**SUBJECT: PERMIT TO OPERATE 16280  
INSTALLATION OF NEW PAINT SPRAY PREP STATION**

Dear Sergio Ayala,

The District has completed its evaluation of an application submitted by Prunedale Autobody for the following:

- Installation of a new paint spray prep station located at 7900 Mesick Road

Based upon the District evaluation, the equipment, with operating restrictions, has the ability to comply with applicable District regulations. Accordingly, Permit to Operate (PTO) 16280 has been issued for the proposed prep station, must be posted or readily accessible at the operating site, and cannot be considered as permission to violate applicable laws, ordinances, regulations or statutes of other governmental agencies.

Please review the conditions associated with the permit to ensure that the equipment will operate in accordance with District rules. In particular, **Condition 1** requires the maintenance of a daily coating logs.

Annual renewal fees for the paint spray booth and the prep station will become due on February 1 of each year, and will be based on the reported coating and solvent usage from previous twelve months. The annual inventory reporting forms will be sent to you approximately one month prior to the permit renewal date.

Lastly, these permits cannot be considered as permission to violate applicable laws, ordinances, regulations, or statutes of other governmental agencies.

If you have any questions, please contact me at (831) 718-8008

Sincerely,

Seong Heon Kim  
Air Quality Engineer
