RE: Clarification of Contract #R141801

Dear Mr. Welborn:

This letter seeks to clarify that unless otherwise explicitly agreed to in writing between The Cooperative Purchasing Network ("TCPN") member and Mythics, any TCPN member which utilizes Contract R141801 ("Contract") agrees to be bound by any applicable and then-current license and services agreements incorporated into the Contract as allowed in Section 4.8 of the General Terms and Conditions. These agreements include, but are not limited to, the Mythics License and Services Agreement ("MLSAHWSW v0115"), the Education Services Agreement, and the Public Sector Terms and Conditions for Oracle Cloud Services (which shall replace the Public Sector Agreement for Oracle Cloud Services in Appendix B).

To ensure availability of "in production" products and services at then current pricing, Region 4 ESC has delegated to TCPN the authority to approve and accept any updates and/or changes to the license and services agreements, product catalog, and pricelists without seeking a formal amendment to the Contract. It is Region 4 ESC's understanding that Mythics has accepted the responsibility of submitting such license and services agreements and supporting documentation, as well as any similar agreements for new products and services that may be added in the future, to TCPN for review and approval in a timely fashion.

Region 4 ESC further acknowledges and agrees that Oracle has not approved the following entities as eligible to purchase Oracle products under this Contract: private entities including private universities, private institutions of education, and private healthcare entities; nonprofits, churches and any TCPN participating agencies that are located outside of the United States.

Region 4 ESC considers that the awarded Contract is comprised of the Award Notification letter dated December 11, 2014, this Clarification Letter and Tabs 1, 2, 5, 7, 8, and 9 of the Mythics response to Region 4 ESC's Request for Proposal Number 14-17 including Mythics' Exceptions and Deviations in Tab 1; the Exceptions and Deviations shall be incorporated as Special Terms and Conditions into Appendix D. This Clarification Letter shall be included as Special Terms and Conditions of the Contract.

Please sign below to indicate agreement with this understanding.

Robert Zingelmann  
Chief Financial Officer  
Region 4 Education Service Center

Richard Welborn  
Vice President, Finance  
Mythics, Inc.
