Interests & Experiences

Please tell us about yourself and why you want serve

I am a licensed architect and LEED accredited professional with 20 years experience in the field of design and construction. In my 14 years of living and working here on the central coast of California, I have seen the growing housing crisis and the impacts it has on the community, the quality of life for residents, and the potential to limit opportunities for all businesses to thrive. I have worked with the county's planning department on various residential projects, and am very familiar with the county's land use plan, coastal zoning and inland zoning ordinances, and regulatory process. I believe there are solutions available to our continued lack of affordable housing which could be implemented while also enhancing the diversity and sustainable growth of this county. I recognize that each community in the county is different, with a unique set of challenges and potential areas to improve and expand housing options. I see my role as an architect as beneficial to the way the county must work collaboratively, with a wide range of stakeholders, to address complex issues surrounding this topic: traffic, infrastructure, water supply, historic resources, neighborhood character, and climate concerns.

Please state the reason you would like to be a member of this board committee/commission/district.

I would like to be a member of this commission in order to hear, vet, and help make decisions that address the broader concerns about housing for all members of our community. I want to help evaluate potential new housing projects, set policies that encourage developers to make inclusionary housing a part of all new construction, and review the potential of existing buildings

(residential and non-residential) to help increase density in select areas.

Have you served on an advisory group before?
