4. **Public Comments:** The Committee will receive public comment on non-agenda items that are within the purview of the Committee at this time. The length of individual presentations may be limited by the Chair.

Big Sur Resident Trey Kropp asked us to take a moment to recognize and remember our Chairman Mary Trotter and her tireless devotion to Big Sur and the LUAC. Her passing saddens us all. We also recognize Dick Ravich upon his resignation for his long service to the LUAC as member and Secretary. They will both be missed.

5. **Election of Officers:** This unscheduled item needed to be acted on due to the above.

Chairman: David nominated Steve Beck. Marcus Second. Carried

Secretary: Marcus nominated David. Steve Second. Carried

PUBLIC COMMENT:

Name	Site Neighbor?		Issues / Concerns (suggested changes)
	YES	NO	
Trey Kropp		X	Concerned about the visibility of the new garage and guest house.

LUAC AREAS OF CONCERN

Concerns / Issues (e.g. site layout, neighborhood compatibility; visual impact, etc)	Policy/Ordinance Reference (If Known)	Suggested Changes - to address concerns (e.g. relocate; reduce height; move road access, etc)
Concerns about the increase in visibility of the new guest house and garage	There is to be no building in the critical viewshed	Eliminate the garage and guesthouse.
Concerns about increase in window area on the north facing home exterior	There can be no visible light from the house in the critical viewshed	Must shade windows at night and have all downcast lighting inside the house.
Increased visibility of the house due to limbing and trimming of Cypress trees.		Suggest some added vegetative screening to minimize the public visibility of the house.

ADDITIONAL LUAC COMMENTS

David Smilley didn't agree that the garage and guest house changed the view of any wildland area of/by the traveling public.

RECOMMENDATION:

Motion by: Steve Beck (LUAC Member's Name)

Second by: Marcus Foster (LUAC Member's Name)

PUBLIC COMMENT:

Name	Site Neighbor?		Issues / Concerns (suggested changes)
	YES	NO	

Ken Linsteadt		X	They lowered to roof of garage into the natural grade, lowered the guesthouse 3'3", Lowered the west and north facing window height several feet and lowered the ridge height to decrease the overall impact of the project.
			The roof will be copper and the exterior walls will be grey Cedar tht will age greyer. They will install an automatic shade inside the windows that will lower at dark to prevent visability from the highway.

LUAC AREAS OF CONCERN

Concerns / Issues (e.g. site layout, neighborhood compatibility; visual impact, etc)	Policy/Ordinance Reference (If Known)	Suggested Changes - to address concerns (e.g. relocate; reduce height; move road access, etc)
Keep outdoor lighting out of the critical viewshead and indoor lighting downcast and not visible at night		Use landscaping below the driveway to shield the home from the road not the cypress headge along the road. Plant non invasive plants wheter native or non native
		Cause landscape to blend into the natural landscape.

ADDITIONAL LUAC COMMENTS

LUAC members commended the project manager and the owner for a good modification of their plan. We especially liked the proposed automatic indoor shade to prevent indoor light visibility from being seen on the highway.
