### AMENDED CONSERVATION AND SCENIC EASEMENT DEED (COASTAL)

This Amendment to the Conservation and Scenic Easement (hereinafter "Amendment") is made this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_ by and between The Conservancy for the Range of the Condor, a California Corporation, as Grantor, and the County of Monterey, a political subdivision of the State of California, as Grantee.

#### WITNESSETH:

WHEREAS, said Granter is the owner in fee of the real property more particularly described in Exhibit A attached hereto and made a part hereof, situated in Monterey County, California (the "Property"), in the Big Sur Coast Land Use Plan area; and

WHEREAS, Grantor's predecessor in interest, Marshal Rothman, granted a Conservation and Scenic Easement recorded February 4, 1994, at Reel 3063, Page 369, Official Records of Monterey County, attached hereto as Exhibit B and incorporated herein by this reference (the "1994 Easement"); and

WHEREAS, Grantors applied to the County for an Amended Conservation and Scenic Easement (PLN210263), (the "Amended Easement") to amend the existing 1994 Easement to voluntarily grant to the County a conservation and scenic easement over the entirety of Lots 1 and 8, as shown on the map filed January 6, 1994, in the Office of the County Recorder of Monterey County, Volume 18, Page 92; and

WHEREAS, said Grantors are willing to grant to the County of Monterey the conservation and scenic use to protect the present scenic beauty and existing openness by the restricted use and enjoyment of the Property by the Grantors through the imposition of the conditions described in the 1994 Easement and hereinafter expressed; and

**WHEREAS**, the revised boundaries of the Amended Easement are to include the entire property as described in Exhibit A, and apply to Lots 1 an 8 only;

WHEREAS, Grantors and Grantee intend that this Amendment shall amend the 1994 Easement insofar as the location of the easement on the Property, with all other terms to remain in effect; and

WHEREAS, it is intended that this Amended Easement is irrevocable and shall constitute enforceable restrictions within the meaning of Article XIII, Section 8, of the California Constitution and that said easement shall thereby qualify as an enforceable restriction under the provision of the California Revenue and Taxation Code, section 402.1.

**NOW, THEREFORE**, Grantors and Grantee agree as follows:

- The boundaries and description of this Amended Conservation and Scenic Easement Deed as described on Exhibit A shall amend the Conservation and Scenic Easement Deed as recorded previously as to Lots 1 and 8 only.
- Paragraph A LAND SUBJECT TO EASEMENT is amended to include the following: ...made a part hereof, "and is the Conservation Area, consisting of that portion of the Property (Lot 1) that contains an archaeological easement,

as depicted on that Map filed January 6, 1994 in the Office of the County Recorder of Monterey County, State of California, in Volume 18, Surveys, Page 92."

- Paragraph B RESTRICTIONS subsection 1 is amended to state: "That no structures will be placed or erected upon said Conservation and Scenic Easement Area except: None" Language thereafter deleted.
- 4. Paragraph B RESTRICTION subjection 3 is amended to state: "That the Grantor shall not plant nor permit to be planted any vegetation upon said premises, except: None"
- 5. Paragraph C EXCEPTIONS and RESERVATIONS is amended by adding paragraph 3 as follows: "Management of vegetation within the Amended Easement area in accordance with future Fuel Management Plan that may be approved by and retained on file with the Monterey County Planning Department."
- 6. All other terms and conditions of the original Conservation and Scenic Easement Deed shall remain in full force and effect and are incorporated herein by this reference.
- 7. This Amended Conservation and Scenic Easement Deed shall run with the land and burden the property, and all obligations, terms, conditions, and restrictions hereby imposed shall be deemed to be covenants and restrictions running with the land and shall be effective limitations on the use of the property from the date of recordation of this document and shall bind the Grantors and all its successors and assigns. This grant shall benefit the County of Monterey and its successors and assigns forever.
- 8. The Grantee shall not be obligated to maintain, improve, or otherwise expend any funds in connection with the property or any interest or easement created by this grant of easement. All costs and expenses for such maintenance, improvement use, or possession shall be borne by the Grantors, except for costs incurred by Grantee for monitoring compliance with the terms of this easement.
- 9. This conveyance is made and accepted upon the express condition that the Grantee, its agencies, departments, officers, agents, and employees are to be free from all liability and claim for damage by reason of any injury to any person or persons, including Grantors, or property of any kind whatsoever and to whomsoever belonging, including

Grantors, from any cause or causes whatsoever, except matters arising out of the sole negligence of the Grantee, while in, upon, or in any way connected with the property, Grantors hereby covenanting and agreeing to indemnify and hold harmless the Grantee, its agencies, departments, officers, agents, and employees from all liability, loss, cost, and obligations on account of or arising out of such injuries or losses however occurring. The Grantee shall have no right of control over, nor duties and responsibilities with respect to the property which would subject the Grantee to any liability occurring upon the land by virtue of the fact that the right of the Grantee to enter the land is strictly limited to preventing uses inconsistent with the interest granted, the property is not "property of a public entity" or "public property," and Grantee's rights herein do not include the right to enter the land for the purposes of correcting any "dangerous condition" as those terms are defined by California Government Code Section 830.

- 10. The terms, covenants, conditions, exceptions, obligations, and reservations contained in this conveyance shall be binding upon and inure to the benefit of the successors and assigns of both the Grantors and the Grantee, whether voluntary or involuntary.
- 11. If any provision of this conservation and scenic easement is held to be invalid or for any reason becomes unenforceable, no other provision shall be thereby affected or impaired.

COUNTY OF MONTEREY FEB 4 8 25 M '94

ъ

CONSERVATION AND SCENIC EASEMENT DEED OFFICE OF RECORDER THIS DEED made this 21st day of September SALMAS CALIFORNIA by and between Marshal Rothman

as Grantor, and the COUNTY OF MONTEREY, a political subdivision of the State of California, as Grantee,

#### WITNESSETH:

WHEREAS, said Grantor is the owner in fee of the real property more particularly described in Exhibit "A" attached hereto and made a part hereof, situated in Monterey County, California (hereinafter "the property"); and

WHEREAS, the said land of said Grantor has certain natural scenic beauty and existing openness; and

WHEREAS, the Grantor and the Grantee desire to preserve and conserve for the public benefit the great natural scenic beauty and existing openness, natural condition and present state of use of said property of the Grantor; and

WREREAS, the California Coastal Act of 1976, (hereinafter referred to as the "Act") requires that any coastal development

permit approved by the County must be consistent with the provisions of the certified Local Coastal Program (LCP); and

WHEREAS, pursuant to the Act, and the LCP, Grantor applied to the County for a permit to undertake development as defined in the LCP; and

WHEREAS, a coastal development permit (Permit No. LL90032/33 and LL88010) was granted on October 29, 1993, by the County in accordance with the provisions of the Staff Recommendation and Findings, attached hereto as Exhibit "B" and hereby incorporated by reference, subject to the following condition(s):

"The owner shall grant a Scenic Easement to the County over those portions of the property within the Critical Viewshed and over existing vegetated areas without which future development of the theoretical building envelopes would be located within critical viewshed. Said area shall be defined by a licensed registered surveyor and shall be subject to the approval by the Director of Planning and Building Inspection. This requirement is consistent with the Monterey County Coastal Implementation Plan Section 20.145.030 subdivision A (g and h). (Planning and Building Inspection)

WHEREAS, the County, acting on behalf of the People of the State of California and pursuant to the Act, and in accordance with the findings contained in Resolution No. 92-67 attached hereto as Exhibit "C" and hereby incorporated by reference,

2

granted the permit to the Grantor upon condition (hereinafter the "Condition") requiring <u>inter alia</u>, that the Grantor record a conservation and scenic easement over the property as shown in Exhibit "D" attached hereto and hereby incorporated by reference, and agree to restrict development on and use of the property so as to preserve the open space, scenic, and/or natural resource values present on the property and so as to prevent the adverse direct and cumulative effects on coastal resources and public access to the coast which could occur if the property were not restricted in accordance with this easement; and

WHEREAS, the County has placed the Condition on the permit because a finding must be made under the law that the proposed development is in conformity with the provisions of the certified Local Coastal Program and that in the absence of the protections provided by the Condition said finding could not be made; and

WHEREAS, Grantor has elected to comply with the Condition and execute this easement so as to enable Grantor to undertake the development authorized by the Permit; and

WHEREAS, it is intended that this easement is irrevocable and shall constitute enforceable restrictions within the meaning of Article XIII, Section 8, of the California Constitution and that said easement shall thereby qualify as an enforceable restriction under the provision of the California Revenue and Taxation Code, Section 402.1; and

WHEREAS, the said Grantor is willing to grant to the County

of Monterey the scenic use as herein expressed of the said land, and thereby protect the present scenic beauty and existing openness by the restricted use and enjoyment of said property by the Grantor through the imposition of the conditions hereinafter expressed;

NOW, THEREFORE, for and in consideration of the premises, the Grantor does hereby grant and convey unto the County of Monterey an estate, interest, and conversation and scenic easement in said real property of Grantor of the nature and character and to the extent hereinafter expressed, which estate, interest, and easement will result from the restrictions hereby imposed upon the use of said property by said Grantor, and to that end and for the purposes of accomplishing the intent of the parties hereto, said Grantor covenants on behalf of itself, its heirs, successors, and assigns, with the said Grantee, its successors and assigns, to do and refrain from doing severally and collectively upon the Grantor's said property the various acts hereinafter mentioned.

A. <u>LAND SUBJECT TO EASEMENT</u>. The land of the Grantor hereinabove referred to and to which the provisions of this instrument apply is situated in the County of Monterey, State of California, and is particularly described in Exhibit "D", attached hereto, and made a part hereof.

B. <u>RESTRICTIONS</u>. The restrictions hereby imposed upon the use of said property by the Grantor and the acts which said Grantor shall refrain from doing upon the said property in con-

nection herewith are, and shall be, as follows:

1. That no structures will be placed or erected upon said described premises except such structures as may be permitted by governmental agencies having jurisdiction over subject property which can be proven to be out of the critical viewshed and do not require significant vegetation removal increasing exposure to the critical viewshed, any underground structures, gardens, patios, utility lines and septic systems

2. That no advertising of any kind or nature shall be located on or within said property except real estate sale signs in conformance with county regulations.

3. That the Grantor shall not plant nor permit to be planted any vegetation upon said premises, except

4. That, except for the construction, alteration, relocation and maintenance of public roads, public and private pedestrian trails, \_\_\_\_\_\_\_ the general topography of the landscape shall be maintained in its present condition and no excavation or topographic changes shall be made.

5. That no use of said described property which will or does materially alter the landscape or other attractive scenic features of said land other than those specified above shall be done or suffered.

C. EXCEPTIONS AND RESERVATIONS. The following are except-

5

REEL 3063PAGE 374

ed and reserved to the Grantor:

0

2, 2 -

1. The right to maintain all existing private roads, bridges, trails and structures upon said land, and the right to

2. The use and occupancy of said land not inconsistent with the conditions and restrictions herein imposed.

D. <u>SUBJECT TO ORDINANCES</u>. Land uses permitted or reserved to the Grantor by this instrument shall be subject to the ordinances of Grantee regulating the use of land.

E. <u>BENEFIT AND BURDEN</u>. This grant of conservation and scenic easement shall run with and burden the property, and all obligations, terms, conditions, and restrictions hereby imposed shall be deemed to be covenants and restrictions running with the land and shall be effective limitations on the use of the property from the date of recordation of this document and shall bind the Grantor and all of its successors and assigns. This grant shall benefit the County of Monterey and its successors and assigns forever.

F. <u>RIGHT OF ENTRY</u>. The Grantee or its agent may enter onto the property to ascertain whether the use restrictions set forth above are being observed at times reasonably acceptable to the Grantor. The public may enter onto the property for scientific research purposes at times reasonably acceptable to the Grantor.

G. <u>ENFORCEMENT</u>. Any act or any conveyance, contract, or authorization whether written or oral by the Grantor which uses

or would cause to be used or would permit use of the property contrary to the terms of this offer will be deemed a breach hereof. The Grantee may bring any action in court necessary to enforce this grant of easement, including, but not limited to, injunction to terminate a breaching activity and to force the restoration of all damage done by such activity, or an action to enforce the terms and provisions hereof by specific performance. It is understood and agreed that the Grantee may pursue any appropriate legal and equitable remedies. The Grantee shall have sole discretion to determine under what circumstances an action to enforce the terms and conditions of this grant of easement shall be brought in law or in equity. Any forbearance on the part of the Grantee to enforce the terms and provisions hereof in the event of a breach shall not be deemed a waiver of Grantee's rights regarding any subsequent breach.

H. MAINTENANCE. The Grantee shall not be obligated to maintain, improve, or otherwise expend any funds in connection with the property or any interest or easement created by this grant of easement. All costs and expenses for such maintenance, improvement use, or possession shall be borne by the Grantor, except for costs incurred by Grantee for monitoring compliance with the terms of this easement.

I. <u>LIABILITY AND INDEMNIFICATION</u>. This conveyance is made and accepted upon the express condition that the Grantee, its agencies, departments, officers, agents, and employees are to be

7

### REEL 3063PAGE 376

free from all liability and claim for damage by reason of any injury to any person or persons, including Grantor, or property of any kind whatsoever and to whomsoever belonging, including Grantor, from any cause or causes whatsoever, except matters arising out of the sole negligence of the Grantee, while in, upon, or in any way connected with the property, Grantor hereby covenanting and agreeing to indemnify and hold harmless the Grantee, its agencies, departments, officers, agents, and employees from all liability, loss, cost, and obligations on account of or arising out of such injuries or losses however occurring. The Grantee shall have no right of control over, nor duties and responsibilities with respect to the property which would be subject the Grantee to any liability occurring upon the land by virtue of the fact that the right of the Grantee to enter the land is strictly limited to preventing uses inconsistent with the interest granted and does not include the right to enter the land for the purposes of correcting any dangerous condition as defined by California Government Code Section 830.

J. <u>SUCCESSORS AND ASSIGNS</u>. The terms, covenants, conditions, exceptions, obligations, and reservations contained in this conveyance shall be binding upon and inure to the benefit of the successors and assigns of both the Grantor and the Grantee, whether voluntary or involuntary.

K. <u>CONSTRUCTION OF VALIDITY</u>. If any provision of this conservation and scenic easement is held to be invalid or for any reason becomes unenforceable, no other provision shall be thereby

## MEMORANDUM #5647

REEL 3063PASE 381

DATE: October 19, 1992

State Street

O

TO: Minor Subdivision Committee

FROM: Anthony J. "Bud" Carney, A.I.C.P.

SUBJECT: Public hearing to consider certification of the Environmental Impact Report (EIR #90-07) prepared for the Tothman project and approval of three major lot line adjustments and coastal development permits (LL88-10; LL90-32; LL90-33).

**RECOMMENDATION:** It is recommended that the Minor Subdivision **Committee certify the Environmental Impact Report and approve all** three major lot line adjustments and coastal development permits with the recommended findings, evidence, and conditions.

**DISCUSSION:** Three separate lot line adjustment applications (LL 38-10; LL 90-33; LL 90-32) have been submitted to accomplish a desired reconfiguration of 10 existing lots of record (See Exhibits "A-E"). This method of application is recognized as legal in an opinion written by County Counsel. All successive adjustments are between adjoining lots which will not result in additional lots.

The environmental impacts of the final lot line configuration (Exhibit "E") have been evaluated in an Environmental Impact Report. This document concludes that the proposed project is the environmentally superior alternative.

Comments (Exhibit "F") have been submitted by the applicant which suggest several revisions to the Final EIR. The consultant will advise the Committee on these comments, and those raised at the hearing, during the October 29, 1992 hearing.

Staff evaluated the proposed mitigation measures recommended by the EIR and has incorporated those applicable to the proposed project into this report as recommended conditions of approval. Documents provided by DataTree LLC via it's proprietary imaging and delivery system. Copyright 2003, All rights reserved

### REEL 3063PAGE 382

#### RECOMMENDED FINDINGS FOR CERTIFICATION OF THE EEVIRONMENTAL IMPACT REPORT

The decision to prepare this Environmental Impact 1. FINDING: Report was based upon an authorization by the applicant. EVIDENCE: Letter from applicant dated September 12, 1990

contained in the original file (LL 88-10).

2. FINDING: A Notice of Preparation of the Environmental Impact Report was sent to:

the State Clearinghouse; and (a) each trustee agency; **(b)** 

The Notice of Preparation describes the project, the location and the general impact sufficiently to permit a response.

1

EVIDENCE: EIR file No. 90-07.

- з. FINDING: Prior to completing the draft EIR, the staff and the EIR consultant hired by the lounty contacted interested agencies, individua 3, and jurisdic-tions to secure their input. These are listed in the EIR. The responses are also set forth in the EIR and are supported by empirical data, \_cientific authorities, and explanatory information which crystallizes issues and affc a basis for a comparison of the problems ved with the proposed project and the difi es involved in the alternatives. EVIDENCE: EIR File No. 90-07.
- FINDING: 4. A Notice of Completion of the draft EIR was filed with the California Secretary for Resources and the County Clerk on April 10, 1992, briefly describing the project and its location and indicating that the draft EIR was available, where it was available and how long it was available for review, together with a deadline for review. EVIDENCE: EIR File No. 90-07.
- EVIDENCE: Public notice of the availability of the draft EIR 5. was provided by mailing notice on April 10, 1992 to:
  - **(a)** organizations and individuals who previously requested such notice;
  - Applicant/Property Owner (b)
  - (C) publication in a newspaper of general circulation in the affected area.

The state to be a set of the set

FINDING: 6.

- Copies of the draft EIR were sent to the following for review for a 30 day review period:
  - (a) State Clearinghouse for state agencies review with a 45 day review period; local libraries;
  - (b)
  - County and local agency offices; (c)
  - (d) citizen organizations and interested individuals.
- EVIDENCE: EIR File 90-07
- 7. FINDING: The County staff reviewed the comments on the draft EIR.

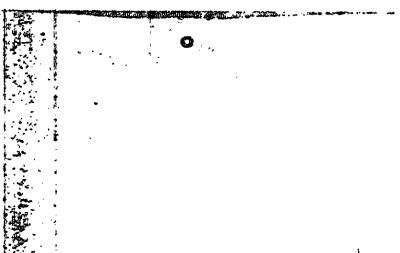

EVIDENCE: EIR File No. 90-07 which contains correspondence among the consultant, planning staff, and other agencies as found in EIR; correspondence received from agencies together with written responses in the final EIR.

- FINDING: The County through contract with the KIR consult-8. ant prepared a final EIR consisting of:
  - the draft EIR: (1)
  - comments received on the draft EIR beginning (2) on page 5 of the EIR;
  - a list of persons, organizations, and public (3) agencies commenting on the draft EIR;
  - the responses of the County as lead agency to (4) significant environmental points, and to review and consultation process, as set forth on page 5 of the EIR.
  - EVIDENCE: EIR File No. 50-07.
- FINDING: 9. The EIR focuses on the significant effects of the project on the environment. The scope of discussion of the significant effects is in proportion to the severity and probability of occurrence.

EVIDENCE: Scope of Work contained in EIR File No. 90-07 EVIDENCE: The Scope of Work was distributed to Trustee Agencies, individuals and organizations for input and comment during the EIR process.

- FINDING: 10. Notice of the October 29, 1992 meeting, at which the Minor Subdivision Committee was to recommend cartification of the EIR, was given by mail to:
  - (1) the applicant; and
  - (2) organizations who previously requested such notice.

Notice was also given by the following procedures:

- (1) publication in a newspaper of general circulation in the affected area;
- (2) posting on and off the project site by Planning and Building Inspection Department staff for at least 10 days prior to the hearing;
- (3) mailing to all property owners within a 300 foot radius of the property as shown on the latest equalized assessment roll.

EVIDENCE: EIR File No. 90-07.

#### RECOMMENDED FINDINGS FOR APPROVAL OF THREE MAJOR LOT LINE ADJUSTMENTS AND COASTAL DEVELOPMENT PERMITS LL 98-10; LL90-32; AND LL 90-33

🐃 Documents provided by DetaTree LLC via it's proprietary imaging and delivery system. Copyright 2003, All rights reserved

11. FINDING: That the three stage lot line adjustment is between 10 existing adjacent parcels. EVIDENCE: The parcels have been determined to be legal lots

of record through certificates of compliance and staff determination.

- EVIDENCE: Only lots with common lot lines will be adjusted as shown by the maps contained in the separate files LL 88-10; LL 90-32; and LL90-33.
- 12. FINDING: A greater number of parcels than originally existed will not be created as a result of the lot line adjustments.

EVIDENCE: Ten lots of record exist prior to the adjustment and ten lots will exist after the lot lines are adjusted by the three step process.

EVIDENCE: Certificates of Compliance contained in the original file.

EVIDENCE: Maps showing the proposed adjustments contained in File No.'s LL 88-10; LL 90-32; and LL90-33.

- 13. FINDING: The parcels resulting from the lot line adjustments conform to County Land Use, Zoning and Building Ordinances.
  - EVIDENCE: The configuration of the resulting lots have been evaluated against the policies of the Big Sur Land Use Plan and Part 3 of the Coastal Implementation Plan "Regulations for Development in the Big Sur Coast Land Use Plan".

EVIDENCE: Consistency analysis beginning at page 111 of the EIR.

- EVIDENCE: Staff review of the project against the Local Coastal Program.
- EVIDENCE: Conditions of approval have been suggested to

Documents provided by DeteTree LLC via it's proprietary imaging and delivery system. Copyright 2003; All rights reserved.

### REEL 3063PAGE 385

insure consistency with the County Land Use, Zoning and Building Ordinances.

- 13. FINDING: For purposes of the Fish and Game code, the project will have a potential for adverse impact on fish and wildlife resources upon which the wildlife depends.
  - EVIDENCE: Analysis contained in the Environmental Impact Report prepared for this project and the record as a whole indicate the project may or will result in changes to the resources listed in Section 753.5(d) of the Department of Fish and Game regulations. Pages 161 through 176 of the Environmental Impact Report discusses and identifies potential impacts to wildlife.
- 14. FINDING: The project, as approved by the Coastal Development Permit, is appealable to the Board of Supervisors and to the California Coastal Commission.

EVIDENCE: Section 20.140.080 G and J of the Monterey County Coastal Implementation Plan.

il Y

#### RECOMMENDED COMDITIONS OF APPROVAL FOR THE ROCKY CREEK LOT LINE ADJUSTMENTS LL 83-10; LL90-32; LL90-33

- 1. Obtain a survey of the new lines and have the lines monumented. (Public Works)
- 2. File a Record of Survey showing new lines and their monumentation. (Public Works)
- 3. After filing of the Record of Survey, the owner shall have deeds prepared and recorded reflecting the lot line adjust-ment. (Public Works)
- 4. Prior to the recordation of the Record of Survey, a Homeowners Association shall be formed in order to comply with the mitigations suggested in the EIR. The covenant, conditions, and restrictions shall address all of the mitigation measures appropriate for the proposed development and shall be subject to the approval of the Director of Planning and Building Inspection and County Counsel. (Planning and Building Inspection)
- 5. Prior to recordation of the Record of Survey, the applicant shall agree in writing to construct a road which meets the standards set forth by the California Department of Forest-

B CONTRACTOR OF CONTRACT CONTRACT CONTRACTOR

O

Documents provided by DataTree LLC via it's proprietary imaging and delivery system. Copyright 2003, All rights reserved.

REEL 3063PAGE 386

ry. Said road shall obtain the required County permits and be constructed prior to construction of the first house on any of the ten lots. This condition is consistent with the Big Sur Coast Land Use Plan policy 5.4.3.k.3 and the regulations set forth by the California Department of Forestry (California Department of Forestry/Planning and Building Inspection)

- 6. The owner shall grant a Scenic Easement to the County over those portions of the property within the Critical Viewshed and over existing vegetated areas without which future development of the theoretical building envelopes would be located within critical viewshed. Said area shall be defined by a licensed registered surveyor and shall be subject to the approval by the Director of Planning and Building Inspection. This requirement is consistent with the Monterey County Coastal Implementation Plan Section 20.145.030 subdivision A (g and h). (Planning and Building Inspection)
- 7. Prior to the recordation of the Record of Survey the owner shall request a rezoning of the portion of lot 1 containing the archaeological site. This condition is consistent with Monterey County Implementation Plan Section 20.145.120 Subdivision D (2b). (Planning and Building Inspection)
- 8. Prior to the recordation of the Record of Survey the archaeological site shall be placed in an archaeological easement. Prior to being accepted by the County, the proposed easement area shall be reviewed and verified as adequate to protect the resource by an archaeologist who has been selected from the County's list of archaeological consultants or who is a member of the Society of Professional Archaeologists. This condition is consistent with Monterey County Coastal Implementation Plan Section 20.145.120 subdivision D (2c). (Planning and Building Inspection)
- 9. The property owner agrees as a condition of the approval of this permit to defend at his sole expense any action brought against the County because of the approval of this permit. The property owner will reimburse the County for any court costs and attorneys' fees which the County may be required by a court to pay as a result of such action. County may, at its sole discretion, participate in the defense of any such action; but such participation shall not relieve applicant of his obligations under this condition. Said indemnification agreement shall be recorded upon demand of County Counsel or prior to the issuance of building permits or use of the property, whichever occurs first. (Planning and Building Inspection)

10. Pursuant to the State Public Resources Code and the State

0

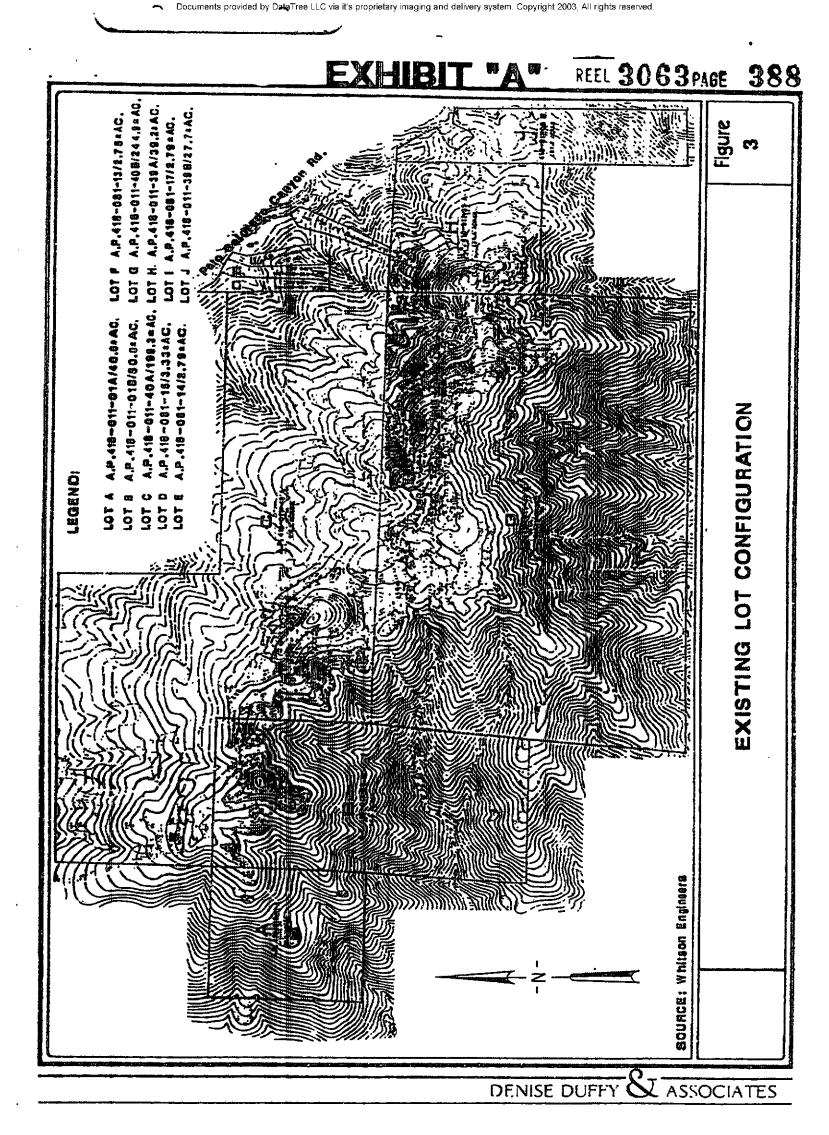

1

Fish and Game Code, the applicant shall pay a fee to be collected by the County of Monterey for the amount of \$875. This fee shall be paid prior to filing of the Notice of Determination. Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to recording of a Record of Survey. (Planning and Building Inspection)

- 11. Prior to the recording of the Record of Survey a notice shall be recorded with the Monterey County Recorder which states: An Environmental Impact Report has been prepared for each of the parcels by Denise Duffy and Associates and is on record in the Monterey County Planning Library No. EIR 90-07.
- 12. That the applicant shall record a notice which states: "A permit (Resolution #\_\_\_\_\_) was approved by the Monterey County Minor Subdivision Committee for all 10 parcels. The permit was granted subject to 13 conditions of approval which run with the land. A copy of the permit is on file with the Monterey County Planning and Building Inspection Department." Proof of recordation of this notice shall be furnished to the Director of Planning and Building Inspection prior to issuance of building permits or commencement of the use. (Planning and Building Inspection)
- 13. Conditions 4 through 12 shall be complied with prior to submittal of the Record of Survey package to the Monterey County Public Works Department. (Planning and Building Inspection)

October 9, 1992

REEL 3063PAGE 393

Nonterey County Planning Dept. P.O.Box 1208 Salinas, California 93902 Attention: Todd Bessire

Re: Final EIR for the Rocky Creek Ranch

Dear Todd,

In reviewing the Final Draft of the SIR for the Bocky Creek Ranch, we noticed a few factual mistakes which should be corrected.

- Page 13 Commant #3 states that the lower portion of the building envelope (#8) has not been determined to be suitable for sewage disposal. This paragraph should state: "The lower portion of potential building envelope #8 could not be determined suitable for sewage disposal without percolation tests." This should also be corrected on page 126, 2nd paragraph.
- Page 25 Comment #13. Consultant states that he concurs, but no changes to the Draft EIR were made. Potential Building envelope #5 is not situated on an open hillside nor is it visible from Garrapatos Road. This also needs to be corrected on page 186, regarding #109 and page 193, last paragraph.
- Pege 32 Response to comment #3 states that portions of proposed lots #4 and #5 are within the critical Viewshed. This is incorrect. Lots #4 and #5 cannot be seen from Highway One.

page 1

PO. BOX 2684 . CARMEL, CALIFORNIA 93921 . (408) 624-2304

- The service and and

Documents provided by BataTree LLC via it's proprietary imaging and delivery system. Copyright 2003, All rights reserved

## REEL 3063PAGE 394

Page 32 - Response to comment #8 states that driveways to potential envelope #3 and #5 exist, although obscured by vegetation. Policy K.1 clearly relates to new private roads.

Please delete the reference to driveways \$3 and \$5.

(\*

Page 62 - Comment #35 states that building site #1 is on an open hillside. On page 122 in the "Changes" section of the Final EXR it says: "Parcel 1 is located on an open hillside and is expected to be seen from some residents to the north of Palo Colorado Canyon." This is incorrect. Potential building envelope #1 is Sacing south and cannot be seen from Falo Colorado Canyon. This also needs to be corrected on page 105, fourth paragraph (Project Consistency Analysis), page 132, last paragraph (Viewshed) and page 124, fourth paragraph.

Page 64 - Comment \$57 states that the archaeological site is within the potential building envelope. This is incorrect. The potential building envelope was modified in May of 1989 so that the archaeological site and the archaeological essenant lie outside the potential building envelope.

Page 75 - Response to comment #8 states "Parthematre, it is quastionable from a legal point, if a lot line adjustment is required to determine if existing lots are buildable." This is incorrect. The language in the Map Act is very clear and the interpretation is not quastionable: "... A local egency or advisory agency shall limit its review and approval to a determination of whether or not the parcels resulting from the lot line adjustment will conform to local soning and building ordinances."

Page 76 - Response to comment /14 states: "If the TDC were imposed and the lots listed were determined to be not buildable after the lot line adjustment approval, then the scenario outlined by the commenter could hold true." This statement is inconsistent, since all consultant reports, including the ETP state that the potential

reports, including the EIR state that the potential building envelopes are consistent with County Ordinances. The lots listed have been determined to be buildable through this EIR process.

page 2

÷

and the state of the second se

Documents provided by DataTree LLC via it's proprietary imaging and delivery system. Copyright 2003, All rights reserved

## REEL 3063 PAGE 395

 Page 77 - Response to comment #3. There is an unresolved difference between the consultants count of residences and the opporents count. We ask the Planning Department to please clarify this issue before the hearing.

Page 114 - last paragraph shall include building envelope #9, which has also been staked in 1989 as required by the Planning Department.

Page 118 - 2th paragraph states that "Two oak trees (13' and 18") and a cluster with oaks with diameters of 6 inches or less would be removed to accommodate this Construction." This statement is incorrect, the diameters of the cluster are more than 6". This also needs to be corrected on page 169, last paragraph.

Page 122 - Policy A.4., Project Consistency Analysis refers in its last sentence to building envelopes which are in the Rocky Creek watershed. This statement is incorrect. There are no building envelopes in the Rocky Creek Watershed. Envelopes 5,4,2 and 3 are in the Falo Colorado watershed and envelopes 1,6,7,8,9,and 10 drain west into swales which directly drain into the ocean.

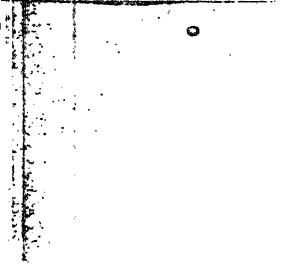

Pages 54, 55, 57, 67, and 71 refer to a required read width of 18 feet. Please note that CDF does not require all existing roads to be 18 feet wide. The only part of the road which could impact the critical viewshed is the driveway to potential building envelopes 9 and 10. George Haines from CDF will specify the exact requirements on a site visit on September 28, 1992.

In regards to the completeness of the EIR we would like to point out that the original agreement between the Monterey County Planning Department and the owner Marshel Rothman was to conduct a focused EIR which concentrates on 4 issues. These were delineated in the complete letter on September 7, 1990 (enclosed).

Since that time the scope of work has continually grown and the Final EIR, finished with one year delay, is a document which goes far beyond the original intent.

The main reason for this is the fact that you Todd are our third plannar since we worked with Audry Loh on the original agreement to prepare the focused BIE.

page 3

The EIR clearly states that our proposal is the environmentally superior alternative. We have worked for over 5 years on this application and are looking forward to a recommendation for approval in your staff report.

If you have any questions please call us at 624 2304.

Sincerely,

chicketanz

#### FIRDINGS AND DECISION

In the matter of the request of <u>Marshal Rothman (1190032.</u> LIG0033. (1.88010))

for Cartification of an Anvironmental Impact Report and three Combined Development Pounite pursuant to regulations established by local ordinance and state law, to allow three Major Lot Line By local organization and scates law, to sllow three major not band Adjustments; three Coastal Development Permits; located on Lots 21, 12 and 13, portion of Sections 4, 5, 6, 8, and 9, Hange 1 Hest, Palo Colorado Area, fronting on and southerly of Palo Colorado Road, Comstal Sons, came on regularly for hearing before the Minor Subdivision Committee on October 29, 1992.

Said Minor Subdivision Committee, having considered the application and the evidence presented relating thereto,

#### PINDINGS OF FACT

1.	TINDIN
1.	TINDIN

G: The decision to prepare this Environmental Impact Report was based upon an authorisation by the amplimant. EVIDENCE: Lotter from applicant dated September 12, 1990 combained in the original file (LL 58-10).

2.

FINDING: A Notice of Proparation of the Environmental Report Maport was sent to: (a) the State Clearinghouse; and

(a) the State Clearinghouse; and (b) each trustee agoncy; The Notico of Preparation describes the project, the location and the general impact sufficiently to parmit a response. BYIDINCE: EXR ELLE No. 99-07.

з.

FINDING: Prior to completing the draft BIR, the staff and the MIR consultant hired by the County contacted interpreted agencies, individuals, and jurisdic-tions to secure their input. These are listed in the HIR. The responses are also sot forth in the KIR and are supported by expirical data, emientif-ic suthorities, and explanatory information which crystallizes increas and affords a basis for a Comparison of the problems involved with the proposed project and the difficulties involved in the alternatives. EVIDENCE: XIR File No. 90-07.

4. FINDING:

0

A Matice of Completion of the draft MIR was filed with the California Secretary for Resources and the County Clark on April 10, 1992, briefly de-scribing the project and its location and indicat-ing that the draft MIR was available, where it was available and how long it was available for reviaw, together with a deadline for review. EVIDZMCB: HIR File No. 90-07.

REEL 3063PAGE 399 Marshal Rothman (LL90632, LL90033, LL88010) Page 3 11. FINDING: That the three stage lot line adjustment is between 10 emisting adjacent parcels. EVIDENCE: The parcels have been determined to be egal lots of record through certificates of compliance and staff determination. EVIDENCE: Only Lots with common lot lines wil' a adjusted as shown by the maps contained in files EL 68-10; LL 90-32; and LL90-3semarate 12. FINDING: A greater number of percels then ori ed will not be created as a result of eartest line adjustments. EVIDENCE: Ten lots of record exist prior to the adjustment and ton lots will exist after the lot lines are adjusted by the three step process. EVIDENCE: Certificates of Compliance contained in the origiaal file. EVIDENCE: Maps showing the proposed adjustments contained in File So. 's LL \$8-10; LL 90-32; and LL90-33. The percels resulting from the lot line adjust-ments conform to County Land Use, Soning and FINDING: 13. Building Ordinances. EVIDENCE: The configuration of the resulting lots have been evaluated equinat the policies of the Mig Sur Land Use Pian and Part 3 of the Coastal Implementation Plan "Regulations for Development in the Big Sur Coast Land Use Plan". λ EVIDENCE: Consistency analysis beginning at page 111 of the ETR. EVIDENCE: Staff review of the project equinst the Local Constal Progra EVIDENCE: Conditions of approval have been suggested to insure consistency with the County Land Use, Zoning and Building Ordinances. 14.

- FINDING: For purposes of the Fish and Game code, the project will have a potential for adverse impact on finh and wildlife resources upon which the wildlife depends.
- EVIDENCE: Analysis contained in the Environmental Impact Report prepared for this project and the record as a whole indicate the project may or will result in changes to the resources listed in Section 753.5(d) of the Department of Fish and Game requlations. Fages 161 through 176 of the Environmental Impacts to wildlife.

15. FINDING: The project, as approved by the Coastal Development Permit, is appealable to the Board of Supervisous and to the California Coastal Commission. EVIDENCE: Section 20.140.060 6 and J of the Monterey County Coastal Super-

#### DECISION

THEREFORE, it is the decision of said Minor Subdivision Committee that the Environmental Impact Report be certified and that said Combined Development Permits be approved as shown on the attached sketch, subject to the following conditions:

- 1. Obtain a survey of the new lines and have the lines monumented. (Public Works)
- 2. File a Record of Survey showing new lines and their momentation. (Public Norks)

17 🖸

And the state of t

Harshal Rothman (LL90032, LL90033, LL88010) Page 4

- 3. After filing of the Record of Survey, the owner shall have deeds prepared and recorded reflecting the lot line adjustment. (Public Works)
- 4. The applicant shall pay his proportinate share of loft turn channelization on Highway One at Palo Colorado Road. (Public Works)
- 5. Prior to the recordation of the Record of Survey, & Property Owners Association shall be formed in order to comply with the mitigations suggested in the EIR. The covenant, conditions, and restrictions (C,C & Rs) shall give notice of all of the mitigation neasures deemed appropriate. for the proposed development, by the Planning Department, Public Works Department, Health Department, Water Resources Agency, and the Department of Forestry. The C,C & Rs shall also include the requirements for the monitoring program. (Planning and Building Inspection)
- 6. Prior to recordation of the Record of Survey, the applicant shall agree in writing to construct a road which meets the standards set forth by the California Department of Forestry. Said road shall obtain the required County permits and be constructed prior to construction of the first house on any of the ten lots. This condition is consistent with the Big Sur Coast Land Use Plan policy 5.4.3.k.3 and the regulations set forth by the California Department of Forestry (California Department of Forestry/Planning and Building Inspection)
- 7. The owner shall grant a Scenic Ensement to the County over those portions of the property within the Critical Viewshed and over existing vegetated areas without which future development of the theoretical building envelopes would be located within critical viewshed. Said area shall be defined by a licensed registered surveyor and shall be subject to the approval by the Director of Flanning and Building Inspection. This requirement is consistent with the Honterey County Coastal Implementation Plan Section 20.145.030 subdivision A (g and h). (Planning and Building Inspection)
- S. Prior to the recordation of the Record of Survey the owner shall request a recoming of the portion of lot 1 containing the archaeological site. This condition is consistent with Monterey County Emplementation Plan Section 20.145.120 (subdivision D (2b). (Planning and Building Inspection)
  - Prior to the recordation of the Encord of Survey the archaeological site shall be placed in an archaeological ensemant. Prior to being accepted by the County, the proposed easement area shall be reviewed and verified as adequate to protect the resource by an archaeologist who has been selected from the County's list of archaeological consultants or who is a member of the Society of Professional Archaeologists. This condition is consistent with Honterey County Coastal Implementation Plan Section 20.145.120 subdivision D (2c). (Planning and Building Inspection)
- 10. The property owner agrees as a condition of the approval of this permit to defend at his sole expanse any action brought against the County because of the approval of this permit. The property owner will reimburse the County for any court costs and attorneys' fees which the County may be required by a court to pay as a result of such action. County may, at its sole discretion, participate in the defense of any such action; but such participate in the defense of any such action; but such participation shall not relieve applicent of his obligations under this condition. Said indemnification agreement shall be recorded upon demand of County

Counsel or prior to the issuance of building permits or use of the property, whichever occurs first. (Planning and Building Inspection)

- 11. Pursuant to the State Public Resources Code and the State Fish and Game Code, the applicant shall pay a fee to be collected by the County of Hontersy for the amount of \$875. This fee shall be paid prior to filing of the Notice of Determination. Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to recording of a Record of Survey. (Planning and Building Inspection)
- 12. Prior to the recording of the Record of Survey a notice shall be recorded with the Monteray County Recorder which states: An Environmental Expect Report has been prepared for each of the parcels by Danise Duffy and Associates and is on record in the Monteray County Planning Library No. EUR 90-07.
- 13. That the applicant shall record a notice which states: "A permit (Resolution #92-67) was approved by the Monterey County Minor Subdivision Committee for all 10 percels. The permit was granted subject to 15 conditions of approval which run with the land. A copy of the permit is on file with the Monterey County Planning and Building Inspection Department." Proof of recordation of this notice shall be furnished to the Director of Planning and Building Inspection prior to issuance of building Inspection of the use. (Planning and Building Inspection)
- 14. Prior to the recordation of the record of survey, the applicant shall provide an analysis that demonstrates that water can be provided to each parcel, that does not conflict with the policy in the Big Sur Coastal Plan regarding the interbasin transfer of water. (Water Resources Agency & Health Department)
- 15. Conditions 5 through 14 shall be complied with prior to submittal of the Rocord of Survey package to the Honterey County Public Works Department. (Flanning and Building Inspection)

PASSED AND ADOPTED this 29th day of October, 1992, by the following vote:

Ayes: McKenna, McPharlin, Messenger, Maslund, Stewart, Walker Noes: Orrett Absent: Brandau /di / H./
