Board Order

Adopted Resolution No. 19-125

A motion was made by Supervisor Mary L. Adams, seconded by Supervisor Chris Lopez, to:

Amend Article I.E. of the Monterey County Master Fee Resolution effective July 1, 2019, to adjust fees relating to oversight and services provided by the Health Department's Environmental Health Bureau pursuant to the attached Fee Schedule.

PASSED AND ADOPTED on this 30th day of April 2019, by the following vote, to wit:

AYES: Supervisors Alejo, Lopez, Adams and Phillips

NOES: None

ABSENT: Supervisor Parker

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 82 for the meeting April 30, 2019.

Dated: April 30, 2019
Legistar File ID: RES 19-040
Agenda Item No. 16

Valerie Ralph, Clerk of the Board of Supervisors
County of Monterey, State of California

Valerie Ralph, Clerk of the Board

**Before The Board of Supervisors In and For The
County of Monterey, State of California**

Resolution No. 19-125

Adopt a Resolution amending Article I.E. of)
the Monterey County Master Fee Resolution)
effective July 1, 2019, to adjust fees relating)
to oversight and services provided by the)
Health Department’s Environmental Health)
Bureau.)

THE MONTEREY COUNTY BOARD OF SUPERVISORS FINDS:

- A. Section 1.40.010 of Chapter 1.40 of Monterey County Code provides that all fees, penalties, refunds, reimbursements and charges of any kind by the County may be specified in the Monterey County Fee Resolution.
- B. The Environmental Health Bureau of the Health Department has user fees which are appropriate to specify in the Monterey County Master Fee Resolution effective July 1, 2019.
- C. This action to modify fees and other charges to meet operational expenses is statutorily exempt from environmental review [Pub. Res. Code sec. 21080 subd. (b)(8)].
- D. Any and all adjustments to fees for services reflect no more than the actual and reasonable cost of the service or benefit received by the payor and burdened on the County. Any discount applicable to these surcharges have a de minimus impact on the departmental budget and implementation of that discount does not result in increased fees or costs for other patrons.
- E. By definition, these charges are not a ‘tax’ and are exempt from voter approval pursuant to Article XIII C section 1(e)(1)-(3) and (5) of the California Constitution (Prop. 26; charges imposed for specific benefit conferred/privilege/service or product, reasonable regulatory costs provided or granted to the payor, and/or fines and/or penalties).

THE MONTEREY COUNTY BOARD OF SUPERVISORS RESOLVES:

- I. Article I.E. of the Monterey County Fee Resolution is amended, and the Environmental Health Bureau of the Health Department fees set forth in the attachment hereto are hereby adopted.
- II. Unless otherwise specifically amended, all prior resolutions regarding such fees remain as previously approved and are unaffected by this action.
- III. The effective date of the fees approved in this Resolution is July 1, 2019.

PASSED AND ADOPTED on this 30th day of April 2019 by the following vote, to wit:

AYES: Supervisors Alejo, Lopez, Adams and Phillips

NOES: None

ABSENT: Supervisor Parker

I, Valerie Ralph, Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 82 for the meeting on April 30, 2019.

2672		3.	3. Annual operating permit for a sewage treatment and reclamation facility	902
2072	F.		Miscellaneous: For example, wastewater monitoring, review or request for variance to Monterey County Code Chapter 15.20, review of technical documents, per hour	162
	SECTION 3: SANITATION FOOT NOTES			
		1.	An onsite Wastewater Treatment System, referred to throughout Article I.E. as "OWTS", is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the same parcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A Wastewater Treatment Facility means a facility designed to receive wastewater from a regional area, e.g. The Monterey Regional Water Pollution Control Agency (MRWPCA) or the Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.	
		2.	An OWTS permit may only be renewed if no changes to Monterey County Code, Chapter 15.20 or the Central Coast Basin Plan have been approved by the Monterey County Board of Supervisors or the Central Coast Regional Water Quality Control Board, respectively, since the date of permit issuance and no changes to the OWTS design are proposed. An OWTS permit that has expired more than 36 months from the date of issuance shall be void; therefore, a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit. If an applicant proposes to change the OWTS design of an expired OWTS permit a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit.	

ARTICLE I.E.				
HEALTH DEPARTMENT FEES				
Article I.E - Environmental Health, Effective July 1, 2019				New Fee
PE Number	Section #	Description		FY 2019-20 Adopted Fee - Article IE
	3.	Relative to OWTS construction permits, fees collected for soils and/or percolation testing may be credited toward a subsequent OWTS permit application, up to 50% of the total permit fee, at the applicant's request provided the permit application is made within 6 months of the first day of onsite soils and/or percolation testing. Relative to discretionary permits, fees collected soils and/or percolation testing may be credited toward a subsequent discretionary permit, except design approval, at the applicant's request provided the discretionary permit application is made within 6 months of the application appointment. The fees collected for soils and/or percolation testing shall only be credited toward one (1) subsequent application, being either an OWTS construction permit or discretionary permit.		
	4.	In the event staff time spent reviewing the application materials exceeds 27 hours, the applicant may be billed for each additional hour beyond 27 hours at the current hourly rate approved by the Board of Supervisors through this article, Article I.E.		
	5.	In the event staff time spent reviewing the application materials exceeds 41 hours, the applicant may be billed for each additional hour beyond 41 hours to the current hourly rate approved by the Board of Supervisors through this article, Article I.E.		
	SECTION 4: HOUSING			
	A.	Organized Camps as defined in Part 2.3 of Division, section 18897 of the California Health and Safety Code.		
8010		Organized Camp		798
	B.	Employee Housing/Labor Camps as defined and regulated in Division 13, Part 1, commencing with section 17000 of the Health and Safety Code and Title 25, Chapter 2, commencing with section 600 of the California Code of Regulations. Fees are subject to change if changed per this regulation.		
		1. Issuance and permit fees are calculated as follows:		
8014		a. Employee Housing Issuance fee		139
8018		b. Per employee to be housed		29
8021		c. Per lot or site provided for parking of mobile homes or recreational vehicle by employers		75

	SECTION 5: LAND USE FOOT NOTES			
	1.	Environmental Health fees are based on an hourly rate approved by the Board of Supervisors flat fee based on the estimated reasonable through Health Department Fees, Article I.E. Unless a “deposit” is indicated, the fee is a flat fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement/activity for which the fee is charged. For certain matters, a “deposit” is indicated because the cost of processing varies widely depending on the particular application. Where a “deposit” is indicated, the fee will be based on actual cost, measured by actual time spent on a particular application in quarter hour (.25) increments. Applicant is required to pay the deposit, which is based on an estimate of minimum cost, and to increase the deposit if, in the course of processing the application, County determines that the deposit is insufficient to cover actual processing time. The fee will be calculated at full cost recovery when the project is complete. Where there are conflicting deposit amounts, the lower deposit shall apply. On deposit matters, applicant and the Director of Health, or designee, may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application.		

ARTICLE I.E.				
HEALTH DEPARTMENT FEES

PE Number	Section #	Description		FY 2019-20 Adopted Fee - Article IE
	2.	In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission. The Appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, which sets the fee substantially lower than the actual cost. The Appeal Fee is subsidized by the County General Fund.		
	3.	“Extraordinary development applications” are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.		
	4.	Fees assessed on behalf of the EHB for Combined Development Permits under Chapter 21.76 of Title 21 and Chapter 20.70 of Title 20 are not subject to any discount or cost reduction because only 1 permit review fee is assessed per permit application. Fees for environmental review are separate from the permit review fee and will be assessed separately.		
	5.	Fees collected for Development Review Conferences shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 6 months of the application appointment.		
	6.	When a project approved after the effective date of this article incorporates mitigation measures that require monitoring by the EHB, a deposit for staff costs associated with mitigation monitoring activities shall be required based on the total number of conditions and/or mitigations applied to the project by all agencies. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.

HEALTH DEPARTMENT FEES				
Article I.E - Environmental Health, Effective July 1, 2019				New Fee
PE Number	Section #	Description		FY 2019-20 Adopted Fee - Article IE
	7.	An Onsite Wastewater Treatment System, referred to throughout Article I.E. as “OWTS”, is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the same parcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A Wastewater Treatment Facility means a facility designed to receive wastewater from a regional area, e.g. The Monterey Regional Water Pollution Control Agency (MRWPCA) or the Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.		
	8.	The applicant for a discretionary land use development permit, use permit, construction permit, Williamson Act agreement, Mills Act contract, lot line adjustment, and/or any procedure that requires processing through the Health Department and includes recording/filing of a document with the Monterey County Recorder shall, in addition to the payment of any and all other County and/or Health Department fees, be required to pay any and all applicable standard recording/filing fees no later than the time of the recording/filing of that document. The payment of the applicable recording/filing fee shall be required whether or not the document is processed on behalf of the applicant by an employee of the County of Monterey (e.g., Health Department staff or Clerk of the Board) or is processed by the applicant. Failure to ensure full payment of such recording/filing fee by the time of the recording/filing shall be grounds for rejection of the recording/filing of that document with no liability to the County.		
	9.	When a hydrogeologic report is required to be prepared for a subdivision or other application subject to Title 19 of Monterey County Code, the report shall be based on a comprehensive hydrological investigation prepared by a certified hydrogeologist, selected by the County and under contract with the County, at the applicant's expense. A deposit for staff costs associated with preparation and administration of the contract, and review of the hydrogeologic report shall be in addition to the deposit for the development application. When an application is not subject to Title 19, the applicant shall consult with the Water Resources Agency (WRA) to develop the scope of work for the hydrological investigation; however, selection, contract and preparation of the hydrogeologic report shall occur independent of the County. EHB will review the hydrogeologic report in consultation with WRA.
