Kristy Michie, MS, Assistant Director of Public Health

Emilio Saavedra, MPA, Management Analyst III

Public Health Bureau

March 22, 2024

**COUNTY OF MONTEREY
HEALTH DEPARTMENT**

Overview

- ▶ Funding background
- ▶ Allocation and spending parameters
- ▶ Priorities
- ▶ Success and challenges
- ▶ Future activities

Funding Background

- ▶ COVID-19 pandemic exposed significant gaps in the existing public health infrastructure and emphasized the need for adequate investment in public health
- ▶ Budget Act of 2021: \$200,400,000 annually to local health departments for public health workforce and infrastructure
 - ▶ Referred to as “Future of Public Health” funding
 - ▶ Purpose: ongoing investments in core public health functions that are cross-cutting and underpin the work of state and local public health departments
- ▶ First allocation to local health departments in FY2022-2023

CDPH Allocations

CDPH funding formula (2019 data or most recent year):

- ▶ 1) 50% based on population,
- ▶ 2) 25% based on proportion of population in living in poverty, and
- ▶ 3) 25% based on proportion of the population that is Black/African-American, Latino/a, or Native Hawaiian/Pacific Islander

County of Monterey Health Department Allocation:

- ▶ FY2022-2023: \$2,563,477
- ▶ FY2023-2024: \$2,563,477

COUNTY OF MONTEREY
HEALTH DEPARTMENT

CDPH Spending Parameters

- ▶ At least 70% of funding must support recruitment of new permanent staff, including benefits and training
- ▶ No more than 30% of funding may be used for equipment, supplies, and other administrative purposes (such as facility space, furnishings, travel, and similar activities)
- ▶ Funding cannot replace existing public health resources; it may be used to supplement but not to supplant all other specific county fundings
- ▶ With the exception of FY2022-2023 funding, unspent funds cannot be rolled over to the next fiscal year

California Department of Public Health- Defined Key Service Areas

- ▶ Workforce Development, Recruitment, and Training
- ▶ Emergency Preparedness and Response
- ▶ IT, Data Science, and Informatics
- ▶ Communications, Public Education, Engagement, and Behavioral Change
- ▶ Community Partnerships
- ▶ Community Health Improvement Plan

Successes

- ▶ Added and filled 11 new, permanent full-time positions at Environmental Health, Public Health, and Health Administration including Planning, Evaluation, and Policy (PEP), Information Technology and Human Resources (Strategic Plan Goal #4)
 - ▶ Launched new Healthy Aging program (CHNA priority #9)
 - ▶ Provided dedicated support for Farmworker Resource Center and Community Health Worker Program (CHNA priority #3)
 - ▶ Expanded epidemiology and public health preparedness programs (Strategic Plan Goal #2)
 - ▶ Increased capacity for environmental health inspections and educational outreach (Strategic Plan Goal #2)
- ▶ Provided 10 sign-on bonuses for hard to recruit positions (Strategic Plan Goal #4)
- ▶ Supported completion of the 2022 Community Health Needs Assessment (Strategic Plan Goal #1)

Challenges

- ▶ Lengthy process for creating, approving, and recruitment for new permanent positions
- ▶ 70%/30% spending restriction
- ▶ Uncertain state-level fiscal outlook
- ▶ No rollover of unspent funding

Future Activities

- ▶ Update Healthy Department Violence Prevention Plan, strengthen prevention program (CHNA Goal #9)
- ▶ Expand HIV, STD and HCV services (Strategic Plan Goal #2)
- ▶ Increase training and professional development opportunities for staff (Strategic Plan Goal #3)
- ▶ Increase engagement with community and organizations in planning processes (Strategic Plan Goal #1)
- ▶ Expand quality improvement and compliance efforts (Strategic Plan Goal #4)
