### SUMMARY:

On behalf of the Owners PLP Pajaro LLC, Mark Blum of Horan Lloyd, A Professional Corporation (Applicant's/Appellant's Agent), requested that the County process a Parcel Legality Status Determination (PLSD) of five proposed lots within two adjacent Assessor's Parcel Numbers in the Royal Oaks area to the east of the Pajaro Golf Course in the North County Land Use Plan area of the unincorporated area of the County. During staff review of this application, conflicts were found with the Subdivision Map Act (SMA) and the Monterey County Code (MCC) for two of the proposed "lots" located within APN 117-151-003-000. The other lots were found to be legal lots of a 1921 subdivision, the Fruitland Subdivision Map, recognized by County HCD in October 2020 as an Unconditional Certification of Compliance pursuant to MCC section 19.14.050.A. Following that conclusion, lots 18, 21 and 22, within APN 117-151-004-000, were found to have transferred together by Deed in the same configuration and with specific reference to the Fruitland Subdivision

Map's lot numbers. However, the determination on the area of property identified as 117-151-003-000 was that the properties that were once "Lot 16" and "Lot 17" had been altered in size and shape through legal transfers over time such that they no longer hold the same configuration as in the 1921 Fruitland Subdivision Map. After being split essentially in half, the western remainder portion of Lot 16 and the western remainder portion of Lot 17 were sold as one parcel with a legal description that included the whole area. County determined that portions of Lot 16 and Lot 17 could not be recognized as legal lots and included this finding in a Parcel Legality Determination Letter dated March 31, 2023. The applicant appealed the Director's decision on September 8, 2023. The appeal included an April 24, 2023 letter requesting reconsideration (which was replied to but not elaborated on by HCD on July 13, 2023) and additional appeal contentions and materials to support the position that more than one legal parcel be recognized at the Subject Property. Staff prepared a staff report and resolution for the appeal hearing scheduled by all parties for January 31, 2024. After noticing of said hearing, the appellant requested a meeting with staff to discuss the subject matter. At the January 31, 2024 hearing, the appellant requested a continuance to the date certain of April 10, 2024 in order to add additional documentation to his appeal contentions. On March 5, 2024, the agent withdrew the appeal.
