SUMMARY/DISCUSSION:

The Action Council of Monterey County, Inc. In part, their goal is to create public/private partnerships to promote economic and social justice and to initiate community dialogue and action on critical issues. For many years, the Monterey County Health Department (MCHD) has partnered with ACMC establishing a mutual and purposeful relationship focused on the provision of valuable services to our community.

This Amendment will ensure a continued and successful partnership with ACMC. The Health Department will continue to utilize ACMC's expertise and resources to secure professionals that provide specialized services, coordinate summits/trainings in relation to a range of public health topics and specialized services as requested by the Director of Health.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Goals: 1. To empower the community to improve health; 2. Enhance community health and safety through prevention. It also supports the following of the ten essential public health services, specifically: 3. Inform, educate, and empower people about health issues; and 4.
