

2022-2023 Annual Report Overview Presentation March 12, 2024

Why an Annual Report is Important

- The Annual Report was created to help our community understand the needs
 of our children and youth, in order to build community commitment to meet
 these needs. It is a local and state "snapshot" documenting the status of our
 children and youth. This Annual Report is intended to help community
 members make informed decisions with regarding public policy issues,
 volunteer efforts and support for nonprofit organizations.
- The Annual Report has four goals:
 - > To serve as a benchmark to measure how children and youth are faring over time
 - To serve as a catalyst to mobilize community wide efforts to address the most critical challenges to children and youth's circumstances
 - To recognize areas in which services and initiatives have been successful in improving children and youth's quality of life in order to maintain continued support for these efforts
 - > To present multiple indicators in a simple arrangement and location

Data Highlights

Executive Summary

When an indicator has been assessed as "stable", this means that the trend line is flat, indicating that there is not much change or inconsistency on the data figures. On the other hand, when an indicator is assessed as "fluctuating", this means that the data figures are inconsistent from year to year. An assessment of "increasing", refers to higher numbers in the value of the data and an assessment of "decreasing", refers to lower numbers in the value of the data. When looking at the assessment of "increasing" or "decreasing", please keep in mind that these terms reflect how the rate or number in each particular trend is changing. They do not indicate improvement or worsening.

Birth to 18	Monterey County Trend	State Trend
Children Supported by CalWORKs	Fluctuating	N/A

Backbone capacity building in equity, facilitation, collective impact.

Reflective, Relevant & Responsive

Interconnected & Co-Designed

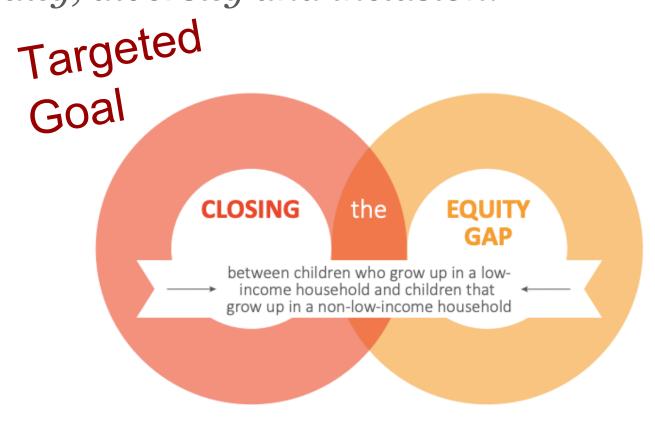

Transforming Systems that support all young children and their families, centered on race, equity, diversity and inclusion.

Universal
Goal
25%

By 2025, DOUBLE the number of children ready for kindergarten

Fostering Child-Centered Impact & Investment

In Monterey County, there is an estimated \$156 million gap to serve all young children currently eligible for state or federal child care subsidies.

HAVE: 6,300 children served with \$112mil.

NEED: \$156mil to serve additional 9,000.
