### RECOMMENDATION:

It is recommended that the Board of Supervisors:

Receive a report that provides updates on the implementation of Citygate recommendations and alternative enhancements for the Cannabis Program.

### SUMMARY/DISCUSSION:

On March 8, 2022, Citygate & Associates, LLC (Citygate) presented an overview and recommendations related to its *Organizational Study of the Current Cannabis Program* report to the Board of Supervisors (Board). After the presentation, the Board directed staff to seek input on the Citygate Recommendations from the Board's Cannabis Committee (Committee). The County Administrative Officer (CAO) also directed staff to:

- Develop a detailed plan to resolve the backlog of Cannabis Business Permit (CBP) applications and issue CBPs as soon as possible while considering the following:
  - Staff will use sound, independent judgement to expedite the issuance of CBPs that have received appropriate land use approvals.
  - Departmental inputs, procedures, and timelines for the issuance of CBPs, which include firm service level commitments and accountability.
  - Options to resolve the backlog with or without stipulated agreements.
- Report the plan, and staff's intent to immediately implement that plan, to the Committee on April 7, 2022.
- Review the plan with the cannabis industry, preferably prior to the Committee meeting in April, and inform them of the plan's intended immediacy.
- Inform the Committee of the development of a long-term plan to ensure that a similar backlog does not occur in the future.

Staff presented their input on Citygate’s recommendations to the Committee on April 7, 2022, which directed staff to present their input to the Board without modification.

On May 17, 2022, the Cannabis Program (Program) presented a report recommending that the Board:

- Direct staff to implement Citygate Recommendations #2, 4, 5, and 12-16.
- Direct staff to defer Citygate Recommendation #1, 3, and 6 for reconsideration in January 2024 after large licensees obtain state annual licenses.
- Direct staff to implement the five alternative enhancements in Attachment E to improve upon cannabis-related permit processing.
- Direct Cannabis Program staff to report outcomes of the adopted Citygate recommendations and alternative enhancements to the Board of Supervisors each quarter.
- Direct staff to look at overhauling the permit process, create a dedicated team to process permits in each division, and review the allocation of positions, in all divisions, on which positions are funded by cannabis funds.

The Board approved staff’s recommendations and directed staff to explore overhauling the permit process, create teams dedicated to processing permits, and review all allocations funded by cannabis tax revenue. Attachment A provides updates for the period of October 2022 through December 2022, which represents Quarter 2 of Fiscal Year 2022-23 and Attachment B provides updates on Cannabis Program Performance Indicators. Program staff has worked closely with staff from the Auditor-Controller to meet with each department and updates on allocations funded by cannabis tax revenue are available within Attachment B.
