended to be individualized to treat the functional deficits identified in the American Society of Addiction Medicine Criteria (ASAM). In the residential treatment environment, an individual's functional cognitive deficits may require treatment that is primarily slower paced, more concrete and repetitive in nature. The daily regimen and structured patterns of activities are intended to restore cognitive functioning and build behavioral patterns within a community. Each beneficiary shall live on the premises and shall be supported in their efforts to restore, maintain and apply interpersonal and independent living skills and access community support systems. Providers and residents work collaboratively to define barriers, set priorities, establish goals, create treatment plans, and solve problems. Goals include sustaining abstinence, preparing for relapse triggers, improving personal health and social functioning, and engaging in continuing care.

CONTRACTOR will provide Drug Medi-Cal (DMC) Residential/Inpatient Services to Beneficiaries in a Department of Health Care Services (DHCS) licensed residential facility that also has DMC certification and has been designated by DHCS as capable of delivering care consistent with ASAM criteria. Residential services can be provided in facilities of any size. Services shall be provided in an alcohol-free and drug-free environment and will support recovery or treatment for substance use disorder problems. These services are to be provided by a registered or certified substance use disorder counselor or Licensed Practitioner of the Healing Arts (LPHA).

The Medical Director or LPHA shall evaluate each beneficiary's assessment and intake information if completed by a counselor through face-to-face review or telehealth (when available) with the counselor to establish a beneficiary meets medical necessity criteria.

The Components of Residential Treatment Services are:

Intake: The process of determining that a beneficiary meets the medical necessity criteria and beneficiary is admitted into a substance use disorder treatment program. Intake includes the evaluation or analysis of substance use disorders; the diagnosis of substance use disorders; and the assessment of treatment needs to provide medically necessary services. Intake may include a physical examination and laboratory testing necessary for substance use disorder treatment.

Individual Counseling: Contacts between a beneficiary and a therapist or counselor. Services provided in-person, by telephone or by telehealth qualify as Medi-Cal reimbursable units of service, and are reimbursed without distinction.

Group Counseling: Face-to-face contacts in which one or more therapists or counselors treat two or more clients at the same time with a maximum of 12 in the group, focusing on the needs of the individuals served.

Family Therapy: The effects of addiction are far-reaching and the patient's family members and loved ones also are affected by the disorder. By including family members in the treatment process, education about factors that are important to the patient's recovery as well as their own recovery can be conveyed. Family members can provide social support to the

patient, help motivate their loved one to remain in treatment, and receive help and support for their own family recovery as well.

Patient Education: Provide research-based education on addiction, treatment, recovery and associated health risks.

Medication Services: The prescription or administration of medication related to substance use treatment services, or the assessment of the side effects or results of that medication conducted by staff lawfully authorized to provide such services and/or order laboratory testing within their scope of practice or licensure.

Collateral Services: Sessions with therapists or counselors and significant persons in the life of the beneficiary, focused on the treatment needs of the beneficiary in terms of supporting the achievement of the beneficiary's treatment goals. Significant persons are individuals that have a personal, not official or professional, relationship with the beneficiary.

Crisis Intervention Services: Contact between a therapist or counselor and a beneficiary in crisis. Services shall focus on alleviating crisis problems. "Crisis" means an actual relapse or an unforeseen event or circumstance which presents to the beneficiary an imminent threat of relapse. Crisis intervention services shall be limited to the stabilization of the beneficiary's emergency situation.

Treatment Planning: The provider shall prepare an individualized written treatment plan, based upon information obtained in the intake and assessment process. The treatment plan will be completed upon intake and then updated every subsequent 90 days unless there is a change in treatment modality or significant event that would then require a new treatment plan. The treatment plan shall include:

- A statement of problems to be addressed,
- Goals to be reached which address each problem,
- Action steps which will be taken by the provider and/or beneficiary to accomplish identified goals,
- Target dates for accomplishment of action steps and goals, and a description of services including the type of counseling to be provided and the frequency thereof.
- Treatment plans have specific quantifiable goal/treatment objectives related the beneficiary's substance use disorder diagnosis and multidimensional assessment.
- The treatment plan will identify the proposed type(s) of interventions/modality that includes a proposed frequency and duration.
- The treatment plan will be consistent with the qualifying diagnosis and will be signed by the beneficiary and the Medical Director or LPHA.

Discharge Services (Case Management): The process to prepare the beneficiary for referral into another level of care, post treatment returns or reentry into the community, and/or the linkage of the individual to essential community treatment, housing and human services

Length of Stay

Any beneficiary receiving residential services pursuant to the COUNTY Drug Medi-Cal Organized Delivery System, regardless of the length of stay, is a “short-term resident” of the residential facility. The length of residential services ranges from 1 to 90 days with a 90-day maximum for adults; unless medical necessity authorizes a one-time extension of up to 30 days on an annual basis. The average length of stay for residential services is 30 days. Residential Services for Adults- Residential services for adults may be authorized for up to 90 days in one continuous period. One extension of up to 30 days beyond the maximum length of stay of 90 days may be authorized for one continuous length of stay in a one-year period (365 days). Assessment, Referral and Admission

Individuals requesting admission to the Residential Recovery Program may have an ASAM Criteria assessment completed by the Behavioral Health Bureau Access Team or qualified CONTRACTOR staff. Provider staff will determine medical necessity and appropriate ASAM level of care during the assessment process and within 30 days of initial treatment. Residential Treatment Service requests originating from the providers must be reviewed and authorized by the Behavioral Health Bureau Access Team prior to admission. Upon completion of the assessment, a pre-authorization referral packet (including the ASAM assessment) will be sent by the Provider to the Behavioral Health Bureau Access Team for review and authorization for funded services only. During the process, the COUNTY will review the Diagnostic and Statistical Manual of Mental Disorders (DSM) and ASAM Criteria to ensure that the client meets the requirements for residential services. The COUNTY will either approve or deny prior authorization for residential services within 24 hours of the prior authorization request being submitted by the provider. The COUNTY has an internal grievance process that allows a beneficiary, or CONTRACTOR on behalf of the beneficiary, to challenge a denial of coverage of services or denial of payment for services by the COUNTY. The Department of Health Care Services will provide beneficiaries access to a state fair hearing process. Clients who do not receive a referral for a mental health screening prior to arriving at a residential facility will be encouraged by the CONTRACTOR to contact the toll-free Access line for screening and a possible referral for a mental health assessment.

4. Discharge Services: The process to prepare the beneficiary for referral into another level of care, post treatment return or reentry into the community, and/or the linkage of the individual to essential community treatment, housing and human services.

Length of Stay

Withdrawal Management Services continue until withdrawal signs/symptoms are sufficiently resolved so that the individual can be safely managed at a lower level of care; the individual's signs/symptoms have failed to respond to this level of treatment necessitating transition to a more intensive level of Withdrawal Management treatment, or the individual is unable to complete this level of treatment, despite adequate involvement in treatment services, due to coexisting treatment variables such as significant mental health issues which would necessitate transfer to a more intense level of care and/or involvement in additional clinical services to concurrently address mental health symptoms.

Assessment, Referral and Admission

Individuals requesting Residential Withdrawal Management Services may have an ASAM assessment completed by the Behavioral Health Bureau or CONTRACTOR staff. CONTRACTOR shall complete an intake/ASAM assessment for self-referred clients. Provider staff will determine medical necessity and appropriate ASAM level of care during the assessment process. For individuals who have been assessed by the Behavioral Health Bureau, the referral process will include the submission of an electronic copy of the completed ASAM assessment. The COUNTY has an internal grievance process that allows a beneficiary, or CONTRACTOR on behalf of the beneficiary, to challenge a denial of coverage of services or denial of payment for services by the COUNTY. The Department of Health Care Services will provide beneficiaries access to a state fair hearing process. Clients who

do not receive a referral for a mental health screening prior to arriving at a residential facility will be encouraged by the CONTRACTOR to contact the toll-free Access line for screening and a possible referral for a mental health assessment. The criteria for assessments are outlined in page 8, Program 1: Residential/Inpatient Services.

AB 109/Drug Court Referrals: The COUNTY Behavioral Health Bureau AB 109/Drug Court Team will determine if residential withdrawal management treatment services are applicable to the offender and will accept and complete the assessment process for all AB 109/Drug Court referrals received from the Probation Department or Drug Court. CONTRACTOR may not accept referrals from the Probation Department/Drug Court and may not complete intakes/assessments for AB 109/Drug Court clients presenting directly to CONTRACTOR facilities. COUNTY staff will complete an intake/ASAM assessment to determine medical necessity and appropriate ASAM level of care. During the assessment process the COUNTY will review the Diagnostic and Statistical Manual of Mental Disorders (DSM) and ASAM Criteria to ensure that the client meets the requirements for residential services.

Admission shall not be denied on the basis of race, color, religion, sex, sexual orientation, age, national origin or disability. The above shall not preclude the program from emphasizing services for specific populations. For each individual participant, including family members or significant others, involvement with alcohol, drugs, or alcohol/drug related problems should be the primary criteria for participation. All participation shall be voluntary. All participants shall be physically and mentally capable of assuming full responsibility for their own decisions and actions in relation to recovery from alcohol and drug misuse while in the program. No individual shall be admitted who, on the basis of staff judgment, exhibits behavior dangerous to the staff or others. Treatment service locations are handicapped accessible. Referrals may be completed by the Behavioral Health Bureau staff or CONTRACTOR. For individuals who are referred by the Behavioral Health Bureau, the referral process will include the submission of an electronic copy of the completed ASAM assessment.

Case Management:

The COUNTY will assist in coordinating Case Management services; CONTRACTOR will provide Drug Medi-Cal Case Management Services in accordance with applicable State and Federal laws. These services may be provided by a Licensed Practitioner of the Healing Arts or a registered or certified counselor.

Case management services are defined as a service that assist a beneficiary to access needed medical, educational, social, prevocational, vocational, rehabilitative, or other community services. These services focus on coordination of substance use disorder care, integration around primary care especially for beneficiaries with a chronic substance use disorder, and interaction with the criminal justice system, if needed. Case management services may be provided face-to-face, by telephone, or by telehealth with the beneficiary and may be provided anywhere in the community. Case management services include:

- Comprehensive assessment and periodic reassessment of individual needs to determine the need for continuation of case management services;
- Transition to a higher or lower level SUD of care; Development and periodic revision of a client plan that includes service activities;
- Communication, coordination, referral and related activities;
- Monitoring service delivery to ensure beneficiary access to service and the service delivery system; Monitoring the beneficiary's progress;
- Patient advocacy, linkages to physical and mental health care, transportation and retention in primary care services, Case management shall be consistent with and shall not violate confidentiality of alcohol or drug patients as set forth in 42 CFR Part 2, and California law.

Assessment and Delivery of Service:

Individuals in need of case management services are most often actively involved substance use disorder treatment or in the process of being discharged from a treatment program. This service is not defined in the ASAM criteria; assessment and delivery occurs when a beneficiary is in need of a transition to a different level of substance use disorder treatment, transition to a different level of care, advocacy services such as linkage to physical or mental health care, and determination of need for ongoing substance use disorder care and services, including case management. These services may be provided by the Behavioral Health Bureau Access Team and/or the CONTRACTOR. Units of service consist of 15-minute increments. The criteria for assessments are outlined in page 8, Program 1: Residential/Inpatient Services.

Physician Consultation Services:

Services include DMC physicians' consulting with addiction medicine physicians, addiction psychiatrists or clinical pharmacists. Physician consultation services are not with DMC-ODS beneficiaries; rather, they are designed to assist DMC physicians with seeking expert advice on designing treatment plans for specific DMC-ODS beneficiaries.

- a. Physician consultation services are to support DMC providers with complex cases which may address medication selection, dosing, side effect management,

adherence, drug-drug interactions, or level of care considerations.

- b. COUNTY will contract with one or more physicians or pharmacists in order to provide consultation services. Physician consultation services can only be billed by and reimbursed to DMC providers

Service Objectives: The Program will provide the following services per Fiscal Year:

1. In FY 2021-22, an estimated: **0 mins** of service will be available for physician consultation services for Drug-Medi-Cal Clients. Units of service consist of 15-minute increments.

Fees

The program is expected to augment COUNTY funding through the generation of participant fees. The program will develop and maintain a multi-tiered fee scale to be approved by the County Behavioral Services Director. Services will not be denied because of an individual's inability to pay.

4. PAYMENT CONDITIONS

CHS Amendment No. 2 to SUD Agreement A-15296
FY 2021-23

A. If CONTRACTOR is seeking reimbursement for eligible services funded by Drug Medi-Cal funds, SAPT funds, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-COUNTY and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for substance abuse treatment and/or alcohol and other drug prevention services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Allowances (CMA), which is based on the CONTRACTOR's submitted budget for each funded program. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed the CMA. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section 3. Said amounts shall be referred to as the "Maximum Obligation of COUNTY," as identified in this Exhibit B, Section 5.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Drug Medi-Cal funds, SAPT funds, or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Drug Medi-Cal Funded Program(s), CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Drug/Medi-Cal or are not Drug/Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement

Invoice Form provided as Exhibit C, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30th) day of the month following the month of service. See Section 3, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit C, Cost Reimbursement Invoice Form in Excel format with electronic signature along with supporting documentations, as may be required by the COUNTY for services rendered to:

MCHDBHFinance@co.monterey.ca.us

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

J. COUNTY may withhold claims for payment to CONTRACTOR for delinquent amounts due to COUNTY as determined by a Drug/Medi-Cal Disallowance Report, Cost Report or Audit Report settlement resulting from this or prior years' Agreement(s). CONTRACTOR agrees to reimburse COUNTY for any state, federal, or COUNTY audit exceptions resulting from noncompliance herein on the part of CONTRACTOR or any subcontractor.

K. If COUNTY certifies payment at a lesser amount than the amount requested, COUNTY shall immediately notify CONTRACTOR in writing of such certification and shall specify the reason for it. If CONTRACTOR desires to contest the certification, CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) days after CONTRACTOR's receipt of COUNTY's notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person. Any costs incurred for dispute resolution will be split evenly between CONTRACTOR and COUNTY.

5. MAXIMUM OBLIGATION OF COUNTY

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **\$8,811,899** for services rendered under this Agreement.

B. Maximum Annual Liability:

COMMUNITY HUMAN SERVICES: SUD Agreement	
FY 2021-22 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	\$4,228,017
FY 2022-23 TOTAL ESTIMATED ANNUAL CONTRACT AMOUNT	\$4,583,882
TOTAL AGREEMENT MAXIMUM LIABILITY	\$8,811,899

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

6. BILLING AND PAYMENT LIMITATIONS

A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Drug/Medi-Cal claims files, contractual limitations of this Agreement, annual cost, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget and Expenditure Report provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. All requests for budget amendments must be submitted prior to March 31 of the current Fiscal Year period. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

D. Administrative Overhead: CONTRACTOR's administrative costs shall not exceed fifteen (15%) percent of total program costs and are subject to Cost Report Settlement provisions.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Drug/Medi-Cal claims, and billing system data.

7. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

8. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX MEDICAID SERVICES

A. Under this Agreement, CONTRACTOR has Funded Programs that include Drug/Medi-Cal services, CONTRACTOR shall certify in writing annually, by July 1 of each year, that all necessary documentation shall exist at the time any claims for Drug/Medi-Cal services are submitted by CONTRACTOR to COUNTY.

CONTRACTOR shall be solely liable and responsible for all service data and information submitted by CONTRACTOR.

B. CONTRACTOR acknowledges and agrees that the COUNTY, in under taking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Drug Medi-Cal Organized Delivery System Plan for the Federal, State and local governments.

C. CONTRACTOR shall submit to COUNTY all Drug/Medi-Cal claims or other State required claims data within the thirty (30) calendar day time frame(s) as prescribed by this Agreement to allow the COUNTY to meet the time frames prescribed by the Federal and State governments. COUNTY shall have no liability for CONTRACTOR'S failure to comply with the time frames

established under this Agreement and/or Federal and State time frames, except to the extent that such failure was through no fault of CONTRACTOR.

D. COUNTY, as the Drug MC-Organize Delivery System (ODS) Plan, shall submit to the State in a timely manner claims for Drug/Medi-Cal services only for those services/activities identified and entered into the COUNTY'S claims processing information system which are compliant with Federal and State requirements. COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Drug/Medi-Cal services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Medicaid Administrative Activities by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Medicaid, subsequently denied or disallowed by Federal, State and/or COUNTY government.

I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section V (Method of Payments for Amounts Due to County) of this Agreement.

J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

K. In no event shall CONTRACTOR bill COUNTY for a portion of service costs for which CONTRACTOR has been or will be reimbursed from other contracts, grants or sources.

L. Nothing in this Section 8 shall be construed to limit CONTRACTOR'S rights to appeal Federal and State settlement and/or audit findings in accordance with the applicable Federal and State regulations.

9. PATIENT/CLIENT ELIGIBILITY, UMDAP FEES, THIRD PARTY REVENUES, AND INTEREST

A. CONTRACTOR shall comply with all Federal, State and COUNTY requirements and procedures relating to:
