**SUMMARY/DISCUSSION:**

Monterey County Water Resources Agency (MCWRA) Ordinance No. 4203 (Ordinance) governs Zone 2C assessments which the electorate of the Agency's Zone 2C approved for the Salinas Valley Water Project (SVWP) to fund certain operations and maintenance at Nacimiento Dam and San Antonio Dam. The Ordinance stipulates the SVWP assessments be subjective to COLA increases based on the February Consumer Price Index (CPI) of the San Francisco, Oakland and San Jose urban area.

The Ordinance states that the target of ending/beginning fund balances for SVWP operation and maintenance expenses be approximately 50% of the total estimated SVWP operation and maintenance expenses for the succeeding fiscal year, and if the ending fund balance for SVWP operation and maintenance expenses for the previous fiscal year is less than or equal to 50% of the total estimated SVWP operation and maintenance expenses for the succeeding fiscal year, then the Board shall increase the Operation & Maintenance and the Administrative components of the SVWP assessments by the CPI.

MCWRA requests, as the COLA increase in FY 2024-25, to adopt the CPI of 2.4% increase to assessment charges of Zone 2C Operations and Maintenance (O&M) component and Administration component for FY 2024-25. The attached Summary Chart details the assessment rates of FY

2024-25 with 2.4% COLA increase from FY 2023-24.

It is requested that the MCWRA Board of Directors recommend that the MCWRA Board of Supervisors set and hold a public hearing at 10:30 AM on May 29, 2024 to consider approving and adopting assessment rates as set forth in the Notice of Public Hearing relating to Zone 2C for Fiscal Year 2024-25, all identified in the Public Notice. Notices will be published once a week for two consecutive weeks prior to the date set for this hearing.
