COMMUNICATIONS VAULT LEASE

Lease No. L-0058

Lessee County of Monterey

AMENDMENT NO. One

This Amendment No. One to Lease L-0058 (the "Amendment"), dated for reference purposes only, January 21, 2016, is by and between the State of California, acting by and through its Director of General Services (DGS), with the consent of the Department of Forestry and Fire Protection (CAL FIRE), hereinafter collectively referred to as STATE, and County of Monterey, hereinafter referred to as LESSEE.

RECITALS

WHEREAS, the STATE and LESSEE entered into that certain Communications Vault Lease, L-0058, dated June 16, 2014 (the "Lease"), whereby LESSEE leases from the STATE certain premises located at Calandra Lookout, hereinafter referred to as "Calandra LO", in the County of Monterey; and

WHEREAS, LESSEE currently occupies 4 and one-half (4½) communications vault rack spaces together with six (6) antenna positions; and

WHEREAS, the parties hereto desire to amend said Lease for LESSEE's request for modifications to its telecommunications equipment as described in that certain Radio Vault Space Application (TD-312) to switch out two (2) WHIP antennas and to ADD two (2) new WHIP antennas.

NOW, THEREFORE, it is mutually agreed between the parties hereto, that effective March 1, 2016 the Lease shall be amended as follows:

1. **PARAGRAPH 2 (a), "USE" OF THE LEASE**, shall be deleted in its entirety and replaced with the following:

(a) The Premises shall be used during the term hereof solely and only for the purpose of installing, operating and maintaining telecommunications equipment as described in LESSEE's "Radio Vault Space Application" (State Form TD-312) dated September 11, 2015 and approved by the California Office of Emergency Services (CAL OES), Public Safety Communications Office (PSCO), effective October 26, 2015. Said "Radio Vault Space Application" complete with attachments and approval documentation by CAL OES-PSCO are made a part hereof, marked Exhibit "B-1," consisting of thirty-four (34) pages and attached as a part of this Lease. LESSEE shall occupy 4 ½ vault spaces (#s 11, 12, 13, ½ of 14 and 21) along with 8 antenna positions (#s 8, 12, 13, 14, 41, 42 43 and 44).

2. **PARAGRAPH 4, "LEASE PAYMENTS" - "RENT SCHEDULE" OF THE LEASE,**
shall be deleted in its entirety and replaced with the following:

In accordance with the attached Technical Data Sheet(s), application is hereby made to:

☐ Establish New Lease

☒ Modify/Amend Lease (describe specific changes):
(attach additional sheet if more space is required)

Replace/consolidate VHF Multicast equipment in Rack 11 and 12 with 700 Mhz Multicast (to occupy only Rack 12). Backfill Rack 11 with new County MST 800Mhz. Install UPS near existing State battery bank. Add UHF link and single VHF analog channel.

☐ Renew lease with modification as stated:
(attach additional sheet if more space is required)

☐ Renew lease (no changes, technical sheets must be completed)

☐ Lease _____ square feet

For vault space and related antenna space at Calandra Lookout Monterey County
(site name)

Power requirements for operations of communications equipment are:

- ☒ Commercial and emergency power
☐ Commercial power only
☐ No power required.

NOTE: Some radio vault facilities provide commercial and emergency power to each rack space without exception, and the tenant will be charged accordingly.

TECHNICAL DATA SHEETS

Data submitted on the Technical Data Sheets is used by the PSCO engineers to perform a study to determine the impact of the application on the existing users at the site. Please complete these sheets in its entirety and provide required information. Existing tenants must reflect the tenants installed equipment and equipment changes (new installations, removals, etc.).

Site Name: Calandra Lookout
County: Monterey

Date: September 11, 2015

The following technical data is submitted in conjunction with a request for vault space.

If this is a land lease application for Cellular, applicant must provide plot plans, construction drawings and a written description of proposed land use.

Person responsible for technical operation of this station (person who can provide technical details):

Steven Paxton, Radio Communications Manager (ITD)

EQUIPMENT DATA

New Tenant: Provide data for each piece of equipment to be installed in each vault space and identify as New (N).

Existing Tenant: Provide data for each piece of equipment currently installed and identify as Existing (E). If adding or removing equipment; identify the appropriate action New (N), Removing (R).

FREQUENCY INFORMATION: CELLULAR APPLICANTS MUST PROVIDE SPECIFIC CHANNELS TO BE USED (NOT THE BAND). IF SPECIFIC FREQUENCIES HAVE NOT BEEN PROVIDED THE APPLICATION WILL BE RETURNED.

Be sure to include a system block diagram on the page furnished for that purpose. Duplicate this page as required to show all equipment desired to be installed:
