

STATEMENT OF INTEREST FROM IRMA C. LOPEZ  
FOR THE COMMUNITY ACTION COMMISSION

I am aware that a vacancy exists in District 1 for the Community Action Commission. I am highly interested in being considered to fill this vacancy. I would like to continue my personal and professional growth, and being heavily involved with community, this is another platform in which I can serve residents in Monterey County. I work at a family resource center, where our mission is to empower our community members to be self-sufficient via resources information to aid them in getting the support that they need.
