Re: Support for Lowered Proposed Residence at 26317 Scenic Road

Dear Joan:

Thank you for taking the time to show me Daniel Piechota's plans for your new home at 26317 Scenic Road and proposing to lower the height of the proposed home by 2 feet in order to respond to our concern about the height of the proposed home blocking so much of our ocean views. Subject to lowering the proposed home by 2 feet, we enthusiastically support approval of this home and wish you success during the permit process.

Sincerely,

Zoltan and Cristina Csimma
