SUMMARY/DISCUSSION:

These agreement templates govern medical student rotations at Natividad Medical Center (NMC). Medical students in their final years of training who are interested in pursuing family medicine residency do clinical rotations at sites where they may want to match for residency training. Having visiting students for 2-4 weeks to do clinical rotations at NMC is an excellent method for us to assess students' clinical skills and preparation for residency, and to recruit students with a strong interest in caring for our particular community.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved as to payment provisions.

FINANCING:

There is no cost associated with this agreement.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Our ability to host medical student rotations improves NMC's Family Medicine Residency's ability to recruit residents who are aligned with our mission to provide comprehensive care to the people of Monterey County, particularly the most marginalized patient populations.
