II. PROGRAM NARRATIVE

These programs began as a unique response to the critical need to provide African Americans with intervention strategies that address issues that impact individuals and families of color. The Village Project has become an integral part of the community and serves as a focal program where individuals and families from all racial and ethnic groups can access a range of culturally competent mental health and supportive services. The Village Project utilizes licensed clinicians, social workers, counselors, as well as interns who receive specific expertise and training in working with African Americans. The Village Project works in collaboration with other community-based organizations providing mental health services to ensure that services are culturally competent. In addition to therapeutic services, The Village Project conducts advocacy actions and activities to address any mental health treatment barriers and inequities and supports and advocates for social justice for historically unserved, underserved and inappropriately served communities with regard to mental health service provision. A monthly series entitled the Lucille Hralima Mental Health Education provides education as a stigma reduction that also increases access to services for BIPOC and LGBTQ+ communities.

Program 3:

Outreach and Engagement Services Program Description

A. Program Objectives

1. To assist potential clients to engage with The Village Project, Inc. and other community-based organizations;
2. To reduce/eliminate disparities that prevent timely access to adequate and effective mental health treatment for unserved/underserved/inappropriately served individuals and families from the African American, Latinx, Native, Asian/Pacific Islander and LGBTQ+ communities due to cultural mistrust, language or other barriers, and;
3. To reduce the stigma and discrimination that is so often associated with being diagnosed with mental illness or seeking mental health services.

B. Scope of Work

For the past 13 years, The Village Project, Inc. has had Outreach and Engagement as one of the three components of its overall contract with Monterey County Behavioral Health Bureau. Outreach and Engagement activities, over the years, have involved presentations in churches, schools, cultural and community organizations, civil rights organizations such as the Monterey County Branch of the NAACP and the Monterey, North County and Salinas Councils of LULAC and appearances on local radio shows and local news shows on KSBW TV-8 and KION 46 and Access Monterey TV, which filmed a number of the organization's Lucille Hralima Mental Health Education Series presentations.

The staple of the Outreach and Engagement Program component is the organization's appearance in the community and the trust the community has in the organization. The Village Project, Inc. is consistently invited by low income housing complexes to set up display tables and speak to tenants, most of whom are people of color, about The Village Project, Inc.'s mental health programs and services. Likewise, tenant associations have also had staff from the organization be guest speakers at tenant association meetings to talk about the organization's programs and services. These activities resulted in numbers of tenants over the years coming to The Village Project, Inc. for mental health services, the vast majority of whom had never received mental health services of any kind before.

Nearly five years ago, The Village Project, Inc. added another program to its Outreach and Engagement service called the Lucille Hralima Mental Health Education Series. Lucille Hralima was a social worker in child welfare who from 2009 to 2011, and became The Village Project, Inc.'s first intern working toward licensure. She was open about having been diagnosed with Bipolar Disorder as a teen and advocated for more educational activities in communities of color. She did much to reduce stigma in the African American community, especially. Nearly four years ago, she was killed in a car wreck. In her memory, the organization fittingly named this series after her. The series consists of monthly presentations about mental health from the perspectives of different ethnic/cultural groups. They were well attended and rated highly by attendees. This narrative serves to illuminate The Village Project, Inc.'s history of organizing Outreach and Engagement activities in communities throughout Monterey County.

The Village Project, Inc., since its inception, has trained its clinical staff in identifying general risk factors in clients and potential clients with special attention paid to identifying these factors in people of color. Exacerbated by race-related stressors, those who are members of groups who have been historical victims and survivors of oppression, discrimination and racism, carry intergenerational trauma, depression and anxiety, which gets passed from one generation to the next and further exacerbated by the Pandemic and ongoing acts of racism done through acts of macro- and micro-aggressions. Clinical work will often not realize positive results unless a clinician addresses the issue of the role of racism in the lives and the mental health of these clients.

The Village Project, Inc.'s Outreach and Engagement Program over the thirteen years of the agency's existence continues to involve educating communities about the importance of mental health by maintaining a presence in those communities through activities designed to reduce barriers such as distrust and stigma that prevent community members from seeking mental health treatment. More broadly, in addition to acquainting community members with the services of The Village Project, Inc., the program provides information on the other resources that exist in the County of which community members can also avail themselves.

Prevention Services

In carrying out this component, The Village Project, Inc. will conduct the following outreach and engagement activities including:

1. Organizing and advertising the monthly Lucille Hralima Mental Health Series presentations;
2. Tabling at community events in various venues in Monterey County;
3. Presentations to schools and parent groups;
4. Speaking at churches and handing out brochures and flyers;
5. Tabling and making presentations to tenant associations;
6. Guest speaking at community and civic organizations;
7. Being available for pop up opportunities that periodically occur in communities;
8. Provide holistic clinical assessment of mental health needs for individuals who request mental health services and may provide case management support to provide linkages to treatment;
9. Addressing local governments and requesting resolutions for special acknowledgements, i.e., May as "Mental Health Awareness Month" and July as "Bebe Moore Campbell National Minority Mental Health Awareness Month" and do special community programming related to those government resolutions.
10. Coordinate culturally informed training focusing on the impact of historical trauma and racism for clinical staff.

Number of Individuals to be Served:

- Minimum of 700 in outreach and engagement activities per fiscal year. *For FY 21/22 total number served may be lower due to start date of program and conditions related to the pandemic.*
- Approximately 550 individuals will be reached in Outreach and Engagement activities for FY 22/23 and FY 23/24.
- For FY 21/22 144 individuals will receive a holistic clinical assessment.
- For FY 22/23 and FY 23/24 approximately 100 individuals will receive a holistic clinical assessment.

C. Program Goals

1. Of the people who participate in the Lucille Hralima Mental Health Series and other events identified by TVP, 75% of people who held previous negative ideas about mental health treatment will hold more positive views after contact with the organization or participating in the event.
2. 80% of individuals who request mental health counseling will be referred and connected to mental health treatment with TVP serving as many as the organization's capacity will allow. Individuals who cannot be served by TVP will be referred to other appropriate Behavioral Health Providers.

D. Expected Outcomes

Expected outcomes include the organization of numerous outreach activities in communities of color and the LGBTQ+ community. It is expected that there will be positive responses to these outreach activities by these communities which will result in the reduction of stigma and distrust, two factors that prevent many unserved and underserved from seeking mental health services and treatment. It is expected that a direct result of the reduction of these and other barriers, there will be an increase of members from those communities who will seek mental health services and treatment.

- A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act (“MHSA”), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the

COUNTY'S Maximum Allowances (CMA), which is based on the most recent State's Schedule of Maximum Allowances (SMA) as established by the State's Department of Mental Health. The SMA Schedule shall be used until COUNTY establishes the COUNTY'S rate Schedule of Maximum Allowances. CONTRACTOR shall be responsible for costs that exceed applicable CMAs. In no case shall payments to CONTRACTOR exceed CMAs. In addition to the CMA limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the "Maximum Obligation of County," as identified in this Exhibit B, Section V.

- B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.
- C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.
- D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Cost Reimbursement Invoice Form provided as Exhibit G, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30th) day of the month following the month of service. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement. In the event the back-up documentation does not fully justify the amount of the prior month's payment, COUNTY shall reconcile the subsequent month's Cash Flow Advance payment.

CONTRACTOR shall submit via email a monthly claim using Exhibit G, Cost Reimbursement Invoice Form in Excel format with electronic signature along with

supporting documentations, as may be required by the COUNTY for services rendered to:

MCHDBHFinance@co.monterey.ca.us

Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR. Any “obligations incurred” included in claims for reimbursements and paid by the COUNTY which remain unpaid by the CONTRACTOR after thirty (30) calendar days following the termination or end date of this Agreement shall be disallowed, except to the extent that such failure was through no fault of CONTRACTOR under audit by the COUNTY.
- F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.
- G. COUNTY shall review and certify CONTRACTOR’S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.
- H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.
- I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR’S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

- C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.
- D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.
- E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

V. **BILLING AND PAYMENT LIMITATIONS**

- A. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal and Healthy Families claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.
- B. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.
- C. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line item amount in the budget without the written approval of

COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

- D. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.
- E. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

VI. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

- A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.
- B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.
- C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.
- D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

VII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries and to Healthy Families subscribers diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

- F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.
- G. - H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, and/or Title XXI Healthy Families services/ activities subsequently denied or disallowed by Federal, State and/or COUNTY government.

Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section IV (Method of Payments for Amounts Due to County) of this Agreement.
- J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.
- K. Nothing in this Section VIII shall be construed to limit CONTRACTOR'S rights to appeal Federal and State settlement and/or audit findings in accordance with the applicable Federal and State regulations.

 - 2. A report by COUNTY to State of all such non-reported revenue including any such unreported revenue paid by any sources for or on behalf of Medi-Cal beneficiaries and/or COUNTY'S revision of the Annual Report(s).
