Ladysomm Carmel Wine School and Wine Salon
3728 The Barnyard Unit G-23
Carmel, CA 93923

We would like to request a Letter of Public Convenience, due to an over saturation of ABC
licenses issued in our area, The Barnyard Carmel. *-Letter ATTACHED*

Sincerely,

Tamara Carver
Roxanne Langer

A handwritten signature in black ink, appearing to read "Tamara Carver", with a stylized flourish underneath.

To Whom it may concern,

It is with great excitement and anticipation that Ladysomm LLC will soon be opening Monterey County's first and only wine school with the addition of a salon for private tastings by appointment only.

Ladysomm (LS) will offer the highly regarded WSET Sommelier certification courses to Monterey's large base of hospitality workers who cater to our vibrant tourism industry or those looking to just find a pathway to a career. For those who are currently employed in the wine industry or who work in a wine aisle looking to build on their current knowledge, LS will provide basic wine foundation courses as well as more advanced. For the public, LS will offer fun and entertaining wine classes on local as well as international wine regions, food and wine pairing seminars and will host seminars led by winemakers and industry professionals.

The wine salon will offer private tastings by reservation where wines from boutique producers as well as specialty wines from larger wineries will be highlighted.

Ladysomm enjoys being involved and part of the Monterey Community. Currently we belong to these organizations :

Monterey County Hospitality Association
Carmel Chamber of Commerce
See Monterey
Association of Wine and Food International - local chapter
Les Dames des Escoffier - local chapter

We truly look forward to working with Monterey County.

Part 2 -

Ladysomm (LS) of the Barnyard is excited to present the newly formed Carmel Wine School and Wine Salon.

The Carmel Wine School (CWS) will offer the widely accepted WSET Sommelier Certification courses to our local hospitality businesses who provide service to our thriving Monterey County tourism industry. CWS will provide classes to the public on local Monterey County wines, regional wines, wine and food pairing and for those who want to expand their wine knowledge, or have a fun night out or maybe a special group gathering. One of the goals would be to involve local artists, chefs and organizations to participate in events that exhibit the uniqueness that Monterey County has to offer.

In the Carmel Wine Salon we will offer private wine tastings showcasing our beautiful local Monterey County wines with the intention of highlighting some of our smaller wineries who do not have a wine tasting room. As well as showcasing some of the lesser known international wines. It is not our intention to be a wine tasting room or bar.

LS would also like to offer our space to local organizations, nonprofits and businesses where they would have plenty of parking, a nice event space and catered food and carefully selected wine.

We feel LS is a unique concept and not quite like anything offered in the County at this time.
