

*Before the Board of Supervisors in and for the
County of Monterey, State of California*

Resolution No.:

Recognizing November 2017 as **National**)
Alzheimer's Disease Awareness Month.....)

WHEREAS, there are more than five million Americans living with Alzheimer's, a figure that is expected to grow to as many as 16 million by mid-century if we don't develop a cure or effective treatment; and

WHEREAS, while today it is true that we have no cure for Alzheimer's, that does not mean there is no treatment, with a good diet, physical exercise, social engagement, and certain prescribed medication, many patients can meaningfully alter the course of Alzheimer's and preserve their quality of life; and

WHEREAS, researchers are making great progress in developing ways to accurately diagnose and treat Alzheimer's disease, and we need to accelerate the pace of that research if we are going to have a disease altering treatment in the next 15 years; and

WHEREAS, we need more individuals and families to know that they can get help at no cost from the Alzheimer's Association and that there is hope on the horizon with advancements in new research and asking residents of Monterey County to visit www.actionalz.org to learn more about Alzheimer's and become part of the efforts to combat this disease.

NOW, THEREFORE, BE IT RESOLVED, the Monterey County Board of Supervisors, do hereby proclaim November 2017 as **National Alzheimer's Disease Awareness Month** in Monterey County.

PASSED AND ADOPTED this _____ day of _____, 2017, by the following vote, to wit:
