SUMMARY:

The Monterey County Sheriff's Office was awarded funding from the PATH-Justice Involved grant also known as the CalAIM PATH II Grant through the Department of Health Care Services (DHCS) in the amount of \$500,000. The Department is requesting authorization to accept the grant in the amount of \$500,000 and to increase its Appropriations for Fiscal Year 2023-24 in the amount of \$30,000 to fund modification of technology and IT systems to support the new program funded by this grant.

The PATH Justice-Involved Capacity Building Program is a collaboration between the Sheriff's Office, Probation and Social Services. The CalAIM PATH II Grant provides funding to support implementation of pre-release Medi-Cal. The purpose of the award is to support entities as they implement the processes, protocols, and IT system modifications necessary to support the implementation of pre-release enrollment and suspension processes that will help ensure Medi-Cal coverage upon reentry into the community in order to facilitate access to needed Medi-Cal covered services. These processes are also foundational to the provision of Medi-Cal services in the 90 days prior to release, as requested by the Department of Health Care Services (DHCS) through its CalAIM 1115 Demonstration request.

OTHER AGENCY INVOLVEMENT:

This request has been reviewed by the CAO Budget Office and approved by the Board of

Supervisors Budget Committee on May 31, 2024.

FINANCING:

The Sheriff's Office is requesting support from the Board of Supervisors to approve the request to increase appropriations by \$30,000 in the Sheriff-Coroner's FY 2023-24 Adopted Budget financed by CalAIM PATH II Grant through the Department of Health Care Services (DHCS).
