This ROOFTOP SYSTEM SITE LEASE AGREEMENT (this “Lease”) is made and entered into as of April 16, 2024 (the “Effective Date”) by and between MYNT Systems Inc. a California corporation (“Lessee”), and the County of Monterey, a political subdivision of the State of California (“Lessor”). Each of Lessor and Lessee are sometimes referred to as a “Party” and collectively as the “Parties.” “Lessee” shall include any permitted assignees pursuant to an assignment under Section 15.1.

WHEREAS, Lessor is the owner of certain real property located at 1410 Natividad Salinas, CA 93906 (the “Premises”), and desires to grant a lease of rooftop space on certain carports and related improvements that will be constructed by Lessee (the “Carports”) and the portion of the Premises underlying such Carports, as more particularly described on Exhibit A (the “Project Site”), which includes the area on which the System (hereinafter defined) will be installed; and

WHEREAS, pursuant to the terms of that certain Power Purchase Agreement (“PPA”) between Lessee and Lessor, dated as of the date hereof, Lessee intends to own, and operate certain photovoltaic solar energy generation and storage equipment and associated facilities, as described in Exhibit C (the “System”) and desires to obtain a lease of the Project Site in order to install and operate the System.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee hereby agree as follows:

AGREEMENT

1. **DEFINITIONS.** Capitalized terms shall have the meanings assigned to them herein.

2. **LEASE.**

2.1 Lease. Lessor hereby leases to Lessee the non-exclusive rights to use and access the Premises for the purposes of installing, maintaining, repairing and decommissioning the System and the Carports, in accordance with the terms and conditions and for the purposes set forth herein. The Parties intend that this Lease create a valid and present interest in the Premises in favor of Lessee. Therefore, this Lease is an interest in and encumbrance upon the Premises which shall run with the land and shall be binding upon the Premises, and Lessor and its successors and assigns for the benefit of Lessee and its successors and assigns.

2.2 Term. The term of this Lease shall commence on the Effective Date and shall be coterminous with the term of the PPA (“Term”).

In the event Lessor exercises an option to purchase the System pursuant to the PPA or Lessee otherwise transfers the equipment constituting the System to Lessor under the PPA, this Lease shall terminate as of the date of the closing of such transfer.

2.3 Payment to Lessor. Lessee shall pay to Lessor as rent the one-time sum of \$1 (the “One-Time Payment”) within fifteen (15) days after the Effective Date. Lessor acknowledges and agrees that the One-Time Payment constitutes payment in full of rent for the Term, and no additional amount shall be due or owing to Lessor under this Lease.

2.4 Permitted Uses. Lessee shall have the exclusive right to occupy and use the Project Site for solar energy conversion, for the collection, storage, and transmission of electric power, and for related and incidental purposes and activities (collectively, “Operations”) including, but not limited to, the construction, installation, improvement, relocation, operation, maintenance and repair of the System (and Carports) and removal of the System (and Carports). Lessee agrees that said right shall be nonexclusive to other uses of the rooftop areas, provided that such other uses shall in no event impair or interfere with its Operations.

2.5 Lessee’s Exercise of Rights. Lessee may construct and install the System on the Premises in the manner Lessee deems reasonable and appropriate; provided, however, that Lessee shall not unreasonably interfere with Lessor’s use, operation, or maintenance of the Premises. The System shall be installed within the areas of the Project Site.

2.6 Premises Utilities. Unless stated otherwise in the PPA, Lessor shall provide existing and available utilities to the Project Site in connection with Lessee’s construction, startup, maintenance, repair, replacement, operation and removal of the System. Lessor acknowledges and agrees that Lessee’s use of the Premises includes the nonexclusive appurtenant right to the use of water lines, sewer lines, storm water lines, power lines, and telephone and communication lines.

2.7 Construction Laydown Area. Lessor shall provide Lessee sufficient space on the Premises for the temporary storage and staging of tools, materials and equipment reasonably necessary during installation and any maintenance, repair, replacement or removal of the System and construction of the Carports, provided that Lessee shall use commercially reasonable efforts to minimize disruption to Lessor’s operations, and provided further that Lessee understands and acknowledges that space is limited at the Premises. Lessor and Lessee shall coordinate and cooperate in determining the amount of space and specific portion of the Premises necessary for such purposes. Lessee shall have access to such area twenty (24) hours a day, seven (7) days per week.

2.8 Notice. Except as may be required by an emergency, Lessee shall give Lessor reasonable written or telephonic notice before any entry onto the Premises outside of normal business hours by Lessee’s employees, agents, or contractors. Notwithstanding anything to the contrary in this Lease, Lessee shall be permitted to access the Premises (i) during normal business hours; and (ii) twenty-four (24) hours a day, seven (7) days a week for emergency purposes as reasonably determined by Lessee. In the event Lessee enters the Premises due to an emergency, Lessee shall promptly notify Lessor of its entry and the nature of the emergency. Unless otherwise agreed in advance, normal business hours shall mean Monday through Friday, 8AM through 5PM on those days the Lessor’s administrative offices are open.

3. EASEMENTS.

3.1 Access Easement and Use Rights. Lessor grants Lessee a nonexclusive easement for access and use of the Premises, on, under, over, and across the Premises, seven (7) days a week, twenty four (24) hours a day, excluding that portion of the Premises used as the county jail and which has restricted public access, for the purposes of locating, installing, operating, maintaining, improving, repairing, relocating, and removing the System on the Premises (the “Use Rights”). The Use Rights include the right of parking, access, and ingress to and egress from the System on, over, and across the Premises during the Term, and shall survive for a period of one hundred eighty (180) days following the termination of this Lease for the purpose of removing the System. Without limiting the foregoing grant, Lessor covenants that the Use Rights may be used to achieve all the purposes set forth in this Lease. Throughout the Term of the Lease, as described below, Lessor hereby grants Lessee an easement through the Premises, including all elevators, stairways or other access points of egress and ingress for purposes of accessing the rooftop of the Premises for the purpose described herein and pursuant to the terms and conditions set forth below.

3.2 Solar Easement.

3.2.1 **Open Access to Sun.** Lessor hereby grants and conveys to Lessee an exclusive easement on, over and across the Premises for the following: the open and unobstructed access to the sun to the System(except the battery storage-related portion of the System) on any of the Premises and to ensure adequate exposure of the System to the sun. In addition, Lessor hereby grants and conveys to Lessee an exclusive easement prohibiting any obstruction to the open and unobstructed access to the sun (together with the preceding sentence, the “Solar Easement”) throughout the entire Premises to and for the benefit of the area existing horizontally three hundred and sixty degrees (360°) from any point where any System is or may be located at any time from time to time (each such point referred to as a “Site”) and for a distance from each Site to the boundaries of the Premises, together vertically through all space located above the surface of the Premises, that is, one hundred eighty degrees (180°) or such greater number or numbers of degrees as may be necessary to extend from each point on and along a line drawn along the surface from each point along the exterior boundary of the Premises through each Site to each point and on and along such line to the opposite exterior boundary of the Premises.

3.2.2 **Lessor Improvements.** Trees, buildings and other improvements located on the Premises as of the date of this Lease will be allowed to remain, and Lessee may not require their removal. Lessor may not place or plant any trees, buildings or improvements (an “Improvement”) on the Premises after the date of this Lease which may, in Lessee’s sole judgment, impede or materially interfere with the open and unobstructed access to the sun to any Site or System, unless Lessor has received written approval from Lessee for any such trees, structure or improvement. Subject to the foregoing, Lessor may construct an Improvement on the Premises if such Improvement meets the following requirements:

- (a) Such Improvement poses no interference with any part of the System located on the Premises; and

(b) Such Improvement has a Maximum Height = [(distance to fenceline) + 20') / 3], with such Improvements being located at least 20' from the nearest fence line or edge of the Premises.

(an Improvement that complies with all of the foregoing restrictions will be referred to as a "Permitted Improvement").

Lessor may construct such Permitted Improvements without the prior consent of Lessee. However, should Lessor construct an Improvement that is determined by Lessee to violate or not be in compliance with any of the restrictions of this section, Lessee may provide notice to Lessor that said Improvement must be removed within thirty (30) days of Lessor's receipt of Lessee's notice. Should Lessor fail to remove the non-complying Improvement within such thirty (30) day period, Lessee may cause the same to be removed and may off-set the cost of the removal against any lease payments due hereunder to Lessor.

3.2.3 No Interference. Lessor will not materially interfere with, and will not allow any other party to materially interfere with, the free, unobstructed and open and unobstructed access to the sun, solar speed or solar direction over and across the Premises.

3.3 Cable Easement. Lessor hereby grants and conveys to Lessee, a non-exclusive easement to use portions of the Premise's riser systems, chase ways, exterior wall surface, roof surface, ground surface or below ground (the "Cable Easement"); which areas shall be referred to herein as the "Cable Easement Area," for the purposes of installing, operating, maintaining, interconnecting, repairing, removing and replacing cables, conduits, network connections, data acquisition and telecommunications lines and related transmission lines, all of which shall be used in connection with the operation of the System. Lessee shall exercise reasonable care and reasonable consideration in entering upon the Cable Easement Area so as to not unreasonably interfere with the use and enjoyment of the Cable Easement Area by its owners and occupants. The Cable Easement granted herein shall bind Lessor and its successors under this Lease; provided, however, that, for the purpose of removing the facilities located in the Cable Easement Area, the term of the Cable Easement shall automatically terminate one hundred eighty (180) days after the date of termination of the Term of this Lease. Lessor shall keep the Cable Easement Area free of obstruction and shall not construct or place in or on the Cable Easement Area any landscaping, trees, bushes, buildings or other structures of any kind in a manner which may interfere with or damage the cables, conduits and related transmission.

3.4 Utility Easements. Lessor agrees to reasonably cooperate, at Lessee's sole cost and expense, in the granting of reasonably necessary easements to the applicable utility to install such utilities on, over and/or under and through the Premises as necessary for Lessee to operate and interconnect the System, provided, however, the location of such utilities shall be mutually agreed upon by the applicable utility, Lessor and Lessee. In all events, the easements shall include a provision that the easements shall automatically expire upon the date that is one hundred eighty (180) days after the date of expiration or earlier termination of the Lease.

4. RIGHTS OF LESSEE.

4.1 Solar Resources. Lessee shall have the sole and exclusive right to convert all of the solar resources of, and to conduct Operations on, the Premises. Lessor shall not grant any rights in the Premises purporting to permit others to conduct Operations on the Premises in derogation of Lessee's sole and exclusive rights and privileges hereunder. Without the prior written consent of Lessee, Lessor shall not (i) waive any right available to Lessor or grant any right or privilege subject to the consent of Lessor by law or contract, including without limitation any environmental regulation, land use ordinance, or zoning regulation, with respect to setback requirements, or other restrictions and conditions respecting the placement of the System on the Premises or (ii) grant, confirm, acknowledge, recognize, or acquiesce in any right claimed by any other Person to conduct Operations on the Premises, and Lessor agrees to give Lessee notice of any such claims and to cooperate with Lessee in resisting and disputing such claims.

4.3 Enforcement of Legal Rights. Lessee shall have the right to enforce Lessor's rights under applicable laws protecting solar energy systems from obstruction. Lessor shall cooperate with any efforts by Lessee to enforce such rights.

4.4 Non-Interference. In no event during the Term will Lessor construct, build or locate, or allow others (via the granting of easements, leases, subleases, licenses or other agreements) to construct, build, or locate any equipment or facilities (solar or otherwise) that would interfere with the System or otherwise engage in, or allow others to engage in activity, that might impede the System's access to the sun or decrease the output or efficiency of the System.

5. DESIGN AND CONSTRUCTION OF SYSTEM.

5.1 Design and Construction. Lessor hereby consents to the construction of the System and Carports in accordance with the plans and specifications set forth on the attached Exhibit C. Lessee shall cause its contractors to comply with Lessor's reasonable and customary safety requirements and to coordinate construction of the System and Carports with Lessor so as to reasonably minimize disruption to the Premises and to Lessor's normal operations and activities thereon. Upon Lessee's request, Lessor shall reasonably assist and cooperate with Lessee to acquire and maintain approvals, permits, and authorizations or to facilitate Lessee's compliance with all applicable laws and regulations related to the construction, installation, operation, maintenance, and repair of the System, including: providing any building owner or occupant authorizations; and signing and

processing any applications for permits, local utility grid interconnection applications, and rebate applications as are required by law to be signed by Lessor. Lessor shall also deliver to Lessee copies of any necessary approvals, permits, rebates, or other financial incentives that are required by law to be in the name or physical control of Lessor. Lessee shall reimburse Lessor for reasonable and necessary third-party costs incurred by Lessor in relation to Lessor's assistance with such matters.

5.3 Removal Upon Termination. Upon the termination or expiration of this Lease for any reason, Lessee shall, within three hundred sixty-five (365) days after the date of expiration (or sooner if required by the PPA), remove the System from the Premises, and restore the Premises' rooftop to its condition as of the Effective Date, normal wear and tear excepted unless the System is purchased by Lessee, provided, however, that Lessee shall not be required to decommission, dismantle or remove the Carports. Removal of the System shall be at the cost of Lessee.

6.2.2 Notice to Premises Lienholders and Release. Lessor shall give effective notice of Lessee's ownership of the System and the System's status as personal property to all parties having an interest in or any mortgage, pledge, lien (including mechanics', labor or materialmen's liens), charge, security interest, or encumbrance of any nature (collectively, "Liens") upon the real property and fixtures that are part of the Premises. If there is any Lien against the Premises that could reasonably be construed as prospectively attaching to the System as a fixture of the Premises, Lessor shall obtain a disclaimer or release of such Lien. Lessor consents to the filing of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction of the Premises, and any other filing by Lessee in a public office regarding its ownership of the System deemed necessary or appropriate by Lessee, and Lessor hereby appoints Lessee as its agent with regarding to any such filing and authorizes Lessee to take required actions on Lessor's behalf required for such filing.

(a) Financing Party, as collateral assignee, shall be entitled to exercise, in the place and stead of Lessee, any and all rights and remedies of Lessee under this Lease in accordance with the terms of this Lease. Financing Party shall also be entitled to exercise all rights and remedies of secured parties generally with respect to this Lease and the System.

Lessor's and Lessee's obligations under this Lease shall otherwise remain in effect, and Lessor and Lessee shall be required to fully perform all of their respective obligations under this Lease during any cure period.

10.1.4 Continuation Following Cure. If Financing Party or its assignee acquires title to or control of Lessee's assets and cures all defaults existing as of the date of such change in title or control within the time allowed by Section 10.1.3, then this Lease shall continue in full force and effect.
