## ***AMENDED CONSERVATION AND SCENIC EASEMENT DEED (COASTAL)***

**THIS AMENDMENT** to the **CONSERVATION AND SCENIC EASEMENT** (the Amendment or Amended Easement) is made this \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, by and between BIXBY ROCK LLC as Grantor, and the *COUNTY OF MONTEREY*, a political subdivision of the State of California, as Grantee,

### ***WITNESSETH:***

**WHEREAS**, said Grantor is the owner in fee of the real property attached hereto and made a part hereof, situated in Monterey County, California (the Property); and

**WHEREAS**, the Property of said Grantor has certain natural scenic beauty and existing openness; and

**WHEREAS**, on February 13, 1968, the Monterey County Board of Supervisors accepted a Conservation and Scenic Easement Deed (1968 Easement) conveyed over the Property (APN: 418-121-051-000) to “preserve and conserve for the public benefit the great natural scenic beauty and openness, natural condition, and present state of use of said property” (Resolution No. 68-52); and

**WHEREAS**, the 1968 Easement, which affects only the real property described and illustrated as Parcel II, was recorded on February 15, 1968, at Reel 543, Page 398, Official Records, attached hereto as “Exhibit A” and incorporated by reference; and

**WHEREAS**, Dorothy and Ralph Atkinson’s granting of the 1968 Easement to the County of Monterey appears to have been voluntary as it was not required as a Condition of Approval of either the 1959 single-family dwelling or 1967 guesthouse, and all existing development on the Property was constructed prior to the California Coastal Act (1972) and certification of the Big Sur Land Use Plan (1986); and

**WHEREAS**, the 1968 Easement boundaries cover the entirety of the Property, except for the existing development footprint and the 1968 Easement includes the following restrictions: prohibition of new structures in addition to those already in existence, restriction of advertising, and a requirement that all landscaping, vegetation, and topography remain in their then present conditions; and

**WHEREAS**, in March 2022, **BIXBY ROCK LLC** applied for a Combined Development Permit to County of Monterey Housing and Community Development (**Planning File No. PLN210228**) to allow demolition of the Property’s existing 4,952 square-foot single-family dwelling, construction of a 6,092 square-foot single-family dwelling and associated site improvements. The Combined Development Permit authorized development within 50 feet of a Coastal bluff, within the Critical Viewshed, and within 100 feet of Environmentally Sensitive Habitat Areas; and

**WHEREAS**, Big Sur Coastal Implementation Plan (CIP) section 20.145.030.A.2(f) requires all replacement structures to better conform to the intent of the CIP’s “Visual Resources Development Standards,” which is to preserve Big Sur scenic resources and to promote the restoration of visually degraded areas. This section requires that replacement structures be permitted on the original location on the site, provided no other less visible portion of the site is acceptable to the property owner, and provided the replacement does not increase the structure’s visibility; and

**WHEREAS**, although the replacement single family dwelling will be sited primarily within the existing residence's footprint, it would also be sited 10.5 feet west, and would therefore encroach into the 1968 Easement boundaries. However, when compared to the existing residence, the proposed siting, design, colors and materials of the proposed residence will result in a reduced visual impact when viewed from Highway 1; and

**WHEREAS**, reducing visibility of the property's development from Highway 1 is consistent with the intent of the 1968 Conservation and Scenic Easement; and

**WHEREAS**, **PLN210228** therefore includes an Amendment to the 1968 Easement deed and associated map to allow siting of the proposed residence in the most appropriate location to minimize visibility, invasive plant species removal, fuel management, placement of new utilities (including an alternative on-site wastewater treatment system) and related repairs, and restoration activities; and

**WHEREAS**, the Grantor is willing to grant the County of Monterey the conservation and scenic easement to protect habitat areas and visually sensitive portions by the restricted use and enjoyment of the Property by the Grantor through the imposition of the conditions described in the 1968 Easement and hereinafter expressed, and as amended below;

**WHEREAS**, the Amended Easement will ensure the protection of sensitive habitat and the public viewshed;

**WHEREAS**, Grantor and Grantee intend that this Amendment shall amend the 1968 Easement insofar as it revises restrictions and boundaries of the Easement on the Property, with all other terms to remain in effect; and

**WHEREAS**, it is intended that this Amended Easement is irrevocable and shall constitute enforceable restrictions within the meaning of Article XIII, Section 8, of the California Constitution and that said easement shall thereby qualify as an enforceable restriction under California Revenue and Taxation Code, section 402.1.

**NOW, THEREFORE**, Grantor and Grantee agree as follows:

- i. This Amended Conservation and Scenic Easement Deed as described shall amend the Conservation and Scenic Easement Deed as recorded at Reel 543, Page 398, Official records the County of Monterey, and as shown on Exhibit "A".

- ii. This Deed shall amend Restriction Nos. 1 and 3 on Page 2 to state the following:
  - 1. *“That no structures will be placed or erected upon said Conservation and Scenic Easement Area.”*
  - 3. *“That the Grantor shall not plant nor permit to be planted any vegetation upon the Conservation and Scenic Easement Area, except that vegetation necessary for removal (invasive species only) and for replanting/restoration (native plant species only) as prescribed in PLN210228 and subsequent Coastal development Permits.”*
- iii. This Deed shall amend the Exceptions and Reservations on Page 3 to add Exception and Reservation Nos. 3, 4, and 5:
  - 3. *“Management of vegetation within the Conservation and Scenic Easement Area in accordance with the Restoration Plan, Landscape Plan, and/or Fuel Management Plan approved with the Permit on file with the Monterey County Planning Department.”*
  - 4. *“Maintenance and repair of utilities, including water, electrical, and the on-site wastewater treatment system, within the Conservation and Scenic Easement Area.”*
  - 5. *“Restoration and/or stabilization of eroded or similarly adversely impacted land, provided that said restoration and/or stabilization shall be performed in a manner which is consistent with maintaining the Conservation and Scenic Easement Area’s habitat value and pursuant to an approved Coastal Development Permit. Shoreline armoring shall be prohibited.”*
- iv. This Deed shall amend the 1968 Easement boundaries, as described and depicted in “Exhibit B.”
- v. All other terms and conditions of the original Conservation and Scenic Easement Deed shall remain in full force and effect and are incorporated herein by this reference.
- vi. This Amended Conservation and Scenic Easement Deed shall run with the land and burden the property, and all obligations, terms, conditions, and

restrictions hereby imposed shall be deemed to be covenants and restrictions running with the land and shall be effective limitations on the use of the property from the date of recordation of this document. Additionally, this Amended Conservation and Scenic Easement Deed shall bind the Grantor and all its successors and assigns. This grant shall benefit the County of Monterey and its successors and assigns forever.

- vii. The Grantee or its agent may enter onto the property to ascertain whether the use restrictions set forth above are being observed at times reasonable acceptable to the Grantor. The public may not enter onto the property.
- viii. Any act or conveyance, contract, or authorization whether written or oral, by the Grantor, which uses, cause to be used, or permit use of, the property contrary to the terms of this offer will be deemed a breach hereof. The Grantee may bring any action in court necessary to enforce this grant of easement, including, but not limited to, obtaining an injunction to terminate a breaching activity and to enforce the restoration of all damage done by such activity, or an action to enforce the terms and provisions hereof by specific performance. It is understood and agreed that the Grantee may pursue any appropriate legal and equitable remedies. The Grantee shall have sole discretion to determine under what circumstances it shall bring an action in law or equity to enforce the terms and conditions of this grant of easement. Any forbearance on the part of the Grantee to enforce the terms and provisions hereof in the event of breach shall not be deemed a waiver of Grantee's rights regarding any subsequent breach.
- ix. The Grantee shall not be obligated to maintain, improve, or expend any funds in connection with the property or any interest or easement created by this grant of easement. All costs and expenses for such maintenance, improvement use, or possession shall be borne by the Grantors, except for costs incurred by Grantee for monitoring compliance with the terms of this easement.
- x. This conveyance is made and accepted upon the express condition that the Grantee, its agencies, departments, officers, agents, and employees are to be free from all liability and claim for damage by reason of any injury to any

person or persons, including Grantor, or property of any kind whatsoever and to whomsoever belonging, including Grantor, from any cause or causes whatsoever, except matters arising out of the sole negligence of the Grantee, while in, upon, or in any way connected with the property, Grantor hereby covenanting and agreeing to indemnify and hold harmless the Grantee, its agencies, departments, officers, agents, and employees from all liability, loss, cost, and obligation on account, or arising out of, such injuries or losses, however occurring. The Grantee shall have no right of control over, nor duties and responsibilities with respect to the Property which would subject the Grantee to any liability occurring upon the Property by virtue of the fact that the right of the Grantee to enter the Property or Conservation and Scenic Easement Area is strictly limited to preventing uses inconsistent with the interest granted, the Property is not "property of a public entity" or "public property," and Grantee's rights herein do not include the right to enter the Property or Conservation and Scenic Easement Area for the purposes of correcting any "dangerous condition" as those terms are defined by California Government Code Section 830.

- xi. The terms, covenants, conditions, exceptions, obligations, and reservations contained in this conveyance shall be binding upon and inure to the benefit of the successors and assigns of both the Grantor and the Grantee, whether voluntary or involuntary.
- xii. If any provision of this conservation and scenic easement is held to be invalid or for any reason becomes unenforceable, no other provision shall be thereby affected or impaired.
