Routine parts replacement includes any device associated with the system, except for parts provided in calibration kits or consumable items such as printer cartridges or other supplies identified in the Operators Manual.

All system repairs under this Agreement will be performed by CONTRACTOR and/or a third-party service provider (TPSP) approved by CONTRACTOR and County. CONTRACTOR will be responsible for services provided by TPSP and will maintain current liability and auto insurance on the TPSP.

98% Uptime Guarantee and the definition of Downtime:

For any calendar quarter during the service Agreement, CONTRACTOR guarantees that any GeneXpert system covered by this Agreement will maintain the quoted uptime. The uptime will be calculated using the following formula:

$$\text{Uptime} = ((T - \text{TNF}) \times 100) / T$$

where T is the total number of hours that the system is typically used per quarter (determined by multiplying the number of hours per day that the system is typically in use by 13 weeks in a quarter) and TNF is the number of hours that the system was unable to run tests during the time T. If the system is unable to run tests, the system will be considered down. Downtime scheduled for preventative maintenance or any other scheduled event, including downtime scheduled by the customer, will not be included in the calculation of TNF.

- County will calculate uptime after each calendar quarter. If uptime is less than the guaranteed value, County will be compensated an additional week of coverage for a maximum of one (1) week per calendar quarter.
- At CONTRACTOR'S sole discretion, parts may be either repaired or replaced with new or reconditioned parts from an Authorized Cepheid Service Center. Parts for which replacements have been provided by CONTRACTOR shall, at CONTRACTOR'S option, become the property of CONTRACTOR. CONTRACTOR reserves the right to determine conclusively what repairs are performed on the system.
- GeneXpert systems or components thereof must not be returned to CONTRACTOR without prior arrangement with CONTRACTOR. Cepheid Service will issue a Return Material Authorization (RMA) number, which must be obtained prior to shipping any item to CONTRACTOR. - Prior to the arrival of a Cepheid Service Representative or shipment of a system or component thereof to the Cepheid Service Center, County must ensure that the system is safe to handle according to Cepheid's procedures described in the applicable Operator Manual. County must provide a completed, "Clearance Certificate" from CONTRACTOR with any item shipped to CONTRACTOR. The Clearance Certificate must list all potential biohazards that have been analyzed on the system or to which the system has been exposed.

- CONTRACTOR will use reasonable efforts to schedule a visit to occur within two (2) business days after Technical Support determines the need for on-site service.
- This Agreement covers only defects arising from normal usage and does not cover malfunctions or failures resulting from: Operation in an unsuitable environment, use of the system for purposes other than that for which it was designed, unauthorized attachments, acts of nature, unusual physical or electrical stress, modifications or repairs done by other than a Cepheid or Cepheid-authorized service provider, or misuse, abuse or neglect of the system.
