Receive a report from the Department of Social Services on the programs and staffing of Family and Children's Services.

RECOMMENDATION:

It is recommended that the Health, Housing, and human Services Committee of the Board of Supervisors: Receive a report from the Department of Social Services on the programs and services provided by Family and Children's Services generated from data provided to the State along with current staffing data.

SUMMARY/DISCUSSION:

Monterey County Family and Children's Services (FCS) offers child protective services, foster care services, and adoption services to children and young adults in Monterey County. The mission of FCS is to prevent the occurrence of child abuse and neglect. Service goals strive to keep children and youth safe and within protection of a permanent family.

In November 2022, FCS received 353 reports of child abuse and neglect, and 113 of those reports were assigned to the Emergency Response (ER) Unit for an in-person investigation. There were no new family maintenance cases open, and there was one petition filed in dependency court. In other words, only one child entered foster care in Monterey County in November 2022. For the children in foster care, there were no children who reunified with their parent(s), no children were adopted, and there were two foster children who emancipated.

In the past month, one social worker resigned from the ER Unit, and there are three new social workers in the induction unit. 21% of the total social worker/social work supervisor positions are vacant.

OTHER AGENCY INVOLVEMENT:

The Monterey County Department of Social Services partners with Behavioral Health, the Probation Department, and various local non-profit organizations to ensure the safety and well-being of children, youth, and families in Monterey County.

FINANCING:

There is no effect to the County General Fund resulting from the receipt of this presentation.
