GENERAL INFORMATION:

Job Order Contract(s) 2024 (JOC) is an indefinite quantity contract(s) pursuant to which Contractor performs a variety of projects, consisting of specific construction tasks. Scope is for general construction, repair, remodel, and other repetitive related work. County has published a Construction Task Catalog[®] (CTC) containing a series of construction tasks with preset Unit Prices (UP) developed using experienced labor and high-quality materials. All UPs are based on local labor/materials/equipment prices, including current prevailing wages. Contractor is to bid Adjustment Factors (AF) to be applied to UPs. Price of an individual project is determined by multiplying preset UPs and appropriate quantities by the appropriate AFs. Term of each JOC is one (1) year.

The JOC 2024 Contract Documents include a Material Price Spike Adjustment clause. Awarded contracts for Facilities will require the successful bidders to furnish initial payment and performance bonds for approximately Fifty Percent (50%) of the Maximum Contract Value (MxCV) listed below.

Minimum Contract Value for each JOC is \$25,000. Contractor will have the opportunity to receive aggregate Job Orders totaling at least \$25,000 during contract term. MxCV for each JOC is \$6,023,368. County does not guarantee Contractor will receive this volume of Work. County may award contracts to other contractors for same or similar work during JOC term.

At time of bid submission, Bidders shall possess a valid Class B Contractor's license for Facilities JOC; a valid Class A Contractor's license for Roads & Bridges JOC and Emergency Response Work JOC. Each bid shall be submitted separately using forms furnished in Project Specifications Manual and in accordance with Instructions to Bidders. Security in an amount of \$25,000 per bid in form of cash, cashier's check, or certified check payable to County, or a bidder's bond executed by an admitted corporate surety company must accompany bid. For Facilities Bids, successful bidder shall furnish payment bond and a performance bond each in the amount of \$3,011,684 which bond shall remain in force for the duration and until completion of any outstanding Job Order(s). For Roads and Bridges Bids, successful bidder shall furnish payment bond and performance bond, each in the amount of the MxCV of \$6,023,368 which bonds shall remain in force for the duration and until completion of all outstanding Job Order(s). For Emergency Response Work Bids, successful bidder shall furnish payment bond and performance bond, each in the amount of the MxCV of \$6,023,368 which bonds shall remain in force for the duration and until completion of all outstanding Job Order(s). Contractor shall provide a letter from bonding company stating their ability to obtain Payment and Performance Bonds for MxCV.

Determination of lowest bidder will be based upon lowest Award Criteria Figure. Bidders may bid separately on any Facilities, Roads & Bridges, or Emergency Response Work contracts. However, only one (1) contract in each category may be awarded to any bidder. Apparent lowest responsive, responsible bidder on each JOC contract will be excluded from consideration for each successive contract in the respective category. County may award up to fifteen (15) individual contracts but reserves the right to reject any/all bids, and waive any irregularities or informality in any bid received.

No bidder may withdraw his/her/its bid for a period of sixty (60) days after the bid opening.
