This Agreement is of no force or effect until signed by both CONTRACTOR and COUNTY and with COUNTY signing last, and CONTRACTOR may not commence work before COUNTY signs this Agreement.

5.2 The term of this Agreement shall remain in effect until terminated as provided below:

5.2.1 Termination. During the term of this Agreement, either party may terminate the Agreement by giving written notice of termination to the other party at least thirty (30) days before the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided before the date of termination.

5.2.2 Termination for cause. COUNTY may cancel and terminate this Agreement for good

cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If COUNTY terminates this Agreement for good cause, COUNTY may be relieved of the payment of any consideration to CONTRACTOR, and COUNTY may proceed with the work in any manner that COUNTY deems proper. The cost to COUNTY shall be deducted from any sum due the CONTRACTOR under this Agreement.

5.2.3 Partial termination. If CONTRACTOR is partially funded by Non-Drug/Medi-Cal funds and CONTRACTOR is unwilling or unable to continue that portion of the contract, the contract shall remain in effect, provided however that the COUNTY may amend the contract, with the written consent of the CONTRACTOR, as necessary and appropriate. In like manner, if CONTRACTOR is partially funded based on Drug/Medi-Cal certification and CONTRACTOR is expelled or suspended from Drug/Medi-Cal certification, the contract shall remain in effect, provided however that the COUNTY may amend the contract, with the written consent of the CONTRACTOR, as necessary and appropriate.

5.3.2 COUNTY shall arrange for such transfer of treatment no later than sixty (60) days after Agreement termination if the clients' treatment is not by then completed;

5.3.3 COUNTY, any payer, and CONTRACTOR will continue to remain obligated under this contract with regard to charges and payments for covered services rendered prior to termination or required to be rendered after termination as provided above, until such obligations are discharged by full performance or until such performance is otherwise excused;

5.3.4 CONTRACTOR will continue to remain obligated with respect to confidentiality and transfer of patient records; and

5.3.5 CONTRACTOR will remain subject to any audit otherwise authorized or required by this Agreement or by any State or Federal statute or regulations affecting this Agreement.

6. TERMINATIONS OR REDUCTION OF GOVERNMENT FUNDING

6.1 This Agreement is made with the understanding that the State or Federal Governments are providing and will continue to provide funds to COUNTY so that COUNTY can make the payments to CONTRACTOR under this contract. The funds identified for the fiscal years are subject to increase or decrease dependent upon the availability of the appropriations by the State Legislature and the Federal Government. Increases or decreases in the amount COUNTY allocates to the

CONTRACTOR as identified in Exhibit B will require a written amendment to this contract in accordance with Section 20.

6.2 Notwithstanding any other provision of this Agreement, if the State or Federal Government terminates or reduces its funding to the COUNTY for the client services that are to be provided under this Agreement, then COUNTY may, after consultation with the CONTRACTOR, elect to terminate this contract by giving written notice of such election to CONTRACTOR, effective immediately or on such other date as COUNTY specifies in the notice. Alternatively, it is mutually agreed that the contract may be amended to reflect any reduction in funding in Exhibit B, in accordance with Section 20.

7. INDEPENDENT CONTRACTOR STATUS

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the COUNTY. No offer or obligation of permanent employment with the COUNTY or particular COUNTY department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from COUNTY any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith CONTRACTOR shall defend, indemnify, and hold COUNTY harmless from any and all liability, which COUNTY may incur because of CONTRACTOR's failure to pay such taxes.

8. INDEMNIFICATIONS AND INSURANCE

8.1 Indemnification: CONTRACTOR shall indemnify, defend and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorney's fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials or supplies, in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the COUNTY. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

8.2 Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability

8.2.1 Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than one million dollars (\$1,000,000) per occurrence.

8.2.2 Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and property Damage of not less than one million dollars (\$1,000,000) per occurrence.

8.2.3 Workers Compensation Insurance. If CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than one million dollars (\$1,000,000) each person, one million dollars (\$1,000,000) each accident and one million dollars (\$1,000,000) each disease.

8.2.4 Professional Liability Insurance. If required for the professional service being provided, in the amount of not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) in the aggregate, to cover liability for malpractice or errors or omissions made in course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

8.3 Other Insurance Requirements: All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

8.3.1 Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty days in advance of any change, cancellation, or non-renewal thereof. Each policy shall provide coverage for CONTRACTOR additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance showing each subcontractor has identical insurance coverage to the above requirements.

8.3.2 Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR's insurance.

8.3.3 Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance with the COUNTY's contract administrator and the COUNTY's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within 5 days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in

no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

8.3.4 CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY's Contract Administrator and COUNTY's Contracts/Purchasing Division. If the certificate is not received by the expiration date, COUNTY shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles COUNTY, at its sole discretion, to terminate this Agreement immediately.

9. NONDISCRIMINATION

9.1 During the performance of this Agreement, CONTRACTOR shall not unlawfully discriminate against any person because of race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, age (over 40), sex, or sexual preference, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. Qualified applicants shall have an equal opportunity for employment. CONTRACTOR shall insure that actions such as but not limited to employment, upgrading, demotion, or transfer recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, career development opportunities, and selection for training, including apprenticeship shall be free of discrimination. The evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services shall be free of such discrimination. The term also includes any act of retaliation.

9.3 The provisions of Monterey County Code Chapter 2.80 apply to activities conducted pursuant to this Agreement. CONTRACTOR and its officers and employees, in their actions under this contract, are agents of the COUNTY within the meaning of Chapter 2.80 and are responsible for ensuring that their workplace and the services that they provide are free of discrimination, as required by Chapter 2.80. Complaints of discrimination made by CONTRACTOR against the COUNTY or by recipients of services against CONTRACTOR may be pursued using the procedures established by Chapter 2.80. CONTRACTOR shall establish and follow its own written procedures for the prompt and fair resolution of discrimination complaints made against CONTRACTOR by its own employees and agents, and shall provide a copy of such procedures to COUNTY on demand by COUNTY.

9.4 Written Assurances. CONTRACTOR shall have written assurances of compliance with the Civil Rights Act of 1964 and/or the Rehabilitation Act of 1973 as may be required by the Federal government in connection with this contract, pursuant to 45 CFR Sec. 80.4 or 45 CFR Sec. 84.5 or other applicable State or Federal regulation. Such statement shall be posted and also be available to employees, recipients of services, and members of the public, upon request. In addition, the clients' rights statement provided by CONTRACTOR shall inform recipients of services of CONTRACTOR'S nondiscrimination policies, including the right to file a complaint alleging discrimination or a violation of civil rights, and the right to be free from sexual harassment and prohibited sexual contact.

9.8 Binding on Subcontractors. The provisions of paragraphs 9.1 through 9.7 shall also apply to all of CONTRACTOR's subcontractors. FY 2017-18	5,220	435

AOD Prevention Requirements

Prevention services will meet the definition of Primary Prevention as outlined below:

Primary Prevention (source: NNA Contract, Primary Prevention):

Strategies, programs and initiatives which reduce both direct and indirect adverse personal, social, health, and economic consequences resulting from problematic ATOD (alcohol, tobacco and other drug availability), manufacture, distribution, promotion, sales, and use. Primary prevention strategies are directed at individuals not identified to be in need of treatment.

Prevention will address the six CSAP strategies as they pertain to the Monterey County Four Year AOD Prevention Plan and provide primary prevention services as outlined in federal regulations:

Six CSAP Strategies

Based on the identified population, prevention funds are applied to services that offer sustainable results using the six prevention strategies established by the Center for Substance Abuse Prevention (CSAP). They are:

- **Information Dissemination** provides awareness and knowledge of the nature and extent of substance use, abuse, and addiction and their effects on individuals, families, and communities. It is one-way communication from a source to an audience, with limited contact between the two (e.g., printed materials, websites).
- **Education** is two-way communication between an educator/facilitator and the participants (e.g., classroom curriculum). Activities under this strategy aim to affect critical life and social skills, including decision-making, refusal skills, critical analysis, and systematic judgment abilities.
- **Alternative Activities** provide opportunities to participate in activities that exclude substance use. The assumption is that constructive and healthy activities offset the attraction to alcohol and drugs and, therefore, minimize their use.
- **Problem Identification and Referral** involves identifying those who have indulged in illegal/age-inappropriate use of tobacco or alcohol and those individuals who have indulged in the first use of illicit drugs in order to assess if their behavior can be reversed through education. This strategy does not include any activity designed to diagnose if a person is in need of treatment.
- **Community-Based Process** aims to enhance the ability of the community to more effectively provide prevention and treatment services for substance abuse disorders. Activities in this strategy include organizing, planning, enhancing efficiency and effectiveness of services implementation, interagency collaboration, coalition building, and networking.
- **Environmental strategies** establishes or changes written and unwritten community standards, codes, and attitudes, thereby influencing incidence and prevalence of substance abuse in the general population. This strategy is divided into two subcategories to permit distinction between activities that center on legal and regulatory initiatives and those that relate to the service and action-oriented initiatives.

Outcomes and Evaluation:

Sunrise House will provide data, including progress and outcomes on prevention goals and objectives to the County as outlined in their work plan and as requested and/or required to meet ADP/CalOMS data reporting requirements. All relevant activities will be input into the State of California Cal OMS database as outlined by County Behavioral Health staff.

Sunrise House will utilize three major elements to evaluate prevention services. These include:

Assessment, Evaluation of Progress and Final or Long-Term Evaluation. All three of these elements will use a combination of process evaluation, and outcome evaluation to meet the data collection requirements of the project.

Process evaluation will include meetings held, agendas, attendance, letters sent out to liquor store owners, city councils, presentations made, laws passed, etc.

Outcome evaluation refers to collecting and analyzing numeric data that indicates whether desired change is occurring in the community. The California Healthy Kids Survey (CHKS) will be used for this purpose along with other locally collected data. The CalOMS system will be used to report both process and outcome evaluation.

Assessment phase will consist of two major parts including an examination of existing circumstances and a review of community data. The review of external data will involve a detailed look at the level of ATOD problems by Age, gender, geography, as well as an examination of time trends. A review of past environmental prevention efforts such as various types of stings and sobriety checkpoints will prove useful.

Intermediate phase will involve whether work plan schedules are being met, functioning and make-up of the coalitions, and whether new problems have emerged that need to be addressed, and an assessment of whether there are sufficient services taking place. Data from County and State CHKS and local data will be reviewed in order to identify trends in youth ATOD use and determine whether any progress has been made and whether new problems have emerged.

Final evaluation will include a yearly report to the Department of Health, Behavioral Health Bureau summing up achievements and obstacles encountered. Questions to be answered will include:

1. Did the project do more or less than what was stated in the work plan?
2. Were the expected outcomes achieved?
3. Did a desired change occur within the community?

EXHIBIT F - ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers and know about and respect cultural and ethnic differences. They adapt their skills to meet each family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities to care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 25%).
- Developing recruitment, hiring, and retention plans that are reflective of the target communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.

- Offer services in Spanish and other necessary languages (such as Tagalog) for at least 50% of all services.

Definitions for Cultural Competency

“Cultural Competence” is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

“Cultural Competence” is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities pg 9)

A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County’s Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a cultural competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish and Tagalog); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open and positive attitude and feel comfortable working with diverse cultures.
2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

3. Provide an emotional environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by clients; staff that is knowledgeable of cultural and ethnic differences and needs and is able and willing to respond to them in an appropriate and respectful manner.
4. Support the county's goal to reduce disparities to care by increasing access and decreasing barriers to services by unserved and underserved communities.
5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery and evaluation (County Goal: 25%).
6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
7. As requested, meet with the Monterey County Behavioral Health Director or designee to monitor progress and outcomes and report regularly to Behavioral Health coordinating bodies on the progress and outcome(s) of the project.
8. As appropriate, participate in cultural competency trainings offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

CHAPTERS

Chapters describe a group of committed young people and at least one adult ally working together. Chapters provide Skill Development, Opportunities, and Outreach through ongoing partnerships at local sites.

Chapter Sites

Chapters provide FNL programs with interactive opportunities to promote youth-led ideas and youth decision-making. Within a chapter, groups can take part in real community change that extends beyond the “chapter walls,” beyond the school or site, and into the community at large. In a chapter, youth experience a sense of belonging to something larger than themselves and establish meaningful connections with their peers and adults. Local chapter sites can be housed at a variety of place, such as:

- Schools
- Community Centers
- Churches
- Juvenile Facilities
- Recreation Centers
- Youth Councils
- Mentoring Programs
- Youth Action Groups
- Foster/Group Homes

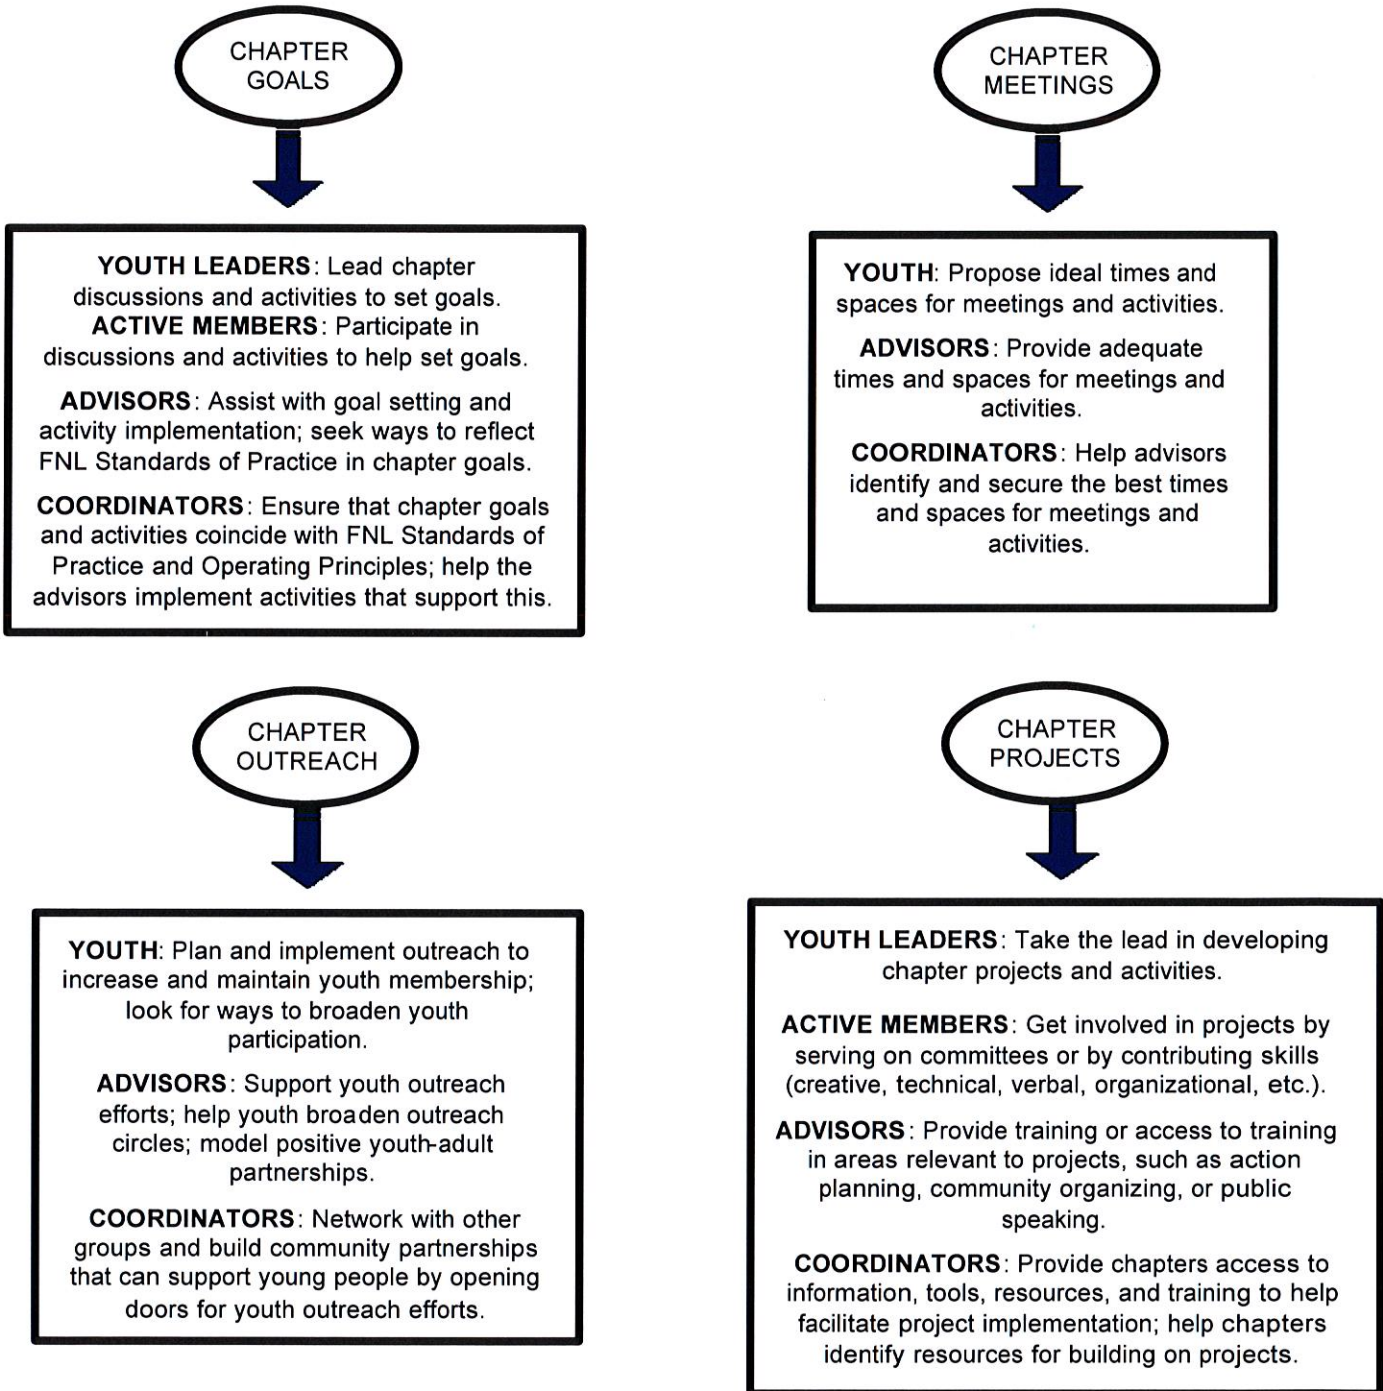

How are CHAPTERS linked to CFNLP’s Standards of Practice?

Within each chapter, youth and their adult allies strive to:

SOP Connection	OUTCOME	PRACTICE
	• Provide an emotionally, culturally and physically safe environment...	...by recognizing the diversity of members, establishing group agreements for operations, and engaging groups members in developing group norms, agreements and structures that ensure safety and respect for <i>all</i> types of youth.
	• Make it possible for youth to contribute to their communities and to know about resources and services that are available and accessible to them...	...by promoting other organizations’ services and events and by helping youth seek out information that they need or that they are interested in.
	• Gather input from young people about chapter events, action plans, and policies...	...by preparing youth to be chapter leaders and planners, and by implementing formal and informal “feedback” gathering activities (focus groups, interviews, suggestion cards, etc.).
	• Provide opportunities for youth to gain new skills that are designed and based on what they are interested in...	...by involving youth in identifying individual and group skill development goals and by giving youth chances to <i>LEARN BY DOING</i> skills that they are interested in.
	• Establish meaningful and caring relationships among youth and with adults...	...by being a place where relationships are given time to grow and where adults and youth know each other well, understand what motivates each other, and honor what each person contributes to the chapter.

Youth, Advisor, and Coordinator Roles

FNL programs are composed of **partnerships** between young people, adult advisors and county coordinators. Every project is a team effort between these three players and every success is a shared one. The relationships between the three team "members" is **dynamic** and **interactive**, with support and benefit flowing from each and to each; each role supports the others and contributes to the team's overall success. The figures below seek to provide *examples* of the roles played by youth, advisors and coordinators in **CHAPTER** operations.

OPPORTUNITIES

Opportunities are any safe environment or avenue in which youth and adults accomplish a project or task in partnership, with shared power and ownership.

Opportunities are critical to FNL programs because through opportunities the other three components “pay off,” or see the fruits of their labors translated into action. This is where things happen, in schools, communities, neighborhoods, and systems. When youth are provided with the right training and support, opportunities give them a place to shine while also having an impact on both individuals and the community at large.

Examples of Opportunities – not an exhaustive list!

Community Service Learning and Social Action: Young people, in partnership with adults, develop and implement community projects designed to bring about real change. *Projects might focus on a particular cause, increase awareness of an issue, or bring about real, lasting change in a targeted area.*

Leadership and Advocacy: Youth serve on community boards and hold intern or staff positions within FNL programs or local community programs that understand and support the FNL approach. *Service can be on boards of directors, advisory councils, commissions, or any decision- or policy-making body.*

Youth-Led Projects and Activities: Youth develop projects and activities designed to send a consistent positive message about youth culture. *In addition to providing “safe and sober” activities, the chapter plans innovative, youth-led activities that celebrate young people’s contributions, such as Poetry Slams, Health Olympics, Youth Forums, talent showcases, and teambuilding exercises.*

Relationship Building: Youth interact with their peers and with adults in structured and non-structured environments. *The chapter can host group development activities such as retreats or team building days.*

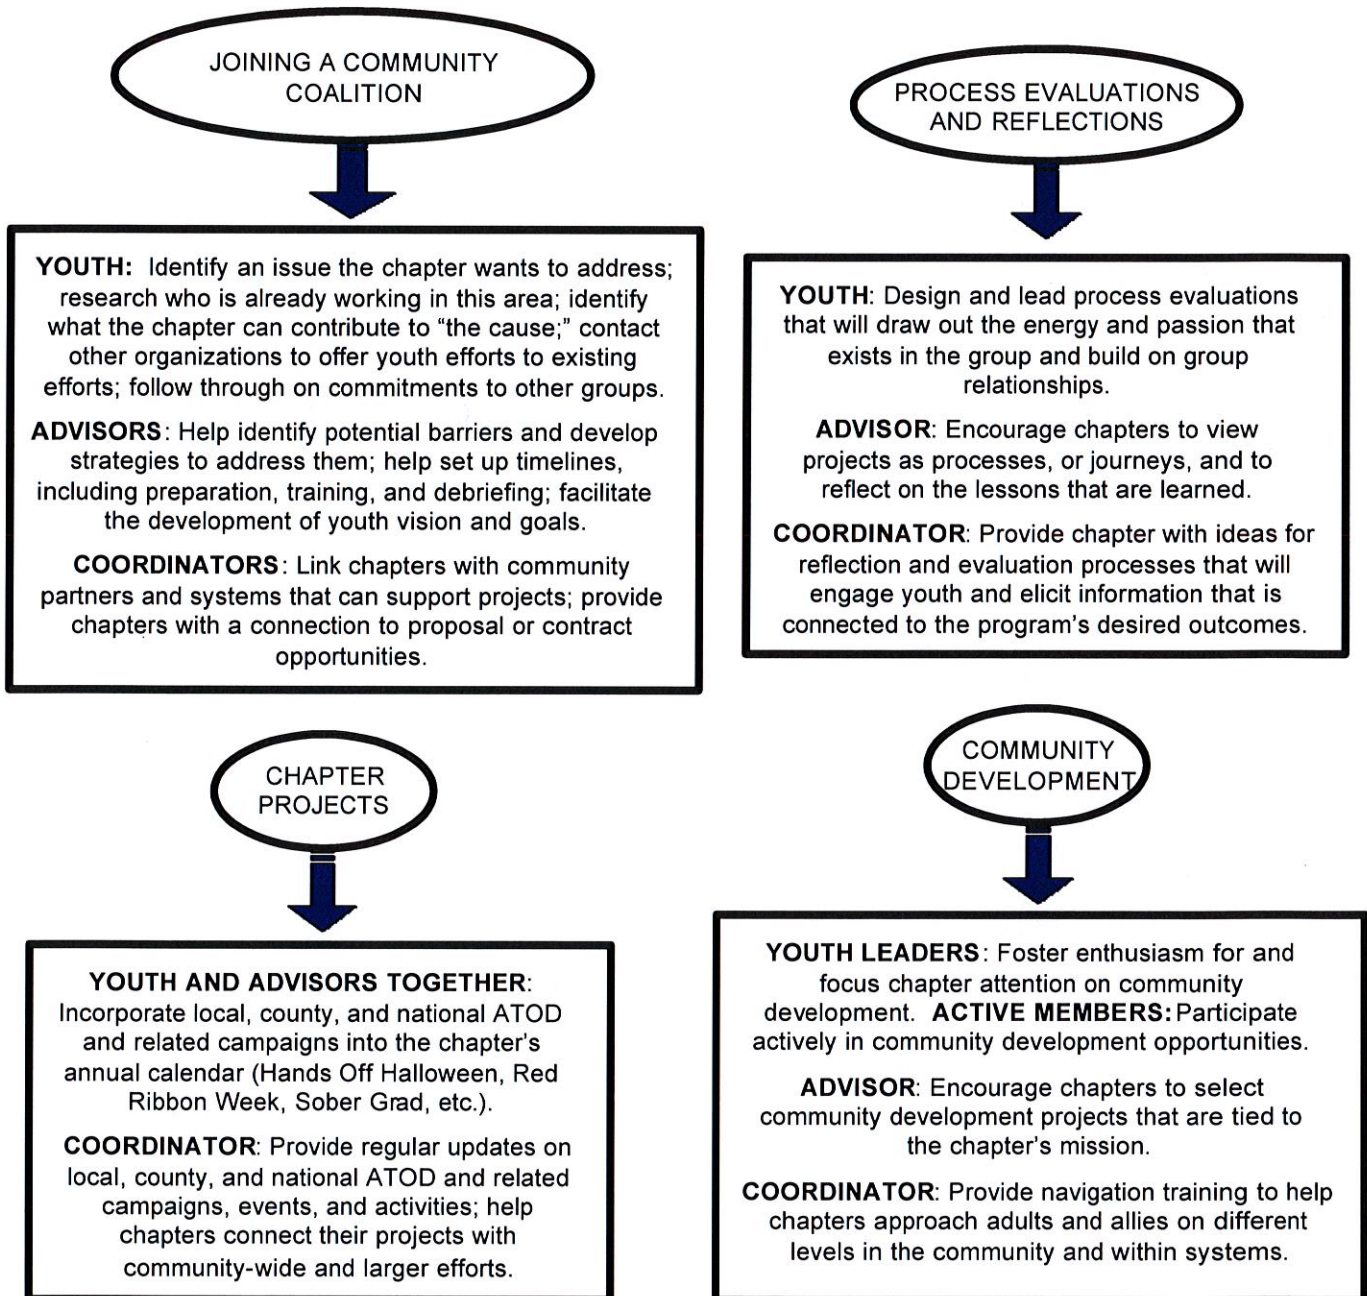

How are OPPORTUNITIES linked to CFNLP's Standards of Practice?

Through opportunities, programs engage youth and adults in projects that:

SOP Connection	OUTCOME	PRACTICE
	<ul style="list-style-type: none"> • Create an emotionally, culturally and physically safe environment... 	... by implementing ongoing group process activities designed to create safe environments; by hosting a community cultural festival to honor a particular culture.
	<ul style="list-style-type: none"> • Create chances for youth to contribute to their community, learn about what's available and accessible to them, and how to navigate systems... 	...by developing service learning projects, joining community coalitions to bring about community change, or making policy recommendations to decision-making bodies.
	<ul style="list-style-type: none"> • Create ways for youth to be leaders and advocates in their communities and to have an impact on chapter and community projects and policies... 	...by including youth in chapter and community development; by establishing a variety of channels for youth to share their ideas; by partnering with youth to turn ideas into reality.
	<ul style="list-style-type: none"> • Practice new skills to enhance chapter action and community development efforts... 	...by providing progressive skill building training that relates directly to a project or action plan, so that youth "learn by doing" each of the steps involved in the project.
	<ul style="list-style-type: none"> • Create meaningful and caring relationships among youth and with adults by... 	...by implementing group and cross-age events such as peer tutoring, team-building days, FNL Mentoring, and long-term processes or projects that deepen relationships; by incorporating group development activities into planned projects.

Youth, Advisor, and Coordinator Roles

FNL programs are composed of partnerships between young people, adult advisors and county coordinators. Every project is a team effort between these three players and every success is a shared one. The figures below seek to provide *examples* of the roles played by youth, advisors and coordinators in **OPPORTUNITIES**. The relationships between the three team “members” are dynamic and interactive, with support and benefit flowing from each and to each.

OUTREACH

Outreach engages youth, adults, and systems in building the partnerships that create positive and healthy youth development

Through outreach, FNL seeks to involve as many young people, from as many different backgrounds, communities, and environments as possible. The goal is to be intentional about engaging **all** young people – from non-traditional leaders to youth in recovery, from multiple ethnic and cultural communities, and beyond. Outreach also extends to adults and community partners that can contribute to and participate in FNL partnerships. Outreach is more than simply increasing membership numbers; it's about enhancing the quality of FNL partnerships by making efforts to be as inclusive and complete as possible.

Facets of Outreach

- **Building Relationships:** seeking ways to bring more and more people into FNL partnerships.
- **Opening Doors:** making FNL opportunities available to the widest range of youth and adults.
- **Understanding Other Cultures:** working to be inclusive and welcoming of all young people.
- **Educating Partners and Systems:** getting the word out about positive youth development.
- **Articulating Our Mission:** learning to effectively communicate the ideas and purpose of all FNL programs.

How is OUTREACH linked to CFNLP's Standards of Practice?

Through OUTREACH, youth, adult allies and county staff will:

SOP Connection	OUTCOME	PRACTICE
	<ul style="list-style-type: none"> • Develop and participate in an emotionally, culturally and physically safe environment... 	<p>...by intentionally seeking diverse new partners to become part of the program and to help shape its environment and by actively promoting the understanding of different cultures and experiences.</p>
	<ul style="list-style-type: none"> • Develop opportunities for youth to get involved in their community and establish connections with resources that are available to them... 	<p>...by teaming up with a local service organization to implement projects that will benefit the community, educate the young people, and create a partnership between the organization and the FNL program.</p>
	<ul style="list-style-type: none"> • Participate in opportunities to be leaders and advocates for themselves, within their chapters and schools, as well as in the larger arena of their communities... 	<p>...by establishing ways for youth members to “take the pulse” of other members and their peers in general so that they can effectively design projects and policies that truly appeal to young people.</p>
	<ul style="list-style-type: none"> • Develop and practice new skills for conducting outreach activities designed to engage the widest possible range of youth and adults... 	<p>...by being intentional about how the program is presented and promoted and by ensuring that youth are able to articulate FNL's mission, goals, and vision.</p>
	<ul style="list-style-type: none"> • Develop meaningful and caring relationships with a wide range of youth and adults... 	<p>...by seeking ways to broaden the “circle of partners” that comprise the program.</p>

Youth, Advisor, and Coordinator Roles

FNL programs are composed of partnerships between young people, adult advisors and county coordinators. Every project is a team effort between these three players and every success is a shared one. The figures below seek to provide *examples* of the roles played by youth, advisors and coordinators in **OUTREACH**. The relationships between the three team “members” are dynamic and interactive, with support and benefit flowing from each and to each.

SHARING THE FNL APPROACH WITH OTHERS

YOUTH: Develop skills to articulate the true experience of CFNLP programs in their own voices, with the support of CFNLP’s Standards of Practice; develop an understanding of how the SOP’s translate into real life and how to talk about this with others.

ADVISORS: Role model the Standards of Practice, components, and youth/adult partnerships; encourage young people to explore the ideas and concepts in CFNLP materials; help youth develop projects for doing this.

COORDINATORS: Provide training on incorporating the SOP’s into outreach strategies; educate partners and systems about the link between positive youth development with problem prevention outcomes.

MEMBERSHIP OUTREACH

YOUTH: Connect with culturally specific organizations and clubs; seek members from youth across ages and community sectors; identify who is not “at the table” and develop strategies for including them.

ADVISORS: Respect and address diversity, age, experience, sexual orientation, gender, and ethnic background (as well as other forms of diversity).

COORDINATORS: Build partnerships with a wide range of cultural communities; link with community partners outside of FNL, and focus on integrating youth systems.

“TAKING THE PULSE” OF THE COMMUNITY

YOUTH: Look for ways to find out what other youth think about issues; test their own ideas with others to see if they appeal to larger groups; design projects that are important to as many people as possible.

ADVISORS: Help youth find ways to “test” their ideas with larger groups; test chapter ideas with colleagues and peers in the community, give feedback to the chapters.

COORDINATORS: Provide access to other arenas for youth to test their ideas or to elicit ideas from other community members.

EXPANDING THE CIRCLE OF PARTNERS

YOUTH: Identify potential partners and think of ways to contact them; think of all the possible sectors of a community to include.

ADVISORS: Help young people think of ways to contact potential partners; provide time and space for youth to practice contacting potential partners and soliciting their help.

COORDINATORS: Help youth make contact with potential partners by introducing them to people in various local systems.

SKILL DEVELOPMENT

Skill Development occurs in purposeful activities and opportunities that promote or result in building skills, mastery, resiliency, and core competencies.

Skill Development occurs while youth are preparing for a specific project, developing chapter goals, or participating in general activities. In order to ensure that skill development is happening, approach every project, meeting, event, and activity with an eye for how youth can contribute skills they already have as well as learn and practice new ones. Always ask the questions: “Which young person can do this? Who might want to learn? How can I actively involve them in this project?” It is important to recognize that skill building is a *process* and not an isolated event or training; skill building includes **training** as well as **opportunities** to apply, and training content and **support** from adult allies to use new skills.
