

EXHIBIT A

SCOPE OF SERVICE

MPTS maintenance support services

Contractor will provide the following maintenance support services:

- Hot line phone support for County's Assessor, Tax Collector and Auditor user staff, as required, concerning the operation of the property tax system – MPTS.
- Diagnosis of application problems and suggested solutions.
- Application software corrections as needed by system failure to meet system requirements. This does NOT include any fixes for problems arising through alteration of the database by means other than Contractor personnel.
- New State mandated change to the application of property and tax assessment statutes.
- Enhancements/Upgrades to the application software at the discretion of Contractor.
- Installation/Setup of application stored procedures/triggers/database-scheduled tasks when necessary.
- MPTS application training classes:
 - Web training classes.
 - Training materials will be posted on the Contractor website.
 - Some sessions may be offered in house for detailed hands-on training at no cost for the session (County will be responsible for travel expenses).
- Roll turnover & roll over support to accommodate County off-hour support if desired:
 - Contractor will optionally offer (based on County needs) roll turnover/rollover of scheduled jobs leaving reports out at the County (balancing/review is the responsibility of County).
 - Contractor will review for consistency and set up – completion of jobs i.e. ascertain correctness of control records, job setup, scheduling, conflicts.
 - Backup: 2nd copy of 601 rolls and tax rolls for 12-year history retention to be held by Contractor if requested by the County. Primary backup of the 601 roll and related system backups are County responsibilities.
 - Assistance with balancing property and tax assessment programs.
 - Assistance with producing fixes (i.e. mass roll changes) to correct erroneous assessment or tax roll results, whether due to County or Contractor actions. However, County is responsible for meeting statutory requirements and proper updating of the Megabyte Systems with all current data, such as tax rates. Assistance to fix problems caused by County failure to update base assessment data will be a billable item to the County.

County will provide, at it's own expense, access to Contractor via Contractor network or via the Internet as long as it is at acceptable speeds (County minimum of T1 or business DSL speed).

County must grant Contractor full administrator rights (SA).

SQL server database support services

Contractor will provide the following SQL sever database services:

- Necessary tuning/routine maintenance/notification of service pack upgrades needed. (These must be run by County personnel on the physical machine).
- General SQL maintenance.
- Monitoring of SQL logs for errors and corrective action.
- Daily batch job monitoring and fixes/notification of failures.
- Scheduling of overnight jobs.
- Installation upgrades to SQL versions when Contractor upgrades the application software to a new version (Note: this does not include any cost associated with the purchase of SQL Server System Software – this cost is the responsibility of the County. Contractor will install it and do any necessary property system upgrades). Contractor determines the need to upgrade to a newer version of SQL.
- Rebuild database(s) if necessary due solely to SQL Server generated problems. (Exclusion: If the cause is failure by the user to detect operating system errors & take corrective action or notify Contractor, then this activity will be billable to the County).
- SQL Support services are for the primary and inquiry (aka backup server) servers only.

County shall perform the following tasks:

- Ensuring the SQL Executive and SQL Server are running and restart if necessary.
- NT Server printer setup and documentation.
- Monitor disk space on NT Server.
- MPTS system backups.
- Network problems.
- Software/Hardware conflict issues.
- Install SQL Server service packs when notified to do so by Contractor.
- Install MPTS service packs when notified to do so by Contractor.

If on-site support is required travel time and expenses will be billable to County at the standard rate for Contractor.

Online Business Property Filing Maintenance/Support

Contractor shall provide the following MPTS Online Business Property Filing Maintenance & Support to this application as follows:

- Ability for business taxpayers to file their 571L, 571A and 571F personal property forms via the Internet.

Features Include:

- Previous year costs and net change.
- View/Print of completed form(s).
- Extraction of data for web access.
- Audit reports.
- Import/merge of filed data to the personal property system.
- Images/PDF retained of the filed statements with access via the personal property subsystem.

MPTS Web Enhancements/Services Maintenance

Contractor shall provide the following MPTS Web Services & support as follows:

Public Version for Assessor and Tax Collector Departments:

- Search capabilities limited to Parcel or Assessment numbers.
- Assessor Inquiry – Current Assessment Roll information only.
- Tax Collector – Current Tax Roll information only.
- Cosmetic Customizations only i.e. color schemes, County logos, etc.
- Note: this version does not have any Security features. Name or Address only may be selected to appear (as determined by County), not both.
- Tax Collector Function – Prior year (previous year only) View/Print Taxbill online (additional charge).

Agency Version for Assessor and Tax Collector Departments:

- Assessor Historical search capabilities (dependant on the amount of online history stored the County).
- Tax Collector Historical search capabilities (dependant on the amount of online history stored the County).
- Customization of displayed data.

Up to Seven years View/Print Taxbill Online.

Grant of License. Contractor hereby grants to County a personal, non-transferable and non-exclusive license to use the Tax Collector Public Version and the Assessor Public and Agency Version of the MPTS Web Services.

The License granted to the County is expressly limited to the executable form of the Software only. The program code and programming language in which Contractor writes the Software (the “Source Code”), as well as any relevant documentation, including the Source Code, and instructions to maintain, duplicate, and compile to Source Code (the “Source Materials”), remain the exclusive property of Contractor.

Ownership Transfer API Maintenance/Support

Megabyte Property Tax System (MPTS) – Just Appraised Application Programming Interface (API).

The MPTS - Just Appraised Application Programming Interface (API) provides two general-purpose functions: one to extract information from MPTS; one to insert information into MPTS.

Get Data from MPTS: This function returns a small record set for each Assessment requested. The record set provides parcel data and ownership information and is used to create new records, remove existing records, or to modify ownership percentage(s) in existing records.

- Parcel Data – Assessment Number, Legal Description, Property Address (Situs), Acreage, Exemption Flag, Land Use Code.

- Ownership Information – Assessment Number, Ownership ID, Names, Address, percentages, Set & Sequence Numbers.

Put Data into MPTS: This function accepts a Java Script Object Notation (JSON) file (from Just Apprised) as input and inserts the file contents into MPTS.

- New Ownership ID
- New Names & Address
- Related Notes
- Transfer History
- Physical Characteristics
- Error Codes
