Adopt a resolution Declaring Bracero Workers History Recognition Week Every Year in Monterey County During the Week of September 17th and Remembering the 62nd Anniversary of the Chualar Bracero Tragedy of 1963. (Supervisor Alejo)

Before the Board of Supervisors in and for the
County of Monterey, State of California

Resolution No.:
Adopt Resolution Declaring Bracero Workers History Recognition Week Every Year in Monterey County During the Week of September 17th and Remembering the 62nd Anniversary of the Chualar Bracero Tragedy of 1963.

WHEREAS, In 1942, through a series of diplomatic accords between Mexico and the United States, an executive order called the Mexican Farm Labor Program established the Bracero Program, a program which allowed millions of Mexican guest workers to legally work in the United States on short-term labor contracts, the Bracero Program addressed a national agricultural labor shortage during WWII. A separate Bracero railroad worker program was also established to build and maintain railroad lines throughout the United States; and

WHEREAS, On September 17, 1963, in Chualar, California, after a 10-hour shift harvesting celery and other crops, a crew of 57 Bracero farmworkers boarded a makeshift "bus" to return to Earl Meyers Company Labor Camp in Salinas, California where they lived; and

WHEREAS, The makeshift "bus" was nothing more than a flatbed produce truck, rigged with two long parallel wooden benches, an affixed aluminum cano py, and a chain tied on the outside of the back door which kept the farmworkers locked in the compartment; and

WHEREAS, On that day, between 4:20pm and 4:25pm, the makeshift "bus" approached an unmarked railroad crossing eight miles south of Salinas, and not seeing or hearing a train, the driver Francisco "Pancho" Espinosa inched the front wheels of the makeshift "bus" over the railroad tracks; and

WHEREAS, Suddenly, Espinosa heard the whistle of a train, he gunned the motor of the makeshift "bus" trying to quickly get across the tracks, but it was too late. A seventy-one-car Southern Pacific Railroad freight train, traveling at sixty-five miles an hour collided with the makeshift "bus", tragically killing 32 Bracero farmworkers; and

WHEREAS, The names of the 32 Braceros who tragically lost their lives on this day, included Salvador Olmedo Gallegos, Juan Nunez Valtierra, Antonio Llanes Gonzalez, Alberto Martinez Martinez, Agapito Villafuerte Torres, Victoriano Padilla Sanchez, Margarito Delgado Tinoco, Luis Orozco Contreras, Gonzalo Amador Huerta, Juan Diaz Duenas, Juan Segoviano Roza, Roberto Meza Huerta, Felipe Ramirez Melendrez, Ramon Torres Gutierrez, Jose Angel Olivarez, Jose Delgado Mendoza, Jesus Becerra Acevez, Salvador Cabrera Cholico, Pedro Segura Ramirez, Dolores Matansillas Flores, Silvino Munoz Escobedo, Ramon Navarro Flores, Manuel Maldonado Robles, Loreto Bojorquez Mungaray, Jose Gamez Martinez, Trinidad Mendez Vazquez, Herminio Huerta Tellez, Salomon Guzman Torres, Jesus Mercado Gallardo, Sixto Robles Urzua, Manuel de Jesus Coronado Lopez and Antonio Gomez Zamora, and hailed from the Mexican states of Jalisco, Guanajuato, Sonora, Zacatecas, Puebla and Michoacan, ranging in age from nineteen to fifty-nine; and

WHEREAS, The remaining 25 Bracero farmworkers were severely injured by splintered floor planks, jagged edges of twisted metal, shattered glass and long harvesting knives; and

WHEREAS, The California Highway Patrol, at the time, deemed the tragic incident as "the biggest single fatal vehicle accident in the history of California." Mexican American activists and civil rights organizations voiced their opposition to the Bracero Program, pointing out the many dangers and lack of safety measures Braceros were subjected to; backbreaking labor, low quality food, lack of water, inadequate rest breaks, and substandard housing that led Braceros to frequently suffer from respiratory illnesses, permanent spinal injuries, malnourishment, and the mental effects of isolation; and

WHEREAS, The renowned Mexican American labor organizer and professor Ernesto Galarza was appointed by Congress, though Committee on Education and Labor Chair Adam Clayton Powell Jr., to investigate the accident and his 72-page report was published on April 1964 and a book was later written, *Tragedy at Chualar*, in 1977; and

WHEREAS, The Chualar Bus crash was a determining factor in the decision by Congress to terminate the program in 1964. The Bracero Program had lasted for more than twenty years, granting a total of 4.8 to 5.2 million labor contracts in all regions of the United States; and

WHEREAS, In September 2013, a stretch of Highway 101 in the Salinas Valley was dedicated to honor the 32 Bracero farmworkers who died in the fatal crash 50 years earlier, the signs for the Bracero Highway in Chualar memorializes the victims and pays tribute to them; and

WHEREAS, September 17, 2025, marks the 62nd Anniversary of the Chualar Bus Crash that tragically killed 32 Bracero farmworkers and injured 25 additional workers; and

WHEREAS, Bracero workers from 1942 to 1964 contributed immensely to the nation's agricultural and railroad industries and to our nation's economy. Thousands of Braceros would eventually return to the Salinas Valley and establish their lives and families here. Today, thousands of Monterey County families have fathers and grandfathers who were original Braceros workers of that era, but their contributions had never been officially recognized by any level of government until the Monterey County Board of Supervisors took action in 2023.

NOW, THEREFORE BE IT RESOLVED, that the County of Monterey Board of Supervisors, on behalf of the County and all residents thereof, hereby declares once again Bracero Worker History Recognition Week every week of September 17th and remembers the 60th Anniversary of the Chualar Bracero Tragedy of 1963 where 32 Mexican workers tragically lost their lives and 25 injured workers survived.

BE IT FURTHER RESOLVED, that the Monterey County Board of Supervisors hereby encourages all our residents to learn about the significant contributions and legacy of Bracero workers to the agricultural industry in the Salinas Valley and throughout our nation, and we once again celebrate and honor our county's original Bracero workers who set the foundation for future generations of Latino families and leaders in Monterey County and beyond.

Adopt a resolution Recognizing and Celebrating the 40th Anniversary of the Watsonville Cannery Strikes of 1985-1987, the Longest and Most Significant Cannery Strike in United States History. (Supervisor Alejo)

Before the Board of Supervisors in and for the County of Monterey, State of California

Resolution No.:
Adopt Resolution Recognizing and Celebrating the **40th Anniversary of the Watsonville Cannery Strikes of 1985-1987**, the Longest and Most Significant Cannery Strike in United States History

WHEREAS, Beginning on September 9, 1985, in the "Frozen Food Capital of the World," more than 1,750 workers, primarily Mexican women at Watsonville Canning and later Richard A. Shaw, Inc., and members of Teamsters Local 912, walked out in protest after their employers demanded drastic cuts to wages, pensions, healthcare, and seniority rights, including an outrageous forty percent reduction in pay, the elimination of union dues check-off, and severe cuts to health benefits. Watsonville Canning owner Mort Console secured an $18 million loan from Wells Fargo to sustain the company during the strike; and

WHEREAS, In October 1985, the strikers overwhelmingly rejected a $5.05 per hour offer by a vote of 800-1, established a Strikers' Committee to represent their interests, and drew more than 3,000 people to a support rally on October 6, 1985; and

WHEREAS, Despite facing 18 months of extreme hardship, including evictions, financial distress, and immense pressure from powerful interests, the strikers never broke their solidarity, forming rank-and-file leadership and sustaining their movement against overwhelming odds; and

WHEREAS, The Watsonville Cannery Strikes became a rallying cry for the national labor movement, the Latino community, and working-class families across the country, drawing widespread attention and support, including a mass rally with Reverend Jesse Jackson on June 29, 1986, that brought 4,000 supporters to Watsonville; and

WHEREAS, The resolute strikers demonstrated extraordinary courage, resilience, and perseverance, but their solidarity came at a tremendous cost, as dozens of families faced eviction and many others lost their homes. The strikers even urged the Watsonville City Council to adopt a moratorium on evictions but were unjustly denied; and

WHEREAS, In September 1986, Mort Console temporarily shut down operations, sustained by another Wells Fargo loan, and the plant closed again in December amid rumors of a sale. In January 1987, workers and supporters launched protests and pickets at Wells Fargo branches for its role in financing the strike; and

WHEREAS, After enduring plant shutdowns, legal challenges, and financial sabotage, the strikers achieved a historic victory in February 1987 when new ownership recognized their union, restored union protections, reinstated workers to their jobs with full seniority, secured wage parity with the industry standard, granted amnesty to returning strikers, and maintained critical health benefits; and

WHEREAS, On March 6, 1987, the strikers delayed ratification of the proposed contract and launched a hunger strike to demand stronger protections; and

WHEREAS, The strike officially ended on March 11, 1987, when the workers ratified a new contract by a resounding 543-21 vote, forever cementing their struggle as a defining moment in the fight for economic and social justice in California and the United States; and

WHEREAS, The Watsonville Cannery Strikes remain a testament to the unbreakable spirit of a working-class Latino community that stood firmly against injustice, never backed down in the face of adversity, and today symbolize the resilience and strength of the people of Watsonville and the Pajaro Valley.

NOW, THEREFORE, BE IT RESOLVED, that the County of Monterey Board of Supervisors, on behalf of our county and all our residents thereof, proudly commemorates the **40th Anniversary of the Watsonville Cannery Strikes of 1985-1987**, expresses its deepest gratitude to all the strikers and their families. We honor their courage, sacrifices, and lasting contributions to the cause of labor and civil rights, social justice and the demand for a better future for the next generations of Watsonville and Pajaro Valley families.

Monterey County Workforce Development Board

What do you hope to contribute from your participation on the Monterey County Workforce Development Board?

Over 37 years ago I started as an hourly employee making $4.10 an hour at a small hometown bank in Indiana. I worked there over 25 years, while finishing my BS degree in Business and becoming a Vice President of Operations. That was accomplished by opportunities presented to me to learn and develop new skills, talents, and trades. I was afforded many opportunities to grow and learn new skills, and along the way in leadership roles I afford the same opportunities to others.

Providing a path for development of others to success in their careers has been the highlight of my career in banking. My contribution will be to continue providing paths for others to gain, develop, and grow their careers while providing hiring managers and leaders with the community a solid talent pool for recruiting and promoting from within.

What experience in the areas of fundraising, budget analysis, workforce policy development, youth services, knowledge of the labor market, and community involvement or linkages with educational agencies do you bring to the Monterey County Workforce Development Board, as applicable?

I've planned and executed several small to large scale events. At my prior employer, I led Light the Night as one of the largest community initiatives to build awareness of blood cancers and raise money for research and

support with Leukemia & Lymphoma Society. Over the five years as leader, we raised $50k for LLS. It wasn't just about the $ raised, it was the hope on little kid's eyes when the red-light balloons rose to the sky, and they knew we were all there in our own way fighting for a cure.

I've managed teams of up to 300 FTE and budgets well over $20 million.

Youth Services experience has been around my leadership in 4-H and I was once a Big Brother with Big Brothers Big Sisters of America. I've also taught banking 101 skills to middle schoolers and also been invited by MCWDB to present banking 101 to Cadre's within Monterey County. I've also taught banking 101 and how to build credit to over 100 high school youth at Soledad Parks and Recreation.

Membership on the Monterey County WDB requires that each member attend a full WDB meeting every two months, attend training sessions for board members and become an advocate for workforce development. The time commitment for these activities ranges from a minimum of 2 to 4 hours per month. Can you make that time commitment?

Yes

Membership on the Monterey County WDB requires that each member serves on a subcommittee. The time commitment for this activity ranges from a minimum of 2 to 3 hours per month. Can you make that time commitment?

Yes

Why do you wish to serve on the Monterey County Workforce Development Board?

I'd like to serve with the board to make a difference in the lives of our residents and businesses within Monterey County.

Providing skills and paths to successful employment is key to our community's success. As a hiring manager myself, finding excited and qualified talent can be challenging and expensive. I'll work from personal life experiences with other board members to exceed the board's mission and vision.

Acknowledgment

I, the undersigned, certify that the information on this application is true and correct to the best of my knowledge and that, if appointed to serve, I will do so to the best of my ability and in the best interest of Monterey County and its citizens.

a. Receive a verbal update and presentation from Friends of Laguna Seca regarding the required Business and Facility Master Plans as outlined in the Concession Agreement for the Operation and Management of the Laguna Seca Recreation Area and the agreed upon sound study, and;
b. Consider granting an extension to the Friends of Laguna Seca for completion of the Facility Master Plan.

RECOMMENDATION:
It is recommended that the County of Monterey Board of Supervisors:
a. Receive a verbal update and presentation from Friends of Laguna Seca regarding the required Business and Facility Master Plans as outlined in the Concession Agreement for the Operation and Management of the Laguna Seca Recreation Area and the agreed upon sound study, and;
b. Consider granting an extension to the Friends of Laguna Seca for completion of the Facility Master Plan.

SUMMARY/DISCUSSION:
The Laguna Seca Recreation Area (LSRA) is a County of Monterey (County) regional park that encompasses approximately 552 acres, located at 1021 Monterey Salinas Hwy, Salinas, CA 93908. LSRA was formerly part of the Fort Ord Army Base, which, in 1957, permitted the Sports Car Racing Association of the Monterey Peninsula (SCRAMP) to develop and use the land as an automobile racing facility. In 1974, the United States deeded the property to the County. LSRA is home to the iconic WeatherTech® Raceway at Laguna Seca, Laguna Seca Rifle and Pistol Range, multiple campgrounds and miles of hiking, cycling and equestrian trails.

On July 18, 2023, the County entered into a Concession Agreement for the Operation and Management of the Laguna Seca Recreation Area (Agreement) with the Friends of Laguna Seca (FLS). Due to various circumstances, the Agreement did not become operational until August 1, 2024 (Operational Date), following FLS satisfying numerous Conditions Precedent as detailed in Section 2.3 of the Agreement. The initial term of the Agreement is for five and one-half (5 ½) years, with two (2), twenty-five (25) year extensions being granted upon the expenditure of at least fifty million dollars ($50,000,000).

As stated in Section 4.11 of the Agreement, FLS shall present status reports on and updates to the Business Plan to the Board of Supervisors on an annual basis. As the Operational Date was later than anticipated, FLS was not required to present a Business Plan update to the Board on or before January 31, 2025, as it was only five (5) months since taking over the Concession Premises. As the Business Plan will be a fundamental driver for the Facility Master Plan implementation, an update at

this time is being requested.

Since the Operational Date and as required by Section 5.2 of the Agreement, FLS has invested significant resources in addressing immediate repairs needed for track operation, guest services, infrastructure stability and public safety. Section 5.2 of the Agreement also states that within one year of the Operational Date, FLS will present a Facility Master Plan (FMP) to the Board of Supervisors. The FMP is intended to reflect FLS' long-term vision for alterations, additions and improvements to the Concession Premises. The FMP shall also include a Short-Term Capital Improvement Program (STCIP) to be completed within five (5) years of the Operational Date. In addition, FLS has agreed to undertake a sound study to maximize efforts of mitigating noise generated at LSRA as a component of the FMP.

FLS has faced multiple challenges since taking over LSRA operations that have delayed completion of the required update, plan and study. Entering into the operational phase of the Agreement in the middle of the major event season, having multiple management and staffing changes, completion of urgent repair projects and discovery of unknown deficiencies and issues with LSRA infrastructure have all impacted the completion of the FMP. With regards to the sound study, a highly experienced firm has been monitoring sound for both track rentals and major events for a majority of the calendar year. Following the last event of the season on September 27, 2025, the firm will have substantial data to analyze, in order to make a meaningful recommendation for sound mitigation at the facility.

FLS has stated that additional time is needed to complete the FMP and sound study. FLS has been refining their business plan and have identified certain opportunities that are to be important components of the FMP. In addition, FLS has stated that they are considering the significant long-term infrastructure needs of LSRA as well as developing the branding and aesthetic that the FMP needs to reflect as part of the forward Business Plan to make the facility stand out in the highly competitive event and destination market with great success for many years.

FLS is formally requesting an extension until the fourth quarter of Calendar Year 2026, to bring forward a complete FMP and sound study along with the associated investment to realize the FMP.

Given the complexity of taking over operational management of the LSRA facility in a very short period of time and the reasons stated by FLS for the delay, staff is recommending that the Board of Supervisors grant the extension requested by FLS.

OTHER AGENCY INVOLVEMENT:
The Office of County Counsel has reviewed this report as to form and legality.

FINANCING:
Receiving the report will have no effect on the County general fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
Laguna Seca Recreational Area provides direct and indirect financial impacts to the County and its residents. The Concession Agreement, Business Plan and Facility Master Plan supports the Board of Supervisors Economic Development, Infrastructure, and Public Safety Strategic Initiatives by

supporting local and regional economies through tourism, substantially reducing General Fund contributions for maintenance and operation of the facility, protecting and improving County assets, and enhancing the safety of the County staff, facility occupants, and the public. Recreational activities and events support economic development and promote an experience that would encourage repeat customers. Contractor shall defend, indemnify and hold harmless County from any claim or lawsuit contending that such Confidential Information, or information protected by the attorney-client privilege or for some other reason, is required to be disclosed by Contractor to County under this Agreement or applicable law, and subsequently required to be disclosed by County pursuant to The California Public Records Act.

13.2. Notwithstanding anything to the contrary contained in this Agreement, if the whole or any part of the buildings and improvements within the Concession Premises are wholly or partially damaged or destroyed within two (2) years of the Termination Date, then Contractor need not restore the same and Contractor shall, at the request of County, demolish the damaged or destroyed buildings and improvements and remove all debris from the Concession Premises, and County shall be entitled to all proceeds of insurance and right of recovery against insurers on policies covering such damage or destruction, less amounts paid or incurred by Contractor in connection with such damage or destruction.

The foregoing constitutes the full and complete agreement regarding the Concession. This Agreement supersedes all prior agreements and understandings, whether in writing or oral, related to the subject matter of this Agreement that are not set forth in writing herein.

17.2. Amendment.

This Agreement may be amended from time-to-time by mutual consent of the Parties. Such amendments may only be in the form of a writing signed by each of the Parties. No amendment shall be effective without written concurrence by the Secretary of the Interior or his/her delegated representative, NPS.

17.3. Successors and Assigns.

This Agreement and the Concession, and the rights and duties of Contractor hereunder, may not be assigned or delegated without the prior express written consent of County and the National Park Service, Federal Lands to Parks Program. Any attempt to assign or delegate such rights or duties in contravention of this Agreement shall be null and void, grounds for possible termination of this Agreement and possible reversion to the United States of America. Any

DocuSign Envelope ID: 8404D5C0-F9CD-4F7D-ABC0-E805010CA07B

assignment or delegation permitted under the terms of this Agreement shall be consistent with the terms of the USA Deed, the NPS approved Program of Utilization, Use Permit, historical use under prior Concession Premises management arrangements, any contracts then in effect regarding the Concession Premises, and other ordinances or resolutions of County then in effect.

17.4 Compliance with Governmental Laws and Regulations.

Contractor shall comply with all applicable rules, regulations, ordinances, statutes and laws of all county, municipal, state, federal and other governmental authorities, now or hereafter in effect pertaining to the Concession Premises or Contractor's use of the Concession Premises that could include, but not be limited to, CEQA, NEPA, the California Public Records Act, and laws applicable to County for the development or construction of works of public improvement and the letting of contracts for Improvements. Contractor may request the use of County services and County's Job Order Contracting process as may be appropriate or necessary; however, Contractor shall be responsible for all costs associated with such use, including County staff time and expenses. Contractor shall comply with all regulations of the Monterey Bay Air Resources District regarding the storage and dispensing of vehicle fuel at the Concession Premises, and shall maintain any required permit for such storage and dispensing. Contractor shall pay all costs of compliance which are required as a result of or in connection with any act or omission of Contractor or activity of Contractor at the Concession Premises, including, without limitation and if applicable, laws applicable to County for the development or construction of works of public improvement and the letting of contracts for Improvements. Without limiting County's discretion as the owner of the Concession Premises and as the governmental entity with regulatory authority, County will cooperate and coordinate with Contractor to process and approve, in the most expedient manner reasonably practicable, permits and other approvals

necessary or desirable to facilitate the improvement and use of the Concession Premises as contemplated in this Agreement.

17.5 Future Constraints on Use.

If the Parties cannot agree on any modification of this Agreement that addresses the impact of such constraints, Contractor may terminate this Agreement by notifying County within ninety (90) days following receipt of notice of the finality of such adjudication. Both Parties shall, in good faith, fully cooperate and participate in all available proceedings and exhaust all reasonable avenues relating to the prohibition of such use, and shall diligently contest any litigation or other proceeding the object of which is to prohibit such use.

17.6. Dispute Resolution.

In the event there are disputes and/or controversies relating to the interpretation, construction, performance, termination, breach of, or withdrawal from this Agreement, the Parties shall in good faith meet and confer within twenty-one (21) calendar days after written notice has been sent to the Disputing party. In the event that the Parties are not able to resolve the dispute through informal negotiation, the Parties agree to submit such dispute to formal mediation before litigation. If the Parties cannot agree upon the identity of a mediator within ten (10) business

DocuSign Envelope ID: 8404D5C0-F9CD-4F7D-ABC0-E805010CA07B

days after a Party requests mediation, then the Parties shall each select a mediator and those two mediators will select a third mediator to mediate the dispute. The Parties shall share equally in the cost of the mediator or mediators who ultimately mediate the dispute, but neither Party shall be entitled to collect or be reimbursed for other related costs, including but not limited to attorneys' fees.

If mediation proves unsuccessful, the Parties agree all remaining disputes shall be submitted to JAMS for binding arbitration. If a JAMS neutral served as mediator, the same neutral may serve as arbitrator unless either Party objects when the arbitration matter is first set by JAMS. The California Arbitration Act at California Code of Civil Procedure Section 1280 et seq. and the JAMS Employment Arbitration Rules and Procedure then in effect shall govern arbitration hereunder. The arbitration shall be conducted in California. The Parties shall split the cost of the arbitration, including all administrative fees and costs of arbitration, provided that each Party shall pay its respective attorneys' fees. The decision and award of the arbitrator shall be final and binding on the Parties. The arbitrator shall not have the power to commit errors of law, fact, or legal reasoning, and the award may be vacated or corrected on appeal to a court of competent jurisdiction for any such error. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.

To Have and to Hold the hereinbefore described property, subject to the reservations, exceptions, restrictions, conditions and covenants herein expressed and set forth unto the Grantee, its successors and assigns, forever.

The hereinbefore described property is granted by the Grantor to the Grantee subject to any and all outstanding easements for streets, utility systems, rights-of-way, railroads, pipelines, and/or covenants, restrictions, reservations, conditions, and agreements of record which now exist affecting the foregoing described premises.

The Grantor expressly excepts and reserves all oil, gas, and mineral rights and deposits in said land to the Grantor or to such person(s) as may be authorized by the Grantor to prospect, mine, and remove such deposits from the hereinbefore described property under applicable laws.

Pursuant to authority contained in the Federal Property and Administrative Services Act of 1949, as amended, and applicable rules, regulations and orders promulgated thereunder, the General Services Administration determined the property to be surplus to the needs of the United States of America and assigned the property to the Department of the Interior for conveyance to the Grantee.

It is Agreed and Understood by and between the Grantor and Grantee, and the Grantee by its acceptance of this deed, does acknowledge its understanding of the agreement, and does covenant and agree for itself, and its successors and assigns, forever, as follows:

1. This property shall be used and maintained for the public purposes for which it was conveyed in perpetuity as set forth in the program of utilization and plan contained in the application, submitted by the Grantee on July 3, 1973, which program and plan may be amended from time to time at the request of either the Grantor or Grantee, with the written concurrence of the other party, and such amendments will be added to and become a part of the original application.

2. The Grantee agrees to construct new boundary fencing, including appropriate gates, around subject property to the specifications and satisfaction of the Department of the Army; such boundary fencing to become the property of the Fort Ord Military Reservation, which will have responsibility for normal maintenance of said fencing.

3. The Grantee shall, within 6 months of the date of the deed of conveyance, erect and maintain a permanent sign or marker near the point of principal access to the conveyed area indicating that the property is a park or recreation area and has been acquired from the Federal Government for use by the general public.

4. The property shall not be sold, leased, assigned, or otherwise disposed of except to another eligible governmental agency that the Secretary of the Interior agrees in writing can assure the continued use and maintenance of the property for public park or public recreational purposes subject to the same terms and conditions in the original instrument of conveyance. However, nothing in this provision shall preclude the Grantee from providing related recreational facilities and services compatible with the approved application, through concession agreements entered into with third parties, provided prior concurrence to such agreements is obtained in writing from the Secretary of the Interior.

5. From the date of this conveyance, the Grantee, its successors and assigns, shall submit biennial reports to the Secretary of the Interior, setting forth the use made of the

property during the preceding two-year period, and other pertinent data establishing its continuous use for the purposes set forth above, for ten consecutive reports and as further determined by the Secretary of the Interior. Upon receipt of each biennial report the Secretary of the Interior shall review the special two-year use permit issued by the Grantee to the Sports Car Racing Association of the Monterey Peninsula, entitled "Permit for Use of Laguna Seca Raceway by the Sports Car Racing Association of the Monterey Peninsula (SCRAMP)"; and within sixty (60) days after receiving said report shall approve renewal, request modifications, or recommend non-renewal or cancellation of the use permit. Upon recommendation by the Secretary of the Interior, the Grantee shall have the right to cancel said use permit upon one year's notice to SCRAMP.

6. Any and all payments received by the Grantee from SCRAMP for use of a portion of the subject property for vehicular racing in accordance with terms of the special use permit mentioned in paragraph 5 above shall be used by the Grantee solely for recreation development and operations at the subject property (Laguna Seca Recreation Area).

7. If at any time the Grantor shall determine that the premises herein conveyed, or any part thereof, are needed for the national defense, all right, title and interest in and to said premises, or part thereof determined to be necessary to said national defense, shall revert to and become the property of the Grantor. No construction shall occur which would complicate or hinder the full utilization of this property upon reversion to the United States of America as provided in this paragraph.

8. As part of the consideration for this Deed, the Grantee covenants and agrees for itself, its successors and assigns, that: (1) the program for or in connection with which this Deed is made will be conducted in compliance with, and the Grantee, its successors and assigns, will comply with all requirements imposed by or pursuant to the regulations of the Department of the Interior as in effect on the date of this Deed (43 C.F.R. Part 17) issued under the provisions of Title VI of the Civil Rights Act of 1964; (2) this covenant shall be subject in all respects to the provisions of said regulations; (3) the Grantee, its successors and assigns, will promptly take and continue to take such action as may be necessary to effectuate this covenant; (4) the United States shall have the right to seek judicial enforcement of this covenant; (5) the Grantee, its successors and assigns, will (a) obtain from each other person (any legal entity) who, through contractual or other arrangements with the Grantee, its successors or assigns, is authorized to provide services or benefits under said program, a written agreement pursuant to which such other person shall, with respect to the services or benefits which he is authorized to provide, undertake for himself the same obligations as those imposed upon the Grantee, its successors and assigns, by this covenant, and (b) furnish a copy of such agreement to the Secretary of the Interior, or his successor; (6) this covenant shall run with the land hereby conveyed, and shall in any event, without regard to technical classification or designation, legal or otherwise, be binding to the fullest extent permitted by law and equity for the benefit of, and

in favor of the Grantor and enforceable by the Grantor against the Grantee, its successors and assigns; and (7) the Grantor expressly reserves a right of access to, and entrance upon, the above described property in order to determine compliance with the terms of this conveyance.

9. In the event that there is a breach of any of the conditions and covenants herein contained by the Grantee, its successors and assigns, whether caused by the legal or other inability of the Grantee, its successors and assigns, to perform said conditions and covenants, or otherwise, all right, title and interest in and to the said premises shall revert to and become the property of the Grantor at its option which in addition to all other remedies for such breach shall have the right of entry upon said premises, and the Grantee, its successors and assigns, shall forfeit all right, title and interest in said premises and in any and all of the tenements, hereditaments and appurtenances thereunto belonging; provided, however, that the failure of the Secretary of the Department of the Interior to require in any one or more instances complete performance of any of the conditions or covenants shall not be construed as a waiver or relinquishment of such future performance, but the obligation of the Grantee, its successors and assigns, with respect to such future performance shall continue in full force and effect;

IN WITNESS WHEREOF, the Grantor has caused these presents to be executed in its name and on its behalf this the 31st day of October, 1974.

LAGUNA SECA RECREATION AREA
GENERAL DEVELOPMENT PLAN
PROGRAM NARRATIVE

The original Laguna Seca Environmental Impact Report was certified by the Board of Supervisors on January 7, 1975. For three years progress was made to fulfill the approved development plan. However, in July of 1978 the Board of Supervisors accepted a recommendation by the Parks Commission to make the Parks Department become self-supporting and determined that the original EIR adequately addressed selected additional development at Laguna Seca. At the same time, the Board also accepted four basic strategies for achieving this goal. They are as follows:

1. Providing activities and programs supported by fees
2. Encouraging community involvement in volunteerism
3. Constructing revenue generating facilities
4. Involving private enterprise, where compatible, in providing necessary and related services

Significant progress has been made in all these areas and the Parks Department will continue to adhere to these objectives in the future. It is the Department's major objective to provide the people of Monterey County a variety of asthetic, natural and scenic qualities and at the same time regulate such activities so that major consideration is given to preventing environmental damage. Laguna Seca is designed to accommodate recreational activities that cannot effectively be planned for at other existing County facilities.

In our efforts to strive toward the goal of complete self-support, the Parks Department caused a second environmental impact report to be prepared which would address several additional development projects that were not covered under the previous EIR or shown on the general development plan. On March 30, 1983, the Planning Commission certified the second EIR as adequate in identifying potential environmental impacts that might be caused by these additional facilities.

Major projects now under consideration that have been addressed in the most recent EIR include the following:

1. Sports and Range facility improvements
2. Campground multi-purpose building
3. Campground store
4. Youth Hostel building

5. Auto restoration garage
6. Plaza complex
7. Permanent concession operated booths
8. Paddock food service building
9. Auto museum
10. Paddock restroom
11. Employee housing area

It is clear that each of these projects satisfies one or more of the four basic strategies mentioned above.

Laguna Seca is unique in the Monterey County Parks System in that the recreation area had an established spectator oriented activity long before it became a regional park. Up to the point of its acquisition, Monterey County developed and operated most of the day use parks with little or no active recreational programs available to the park patrons. This was the philosophy prior to 1978 and served the County well until the passage of Proposition 13. Fortunately, Monterey County Parks had an edge against Proposition 13 in that the mechanics for park user fees were already well established for various park related services.

Now that the current fiscal situation is upon us, it is even more important that specifically designated active recreation areas, such as Laguna Seca, San Lorenzo and Lake San Antonio, be developed into high use recreation areas in an effort to fulfill the goal of self-support and thereby eliminate the dependancy upon County General Fund monies to operate the park system.

I. PLANNING CLASSIFICATIONS

In accordance with the approved County Park Policy Statement, the staff of the Monterey County Parks Department has utilized a classification system at Laguna Seca and has identified two major planning classifications.

A. Natural Areas - Natural areas are areas of outstanding natural significance where the major values are visual, ecological, and zoological. The purpose of a natural area is primarily the preservation of its outstanding natural features. Development should be for the purpose of making the areas available for public enjoyment in a manner consistent with the preservation of the natural values. Uses for which developments may be made are passive recreational activities such as

camping, picnicking, sightseeing, nature study, hiking, and riding. Such development shall involve no major modifications of the land, forests, or waters; introduction of artificial features that are primarily of urban character shall not be allowed. In planning for developments and uses which are compatible, the intensity of the use, as compared to the ability of the natural area to accommodate people without impairing its quality, shall be carefully studied to avoid overuse.

B. Recreation Areas - A recreation area should be comparatively large and may contain features from some of all the other park unit classifications. These may include special recreation facilities such as overnight camping, range facilities, auto, bicycle and motorcycle racetracks, concerts, festivals, and water-oriented uses. These facilities cater to special recreation interest groups on a regular basis. Recreation areas tend to be high visitation, multiple use areas.

SUMMARY:
In 2012, the County of Monterey created a United States Department of Housing and Urban Development (HUD) Urban County Consortium to become a Community Development Block Grant

(CDBG) Entitlement community. To remain eligible for HUD CDBG funds, the County is required to conduct two public hearings annually on CDBG funding priorities and goals. The County adopts an Action Plan annually in May following a public comment period and public hearing. The 30-day public comment period began on August 14, 2025, and will conclude with this public hearing to consider the Consolidated Annual Performance and Evaluation Report, known as the (CAPER). The CAPER being considered by the Board today summarizes accomplishments for the Fiscal Year (FY) 24/25 CAPER.

CDBG funds may be used to carry out a wide range of community development activities directed toward revitalizing neighborhoods, economic development, and providing improved community facilities and services. As an Entitlement community, the County and its consortium members must prioritize activities which primarily benefit low- and moderate-income persons. Other eligible activities may aid in the prevention or elimination of slums or blight and activities that meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. CDBG funds may not be used for activities which do not meet one of these national objectives.

In FY24/25, the County was allocated $1,194,203 in regular CDBG funding. CDBG regulations cap the amount of grant funding that may be used for administrative costs to 20% or $238,840 toward program administration based on the FY24/25 allocation and 15% or $179,130 toward public service projects.

DISCUSSION:
The County's Consolidated Plan, which is prepared every 5-years and guides development of the Annual Action Plans, identified seven programmatic areas for CDBG funding priorities to primarily benefit low-moderate income communities. These programmatic areas are: Affordable Housing; Fair Housing; Homeless and Homeless Prevention Services; Infrastructure Improvements; Public Facilities; Public Services and General Program Administration. The Urban County's accomplishments in each of these areas during FY24/25 is summarized below.

The CAPER closes the FY24/25, July 1, 2024-June 30, 2025, by summarizing the accomplishments and the progress the Urban County made towards the goals and objectives it established in its Annual Action Plan (AAP). The FY24/25 AAP was approved by the Board of Supervisors on May 14, 2024. The AAP allocated CDBG funds in the amount of $427,191 for one public facility project in South Monterey County and $376,450 for two public facility projects in North Monterey County; $179,130 for seven public service activities; and, $238,840 for general program administration.

Public Facilities – The Urban County allocated $427,191 for Greenfield Walnut Avenue Pedestrian improvements, $286,450 for Veterans Transition Center Solar Empowerment, and $90,000 for Del Rey Oaks project. Greenfield and Del Rey Oaks projects are still in progress and incomplete. Veterans Transition Center Solar Empowerment completed install on Veteran's housing on May 30, 2025. Las Lomas sidewalks were funded in the previous fiscal year in the amount of $200,000 and work was completed on May 31, 2025.

Public Services – During FY24/25, the Urban County allocated approximately $179,130 to support a wide range of public services. Services included youth leadership development programs in Gonzales, Greenfield, and North County; providing food security and companionship in North County and the Salinas Valley; and programs to help maintain the independence and quality of life for the disabled and seniors. These services benefitted an estimated 1,694 primarily low-moderate income Monterey County residents last year.

Alliance on Aging: **104**
Boys and Girls Club of Monterey County: **624**
Central Coast Young Mens Christian Association: **695**
Girls Inc: **93**
Interim, Inc.: **23**
Meals on Wheels of the Salinas Valley: **29**
Meals on Wheels of the Monterey Peninsula: **126**

Fair Housing – The Urban County retained the services of the Eden Council for Hope and Opportunity (ECHO) to provide fair housing activities during FY24/25. They assisted approximately 134 people with fair housing services and tenant/landlord dispute resolution. The Tenant/Landlord Counseling Program provides information to tenants and landlords on their housing rights and responsibilities. Additionally, ECHO has trained mediators to assist in resolving housing disputes through conciliation and mediation. The primary objective of the program is to build awareness of housing laws and prevent homelessness.

The County budgets the maximum amount possible for general administration even if it may not need the full amount. Any unused public service or general administration funds may only be used for affordable housing, community facilities, or public facilities in a subsequent year. The Urban County will rollover approximately $75,479 from these FY24/25 sources to FY25/26.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The cities of Del Rey Oaks, Gonzales, Greenfield, and Sand City partnered with the County to be designated as an Urban County for the HUD Consolidated Plan from 2020-2024. For the new Consolidated Plan from 2025-2029, Del Rey Oaks is no longer with the Urban County and Marina has joined.

FINANCING:
This action does not change the current FY25/26 appropriations, revenues, or positions as it reports on outcomes for the prior fiscal year. The HUD grant is an annual agreement. If the County complies with grant requirements, the County may elect to continue to receive annual entitlement funding, subject to the federal budget process.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
Authorizing the Urban County to submit the FY24/25 CAPER to HUD by September 30, 2025, is required to keep the Urban County in compliance with HUD CDBG requirements. Continued eligibility for the Urban County designation will allow the County to continue to receive the Entitlement Allocation of CDBG from HUD, approximately $1.3 million annually.

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

Program Year (PY) 2024/25, is the fifth year of the 2020-2024 Monterey Urban Count Consolidated Plan. The Urban County used the allocation of $1,194,203 CDBG Entitlement (CDBG) funds, $10,000 in program income and $144,858 in prior year resources to support programs, services, and projects that contribute to a decent housing and suitable living environment for low- and moderate-income persons and households.

The Urban County's 2020-2024 Consolidated Plan identified the priorities below as some of the most critical needs in the Urban County:

- Affordable Housing
- Fair Housing
- Homeless Services and Homelessness Prevention
- Infrastructure Improvements
- Public Facilities
- Public Services

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

The major activities undertaken by the Urban County using CDBG Entitlement funding are listed below:

CDBG ENTITLEMENT ACTIVITIES

Public Services

- A grant to provide Fair Housing services to Eden Council for Hope and Opportunity (ECHO). The EHCO program is funded under the Administration Cap and is available to all residents in the County.
- A grant to the Alliance on Aging to provide senior services outreach. 108 seniors were assisted.
- Grants to two agencies (South County Youth Program and Services and Girls Inc. of the Central Coast) providing youth services in various areas of the unincorporated County. Together, these agencies provided services to 650 youth.
- A Grant to Interim, Inc. to provide homeless outreach in unincorporated areas of the County as well as Sand City, Del Rey Oaks, Gonzales, and Greenfield. 21 homeless individuals were provided services.
- A grant to the Central Coast Young Mens Christian Association (YMCA) to provide childcare

services at Pajaro Park. This program benefited 849 low- and moderate-income children.

- Grants to two different agencies providing much-needed meals-on-wheels services. Together these programs served 112 seniors.

Capital Investments

- The Walnut Avenue Pedestrian Improvements Project was awarded $1,293,985 in a combination of PY 2022/23 and 2023/2024 CDBG funds. Environmental review has been completed. Approval of land acquisition is anticipated to occur in the Fall of 2025.
- The Aromas Sidewalk Improvement Project was awarded $167,450 in CDBG funds. The project was completed in PY 2024/25. Americans with Disabilities Act (ADA) compliant sidewalks were built allowing the community safe passage to the elementary school and business community.
- The City of Del Rey Oaks was allocated $90,000 in CDGB for funding of Del Rey Park accessibility improvements. The City is working on the project scope, which may be expanded to include improvements to City Hall.
- The County was allocated $286,450 for a Solar Empowerment project at the Veteran's Transition Center located in the City of Marina. Construction was completed during PY 2024/25; however, the County is working with the contractor on final punch list items and the project will be closed in PY 25/26.

The specific expenditures and accomplishments for PY 2024/25 Entitlement funds are shown in Table 1.

The goals and accomplishments shown in Table 1 on the following pages do not include the goals and accomplishments related to the Urban County's CDBG-CV funds.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

All activities funded in PY 2024/25 directly addressed high priorities and associated objectives which were identified in the 2020-2024 Consolidated Plan. Many of the activities funded in PY 2024-25 met or exceeded their goals. A few of the most significant of those are listed below:

- The Alliance on Aging exceeded their goal of serving 100 seniors.
- The South County Youth Program and Services exceeded their goal of serving 500 youth.
- The Pajaro Park Program exceeded their goal of serving 300 youth aged 3-15 by 183%.
- The MCHOME outreach program exceeded their goal of assisting 20 persons.
- The Meals on Wheels programs exceeded their goal of assisting 96 seniors by 17%.

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The information in Table 2 represents CDBG funded programs. Overall, 1,740 persons/households were assisted in CDBG programs. Of the 1,740 for whom race, and ethnicity data was collected, 1,058 identified themselves as belonging to racial categories not provided for in Table 2. As a result, only 682 residents are reported in the race section of the table. All 1,740 of those served provided information on ethnicity. Of the 1,740 served, 1,322 (76 percent) identified themselves as Hispanic.

The County assisted additional persons/households through the ECHO fair housing program. This program is part of the CDBG administration funds and, therefore, racial and ethnic information is not included in Table 2. However, reports from ECHO showed that, of the 145 persons/households assisted during Fiscal Year (FY) 24/25, 133 identified as White, eight as Black or African American, and one as Asian. A total of 83 persons/households identified themselves as Hispanic.

According to the most recent Census data (2018-2023) on the County of Monterey overall, of those residents who identified as one race, 36.5 percent are White, 2.2 percent Black, 5.8 percent Asian, 0.8 percent American Indian/Alaska Native, 0.5 percent are Native Hawaiian or Other Pacific Islander, and 40.7 percent are Some Other Race. Approximately 14 percent of residents identified as two or more races and 60 percent identified their ethnicity as Hispanic. These percentages are inclusive of all residents inside Monterey County, including the CDBG Entitlement jurisdictions within the County boundaries, and do not necessarily represent the racial make-up of the service area of the Urban County.

The percentage of Whites served with CDBG funds in PY 2024/25 was approximately 38 percent, which is close to the percentage of Whites in the County of Monterey overall (37 percent). The percentage of Blacks, Asians, American Indian/American Natives, and Native Hawaiian or Other Pacific Islanders served was also similar to the percentages in the County of Monterey overall. Significantly, the percentage of residents who identified themselves as Some Other Race was higher at 56 percent, which is much higher than the County of Monterey overall (41 percent) and may be why the other single race categories were

lower. The percentage of those served identifying their Ethnicity as Hispanic was also higher (74.5 percent) than the County as a whole (60 percent). As noted above, this may be because the statistics for Monterey County include the Entitlement jurisdictions located within its boundaries, not just the Urban County's service area.

Narrative

The County does not allocate funding geographically. All PY 2024/25 CDBG-funded programs were open to all those who wished to participate. In this way, all activities were available to all residents of the Urban County.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

During PY 2024/25, the County used CDBG to fund programs with agencies who also had access to a variety of other funding sources. Private funding from foundations, corporations, and individuals, as well as a variety of state and local funding sources, leveraged the CDBG funds each of those agencies received. As part of the application and reporting process, subrecipients report their total activity cost and the sources of funding. Based on that information, CDBG funding accounted for only a fraction of the activity costs reported by the subrecipients.

The County has some sources of funding for affordable housing. These include Inclusionary Housing In-Lieu fees, Program Income, and competitive State HOME funds. Many of these funds are being spent down and future funding will be at reduced levels. The County supports the Department of Social Services which administers Emergency Rental Assistance, the Homeless Housing, Assistance and Prevention funding, Housing Disability Advocacy Program, Bringing Families Home, and the CalWORKs Housing Support Program, which has expanded to include homeless prevention services.

The Urban County is leveraging other funds on several projects:

- An Exclusive Negotiation Agreement with an affordable housing developer to create affordable housing on a County-owned parcel. The land is valued at over $2.6 million dollars. Federal, State, and other local funds may be used. The project has entitlements and applications for other funding are underway.
- Development of the first phase of Greenfield Commons. In this phase, 100 units of the 200 unit affordable housing rental project were completed. The project is funded by an HCD Accelerator loan of over $55 million, a SERNA loan of over $9 million, almost $2 million from the County's Housing Trust Fund, and $35,000 in CDBG funds. The project has a temporary certificate of occupancy and is leasing out units to households earning 30-70% Area Median Income (AMI).
- Lightfighter Village is a 100% affordable rental property for veterans and their families which broke ground in April, 2023. Funding includes over $52 million in California Accelerator funds, Veteran' Housing and Homeless Prevention funds, No Place Like Home funds, U.S. Department of Housing and Urban Development (HUD) 811 funds, Project-Based Vouchers issued by the Monterey Housing Authority, and County Trust Fund funds. The project is complete and lease-up is taking place for households earning 30-50% AMI.

Matching Requirement

The CDBG program does not have a matching requirement.

Publicly-Owned Land or Property

- In 2020, the County entered a 10-year, zero-cost lease agreement with a partnership of two 501(c)(3) organizations, Community Human Services and Gathering for Women, for the on-going use of a parcel of land in the City of Seaside. Casa de Noche Buena a low-barrier emergency shelter for homeless individuals in the Monterey Peninsula. The site is used for emergency shelter and navigation services, and can accommodate 28-35 persons, depending on family size. Capital and funding for starting operations came from the Homeless Emergency Assistance Program in 2019. The program receives operational contributions from the Monterey peninsula cities, including Seaside, as well as the County. The Monterey County Department of Social Services has provided $100,000 in Homeless Housing, Assistance and Prevention and County homeless funds for operations of this program every year since FY 20-21.
- The Share Center at 855 East Laurel has been open since May 26, 2021, and is supported by County General Funds, California Permanent Local Housing Allocation grant funds, and City of Salinas contributions. This shelter has 124 beds.
- The Seaside Shelter, located at 1292 Olympia Avenue, is open and is a 35-bed year-round shelter.

Table 6 – Number of Households Supported

The Urban County is participating in the development of several affordable housing projects as noted in CR-15 Leveraging section earlier in this document. County-owned land, No Place Like Home funds, and funds from the Permanent Local Housing Account play a key role in several projects. Lease up on two of these projects is occurring in PY 2025/26, at which time those benefiting will be reported in the tables above.

The County also has over $2.3 million dollars in State of California Housing and Community Development (HCD) HOME funds, which are program income from an HCD competitive HOME grant the County received in 2010. These funds were intended to use for downpayment assistance, but unfortunately, the HCD limits on sale prices and maximum assistance to be provided make the program infeasible, even in the more rural parts of the unincorporated County.

The Urban County does not receive Emergency Shelter Grants or HOME Program funds from HUD. The Urban County's 2020-2024 Con Plan did not establish goals related to developing affordable housing. No

goals were set for the use of CDBG funds for affordable housing in the PY 2024/25 Annual Action Plan. Given the need for infrastructure improvement in local low- and moderate-income communities, as well as the need for social services in those same communities, the County has determined those activities are the best use of CDBG funds.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The Urban County is meeting the goals set in the PY 2024/25 Annual Action Plan and has not encountered any problems in meeting those goals. Two of the projects (Walnut Avenue Pedestrian Improvements and Del Rey Accessibility Improvements) have been funded but are still in the implementation process.

Discuss how these outcomes will impact future annual action plans.

The Urban County believes the programs and activities undertaken in PY 2024/25 effectively addressed the needs of the community. It will continue to use its CDBG entitlement funds to provide services that center on keeping low and moderate households in the homes in which they already reside and for infrastructure improvements. There is an ongoing need for infrastructure projects in low and mod income communities and to make public facilities and parks accessible.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Urban County works primarily through third parties to conduct regular outreach and assessment of homeless persons. These organizations include the Coalition of Homeless Service Providers (CHSP), Community Human Services, the County Department of Social Services, and the Veterans Transition Center. In PY 2024/25, the Urban County used CDBG to fund Interim Inc. directly to conduct outreach to the unhoused population, determine their individual needs, provide emergency shelter options, and provide linkages to support services and resources designed to set them on a successful path to transitional or permanent housing. The goal of Interim Inc was to reach 20 unhoused persons. A total of 21 unhoused persons were assisted in PY 2024/25.

Through the CHSP several teams outreach directly to the unhoused. The CHSP serves as the local Continuum of Care (COC) lead agency, administrator of the Homeless Management Information System, the coordinated entry system, and is responsible for the implementation of the 5 Year Plan to Reduce Homelessness. CHSP's membership consists of over 20 not-for-profit organizations who share the mission of ending homelessness. These outreach teams provide assessments, help with encampment clean-up, food and medical services, linkages to services, and mobile case management.

The County continues to invest in a wide-array of homelessness programs like low-barrier navigation centers, street outreach, rapid re-housing, and transitional/permanent supportive housing interventions. County Dept of Social Services established a grievance procedure for clients who have concerns about a County-funded program.

The County is also involved in assessing the needs of the unsheltered living in encampments on a regional level. In PY 2024/25, the County of Monterey Department of Social Services invested in street outreach conducted on the streets and in homeless encampments. The outreach staff evaluate the needs of each person encountered and assist with finding resources to meet their needs, including emergency and permanent housing.

Understanding the needs of people experiencing homelessness, particularly those who are unsheltered, requires consultation to ensure strategies and policies meet their needs. The County is deeply involved in collaborating with several different agencies who are consulting with these advisory groups in a variety of ways.

- The County holds four permanent seats on the local COC governing board which are reserved for the directors of the Department of Social Services, Department of Health, and County Administrative Office Homelessness Strategies and Initiatives, along with a Monterey County Supervisor. The COC convenes committees in which County staff are actively collaborating with people with lived experience.
- The County sponsors the annual Lead Me Home Summit on Homelessness, where the voices of people

with lived experience are lifted up and decision-makers are able to learn about root-causes of homelessness, best practices, and innovative solutions.

Addressing the emergency shelter and transitional housing needs of homeless persons

As noted earlier, the County of Monterey works primarily through third parties to conduct regular outreach and assessment of homeless persons. These organizations include the Coalition of Homeless Service Providers, Community Human Services, the County Department of Social Services, Interim, Inc., and the Veterans Transition Center.

The Interim Inc. MCHOME Program will provide both emergency shelter and linkages to resources that can assist homeless individuals with obtaining transitional housing.

In 2020, the County entered a 10-year, zero-cost lease agreement with a partnership of two 501(c)(3) organizations, Community Human Services and Gathering for Women, for the on-going use of a parcel of land in the City of Seaside. Casa de Noche Buena is a low-barrier emergency shelter for single women and families with children in the Monterey Peninsula. The site is used for emergency shelter and navigation services, and can accommodate 28-35 persons, depending on family size. Capital and funding for starting operations came from the Homeless Emergency Assistance Program (HEAP) in 2019. The program receives operational contributions from the Monterey Peninsula cities, including Seaside, as well as the County. The Monterey County Department of Social Services has provided $100,000 in Homeless Housing, Assistance and Prevention (HHAP) and County homeless funds for operations of this program every year since FY 20-21.

The County participated in the development of the SHARE Center which has 100-110 beds (depending on family size) and offers wrap around services for the people experiencing homelessness. Funding for the construction of the SHARE Center was solely funded by HEAP; however, the City of Salinas and County use Emergency Solutions Grants Program (ESG), ESG-CV, Measure G Capital Improvement Program (CIP), Supported Employment in State Government (SESG), HHAP, and general funds for operations. Additionally, the County continues to support the SHARE Center in its efforts to outreach to the homeless by contributing $1.5 million from its Permanent Local Housing Allocation.

The County also uses significant resources to serve people experiencing homelessness and suffer from a severe mental health illness or substance use disorder, through Behavioral Health Bridge Housing funding that added 110 beds.

Other efforts and funding include:

- $8 million Encampment Resolution Funding grant that will build 34 non-congregate units to serve as a Low Barrier Navigation Center.
- $4 million Encampment Resolution Funding grant that will build 16 non-congregate units to serve as a low barrier interim housing facility.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities,

mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

In FY 2024-25, the Urban County used CDBG to fund four agencies providing services which impact the stability of housing for residents throughout the region, thereby avoiding possible homelessness as shown below:

- A grant to provide Fair Housing services to Eden Council for Hope and Opportunity (ECHO). The EHCO program is funded under the Administration Cap and is available to all residents in the County.
- A grant to the Alliance on Aging to provide senior services outreach. 108 seniors were assisted.
- Grants to two different agencies providing much-needed meals-on-wheels services. Together these programs served 112 seniors.

Additionally, the County:

- Has an active Memorandum of Understanding with the Public Housing Authority and Continuum of Care to provide eligible transition-aged youth who are aging out of foster care with Foster Youth for Independence Vouchers;
- Is in the process of developing a new Recuperative Care Center for individuals being discharged from hospitals; and
- Has opened a Re-Entry Center for people being discharged from County jail;
- Has several Prop 47 grants to serve people being discharged or being diverted from jails and prisons.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Urban County used CDBG funds in PY 2024/25 to directly fund Interim Inc. to conduct outreach to the homeless and provide emergency housing and linkages to support services and resources designed to set them on a successful path to transitional and permanent housing.

The Urban County works primarily through third parties, including the Coalition of Homeless Service Providers, Community Human Services, the County Department of Social Services, and the Veterans Transition Center to provide linkages to supportive services to assist the formerly homeless to move to permanent housing. Those services also work to ensure that the formerly homeless maintain permanent housing and a stable living environment and do not become homeless again. The Urban County continues

to rely on that vast network of public and nonprofit agencies to help those experiencing homelessness make the transition to permanent housing and independent living.

Additional efforts to assist chronically homeless households transition from homelessness to housed includes:

- Investing $6 million to the Public Housing Authority and City of King to develop a 55-unit permanent supportive housing project specifically for individuals who were chronically homeless and living along the Salinas River;
- Investing $4 million into a low-barrier interim housing facility in Soledad to provide shelter and housing navigation/rapid re-housing services to chronically homeless individuals living along the Salinas River;
- Investing $8 million into the development of a Low Barrier Navigation Center to provide shelter and housing navigation/rapid re-housing services to chronically homeless individuals living along the Pajaro River;
- Investing $2.5 million into the development of a permanent supportive housing program in partnership with the City of Salinas and Housing Authority;
- Pairing rapid rehousing funding with emergency shelters wherever possible; and
- Resourcing community-based organizations with rapid rehousing funding through the State's Housing and Disability Advocacy Program, Housing Support Program, and HOME Safe.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Housing Authority County of Monterey (HACM) is the Public Housing Authority (PHA) and the public agency that provides rental assistance and manages affordable housing throughout Monterey County. The HACM has established the Monterey County Housing Authority Development Corporation (HDC) to manage former public housing developments. There are 22 properties with 1,091 units under HDC management. Approximately one-quarter of the units are restricted to farmworker families. Another quarter of the units are restricted to seniors or persons with disabilities.

Beginning in 2015, the HACM initiated the process of converting the public housing developments into project-based rental assistance units through HUD's Rental Assistance Demonstration program. That conversion process has been completed.

Six HDC-managed affordable housing projects are in the Urban County area.

- 48-unit Paseo de las Rosas in Castroville – restricted to farmworkers
- 29-unit Vista del Valle in Chualar – restricted to farmworkers
- 79-unit Rippling River in Carmel Valley – restricted to seniors or persons with disabilities
- 20-unit Casa de Oro in Gonzales – restricted to seniors or persons with disabilities
- 30-unit Casa Santa Lucia in Gonzales
- 50-unit Los Ositos in Greenfield – restricted to seniors

There are currently no housing developments located in Sand City or Del Rey Oaks.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The HACM/HDC do not have programs that encourage or prepare residents to become homeowners, but they do promote a range of activities to increase resident involvement in its housing program including:

- Requiring each adult household member to participate in eight hours of community service.
- Conducting tenant meetings to receive input from residents.
- Conducting specific meetings before the HACM Board of Directors regarding tenant involvement.
- Encouraging the creation of neighborhood watch programs.

Actions taken to provide assistance to troubled PHAs

The Housing Authority of the County of Monterey is not designated as "troubled" and did not require assistance from the Urban County.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Many of the State and federal public policies designed to protect workers and the environment can have the unintended consequence of significantly increasing the cost of construction, making it that much more difficult to develop affordable housing. The County has no control over these policies and cannot reduce their impacts on the development of affordable housing. However, the County is working to remove or ameliorate negative effects of public policies when possible.

The Urban County is currently in the process of updating the Housing Element of the General Plan (Housing Element) for the 6th Cycle – 2023-2031. The current approved 2015-2023 Housing Element will remain in place until the new Housing Element is adopted. The County's Housing Element covers only the unincorporated county direct jurisdiction. The cities of Gonzales, Del Rey Oaks, Greenfield, Sand City their own individual Housing Elements.

The County's Housing Element identifies the various constraints which impact the development of affordable housing and has put in place policies and programs which are designed to reduce those constraints. Several programs in the 2015-2023 Housing Element were designed to proactively encourage the development of affordable housing including the Affordable Housing Overlay, Inclusionary Housing Policy, and Density Bonus Ordinance. According to the 2024 Housing Element Annual Progress Report, the County continues to make progress on several programs designed to remove barriers to affordable housing, including:

- Implementing the requirements of Title 21, specific to the community of Castroville
- Using a combination of rezoning, incentives, concessions, waivers, and other modifications to encouraging the development of 1,848 affordable units
- Preparing a nexus study to adjust or eliminate the Traffic Impact Fee imposed by the Castroville Community Plan.
- Preparation of a Community Plan for the Moss Landing community.

In accordance with State law, the Urban County will continue to foster and maintain affordable housing development through the following:

- Streamline affordable housing development, including exempting certain projects from the California Environmental Quality Act (CEQA) processing.
- Develop objective standards to facilitate housing development.
- Where feasible, waive, reduce, or defer fees for affordable housing

- Allow certain types of housing by right without discretionary review to streamline housing development

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The Urban County uses CDBG funds to sponsor smaller, targeted programs for underserved populations which are concentrated in the communities of Monterey, Salinas, and Seaside. The Urban County's most underserved populations are the unsheltered and youth. In addition to the extensive efforts to assist the homeless as noted in prior sections, the County used PY 2024/25 CDBG funds to support youth and homeless programs including:

- Interim Inc. is funded to provide emergency housing for the homeless and linkage to support services and resources.
- Girls, Inc of the Central Coast uses CDBG funds to provide programs for elementary, middle school, and high school youth to avoid peer pressure and develop healthy confidence and leadership skills.
- The Central Coast YMCA was awarded CDBG funds to operate a youth sports leagues in the low- and moderate-income in the Pajaro community.
- Using CDBG funds, the Boys and Girls Club of Monterey County provides school supplies, education and support to at-risk youth at the Camphora, Alta, and Tower apartments.

The Urban County will continue to foster relationships with the existing network of public and nonprofit agencies to deliver a variety of housing and supportive services for the homeless and youth in the community and help bridge the funding gap by allocating CDBG funds to these agencies. These organizations include the Coalition of Homeless Service Providers, Community Human Services, the County Department of Social Services, and the Veterans Transition Center. County departments actively pursue other State and federal funding to assist people in unstable living environments.

Other actions taken to address obstacles to meeting underserved needs are:

- Continual community engagement surveys, listening sessions, and townhalls;
- The Monterey County Interdepartmental Committee on Homelessness, that hosts representatives from key departments like the County's Housing and Community Development Department, Social Services Department, Health Services Department, County Administrative Office, Public Works, Facilities, and Parks, Sheriff's Office, and Libraries.
- The Stepping Up Initiative, which brings together representatives from the Behavioral Health Bureau, Military Veterans and Affairs Office, Public Defenders, Health Department, Courts, District Attorney, Sheriff's Office, and County Administrative Office;
- CalAIM Planning effort, which is to investigate the State's Medi-Cal waiver implementation and increase collaboration across county departments through a system mapping exercise and recommendations to improve services.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

In Monterey County, lead poisoning is addressed by the Monterey County Health Department Childhood Lead Poisoning Prevention Program (CLPPP). CLPPP provides services to the community to:

- Increase awareness of the hazards of lead exposure
- Reduce lead exposure
- Increase the number of children assessed and appropriately blood tested for lead poisoning

A public health nurse provides home visitation and case management, and a registered environmental health specialist provides environmental home inspections to families of children found to be severely lead-poisoned.

The Urban County provides information on the dangers of lead-based-paint to the public through informational flyers available at the Planning Counter. Local code enforcement staff will continue to provide information on lead-based paint hazards and resources to abatement.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The Urban County seeks to assist people living in poverty (extremely low-income households earning less than 30% of the AMI) by providing funding for programs including food security services, housing assistance, supportive services, economic development assistance, and job training opportunities. In PY 2024/25, the Urban County again provided CDBG funding to the Boys & Girls Club, Girls, Inc., and the Central Coast YMCA to provide youth leadership training and development with the goal of giving the next generation more resources and skills to break the cycle of poverty.

The Urban County partners with the Workforce Development Board and other social service and nonprofit agencies to encourage private sector development of higher paying jobs and job/vocational training for residents of the County. The Urban County's Economic Development Department works with the private sector to encourage the development of higher paying jobs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

There are gaps in the geographic coverage within the Urban County. Most affordable housing and licensed care facilities in the County are found in Salinas and Monterey. Most services follow this trend. For the Urban County, allocating up to 15 percent of the CDBG funds for supportive services is an important step in addressing gaps in the service delivery system. A portion of the CDBG funds is also used to address costs associated with program delivery.

In addition, the County Homeless Services Director position represents the County's commitment to developing institutional structure. The Director works with all Urban County Departments to help guide the County's approach to homelessness. Urban County staff are working with the Homeless Services Director and continue to communicate with HUD staff, consult with neighboring CDBG jurisdictions, and attend HUD trainings to expand their knowledge of the CDBG program.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Urban County works with Coalition of Homeless Services Providers (CHSP), which in 2021 prepared the Lead Me Home Plan entitled 5 Year Plan to Reduce Homelessness in Monterey and San Benito Counties, June 2021 to June 2026 (Plan). The CHSP includes a wide array of agencies working in coordination to address homelessness. As the COC lead agency, the CHSP supports the COC governing body which include county staff, elected officials, youth and veteran-serving non-profits, affordable housing developers, fair housing agencies, direct service providers, the Housing Authority of the County of Monterey, People with Lived Experience, and other government other entities.

Activities to enhance coordination in PY 2024/25, included inviting private housing and social service agencies were invited to attend public meetings related to the CDBG program and to apply for CDBG funding. The Urban County continued to maintain and expand the outreach list for the CDBG program.

As noted earlier in this section, the Urban County's Homeless Services Director works with other Urban County Departments and a wide variety of local and regional agencies to develop a coordinated approach to homelessness. This coordination includes working consistently with all Urban County Departments, other governmental agencies, health and mental healthcare agencies, public health agencies, economic development agencies, and law enforcement and emergency management agencies. The Homeless Services Director also serves on the Advisory Committee of the California Interagency Council on Homelessness, a state-wide organization whose mission is to fund and facilitate the preservation and expansion of safe, affordable housing and advancing statewide collaborative efforts to prevent and end homelessness.

In PY 2024/25, the Homeless Services Director developed an Encampment Response Policy and Procedures, in accordance with the Governor's Order N-1-24. These procedures are based on a comprehensive, deliberate, and compassionate approach to address encampments on public lands within unincorporated areas of the County. The Director meets weekly with the Housing Authority of the County of Monterey and serves on many COC-led committees.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

HUD no longer requires the Analysis of Impediments to Fair Housing Choice.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Urban County uses the City Data Services (CDS) system to track activities and expenditures of CDBG funds. In PY 2024/25, no invoices were paid until the associated reports on activities were received. Urban County staff kept in contact with Subrecipients by phone and email and tracked the timely submission of reports and invoices in CDS. Urban County staff also recommends to the Subrecipients that they read the "Playing by the Rules" guidebook produced by HUD, and it encourages Subrecipients to contact Urban County if additional technical assistance is needed.

In PY 2024/25, County staff conducted on-site monitoring visits to seven CDBG-funded agencies to ensure funds were being used consist with the approved scope and that HUD requirements were being met.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The County published notices announcing the availability of the PY 2024/25 CAPER for a public comment in both Spanish and English for a period from August 14 to September 16, 2025. Notices were published in the and Monterey County Weekly in English and Spanish. The Urban County made the PY 2024/25 CAPER available for review at the County's Housing and Economic Development Office in Salinas and at each participating jurisdictions' City Hall. The CAPER is also available on the County's website.

The notice informed residents where to submit written comments and when the Board of Supervisors would consider the CAPER. The CAPER public hearing notices were published for 30 days, which is longer than the HUD minimum of 15 days.

The Monterey County Board of Supervisors conducted a public hearing on the PY 2024/25 CAPER on September 16, 2025. The Urban County did not receive any public comments prior to or during the public hearing.

Receive a referral from the Legislative Committee requesting that the Board consider a position on Proposition 50, the Use of Legislative Congressional Redistricting Map Amendment on the California special election ballot on November 4, 2025.

RECOMMENDATION:
It is recommended that the Board of Supervisors receive a referral from the Legislative Committee requesting that the Board consider a position on Proposition 50, the Use of Legislative Congressional Redistricting Map Amendment on the California special election ballot on November 4, 2025.

SUMMARY:
The Legislative Committee met on September 8, 2025, and reviewed Proposition 50, the Use of Legislative Congressional Redistricting Map Amendment. Proposition 50 will appear on California's special election ballot as a legislative referred constitutional amendment on November 4, 2025. The Legislative Committee received information, discussed, and referred Proposition 50 to the Board of Supervisors for consideration.

DISCUSSION:
The California legislature passed three measures to temporarily require new congressional district maps be used in California's congressional elections through 2030.

- AB 604 (Aguiar-Curry/Gonzalez) Redistricting: Congressional districts. - This bill specified the maps that define the congressional districts for the special election vote.
- ACA 8 (Pellerin) Ballot Initiative - Proposition 50 - Congressional Redistricting. - This measure, notwithstanding the authority of the Citizens Redistricting Commission, requires the state to temporarily use the congressional districts reflected in AB 604 of the 2025-26 Regular Session for every congressional election until the new congressional boundary lines are drawn by the commission in 2031.
- SB 280 (Cervantes) Elections. - This bill calls for a special election in November.

AB 604, the map amendment, has become Proposition 50, as AB 604 cannot take effect without voter approval. A special election will now be held on November 4 of this year, allowing voters to approve the new congressional maps.

Proposition 50: the Use of Legislative Congressional Redistricting Map Amendment.

Legislatively Referred Constitutional Amendment.

Proposition 50 authorizes the state to use a new congressional district map from Assembly Bill 604 (AB 604). The new congressional district map would be used to elect members of the U.S. House of Representatives from 2026 through 2030. The proposed map would replace existing maps, which the 14-member Citizens Redistricting Commission adopted on December 27, 2021, for elections from 2022 through 2040. Proposition 50 would provide that the Citizens Redistricting Commission will redraw congressional districts following the next census in 2031.

A "YES" vote on Proposition 50 supports amending the California Constitution to allow the state to use a new congressional district map for 2026 through 2030. The new congressional district map is included in AB 604.

A "NO" vote on Proposition 50 opposes the constitutional amendment, keeping the existing congressional districts map in place. The 14-member Citizens Redistricting Commission adopted the existing congressional district maps on December 27, 2021, for use in elections from 2022 through 2030.

The purpose of the Proposition is to nullify redistricting in Texas, which will likely add five additional seats to the Republican Party. By taking this action, California will give the California Democratic Party a greater chance of picking up five more seats currently held by Republicans in the U.S. House of Representatives during the 2026 midterm elections. The maps would also help shore up seats barely held by Democrats in five other districts.

Proposition 50 is supported by a mix of political leaders, labor unions, and progressive organizations who see the measure as a strategic response to Republican-led redistricting efforts in states like Texas. The largest donor to the support campaign is the House Majority PAC, which has contributed $3.5 million. Proposition 50 is opposed by a mix of conservative groups, and Republican lawmakers. The largest donor to the opposition campaign is Charles T. Munger, Jr., who contributed $20.1 million.

The Secretary of State's Official Voter Information Guide for California's Special Election on Tuesday, November 4, 2025, is not yet available.

The Legislative Analyst Office (LAO) published a report on Proposition 50 - Exhibit A.

Additional information on Proposition 50 is available at https://ballotpedia.org including an extensive list of those supporting/opposing the measure.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
On September 8, 2025, the Legislative Committee received a report on Proposition 50 from the County's state lobbyist, Ashley Walker of Nossaman LLP, and referred Proposition 50 to the Board of Supervisors for consideration without a recommendation. Information contained in this report was also provided by Nossaman LLP.

FINANCING:
According to the State Legislative Analyst's Office (LAO), Proposition 50 will have minor one-time costs to county and state election officials. Per the LAO report "Counties run elections, and the state oversees them. Because most congressional districts in California would change at least some under the new maps, county and state elections officials would need to update election materials. This would result in one-time costs to counties of up to a few million dollars statewide and one-time costs to the state of roughly $200,000." - Exhibit A.

On September 5, 2025, the Department of Finance (DOF) sent a letter to the State Controller requesting that $251,306,359 be allocated in fiscal year 2025-26 for the November 4, 2025, statewide special election. Of those funds, $3.5 million will be allocated to the County of Monterey. If a County does not use all the money, it will be permitted to retain the extra funds for future elections.

PROPOSITION 50

Authorizes Temporary Changes to Congressional District Maps in Response to Texas' Partisan Redistricting. Legislative Constitutional Amendment.

ANALYSIS OF MEASURE

BACKGROUND

U.S. Congress

U.S. Congress. The U.S. Congress is the part of the federal government that makes laws. Congress has two parts: the U.S. Senate and the U.S. House of Representatives (House). Each of the 50 states is represented by 2 senators, with 100 senators in total. The House has 435 members. The number of representatives in the House for each state depends on how many people live in that state. Each member in the House represents an area of the state called a congressional district. California currently has 52 congressional districts. Voters who live in each congressional district elect one member of the House every two years to represent them. The next election for all 435 representatives will be in 2026.

U.S. Census Counts States' Populations Every Ten Years. The number of people living in an area goes up and down over time. Every ten years, the U.S. Census counts the number of people who live in the U.S. The last census was in 2020, and the next census is in 2030. This count is used to determine how many people live in each state and how many representatives in the House each state gets for the next ten years.

Congressional Redistricting

Each State Draws Congressional District Maps Following the U.S. Census. Every ten years, after the U.S. Census is completed, states draw new congressional district maps to reflect their number of House representatives and where people live. This process is called "redistricting." Each state decides what process to use to draw its new district maps. When drawing new maps, each state must follow federal laws. For example, each congressional district in the state must represent about the same number of people.

States Typically Do Not Redistrict Sooner Than Every Ten Years. States typically only draw congressional district maps every ten years, unless a court orders changes to comply with the law. In August 2025, however, the Texas Legislature passed a bill to adopt new maps for the 2026 elections without a court order. Several other states also are considering changes to their maps before the 2026 elections.

Congressional Redistricting in California. State legislatures draw congressional district maps in most states, but some states use commissions to do this job. Before 2010, the California Legislature drew the state's congressional district maps. In 2010, California voters gave this job to an independent commission known as the California Citizens Redistricting Commission (Commission). The Commission includes 14 members: 5 Democratic members, 5 Republican members, and 4 members who are not registered with either of those political parties. When the Commission draws new congressional district maps, it must follow federal and state laws. For example, state law requires, among other things, the Commission to avoid splitting up neighborhoods or local communities of interest to the extent possible. State law also prohibits the Commission from considering political parties, current office holders, or people running for office when it draws the maps.

Current California Congressional Districts. The Commission drew the current maps for California's 52 congressional districts. These maps were based on the 2020 U.S. Census and have been used since the 2022 congressional elections.

PROPOSAL

California's Congressional District Maps

Use Legislatively Drawn Congressional District Maps Until After the Next Census. Proposition 50 replaces California's current congressional district maps with new, legislatively drawn maps. (The total number of districts would not change.) Proposition 50's maps must follow federal law, but they are not required to follow the state requirements placed on the Commission. The state would use Proposition 50's maps for congressional elections starting in 2026. The state would use these maps until the Commission draws new district maps, following the 2030 U.S. Census.

National Congressional Redistricting

Call for Change in Federal Law. Proposition 50 asks the U.S. Congress to change federal law and propose an amendment to the U.S. Constitution to require redistricting be done by "fair, independent, and nonpartisan redistricting commissions nationwide." Proposition 50 expresses voter support for this idea, but does not change federal law or require any particular action of Congress or the California Legislature.

Fiscal Effects

Minor One-Time Costs to County and State Elections Officials. Counties run elections, and the state oversees them. Because most congressional districts in California would change at least some under the new maps, county and state elections officials would need to update election materials. This would result in one-time costs to counties of **up to a few million dollars** statewide and one-time costs to the state of **roughly $200,000**. The state amount is much less than one-tenth of 1 percent (0.1 percent) of the state's roughly $220 billion General Fund budget. (The General Fund is the account the state uses to pay for most public services, including education, health care, and prisons.)

Current and Proposed Congressional District Maps

This section shows maps of the current and proposed congressional districts (1) statewide, as shown in Figures 1 and 2; (2) in the northern part of the state, as shown in Figures 3 and 4; and (3) in the southern part of the state, as shown in Figures 5 and 6. YES/NO STATEMENT

A **YES** vote on this measure means: The state would use new, legislatively drawn congressional district maps starting in 2026. California's new maps would be used until the California Citizens Redistricting Commission draws new maps following the 2030 U.S. Census.

A **NO** vote on this measure means: Current congressional district maps drawn by the California Citizens Redistricting Commission (Commission) would continue to be used in California until the Commission draws new maps following the 2030 U.S. Census.

SUMMARY OF LEGISLATIVE ANALYST'S ESTIMATE OF NET STATE AND LOCAL GOVERNMENT FISCAL IMPACT

- One-time costs to counties of up to a few million dollars statewide. County costs would be to update election materials to reflect new congressional district maps.

BALLOT LABEL

Fiscal Impact: One-time costs to counties of up to a few million dollars statewide to update election materials to reflect new congressional district maps.

SUMMARY/DISCUSSION:

Public Contract Code Section 20128.5 provides that counties may award annual contracts for repair, remodeling, or other repetitive work to be done according to unit prices. This is commonly referred to as Job Order Contracting (JOC) and is typically done by developing a construction task catalog that is then competitively bid. JOC is an indefinite quantity contract pursuant to which the contractor will perform a variety of projects, consisting of specific construction tasks, providing an alternative procurement method for completing public works projects, which improves economy and efficiency in completing many public works projects, including urgent and time-sensitive projects. The price of an

individual project will be determined by multiplying the preset unit prices and the appropriate quantities by the appropriate adjustment factor. The adjustment factor will vary depending upon the location of the work and the time at which the work will be performed (normal working hours versus other than normal working hours).

On September 17, 2013, the Board adopted the Monterey County Job Order Contracting Policy Guidelines, constituting the order of the Board approving Job Order Contracts pursuant to Public Contract Code Section 20128.5.

The most current annual NMC JOC Projects were advertised, and bids were opened on July 10, 2025. The lowest responsive and responsible bidder is determined by the award criteria figure. The lowest responsive bidders were Staples Construction and Newton Construction and Management.

Each contractor has represented that its workforce consists primarily of Monterey Bay Area residents or has certified to make a good faith effort to employ Monterey Bay Area residents on each Job Order proposal in compliance with Section 5.08.120 of the Monterey County Code. Additionally, each contractor has an office located within Monterey County.

In conjunction with NMC staff, the Gordian Group serves as JOC program administrators under an amended GPO contract through Sourcewell as approved by the Board of Supervisors last on September 29, 2020.

For the Natividad Medical Center JOC projects, Natividad Medical Center recommends awarding contracts to two separate contractors to allow the Department the option to use the alternate contractor if the other contractor is deemed nonresponsive or has poor performance and to have work performed concurrently. Currently, Natividad Medical Center requests two JOC contract awards.

All two of these JOC contracts will be signed and therefore effective upon the first JOC project's initiation, and from that point, the two JOC contracts for 2025-26 shall be in effect for a one (1) year period from the date when NMC signs the two contracts. However, if during the one (1) year contract period, payments by County to Contractor reach the maximum amount payable, all contracts shall terminate. The County will not issue any new Job Order Projects under these contracts after the one (1) year term expires and will likely issue a new JOC bid package for new contracts for 2026-2027. Any Job Order authorized prior to the expiration of these two contracts must be completed within the time specified in the individual project Job Order documents. In the event a scheduled completion for any Job Order extends beyond the term of the contract, the term of the associated contract shall continue in effect and be applicable for such Job Orders until that JOB order has been completed to the satisfaction of NMC.

Due to the potential project scopes and project range, contractors are each required to initially provide performance and payment bonds in the amount of $2,500,000 to provide for JOC efficiency, maintaining control of contractor performance, as well as limiting potential risk to the County. If the contract goes beyond the $2,500,000 staff will be the increase performance and payment bonds and bring them to the board of supervisors for approval.

Any Job Order that exceeds $1,000,000 will be brought to the Capital Improvement Committee (CIC) prior to the issuance of a notice to proceed. Natividad Medical Center will provide JOC status reports to the CIC summarizing issued Job Orders, including scope, cost, schedule, and source of previously appropriated/expended funds. The JOC contracts will provide another mechanism to accomplish work that fits within the JOC guidelines. Projects that do not meet JOC criteria or are not a good fit for JOC will continue to be completed using other procurement processes, such as the typical design/bid/build process.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved payment provisions.

FINANCING:

Expenditures for Job Order Contracts will remain within the approved capital projects and operational budgets for FY 2025-26. Future fiscal year capital and operational budgets will be reviewed and approved by the Board of Supervisors before any expenditures are made. The agreement encompasses two separate Job Order Contracts totaling $12,420,186 with each contract valued at $6,210,093. A 5% License Fee is applicable for using the JOC program, payable to the Gordian Group only when a Job Order is issued to a JOC Contractor. Additionally, the County may choose to use JOC Project Management services for an extra fee of 5.95% if needed. There will be no impact on the general fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The JOC program helps with providing efficient and effective hospital operations by allowing improved processing for smaller and more urgent projects. The JOC program projects include improvements to health and safety facilities. The provision of adequate County facilities and infrastructure enhances the quality of life for County residents, patients, and visitors at Natividad.

AGREEMENT
Division 00500

THIS AGREEMENT is made by and between the COUNTY OF MONTEREY, a political subdivision of the State of California, hereinafter called "COUNTY," and **Newton Construction & Management Inc** (contractor), hereinafter called "CONTRACTOR." For reference purposes, the date of this Agreement is date County signs.

THE COUNTY AND THE CONTRACTOR hereby agree as follows:

ARTICLE 1. SCOPE OF WORK.

This Job Order Contract (JOC) is an indefinite quantity contract pursuant to which the Contractor will perform a variety of Job Orders, consisting of specific construction tasks. The scope of this JOC is for general construction, repair, remodel and other repetitive related work. The County has published a Construction Task Catalog® (CTC) containing a series of construction tasks with preset Unit Prices. The CTC was developed using experienced labor and high quality materials. All Unit Prices are based on local labor, material and equipment prices including the current prevailing wages. The Contractor will bid Adjustment Factors to be applied to the Unit Prices. The price of an individual Job Order will be determined by multiplying the preset Unit Prices and the appropriate quantities by the appropriate Adjustment Factor.

The scope of Work for this Contract will be determined by the Detailed Scopes of Work issued in connection with individual Job Orders. The scope of work, for each Job Order will be explained to the Contractor at a Joint Scope Meeting. The County will provide a Request for Job Order Proposal and Detailed Scope of Work to the Contractor. The Contractor will be required to review the Detailed Scope of Work and develop a Price Proposal using appropriate tasks, quantities and the applicable Adjustment Factor. The County will review the Contractor's Proposal in detail and if found to be reasonable and acceptable, a Job Order may be issued. The agreed upon price will be fixed price for the performance of the detailed Scope of Work.

The CONTRACTOR shall, within the time stipulated, perform the contract as herein defined and shall furnish all work, labor, equipment, transportation, material, and services to construct and complete in a good, expeditious, workmanlike, and substantial manner, the project:
PROJECT NO. JOC, BID NO. NMC 2025-02.

ARTICLE 2. TIME FOR START AND COMPLETION.

Contract Time commences upon the written execution of the Contract by County and shall end either one year from the date signed by county or upon the payment by County to Contractor of the maximum amount payable under this Agreement, whichever occurs earlier. County will not issue any new Job Orders after the expiration of this Agreement. Any Job Order authorized prior to the expiration of the Agreement must be completed within the time specified in the Job Order. In the event the scheduled completion for any Job Order extends beyond the term of this Agreement, Contractor and County agree that the terms of this Agreement shall continue in effect and be applicable for such Job Orders. A separate Job Order Notice to Proceed will be issued for each Job Order. Each Job Order will specify a time limit for completion as stated on the Job Order Notice to Proceed.
Changes to the Contract may be accomplished after execution of the Contract and without invalidating the Contract, by Change Order.

In no event will Contractor be issued Job Orders which, in total, exceed the Maximum Contract Value. At no time may the sum of the outstanding Job Orders exceed the amount of the Payment Bond and Performance Bond. A Job Order is outstanding until County has accepted the Work described in the Job Order by recordation of a Notice of Completion. Contractor will not be issued Job Orders which in total exceed the Maximum Contract Value.

Line 3.	OSHPD 1 Other than Normal Working Hours Adjustment Factor	11. 1.1900
Line 4.	Multiply Line 3 by 10% = (0.10 x Line 3)	12. 0.1190
Line 5.	Normal Working Hours Adjustment Factor	13. 1.1800
Line 6.	Multiply Line 5 by 20% = (0.20 x Line 5)	14. 0.2360
Line 7.	Other than Normal Working Hours Adjustment Factor	15. 1.2000
Line 8.	Multiply Line 7 by 10% = (0.10 x Line 7)	16. 0.1200
Line 9.	Add Lines: 2,4,6 and 8 (This is the Award Criteria Figure)	ACF = 1.1890

2. Determination of lowest bidder will be based upon the lowest Award Criteria Figure.

3. Specify lines 1 through 9 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5th decimal place is 0-4, the number in the 4th decimal remains unchanged; if the number in the 5th decimal place is 5-9, the number in the 4th decimal is rounded upward).

CONTRACTOR'S CERTIFICATION OF GOOD-FAITH EFFORT TO EMPLOY MONTEREY BAY AREA RESIDENTS

(TO BE SUBMITTED WITH BID)

(Monterey County Code section 5.08.120)

Division 00430

I CERTIFY THAT I am aware of the provision of Monterey County Code Section 5.08.120.

Monterey County Code Section 5.08.120 provides, in relevant part:

A. General Provisions. All County contracts for public works of improvement shall contain provisions pursuant to which the contractor shall make a good-faith effort to employ qualified individuals who are, and have been for at least one (1) year out of the past three (3) years prior to the opening of bids, residents of the Monterey Bay Area in sufficient numbers so that no less than fifty percent (50%) of the contractors total construction work force, on that particular contract, including any subcontractor work force (with exception of specialty subcontractor items identified in bid items) measured in labor work hours, is comprised of Monterey Bay Area residents.

B. Non-responsive Bidder Declaration: Enforcement. If any contractor submitting a bid for a contract for public works of improvement fails to abide by the good-faith local employment provisions of this Section, the contractor may be declared by the Board to be a non-responsive bidder for purposes of this Chapter. If the Board finds that a contractor to whom a contract for public works of improvement has been awarded has failed to comply with the good-faith employment provisions of this Section during the performance of the contract, the Board may disqualify the contractor from bidding on any County contract for public works of improvement for a period of one (1) year from the date of the Board's disqualification. A subsequent violation of this Section by a contractor may result in disqualification by the Board for a period of three (3) years from the date of the subsequent disqualification.

C. Binding on Subcontractors. Every contractor entering into a contract for public works of improvement subject to the provisions of this Section shall include in each and every subcontract for work, laborers, or material suppliers relating to the project the requirement that the subcontractor shall make a good-faith effort to employ qualified individuals who are, and have been for at least one (1) year out of the past three (3) years prior to the opening of bids, residents of the Monterey Bay Area. If the Board finds that any subcontractor has failed during the performance of the subcontract to comply with this Section, the Board may disqualify said subcontractor from submitting or being listed in any bid for any County contract for public works of improvement for a period of one (1) year from the date of the Board's disqualification. A subsequent violation by a subcontractor may result in disqualification by the Board for a period of three (3) years from the date of the subsequent disqualification.

I FURTHER CERTIFY AS FOLLOWS (check the box that applies):

☐ I CERTIFY that at least fifty percent (50%) of the total construction work force on the project, including any subcontractor work force, measured in labor work hours, will be comprised of qualified individuals who to the best of my knowledge are, and have been for at least one (1)

This Job Order Contract (JOC) is an indefinite quantity contract pursuant to which the Contractor will perform a variety of Job Orders, consisting of specific construction tasks. The scope of this JOC is for general construction, repair, remodel and other repetitive related work. The County has published a Construction Task Catalog® (CTC) containing a series of construction tasks with preset Unit Prices. The CTC was developed using experienced labor and high quality materials. All Unit Prices are based on local labor, material and equipment prices including the current prevailing wages. The Contractor will bid Adjustment Factors to be applied to the Unit Prices. The price of an individual Job Order will be determined by multiplying the preset Unit Prices and the appropriate quantities by the appropriate Adjustment Factor.

The scope of Work for this Contract will be determined by the Detailed Scopes of Work issued in connection with individual Job Orders. The scope of work, for each Job Order will be explained to the Contractor at a Joint Scope Meeting. The County will provide a Request for Job Order Proposal and Detailed Scope of Work to the Contractor. The Contractor will be required to review the Detailed Scope of Work and develop a Price Proposal using appropriate tasks, quantities and the applicable Adjustment Factor. The County will review the Contractor's Proposal in detail and if found to be reasonable and acceptable, a Job Order may be issued. The agreed upon price will be fixed price for the performance of the detailed Scope of Work.

The CONTRACTOR shall, within the time stipulated, perform the contract as herein defined and shall furnish all work, labor, equipment, transportation, material, and services to construct and complete in a good, expeditious, workmanlike, and substantial manner, the project:

County will not issue any new Job Orders after the expiration of this Agreement. Any Job Order authorized prior to the expiration of the Agreement must be completed within the time specified in the Job Order. In the event the scheduled completion for any Job Order extends beyond the term of this Agreement, Contractor and County agree that the terms of this Agreement shall continue in effect and be applicable for such Job Orders. A separate Job Order Notice to Proceed will be issued for each Job Order. Each Job Order will specify a time limit for completion as stated on the Job Order Notice to Proceed.

WHEREAS, the County of Monterey has awarded to Principal,

Staples Construction Company, Inc.

as Contractor, for the following project:

PROJECT NO. 2025 JOC, BID NO. NMC 2025-01; and

WHEREAS, Principal, as Contractor, is required to furnish a bond in connection with said contract, to secure the faithful performance of said contract.

NOW, THEREFORE, we Staples Construction Company, Inc.
as Principal, and Atlantic Specialty Insurance Company

as Surety, are held and firmly bound unto the County of Monterey, a political subdivision of the State of California (hereinafter called "County"), in the penal sum of Two Million Five Hundred Thousand Dollars ($2,500,000.00), for the payment of which sum in lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT:

If the Principal, as Contractor, or Principal's heirs, executors, administrators, successors, or assigns, (1) shall in all things stand to and abide by and well and truly keep and perform the covenants, conditions, and agreements in said contract and any alteration thereof made as therein provided, on Principal's part to be kept and performed, at the time and in the manner therein specified and in all respects according to their true intent and meaning, and (2) shall indemnify, defend, and save harmless the County, the members of its board of supervisors, and its officers, agents, and employees as therein stipulated, then this obligation shall become null and void; otherwise, it shall be and remain in full force and virtue.

Surety hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the contract or the call for bids, or to the work to be performed thereunder, or the specifications accompanying the same, shall in any way affect its obligation under this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of said contract or the call for bids, or to the work, or to the specifications.

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 7 to the agreement (A-13074) with Forward Advantage Holdings, Inc. dba Forward Advantage for Imprivata OneSign single sign-on solution software services, extending the agreement an additional two (2) year period (March 23, 2025 through March 22, 2027) for a revised full agreement term of March 23, 2016 through March 22, 2027 and adding $115,606 for a revised total agreement amount not to exceed $924,242.

RECOMMENDATION:

It is recommended the Board of Supervisors:

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 7 to the agreement (A-13074) with Forward Advantage Holdings, Inc. dba Forward Advantage for Imprivata OneSign single sign-on solution software services, extending the agreement an additional two (2) year period (March 23, 2025 through March 22, 2027) for a revised full agreement term of March 23, 2016 through March 22, 2027 and adding $115,606 for a revised total agreement amount not to exceed $924,242.

SUMMARY/DISCUSSION:

Imprivata's OneSign system is a single sign-on (SSO) solution that the hospital's workforce utilizes to quickly and securely access clinical and administrative applications with one username and password. In the course of treating patients, personnel need to access multiple applications, including the MEDITECH electronic health record system. Prior to implementing Imprivata OneSign, the act of logging in/logging out of multiple systems throughout the workday had caused noticeable inefficiencies. The implementation of OneSign has resulted in an appreciable difference in time and staff resources.

This amendment extends OneSign software maintenance and support services for an additional two (2) years.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this renewal and amendment No. 7 as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The renewal

and amendment No. 7 has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on August 8, 2025.

FINANCING:

The cost for this renewal and amendment No. 7 is $115,606 has been included in the FY 2025-26 Adopted Budget. Funding will be provided from NMC's Enterprise Fund 451-9600-6408.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The use of the OneSign system directly contributes to a more efficient and effective use of resources within the organization. This amendment provides NMC with the additional software support it needs to continue providing this service.

1. ~~The Services described in this SOW constitute Forward Advantage's entire obligation.~~ If the customer requests services in addition to the Services presented in this SOW, the performance of such additional services will require a modification to the details of services provided and an adjustment to the schedule and/or fees to be paid by the customer. The VP of Client Services or Solutions Architect will track any such requests via a change control process and arrange for such services to be rendered.

2. The customer will provide a Project Manager during the entire engagement. The customer's project manager is responsible for coordination of weekly project team meetings, scheduling of requirements gathering sessions with stakeholders and remote sites, scheduling of change control requests and facilitation of deployment option decisions.

3. Project Management for the overall project is the responsibility of the Customer. Forward Advantage's role in Project Management activities is listed in the Work Breakdown and is limited to the management of its own obligations and tasks.

4. The customer will provide a technical resource throughout the engagement.

5. The customer will provide the infrastructure (servers & software) along with the necessary software licensing for Imprivata IdG to complete the Professional Services.

6. The customer will provide users accounts to access the environment.

10. The customer will implement Imprivata IdG in environments that comply with the current version of the Imprivata IdG Supported Configurations guide.

Project Roles (Forward Advantage & Imprivata):

Changes to Statement of Work

The hours provided in this Statement of Work are based on the information we have received and are valid for sixty (60) days from its issuance date. If the Statement of Work has not been signed and paid for within sixty (60) days, the fee schedule may be re-evaluated by Forward Advantage.

Change Orders

Occasionally, after a project is underway, the scope of services required can be unexpectedly altered. Significant changes in, or additions to, this scope of work during the project that require additional time/services from Forward Advantage Implementation Services will require a Change Order to detail a revised Statement of Work. This will ensure that the changes to the Statement of Work are documented, and that both the Natividad Medical Center and Forward Advantage agree to the changes.

A Change Order reflects the new deliverables, activities, and budget for the remainder of the project. It amends the Agreement and Statement of Work from the date on which is it signed. Payment for all hours worked and expenses incurred up to the date of the Change Order will be due at this time as they were stated in the original Agreement and Scope of Work. Additional time detailed in the Change Order will be billed at the Forward Advantage fee structure in effect at the time of the issuance of the Change Order.

Acknowledgement and Approvals

The Services described in this SOW constitute Forward Advantage's entire obligation. Any agreement made verbally or via any other means outside of the contents of this Statement of Work is not binding and Forward Advantage is under no obligation to provide those Services or work product.

In addition, Business Associate shall promptly make available to Covered Entity such books, records, or other information relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity;

(f) Document Disclosures of PHI and information related to such Disclosure and, within thirty (30) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528. At a minimum, the Business Associate shall provide the Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to the Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(g) Subject to Section 4.4 below, return to Covered Entity within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

Business Associate shall notify Covered Entity within ten (10) days of its receipt of a request for access to PHI from an Individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within ten (10) days of its receipt of a request for amendment of PHI from an Individual;

(j) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(k) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(l) Unless prohibited by law, notify the Covered Entity within five (5) days of the Business Associate's receipt of any request or subpoena for PHI. To the extent

that the Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with the Covered Entity in such challenge; and

(m) Maintain policies and procedures materially in accordance with State Confidentiality Laws and industry standards designed to ensure the security and integrity of the Covered Entity's data and protect against threats or hazards to such security.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and the Covered Entity, all PHI shall be and remain the sole property of the Covered Entity.

(b) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA and the HITECH Act. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA or the HITECH Act.

(c) Business Associate further acknowledges that uses and disclosures of protected health information must be consistent with NMC's privacy practices, as stated in NMC's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online at: http://www.natividad.com/quality-and-safety/patient-privacy . Business Associate agrees to review the NMC Notice of Privacy Practices at this URL at least once annually while doing business with NMC to ensure it remains updated on any changes to the Notice of Privacy Practices NMC may make.

(a) Provide Business Associate a copy of Covered Entity's notice of privacy practices ("Notice") currently in use;

(b) Notify Business Associate of any changes to the Notice that Covered Entity provides to individuals pursuant to 45 C.F.R. § 164.520, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI;

(d) Notify Business Associate of any restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect unless terminated as provided in this Section 4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of Business Associate's provision of Services to Covered Entity.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall provide Covered Entity with a statement that Business Associate has determined that it is infeasible to return or destroy all or some portion of the PHI in its possession or in possession of its Subcontractors. In such event, Business Associate shall: (i) retain only that PHI which is necessary for Business Associate to continue its proper management and administration or carry out its legal responsibilities; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Section 2 above, which applied prior to termination; and (vi) return to Covered Entity the PHI retained by Business Associate when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities.

5. MISCELLANEOUS

5.1 Survival. The respective rights and obligations of Business Associate and Covered Entity under the provisions of Sections 2.1, 4.4, 5.7, 5.8, 5.11, and 5.12 shall survive termination of this BAA until such time as the PHI is returned to Covered Entity or destroyed. In addition, Section 3.1(i) shall survive termination of this BAA, provided that Covered Entity determines that the PHI being retained pursuant to Section 4.4 constitutes a Designated Record Set.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA, the HITECH Act, or California Confidentiality

Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

3. **TERM OF AGREEMENT.**

   3.1. The term of this Agreement is from **March 23, 2016 through March 22, 2018** unless sooner terminated pursuant to the terms of this Agreement. This Agreement is of no force or effect until signed by both CONTRACTOR and NMC and with NMC signing last and CONTRACTOR may not commence work before NMC signs this Agreement.

   3.2. NMC reserves the right to cancel this Agreement, or an extension of this Agreement, without cause, with a thirty (30) day written notice, or with cause immediately.

4. **ADDITIONAL PROVISIONS/EXHIBITS.** The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:

   Exhibit A: Statement of Work/Payment Provisions
   Exhibit B: Business Associate Agreement

5. **PERFORMANCE STANDARDS.**

   5.1. CONTRACTOR warrants that CONTRACTOR and Contractor's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of NMC, or immediate family of an employee of NMC.

5.2. CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

6.2. Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety (90) days prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County (NMC) and the CONTRACTOR.

6.3. CONTRACTOR shall not receive reimbursement for travel expenses unless set forth in this Agreement, and then only in accordance with any applicable County policies.

6.4. Invoice amounts shall be billed directly to the ordering department.

NMC shall certify the invoice, either in the requested amount or in such other amount as NMC approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

During the term of this Agreement, NMC may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.2. NMC may cancel and terminate this Agreement for good cause effective immediately upon written notice to Contractor. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If NMC terminates this Agreement for good cause, NMC may be relieved of the payment of

any consideration to Contractor, and NMC may proceed with the work in any manner, which NMC deems proper. The cost to NMC shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.3 NMC's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for NMC's purchase of the indicated quantity of services, then NMC may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

Forward Advantage Implementation Services
Statement of Work
Natividad Medical Center

February 14, 2016

Introduction:
Forward Advantage Implementation Services will provide the following services, delivered both onsite and remotely, to ensure a successful implementation of OneSign at the Natividad Medical Center. Below is a summary of the activities that will be provided during the implementation as well as the estimated timeline. At the end of this document is a detailed description of the services provided and estimated duration for delivery of these services.

PHASE 1: DISCOVERY

Forward Advantage and the Natividad Medical Center will validate Natividad Medical Centers network environment in context with Imprivata OneSign requirements. Items for discussion during this phase revolve around the customer enterprise. Application coverage, network topology, security policies, and desktop deployment will be discussed and related to the project plan.

Activities:

- Validate scope of services
- Review implementation pre-trip checklist (Details of Customer Infrastructure)
  - IP Address, Netmask, Gateway, DNS (Domain Name System), FQDN (Fully Qualified Domain Name) for Active Directory, Server Operating Systems, etc.
- Review SSO Application Sign Off Form(s)
- Review SSO Agent Deployment Document
- Review & Customize Project Plan
- Schedule onsite implementation

PHASE 2: INSTALLATION & CONFIGURATION OF ONESIGN:

This phase consists of four (4) primary tasks: Installation, OneSign Configuration, Training and Application Enablement.

Activities:

- Appliance setup & configuration
- Creating & Managing Security Policies within OneSign
  - OneSign Policies Control Authentication, Challenges, Password Self Service and Client Workflow Options
- Manage Users & OneSign Domains within OneSign
  - OneSign Domains configure connection to Active Directory as well as enabling an automated link to User Policies
- Application enablement, both Desktop and Citrix Environments
- Initial/Environment Testing
- Administrator Training
- Help Desk Training

PHASE 3: TESTING:
Technical Services best practices call for a period of testing within the IT/IS Department to simulate the workstations as well as application access of the end-users in the initial department to be deployed. The testing process will include the authentication methods to be utilized by the end-users as well as application access and specific workflows that are to be achieved as defined in the Project Scope/Assumptions.

Upon completion of this internal testing (unit testing), the deployment proceeds to the initial department within the Natividad Medical Center.

Activities:

- Test end-user workstations
- Test end-user enrollment process
- Test end-user application workflows (Login and Change Password Processes)
- Test end-user initial authentication
- Test end-user unlocking of a workstation
- Test authentication methods to Login, Unlock, and Lock Workstations (including timers)
- Test Password Self Service Reset
- Test Reporting/Audit Records

PHASE 4: DEPLOYMENT:
The Deployment phase begins once the implementation team agrees that the Testing Phase is complete and the solution is ready for the initial departments and/or enterprise-wide deployment. Best practices call for a one (1) week initial rollout with approximately 40-60 users ("initial group") after the joint implementation teams feels confident the project scope has been fulfilled. The intention of the initial group rollout is to certify that the OneSign configuration is ready for an enterprise wide deployment. Forward Advantage will assist with the planning and execution to enable this initial group of users.

Activities:

- Determine success criteria
- Determine user community
- Review client software deployment plan
- Review & develop end-user communication plan
- Review & develop end-user training documents
- Train and enable end-users
- Review & develop end-user support plan
- Monitor end-user activity for issues (Technical, Training, Other)
- Collect end-user feedback

Note:
Forward Advantage can optionally assist customer with deployment, however it is not part of the Standard Implementation Services or this Statement of Work.

Project Assumptions:

1. The Services described in this SOW constitute Forward Advantage's entire obligation. If the Natividad Medical Center requests services in addition to the Services presented in this SOW, the performance of such additional services will require an amendment to the contract signed by both parties to modify the details of Services Provided and an adjustment to the schedule and/or fees to be paid by the Natividad Medical Center. The VP of Client Services or lead System Engineer will track any such requests via a change control process and arrange for such services to be rendered.
2. Natividad Medical Center will provide a Project Manager during the course of the entire engagement. The Natividad Medical Center Project Manager is responsible for coordination of weekly project team meetings, scheduling of requirements gathering sessions with stakeholders and remote sites, scheduling of change control requests and facilitation of deployment option decisions.

Project Roles (Forward Advantage & Imprivata):

Forward Advantage Technical Services Consultant	This role is responsible for configuring, training, testing and troubleshooting the Imprivata OneSign Solution. The Technical Services Consultant will provide information as to best practices for OneSign within MEDITECH facilities as well as approaches that have been successful in other deployments in conjunction with HIS Systems and Clinical Modules. The Technical Services Consultant is not responsible for the direct resolution of defects found within the Imprivata OneSign Product or within other systems being utilized by Natividad Medical Center (e.g. Microsoft, Citrix, VMware, HIS System, etc.).
Imprivata Technical Support	This role is responsible for issues raised during the implementation process (as well as post Implementation). Tier 2 is responsible for review of issue and preparation of information (logs, video files, reproduction steps) in order that this issue can be prioritized with Tier 3 (Engineering).
Imprivata Engineering	This role (Tier 3) is responsible for the resolution of software defects identified and confirmed during the implementation process.

Imprivata OneSign Implementation Roles & Responsibilities (*Natividad Medical Center*):

There are eight roles typically involved in an OneSign product implementation. In most cases, an individual will have more than one role assigned. The table below describes each role by responsibilities and skills and can be used to help you prepare for your OneSign deployment.

Role	Responsibilities	Skills
Project Leader	The Project Leader will be responsible for coordinating the timing of the OneSign implementation and prepare the project team for their roles and responsibilities in the implementation. The project leader is also typically responsible for handling all end-user communication and change management issues.	The Project Leader will have experience in managing software implementations and will have strong project management and coordination skills. The project leader has rolled out other software solutions within the organization and knows who to involve from an internal resource perspective.
OneSign Administrator	The OneSign Administrator will be responsible for administering the OneSign solution on a day to day basis. This individual will available for the entire OneSign implementation and will become the onsite expert in the solution. The Administrator will help import the end users into OneSign, set-up security policies, learn to enable applications, and create reports.	The OneSign Administrator must be able to pick up new technology in a short amount of time. They will have a thorough understanding of how their organization wants to roll out security policies and which are the key applications to be enabled for single sign-on.
Desktop Administrator	The Imprivata OneSign agent will need to be deployed to every desktop. Most organizations use a push technology such as AD group policy or SMS to deploy the agent. The Desktop Administrator will be responsible for determining the appropriate strategy for rolling out the Imprivata Agent and will pull together a time line for Agent rollout.	The Desktop Administrator will have knowledge of different software deployment methods and will have the ability to use these technologies to rollout and support the Imprivata Agent initial rollout as well as ongoing software upgrades.
Application Specialist	As part of the initial deployment, the Imprivata Consultant will enable a subset of your applications for single sign-on. The Consultant will need a test account in order to access all of the relevant screens within your key applications. Often the Consultant will work directly with the Application Specialist for each application in order to setup and test all of the relevant screens.	The Application Specialist will have access to test accounts for each application that will be enabled for single sign-on. This includes the ability to test the Change Password functionality within the application. The Application Specialist will have an understanding of all of the screens that are accessed by end-users and will help the Imprivata Consultant in the testing post single sign-on enablement.

Role	Responsibilities	Skills
Directory Administrator	Limited access may be needed to the Directory Administrator in the beginning stages of the OneSign implementation. The Directory Administrator will know which Directory's will be imported into the OneSign appliance and will work with the OneSign Administrator to determine which groups/users should be enabled for Single Sign-On. If the organization is going to be implementing Imprivata's Self-Service Password Reset option, the Directory Administrator logon will be required as well as a SSL certificate on the Directory.	Ability to access Directory store and work with OneSign Administrator to import users and setup synchronization rules for ongoing update and maintenance to OneSign.
Network Administrator	During day one of the OneSign implementation, the Imprivata Consultant will need to work with your Network Administrator to setup the Appliance Pair on your network. The two appliances on the network will need three IP addresses (two static and one virtual). The Network Administrator will be responsible for the DNS entries and assistance in setting up the Appliances in your data center. The Network Administrator will also be responsible for daily backup and recovery process.	Ability to obtain required IP addresses for the OneSign Appliance Pair and access to the data center for setup and testing. The Network Administrator will also need to setup and test OneSign backup and recovery process.
Help Desk	During the initial implementation, the Imprivata Consultant will spend about 2 hours with the key representatives from the Help Desk training them on the key areas of support for OneSign as well as how to access Imprivata resources for ongoing assistance. The Help Desk representatives will be responsible for taking all end-user calls related to questions or issues with OneSign. They will be responsible for tier 1 technical troubleshooting and will contact Imprivata Technical Support for Tier 2 support.	The Help Desk will need to be able to troubleshoot issues and questions related to Agent installation and upgrade, ability to perform initial triage on issues related to application enablement and will be able to do some diagnosis on whether the issue is environmental or product related. They will also know how to access Imprivata Technical Support for additional technical assistance.
Power End-User	End-user that is typically included as part of an implementation in the early phases of the deployment. This end-user will be responsible for testing access to many different applications and will provide feedback to the project team on what is working and what needs improvement. Their feedback is critical prior to the large scale deployment.	Computer savvy and knowledgeable of many different applications accessed by end-users in the organization. They are a strong communicator and interested in being involved in the OneSign implementation.

Amendments

Occasionally, after a project is underway, the scope of services required can be unexpectedly altered. Significant changes in, or additions to, this scope of work during the project that require additional time/services from Forward Advantage Implementation Services will require an Amendment, signed by both parties, to detail a revised Statement of Work. This will ensure that the changes to the Statement of Work are documented, and that both the Natividad Medical Center and Forward Advantage agree to the changes.

An Amendment will reflect the new deliverables, activities, and budget for the remainder of the project. It amends the Agreement and Statement of Work from the date on which is it signed by both parties. Payment for all hours worked and expenses incurred up to the date of the Amendment will be due at this time as they were stated in the original Agreement and Scope of Work.

This Business Associate Agreement ("Agreement"), effective January 1, 2015 ("Effective Date"), is entered into by and among the County of Monterey, a political subdivision of the State of California, on behalf of Natividad Medical Center ("Covered Entity") and Forward Advantage ("Business Associate") (each a "Party" and collectively the "Parties").

Business Associate provides certain services for Covered Entity ("Services") that involve the use and disclosure of Protected Health Information that is created or received by Business Associate from or on behalf of Covered Entity ("PHI"). The Parties are committed to complying with the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Part 160 and Part 164, Subparts A and E as amended from time to time (the "Privacy Rule"), and with the Security Standards, 45 C.F.R. Part 160 and Part 164, Subpart C as amended from time to time (the "Security Rule"), under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), as amended by the Health Information Technology for Economic and Clinical Health Act and its implementing regulations ("HITECH"). TERMS AND CONDITIONS

1. PROCUREMENT PROCEDURE

CTS shall provide Hospital with all procurement packs without charge for Hospital to use in procuring autologous tissue by Hospital. Hospital shall be responsible for safe and adequate storage of the autograft storage kits provided to Hospital by CTS and liable for the adequacy of all other supplies and instruments used in its procurement process. Procurement packs delivered to Hospital by CTS that are lost by Hospital, or damaged due to improper storage or careless handling by Hospital will be replaced by CTS and will incur a charge in accordance with the fee schedule in this agreement.

Hospital shall immediately notify CTS by telephone of the readiness and availability of human autologous bone or skull flaps for shipment to CTS. The Hospital shall notify CTS by calling 1(800) 928-4778 or 1(760) 804-6890. Hospital shall provide to CTS all aseptically procured autologous tissue in containers or packaging supplied to Hospital by CTS, or other suitable packaging which complies with applicable federal, state and local requirements for transportation of human autologous bone or skull flaps and/or blood specimens. Any packaging other than that supplied by CTS must be approved by CTS prior to its use by Hospital.

Hospital shall provide complete copies of the results of all bacteriological cultures and/or serological testing results (if performed by Hospital on the autologous tissue) corresponding to each shipment of autologous tissue to CTS, unless Hospital and CTS agree in advance that CTS will be performing such testing after receipt of microbiological swab specimen and qualified blood samples.

2. SHIPPING

CTS shall pay for the cost of couriers, shipment, and carriage for all donor autologous bone or skull flaps picked up by courier or shipped from Hospital to CTS's laboratory. The risk of damage or loss for all such shipments shall remain with Hospital. Hospital shall pay return processing, handling, and shipping costs on all shipments which CTS returns to Hospital. Risk of damage or loss for all such shipments shall be the responsibility of Hospital.

Hospital shall include with each shipment of autologous tissue to CTS, a fully completed and signed "Tissue Preservation Service Request Form" and shall also provide a copy of Hospital's patient "face sheet" in a format acceptable to CTS.

Any Protected Health Information (PHI) that may be contained on the Hospital's patient face sheet sent with the autologous tissue shall be considered as PHI under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act ("HITECH") privacy provisions of the American Recovery and Reinvestment Act, as well as to the California privacy laws which are codified in the California Health and Safety Code and in the Confidentiality of Medical Information Act (CMIA). As such, this information shall only be used by CTS in a manner consistent with patient identification and location for tracking and notification purposes, and shall at all times be kept confidential in accordance with HIPAA regulations.

Hospital shall not write or adhere on the outside of the outer cardboard box/shipping container any PHI or document that contains PHI.

For purposes of patient identification, if only a trauma name (alias) is available at the time of autologous tissue recovery and packaging is performed and are therefore provided by Hospital on the Tissue Preservation Service Request Form and Hospital Face Sheet, the true patient name, medical record number, and patient contact information shall be provided by Hospital to CTS as soon as the true patient identification information can be determined by Hospital.

Hospital shall be solely responsible for obtaining all appropriate and required informed consents necessary prior to procurement of any autologous bone or skull flap to be shipped to CTS.

CTS shall promptly inspect the outer packaging that autologous bone or skull flaps are received in from Hospital and shall promptly notify Hospital if it determines that the outer packaging of any autologous bone or skull flap or other tissue it receives from Hospital has been breached, or is in a condition that renders the autologous bone or skull flap or other tissue compromised or not suitable for re-implantation. Any inspection of autologous bone or skull flaps or other tissue by CTS shall be of the outer packaging only and not of the bone or other tissue contained

DocuSign Envelope ID: 4E438014-7E05-4908-8575-1472055710FE

within. Therefore, nothing in CTS' inspection of the outer packaging that autologous bone or skull flaps and other tissue is received in from Hospital shall be construed in any way to be a determination by CTS of the usability, safety, suitability, determination of the presence or absence of any communicable disease, or a determination of the presence or absence of any serological or bacteriological testing of the tissue received.

3. BILLING

Hospital shall endeavor to issue a purchase order number to CTS within 30 days of date of service. CTS will invoice the Hospital's accounts payable department for each autologous bone or skull flap submitted to CTS for storage indicating on the invoice the purchase order number, patient initials, medical record number, and date of service. CTS shall submit such invoice periodically or after a billable service has been rendered or after each autologous tissue is submitted to CTS for storage, but in any event, not later than 30 days after the billable service has been rendered or an autologous tissue is submitted for storage by Hospital. Hospital shall certify the invoice for accuracy without undue delay, either in the requested amount or in such other amount as Hospital approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

Contractor shall submit invoices periodically or at the completion of services, but in any event, not later than 30 days after completion of services and receipt of a valid purchase order from Hospital. The invoice shall set forth the amount(s) claimed by Contractor, together with an itemized basis for the amounts claimed and such other information that may be necessary pertinent to the invoice. NMC shall certify the invoice, either in the requested amount or in such other amount as NMC approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

Hospital shall be responsible for paying any and all costs incurred by CTS in the collection of past due amounts under this agreement including collection, attorney, court and other reasonable costs as may be permissible by state law.

4. FEES

This fee schedule will continue for five years from the effective date of this Agreement. This Agreement shall not exceed $200,000. Hospital shall pay CTS for its participation in the Autograft Storage Program in accordance with the following fee schedule:

5. RIGHT TO REFUSE

CTS reserves the exclusive right to refuse acceptance of any autologous tissue, or other tissue it is sent by Hospital, its physicians or staff without obligation or liability. CTS may exercise this right to refuse acceptance for several reasons, including but not limited to:

1. Failure by Hospital, its physicians and staff to timely and adequately notify CTS that an autologous bone or skull flap or other autograft tissue has been recovered and is ready for pick-up by CTS.
2. Failures by Hospital, its physicians and staff to timely make the autograft tissue accessible and available to CTS' staff or authorized representatives at the hospital for pick-up and retrieval for shipment to CTS.
3. Failure by Hospital, its physicians and staff to utilize the Autograft Preservation Kit and its contents. Deviation from using these materials must be done in a manner that is safe and suitable, and will not cause the possibility of personnel exposure to any communicable disease. Deviations from normal packaging materials and/or procedures must be done in conjunction with timely notice to CTS of a deviation and the nature of the deviation.
4. Failure by Hospital to fully complete the autograft preservation order form or to obtain the surgeon's or other authorized signature at the bottom of the form.
5. Failure by Hospital, its physicians and staff to follow CTS' instructions as provided and/or updated as to the correct packaging and shipment of autologous bone or skull flaps or other autograft tissue.

DocuSign Envelope ID: 4E438014-7E05-4908-8575-1472055710FE

biological agent that would render it unsafe or dangerous despite using normally accepted procedures for handling donor tissue and Universal Precautions as published by the CDC.

7. Failure by Hospital to include the prescribed quantity of solidly frozen wet ice, or other suitable cold packs to the box containing the tissue for shipment to CTS, or in an adequate quantity, prior to making the shipping container available for pick-up by CTS or its authorized representative.

6. EXCLUSIVITY

CTS shall have the exclusive right to store autologous tissue for the Hospital. Hospital shall not use any other agency, firm or source for autologous bone or skull flap storage, during the term of this agreement. Should CTS become unable to accept additional autologous storage submissions due to regulatory action, natural disaster, or other unforeseeable circumstance Hospital shall have the right to submit and store autologous tissue with another agency or firm until such time as CTS is again able to receive submissions of autologous tissue.

7. ACCREDITATION/LICENSURE/FEDERAL REGISTRATION

CTS hereby represents and warrants that it is fully accredited by the American Association of Tissue Banks (AATB) and that it will maintain such accreditation throughout the term of this Agreement. CTS will comply with all standards of procedure and operation required by the AATB and all applicable federal regulations, including, without limitation, those found under 21 CFR 1271, and state laws and regulations throughout the term of this Agreement. CTS will maintain licensure by the California Department of Health Services as a Human Tissue Preservation Laboratory throughout the term of this agreement, and shall be registered from year to year with the United States Food and Drug Administration for the storage and distribution of human bone.

8. COMPLIANCE WITH STANDARDS

CTS shall also have the right to require Hospital to use updated CTS forms as they are provided to Hospital or otherwise made available by CTS.

10. STATUS OF PATIENT

Hospital, its physicians, and agents shall notify timely CTS of the death of any patient that has provided a autologous tissue to CTS and that still has the autologous tissue banked with CTS' autograft storage program. Hospital shall notify CTS of any change of contact information it knows of for the treating physician for any patients that has autologous tissue on deposit with CTS. CTS shall periodically send patient status forms to the patient's treating physician to be completed by the treating physician regarding the disposal or continued storage of the autologous bone or skull flap being banked for the patient by CTS. Hospital, its physicians and agents shall timely and accurately complete the patient status forms and return them to CTS thereby instructing CTS on the continued storage or destruction of the autologous tissue stored. Failure to return these patient status forms accurately completed within sixty (60) days of receipt shall be considered a material breach of this Agreement.

If after two (2) years from the date of autologous tissue procurement and shipment of the autologous tissue to CTS for storage in the autograft storage program, CTS can no longer contact the patient, identify the patient's legal guardian, and cannot reasonably ascertain the patient's treating physician or a medical professional legally authorized to advocate on behalf of the patient CTS shall send a certified letter with return receipt to the address where the patient was last known to reside stating this fact and the intention of CTS to dispose of the autologous bone or skull flap being stored. CTS shall dispose of the autologous bone or skull flap as biomedical waste under the following conditions:

1) Thirty (30) days has passed after the receipt of the notice by the patient/the patient's legal guardian to make contact with CTS regarding continuing autograft tissue storage arrangements; or

DocuSign Envelope ID: 4E438014-7E05-4908-8575-1472055710FE

In the event of an adverse reaction, Hospital will immediately notify CTS for determination of suitability of FDA or American Association of Tissue Banks adverse reaction notification.

12. BOOKS AND RECORDS

Hospital and CTS shall each maintain complete records on all of their sterilization, cleaning, procurement, testing, processing, distribution, and disposition procedures. Such records shall be made available during normal business hours for the other party's inspection upon not less than seven days prior written notice. Each party shall be responsible for its own expenses in conducting such inspection and/or audits. CTS shall have the right to inspect Hospital's physical facilities, procedures, and records relevant to the recovery of autologous bone and skull flaps. Such inspection shall be performed during regular business hours upon fourteen (14) days prior written notice. Hospital shall in good faith consider reasonable changes requested by CTS in any of the Hospital's relevant procedures related to the recovery, handling, shipping, and record keeping of autologous bone and skull flaps after an audit or inspection by CTS.

13. CONFIDENTIAL INFORMATION

Hospital shall not use in any way other than as required for the proper performance of its obligations under this Agreement and shall not provide to or disclose to any party any of the information given to it by CTS or otherwise acquired by the Hospital relating to CTS' products, processes, plans, records, documentation, forms, techniques, procedures, donor information, test results, customers, trade secrets or general business operations. Any information legally in Hospital's possession prior to disclosure to it by a CTS representative, which is lawfully published or which otherwise lawfully becomes a part of general knowledge from sources other than CTS, shall not be subject to the restrictions of this Section 13.

14. TERM and TERMINATION

This agreement shall be effective as of the latter date after being executed by both parties ("Effective Date") and shall continue for a period of 5 (five) years. The following provisions shall govern the right, duties and obligations of the parties upon termination of this Agreement however occurring:

a. Termination shall not release or affect, and this Agreement shall remain fully operative, as to any obligations or liabilities incurred by either party prior to the effective date of such termination; provided that all indebtedness of either party of any kind shall become immediately due and payable on the effective date of termination. Hospital may deduct from any sums it owes to CTS any sums owed by CTS to Hospital.

b. Termination of this Agreement shall not terminate any provision of this Agreement intended to survive termination, including but not limited to Section 13, 15, 23 and 24.

c. Either party may terminate this agreement with or without cause by providing the other party written notification by US Mail ninety (90) days prior to the date of termination.

15. DAMAGES

It is agreed by and between the parties that CTS is providing autograft tissue storage services as outlined in this agreement to Hospital, its patients, staff, and physicians as a community service. It is understood by all parties concerned that the services under this agreement are being rendered by CTS as, and by a non-profit corporation. Furthermore, it is agreed between the parties that CTS is in no way, and it shall not be construed under this agreement that CTS is in any way in control, in supervision, or direction of patient care, the surgical surroundings, surgical procedures, general medical arts or care that is rendered by Hospital, its staff and physicians to its patients, or the outcome of any surgical procedure performed that is related to this agreement. Furthermore, it is agreed by Hospital and CTS that at no time shall it be construed by and between the parties that CTS is providing anything but a service, and that nothing under this agreement shall be deemed the sale or dispensing of a product, or any act or activity that is subject to the uniform commercial code. CTS makes no other express or implied warranties of any kind, including express or implied warranties of merchantability, as to the success or failure of the procurement, shipment, processing if any, storage, handling, return shipment, re-implantation, or as to any other handling or use of the autograft tissue that it is sent by Hospital, its physicians or staff. In no event shall CTS be liable for any direct, indirect, incidental, consequential, special, or other damages including, but not limited to any legal or court costs, attorney fees, or other forms of damages that would be reasonably contemplated by this agreement.
Notwithstanding terms, conditions or provisions to the contrary, any limitation(s) of liability, indemnity or remedies set forth herein do not apply in the event that the service(s) and/or product(s) provided by CTS result in injury or death to persons, or damage to real or personal property.

CTS shall not assign, sell, or otherwise transfer its interest or obligations in this Agreement without the prior written consent of Hospital. Furthermore, CTS shall not have any claim under this Agreement or otherwise against Hospital for vacation pay, sick leave, retirement benefits, social security contribution, workers' compensation, disability or unemployment insurance benefits, or any other employee benefit of any kind.

17. LIMITATION ON ACTION
No action arising out of any transaction under this Agreement, regardless of cause or form, may be brought by either party under this Agreement against the other party more than two (2) years after the date the aggrieved party becomes reasonably aware of the event leading to the cause of action first accrues, but in no event after three (3) years after the date of the transaction

18. FORCE MAJEURE
Performance under this Agreement, or any part thereof, may be excused or delayed, and neither party shall be held in breach of any of its obligations under this Agreement or be liable for damages or offset resulting from such delay if such delay is due to causes beyond the reasonable control of the party such as, but not limited to, acts of God, acts of civil or military authority, terrorism, fires, floods, failure of electrical services or other public utilities, labor troubles, cancellation, delay, or unavailability of transportation, epidemics, war or riot.

19. TRANSPORTATION DELAY AND LOSS OF TISSUE
The parties to this agreement acknowledge and agree that transportation of autograft tissue shall be transported from Hospital to CTS by way of CTS employees, common carrier commercial transportation, airlines, couriers, shipping companies, and other subcontracted entities outside the direct control of Hospital or CTS. It is also agreed that unforeseen circumstances may cause undue delay or prevent the successful transport, preservation, storage, return shipment, or re-implantation of the autograft tissue by the employees and agents of Hospital and CTS. Therefore, it is understood and agreed that Hospital and CTS shall be excused from all obligation, liability, damages, economic loss, bodily harm, or even loss of life for any damage to the autograft or its loss, or for any circumstance or event that may render the autograft unusable or unsuitable for acceptance by CTS, processing, storage, return shipment, or for surgical re-implantation by Hospital that is caused by handling during transport, damage to external or internal packaging, damage caused by unforeseen delay in transit, loss, mysterious disappearance, exposure to toxic or noxious chemicals, freezing, thawing, excessive heat, heat wave, or due any other event or circumstance that may cause the autograft tissue from being successfully re-implanted into the patient, other than such event or circumstance caused by the gross negligence of CTS and its employees.

It is agreed by Hospital that tissue requested for return shall be sent for specific scheduled surgery dates, and shall not be ordered returned greater than 24 hours prior to the scheduled dates of re-implant of the tissue or for the continued day to day storage at Hospital.

CTS shall return autograft tissue pursuant to receiving proper legal demand from authorized parties (legal next of kin) and/or government agencies (Medical Examiner or County Coroner) to appropriate and suitable locations, and Hospital agrees that it shall be responsible for paying any return shipment and handling fees that CTS normally charges in addition to any extraordinary costs that CTS must incur as part of compliance with such orders unless other arrangements for payment have been made by the entity requesting or ordering the return.

authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, officials, employees, and volunteers as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance and endorsements with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section IV (A), for services

rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section V.

CONTRACTOR shall submit the Budget and Expenditure Report provided as Exhibit H, identifying CONTRACTOR'S allowable costs and program revenues. COUNTY shall identify program revenues for COUNTY funds, and CONTRACTOR shall identify allowable costs and other program revenues as defined in Exhibit B, Section VI, paragraph B of this Agreement, if applicable. The budget shall be the basis for payment reimbursements, cost settlement activities, and audits.

XVII. ACCESS TO AND AUDIT OF RECORDS

A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.

B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of ten (10) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.

C. Overpayment. If the results of any audit show that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

D. Responsibility for Audit Exceptions. Any and all audit exceptions by COUNTY or any Federal or State agency resulting from an audit of CONTRACTOR'S performance of this Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

CONTRACTOR shall insure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be unlawful discrimination. In addition, CONTRACTOR'S facility access for the disabled shall comply with § 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794).

B. Discrimination defined. The term "discrimination," as used in this Agreement, is the same term that is used in Monterey County Code, Chapter 2.80 ("Procedures for Investigation and Resolution of Discrimination Complaints"); it means the illegal denial of equal employment opportunity, harassment (including sexual harassment and violent harassment), disparate treatment, favoritism, subjection to unfair or unequal working conditions, and/or discriminatory practice by any Monterey County official, employee or agent, due to an individual's race, color, ethnic group, sex, national origin, ancestry, religious creed, sexual orientation, age, veteran's status, cancer-related medical condition, physical handicap (including AIDS) or disability. The term also includes any act of retaliation.

C. Application of Monterey County Code Chapter 2.80. The provisions of Monterey County Code Chapter 2.80 apply to activities conducted pursuant to this Agreement. CONTRACTOR and its officers and employees, in their actions under this Agreement, are agents of the COUNTY within the meaning of Chapter 2.80 and are responsible for ensuring that their workplace and the services that they provide are free from discrimination, as required by Chapter 2.80. Complaints of discrimination made by recipients of services against CONTRACTOR may be pursued by using the procedures established by or pursuant to Chapter 2.80. CONTRACTOR shall establish and follow its own written procedures for prompt and fair investigation and resolution of discrimination complaints made against CONTRACTOR by its own employees and agents or recipients of services pursuant to this Agreement, and CONTRACTOR shall provide a copy of such procedures to COUNTY on demand by COUNTY.

II. PROGRAM GOALS AND OBJECTIVES

A. PROGRAM NARRATIVE

CONTRACTOR is licensed by the California State Department of Social Services as a Short-Term Residential Therapeutic Program (STRTP) and maintains Mental Health Program Approval and Medi-Cal certification to provide an integrated program of specialized and intensive care, services and supports, specialty mental health services, and 24-hour supervision on a short-term basis for children and youth with complex and severe needs. The STRTP is intended for children whose behavioral and therapeutic needs are not able to be met in a home-based family setting, even with the provision of supportive services, and who require the level of supervision and clinical interventions provided by a STRTP.

Children and youth requiring STRTP care need a multi-faceted approach of care. It is expected that services will be provided within the context and implementation of the Integrated Core Practice Model (ICPM) as outlined in the Katie A. Settlement. The ICPM is a comprehensive model for serving children and youth in need. The ICPM Guide publication in the Medi-Cal Manual available through the Department of Health Care Services defines the ICPM as, "a set of practices and principles that promotes a set of values shared by all who seek to support children, youth, and families involved in child-serving agencies including, but not limited to, the child welfare system, special education, probation, drug and alcohol, and other health and human services agencies or legal systems with which the child or youth is involved".

B. PROGRAM GOALS

a. Provide trauma-informed therapeutic interventions and integrated programming designated to treat and ameliorate the behavioral health symptoms and improve functioning.
b. Provide a range of services, of varying intensity, tailored to the individual needs of the child, which can be adjusted during his or her stay in the program as they are meeting goals and improving functioning.
c. Provide mental health interventions so that children and adolescents may move to less restrictive/intensive treatment settings.
d. Child/youth develop effective problem-solving and coping skills to resolve behavioral and emotional problems, improving relationships, and overall functioning.

relationships. Clinically appropriate and covered SMHS can also be provided when the client has a co-occurring mental health condition and substance use disorder.

2. Under this Agreement, CONTRACTOR will ensure that clients receive timely mental health services without delay. Services are reimbursable to CONTRACTOR by COUNTY even when:

CONTRACTOR agrees to satisfy the chart documentation requirements set forth in BHIN 22-019 and the contract between COUNTY and DHCS. Failure to comply with documentation standards specified in this Article require corrective action plans.

C. Assessment

1. CONTRACTOR shall ensure that all client medical records include an assessment of each client's need for mental health services.

2. CONTRACTOR will utilize the seven uniform assessment domains and include other required elements as identified in BHIN 22-019 and document the assessment in the client's medical record.

3. For clients aged 6 through 20, the Child and Adolescent Needs and Strengths (CANS), and for clients aged 3 through 18, the Pediatric Symptom Checklist-35 (PSC-35) tools are required at intake, every six months during treatment, and at discharge, as specified in DHCS MHSUDS INs 17-052 and 18-048.

3. A problem identified during a service encounter may be addressed by the service provider during that service encounter and subsequently added to the problem list.

4. The problem list shall include, but is not limited to, all elements specified in BHIN 22-019.

5. COUNTY does not require the problem list to be updated within a specific timeframe or have a requirement about how frequently the problem list should be updated after a

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

E. Treatment and Care Plans

1. CONTRACTOR is not required to complete treatment or care plans for clients under this Agreement, except in the circumstances specified in BHIN 22-019 and additional guidance from DHCS that may follow after execution of this Agreement.

3. Progress notes shall include all elements specified in BHIN 22-019, whether the note be for an individual or a group service.

4. CONTRACTOR shall complete progress notes within three business days of providing a service, with the exception of notes for crisis services, which shall be completed within 24 hours.

5. Providers shall complete a daily progress note for services that are billed on a daily basis, such as residential and day treatment services, if applicable.

G. Transition of Care Tool

1. CONTRACTOR shall use a Transition of Care Tool for any clients whose existing services will be transferred from CONTRACTOR to an Medi-Cal Managed Care Plan (MCP) provider or when NSMHS will be added to the existing mental health treatment provided by CONTRACTOR, as specified in BHIN 22-065, in order to ensure continuity of care.

2. Determinations to transition care or add services from an MCP shall be made in alignment with COUNTY policies and via a client-centered, shared decision-making process.

A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act ("MHSA"), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Rate, which is based on the most recent State's Medi-Cal Behavioral Health Service Fee Schedules established by the State's Department of Health Care Services. In no case shall payments to CONTRACTOR exceed County's Maximum Rates. In addition to the rate limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the "Maximum Obligation of County," as identified in this Exhibit B, Section V.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Behavioral Health Invoice Form provided as Exhibit G, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30th) day of the month following the month of service. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

   CONTRACTOR shall submit via email a monthly claim using Exhibit G, Behavioral Health Invoice Form in Excel format with electronic signature along with supporting documentation, as may be required by the COUNTY for services rendered to:

   MCHDBHFinance@countyofmonterey.gov

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR'S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

certified invoice.

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. V. MAXIMUM OBLIGATION OF COUNTY

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **$590,520** for services rendered under this Agreement.

B. Maximum Annual Liability:

FISCAL YEAR LIABILITY	AMOUNT
FY 2025/2026	$295,260
FY 2026/2027	$295,260
TOTAL MAXIMUM COUNTY OBLIGATION:	**$590,520**

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

VI. BILLING AND PAYMENT LIMITATIONS

B. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

C. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H and 2 C.F.R. § 230. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

D. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line-item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

VII. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

VIII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

A. If, under this Agreement, CONTRACTOR has Funded Programs that include Short-Doyle/Medi-Cal services, CONTRACTOR shall certify in writing annually, by August 1 of each year, that all necessary documentation shall exist at the time any claims for Short-Doyle/Medi-Cal services are submitted by CONTRACTOR to COUNTY.
CONTRACTOR shall be solely liable and responsible for all service data and information submitted by CONTRACTOR.

B. CONTRACTOR acknowledges and agrees that the COUNTY, in undertaking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Mental Health Plan for the Federal, State and local governments.

C. CONTRACTOR shall submit to COUNTY all Short-Doyle/Medi-Cal claims or other State required claims data within the thirty (30) calendar daytime frame(s) as prescribed

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

by this Agreement to allow the COUNTY to meet the time frames prescribed by the Federal and State governments. COUNTY shall have no liability for CONTRACTOR'S failure to comply with the time frames established under this Agreement and/or Federal and State time frames, except to the extent that such failure was through no fault of CONTRACTOR.

D. COUNTY, as the Mental Health Plan, shall submit to the State in a timely manner claims for Short-Doyle/Medi-Cal services only for those services/activities identified and entered into the COUNTY'S claims processing information system which are compliant with Federal and State requirements. COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Short-Doyle/Medi-Cal services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities subsequently denied or disallowed by Federal, State and/or COUNTY government.

I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section II (Method of Payments for Amounts Due to County) of this Agreement.

J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

IX. PATIENT/CLIENT ELIGIBILITY, UMDAP FEES, THIRD PARTY REVENUES, AND INTEREST

A. CONTRACTOR shall comply with all Federal, State and COUNTY requirements and procedures relating to:

2. The eligibility of patients/clients for Short-Doyle/Medi-Cal, Medicaid, Medicare, private insurance, or other third-party revenue, and the collection, reporting and deduction of all patient/client and other revenue for patients/clients receiving services hereunder. B. All fees paid by patients/clients receiving services under this Agreement and all fees paid on behalf of patients/clients receiving services hereunder shall be utilized by CONTRACTOR only for the delivery of mental health service/activities specified in this Agreement.

C. CONTRACTOR may retain unanticipated fee for service program revenue, under this Agreement, provided that the unanticipated revenue is utilized for the delivery of mental health services/activities specified in this Agreement.

D. CONTRACTOR shall not retain any fees paid by any sources for, or on behalf of, Medi-Cal beneficiaries without deducting those fees from the cost of providing those mental health services for which fees were paid.

E. CONTRACTOR may retain any interest and/or return which may be received, earned or collected from any funds paid by COUNTY to CONTRACTOR, provided that CONTRACTOR shall utilize all such interest and return only for the delivery of mental health services/activities specified in this Agreement.

F. Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

2. A report by COUNTY to State of all such non-reported revenue including any such unreported revenue paid by any sources for or on behalf of Medi-Cal beneficiaries and/or COUNTY'S revision of the Annual Report(s).
3. Any appropriate financial adjustment to CONTRACTOR'S reimbursement.

C. CFA shall consist of, and shall be payable only from, the Maximum Contract Amount for the particular fiscal year in which the related services are to be rendered and upon which the request(s) is (are) based.

D. CFA is intended to provide cash flow to CONTRACTOR pending CONTRACTOR'S rendering and billing of eligible services/activities, as identified in this Exhibit B, Sections III. and V., and COUNTY payment thereof. CONTRACTOR may request each monthly Cash Flow Advance only for such services/activities and only to the extent that there is no reimbursement from any public or private sources for such services/activities.

E. Cash Flow Advance (CFA) Invoice. For each month for which CONTRACTOR is eligible to request and receive a CFA, CONTRACTOR must submit to the COUNTY an invoice of a CFA in a format that is in compliance with the funding source and the amount of CFA CONTRACTOR is requesting. In addition, the CONTRACTOR must submit supporting documentation of expenses incurred in the prior month to receive future CFAs.

F. Upon receipt of the Invoice, COUNTY, shall determine whether to approve the CFA and, if approved, whether the request is approved in whole or in part.

G. If a CFA is not approved, COUNTY will notify CONTRACTOR within ten (10) business days of the decision, including the reason(s) for non-approval. Thereafter, CONTRACTOR may, within fifteen (15) calendar days, request reconsideration of the decision.

H. Year-end Settlement. CONTRACTOR shall adhere to all settlement and audit provisions specified in Exhibit I, of this Agreement, for all CFAs received during the fiscal year.

EXHIBIT E:
ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement
- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration
- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access
- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials,

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.

4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.

5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).

6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.

7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.

8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

3.1. Responsibilities of Business Associate. Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410I, which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach; and

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non- permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set;

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 <u>Business Associate Acknowledgment</u>.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de- identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504I(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

(v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

5.3 No Third Party Beneficiaries. Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

5.5 Counterparts; Facsimiles. This BAA may be executed in any number of counterparts, each of which shall be deemed an original. Facsimile and electronic copies hereof shall be deemed to be originals.

5.6 Relationship of Parties. Notwithstanding anything to the contrary in the Services Agreement, Business Associate is an independent contractor and not an agent of Covered Entity under this BAA. Business Associate has the sole right and obligation to supervise, manage, contract, direct, procure, perform, or cause to be performed all Business Associate obligations under this BAA.

5.7 Choice of Law; Interpretation. This BAA shall be governed by the laws of the State of California. Any ambiguities in this BAA shall be resolved in a manner that allows Covered Entity and Business Associate to comply with HIPAA and the California Confidentiality Laws.

5.8 Indemnification. Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

5.9 Applicability of Terms. This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability. The insurance coverage limits, per claim and in the aggregate, shall not be less than the following amounts based upon the number of unique patient served under this agreement:

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

Unique Patients	Coverage
Less than 12,001	$2,000,000
12,001 – 30,000	$3,000,000
30,001 – 60,000	$5,000,000
More than 60,000	$10,000,000

If the Business Associate maintains broader coverage and/or higher limits than these minimums, the Covered Entity requires, and shall be entitled to, the broader coverage and/or the higher limits maintained by the Business Associate. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Covered Entity. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

5.11 Legal Actions. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law. This includes, without limitation, any allegation that Business Associate has violated HIPAA or other federal or state privacy or security laws.

5.12 Audit or Investigations. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any audit, compliance review, or complaint investigation by the Secretary or other state or federal agency related to compliance with HIPAA or the California Confidentiality Laws.

Part 171 (collectively, "Information Blocking Rules"). Business Associate and Covered Entity shall cooperate in good faith to ensure Covered Entity's electronic health information is accessed, exchanged, and used in compliance with the Information Blocking Rules.

EXHIBIT I: AUDITS AND AUDIT APPEALS

I. AUDITS AND AUDIT APPEALS

A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the County of Monterey Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.

B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.

C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.

   1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.

   2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.

   3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section II (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.

   1. For Federal audit exceptions, Federal audit appeal processes shall be followed.

EXHIBIT J: FEDERAL AND STATE TELEHEALTH LAWS

Purpose: Demonstrate CONTRACTOR's telehealth compliance with federal & state telehealth laws

A. **Federal Telehealth Law**

There are no specific federal laws governing the delivery of telehealth related to compliance, but there are numerous laws requiring telehealth reimbursement parity with face-to-face services. However, in parity with on-ground mental health services, Telehealth 'covered entities' are required to uphold federally-established HIPAA regulations according to the Health Insurance Portability and Accountability Act of 1996.

HIPAA Regulations: In addition to standard operations, HIPAA security guidelines for the electronic delivery of telehealth services have been established by HITECH (Health Information Technology for Economic and Clinical Health) as part of the American Recovery and Reinvestment Act of 2009 (ARRA). Specifically, CONTRACTOR Telehealth technologies and operational standards conform to HITECH guidelines for HIPAA compliance through:

1. **Technology Security**
    a. IETF-standard Secure Sockets Layer (SSL) and Transport Layer Security (TLS) protocols are used to protect all communication between endpoints. To provide maximum protection against eavesdropping, modification, or replay attacks, the only SSL cipher suite supported for non-Web-site TCP connections is 1024-bit RSA with 128-bit AES-CBC and HMAC-SHA1
    b. End-to-end 128 bit encryption that protects both ends of the connection
    c. Multi-layer cryptography, server, certificate, and user authentication prevent unauthorized access
2. **Role-based Security Features**
    a. Platform user permissions are centrally assigned to approved providers by the CONTRACTOR's Director of Operations only (controlled access to platform)
    b. Each session has a uniquely coded session ID that is not reusable
    c. No one else can enter the session uninvited (including staff members)
3. **Security Monitoring**
    a. occurs simultaneously on three levels, 1) CONTRACTOR Provider; 2) Facility; and 3) Behavioral Health
    b. Provider has on-screen monitoring tools to see who is connected to the session at all times
    c. Facility and BH monitors daily activity plus comprehensive data logs to ensure appropriate, secure use of system
    d. CONTRACTOR Data Centers are physically guarded and continually monitored for security and performance, guarding against cyber attacks
4. **Information Access**
    a. Communications and user identities are NEVER visible to any third party

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

b. User logs and activity is not visible to anyone but the CONTRACTOR Director of Operations

c. Sessions are not recorded

d. Contingency and Emergency Operations Plan

5. **Stringent Policies and Procedures**

a. Extensive training plus CONTRACTOR policies and procedures for clinicians governing use of the platform, their behavior online, and how they access and manage client information.

b. We also work closely with clients to ensure their compliance to HIPAA confidentiality measures (such as confirming no one can overhear their session, confirming they are in a secure and private location, etc.

B. **California Telehealth Law**

California was one of the earliest adopters of a state telehealth policy with the passing of The Telemedicine Development Act of 1996, which established a legal requirement to recognize telehealth services as equivalent to face to face services, and for such services to be reimbursable by both Medi-Cal and Medicare, as well as commercial insurers.

Current and relevant CA telehealth codes/laws include:

• **Cal. Health & Safety Code § 1374.13. (c)** - On and after January 1, 1997, no health care service plan contract that is issued, amended, or renewed shall require face-to-face contact between a health care provider and a patient for services appropriately provided through telemedicine, subject to all terms and conditions of the contract agreed upon between the enrollee or subscriber and the plan.

• **Cal. Health & Safety Code § 14132.72. (a)** - It is the intent of the Legislature to recognize the practice of telemedicine as a legitimate means by which an individual may receive medical services from a health care provider without person-to-person contact with the provider.

• **AB 415 (2012)** – Was passed to facilitate the advancement of telehealth as way of providing health services. The law established that telehealth services may consist of a real-time (synchronous) interaction between a patient and a health care provider located at a distant site or may involve the transmission of a patient's medical information from patient's site to a distant site without the presence of the patient ("asynchronous store and forward"). The law also affirmed that the use of telehealth includes allied health professions such as mental health practitioners. (See Cal. Bus. & Prof. Code § 2290.5).

• **AB 809 (2015)** - Provided that informed consent for telehealth services may be verbal only, although USCTH still obtains written consent and acknowledgement of telehealth service delivery as a "best practice".

Additional Important Telehealth Facts:

California law considers telehealth equivalent to in-person services ... Regulations established by The Telemedicine Development Act of 1996 focus on the prompt and equivalent payment for telemedicine services by contracting entities to uphold the law's intention that **telemedicine/telehealth be recognized as a legitimate means of service delivery the same as face-to-face services for all services that are possible through a telehealth platform.**

Docusign Envelope ID: 5EEEBC36-4EA9-4346-AC66-FACBA5138949

Allied health professions are covered under the law ... Please note that the language from the Telemedicine Development Act of 1996 (Senate Bill 1665) was updated in 2012 to "**telehealth**" instead of telemedicine and covers **allied health** professions in addition to medical services.

CMS has a history of paying for telehealth services ... For informational purposes, a recent article in *healthitoutcomes.com – May, 28, 2015* – states "Total reimbursements for telemedicine by the Centers for Medicare & Medicaid Services reached $13.9 million in 2014."

Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, officials, employees, and volunteers as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance and endorsements with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section IV (A), for services

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

II. PROGRAM GOALS AND OBJECTIVES

A. PROGRAM NARRATIVE

CONTRACTOR is licensed by the California State Department of Social Services as a Short-Term Residential Therapeutic Program (STRTP) and maintains Mental Health Program Approval and Medi-Cal certification to provide an integrated program of specialized and intensive care, services and supports, specialty mental health services, and 24-hour supervision on a short-term basis for children and youth with complex and severe needs. The STRTP is intended for children whose behavioral and therapeutic needs are not able to be met in a home-based family setting, even with the provision of supportive services, and who require the level of supervision and clinical interventions provided by a STRTP.

Children and youth requiring STRTP care need a multi-faceted approach of care. It is expected that services will be provided within the context and implementation of the Integrated Core Practice Model (ICPM) as outlined in the Katie A. Settlement. The ICPM is a comprehensive model for serving children and youth in need. The ICPM Guide publication in the Medi-Cal Manual available through the Department of Health Care Services defines the ICPM as, "a set of practices and principles that promotes a set of values shared by all who seek to support children, youth, and families involved in child-serving agencies including, but not limited to, the child welfare system, special education, probation, drug and alcohol, and other health and human services agencies or legal systems with which the child or youth is involved".

B. PROGRAM GOALS

a. Provide trauma-informed therapeutic interventions and integrated programming designated to treat and ameliorate the behavioral health symptoms and improve functioning.
b. Provide a range of services, of varying intensity, tailored to the individual needs of the child, which can be adjusted during his or her stay in the program as they are meeting goals and improving functioning.
c. Provide mental health interventions so that children and adolescents may move to less restrictive/intensive treatment settings.
d. Child/youth develop effective problem-solving and coping skills to resolve behavioral and emotional problems, improving relationships, and overall functioning.

A. Certification of Eligibility

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

CONTRACTOR will, in cooperation with COUNTY, comply with Section 14705.5 of California Welfare and Institutions Code to obtain a certification of a client's eligibility for SMHS under Medi-Cal.

B. Access to Specialty Mental Health Services

1. In collaboration with the COUNTY, Contractor will work to ensure that individuals to whom the CONTRACTOR provides SMHS meet access criteria, as per DHCS guidance specified in BHIN 21-073. Specifically, the CONTRACTOR will ensure that the clinical record for each client includes information as a whole indicating that client's presentation and needs are aligned with the criteria applicable to their age at the time of service provision as specified below.

2. For enrolled clients under 21 years of age, CONTRACTOR shall provide all medically necessary SMHS required pursuant to Section 1396d(r) of Title 42 of the United States Code. Covered SMHS shall be provided to enrolled clients who meet either of the following criteria, (a) or (b) below. If a client under age 21 meets the criteria as described in (a) below, the beneficiary meets criteria to access SMHS; it is not necessary to establish that the beneficiary also meets the criteria in (b) below.

   a. The client has a condition placing them at high risk for a mental health disorder due to experience of trauma evidenced by any of the following: scoring in the high-risk range under a trauma screening tool approved by DHCS, involvement in the child welfare system, juvenile justice involvement, or experiencing homelessness.

   b. The client has at least one of the following:

      a. A significant impairment,

      b. A reasonable probability of significant deterioration in an important area of life functioning,

      c. A reasonable probability of not progressing developmentally as appropriate, or

      d. A need for SMHS, regardless of presence of impairment, that are not included within the mental health benefits that a Medi-Cal Managed Care Plan (MCP) is required to provide.

      e. The client's condition listed above is due to one of the following:

         b. A suspected mental health disorder that has not yet been diagnosed.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

c. Significant trauma placing the client at risk of a future mental health condition, based on the assessment of a licensed mental health professional.

3. For clients 21 years of age or older, CONTRACTOR shall provide covered SMHS for clients who meet both of the following criteria, (a) and (b) below:

a. The client has one or both of the following:

i. Significant impairment, where impairment is defined as distress, disability, or dysfunction in social, occupational, or other important activities.

ii. A reasonable probability of significant deterioration in an important area of life functioning.

b. The client's condition as described in paragraph (a) is due to either of the following:

i. A diagnosed mental health disorder, according to the criteria in the current editions of the DSM and ICD.

ii. A suspected mental disorder that has not yet been diagnosed.

C. Additional Clarifications

1. Criteria

a. A clinically appropriate and covered mental health prevention, screening, assessment, treatment, or recovery service listed within Exhibit A of this Agreement can be provided and submitted to the COUNTY for reimbursement under any of the following circumstances:

i. The services were provided prior to determining a diagnosis, including clinically appropriate and covered services provided during the assessment process;
ii. The service was not included in an individual treatment plan; or

iii. The client had a co-occurring substance use disorder.

2. Diagnosis Not a Prerequisite

a. Per BHIN 21-073, a mental health diagnosis is not a prerequisite for access to covered SMHS. This does not eliminate the requirement that all Medi-Cal claims, including SMHS claims, include a current Centers for Medicare & Medicaid Services (CMS) approved ICD diagnosis code.

D. Medical Necessity

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

1. CONTRACTOR will ensure that services provided are medically necessary in compliance with BHIN 21-073 and pursuant to Welfare and Institutions Code section 14184.402(a). Services provided to a client must be medically necessary and clinically appropriate to address the client's presenting condition. Documentation in each client's chart as a whole will demonstrate medical necessity as defined below, based on the client's age at the time of service provision.

2. For individuals 21 years of age or older, a service is "medically necessary" or a "medical necessity" when it is reasonable and necessary to protect life, to prevent significant illness or significant disability, or to alleviate severe pain as set forth in Welfare and Institutions Code section 14059.5.

3. For individuals under 21 years of age, a service is "medically necessary" or a "medical necessity" if the service meets the standards set forth in Section 1396d(r)(5) of Title 42 of the United States Code.

E. Coordination or Care

1. CONTRACTOR shall ensure that all care, treatment and services provided pursuant to this Agreement are coordinated among all providers who are serving the client, including all other SMHS providers, as well as providers of Non-Specialty Mental Health Services (NSMHS), substance use disorder treatment services, physical health services, dental services, regional center services and all other services as applicable to ensure a client-centered and whole-person approach to services.

2. CONTRACTOR shall ensure that care coordination activities support the monitoring and treatment of comorbid substance use disorder and/or health conditions.

3. CONTRACTOR shall include in care coordination activities efforts to connect, refer and link clients to community-based services and supports, including but not limited to educational, social, prevocational, vocational, housing, nutritional, criminal justice, transportation, childcare, child development, family/marriage education, cultural sources, and mutual aid support groups.

4. CONTRACTOR shall engage in care coordination activities beginning at intake and throughout the treatment and discharge planning processes.

5. To facilitate care coordination, CONTRACTOR will request a HIPAA and California law compliant client authorization to share client information with and among all other providers involved in the client's care, in satisfaction of state and federal privacy laws and regulations.

F. Co-Occurring Treatment and No Wrong Door

1. Per BHIN 22-011, Specialty and Non-Specialty Mental Health Services can be provided concurrently, if those services are clinically appropriate, coordinated, and not duplicative. When a client meets criteria for both NSMHS and SMHS, the client should receive services based on individual clinical need and established therapeutic

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

relationships. Clinically appropriate and covered SMHS can also be provided when the client has a co-occurring mental health condition and substance use disorder.

2. Under this Agreement, CONTRACTOR will ensure that clients receive timely mental health services without delay. Services are reimbursable to CONTRACTOR by COUNTY even when:

   a. Services are provided prior to determination of a diagnosis, during the assessment or prior to determination of whether SMHS access criteria are met, even if the assessment ultimately indicates the client does not meet criteria for SMHS.

   b. If CONTRACTOR is serving a client receiving both SMHS and NSMHS, CONTRACTOR holds responsibility for documenting coordination of care and ensuring that services are non-duplicative.

IV. AUTHORIZATION AND DOCUMENTATION PROVISIONS

A. Services Authorization

1. CONTRACTOR will collaborate with COUNTY to complete authorization requests in line with COUNTY and DHCS policy.

2. CONTRACTOR shall have in place, and follow, written policies and procedures for completing requests for initial and continuing authorizations of services, as required by COUNTY guidance.

3. CONTRACTOR shall respond to COUNTY in a timely manner when consultation is necessary for COUNTY to make appropriate authorization determinations.

4. COUNTY shall provide CONTRACTOR with written notice of authorization determinations within the timeframes set forth in BHINs 22-016 and 22-017, or any subsequent DHCS notices.

5. CONTRACTOR shall alert COUNTY when an expedited authorization decision (no later than 72 hours) is necessary due to a client's specific needs and circumstances that could seriously jeopardize the client's life or health, or ability to attain, maintain, or regain maximum function.

B. Documentation Requirements

1. CONTRACTOR will follow all documentation requirements as specified in Article 4.2-4.8 inclusive in compliance with federal, state and COUNTY requirements.

2. All CONTRACTOR documentation shall be accurate, complete, and legible, shall list each date of service, and include the face-to-face time for each service. CONTRACTOR shall document travel and documentation time for each service separately from face-to-face time and provide this information to COUNTY upon

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

request. Services must be identified as provided in-person, by telephone, or by telehealth.

3. All services shall be documented utilizing COUNTY-approved templates and contain all required elements. CONTRACTOR agrees to satisfy the chart documentation requirements set forth in BHIN 22-019 and the contract between COUNTY and DHCS. Failure to comply with documentation standards specified in this Article require corrective action plans.

C. Assessment

1. CONTRACTOR shall ensure that all client medical records include an assessment of each client's need for mental health services.

2. CONTRACTOR will utilize the seven uniform assessment domains and include other required elements as identified in BHIN 22-019 and document the assessment in the client's medical record.

3. For clients aged 6 through 20, the Child and Adolescent Needs and Strengths (CANS), and for clients aged 3 through 18, the Pediatric Symptom Checklist-35 (PSC-35) tools are required at intake, every six months during treatment, and at discharge, as specified in DHCS MHSUDS INs 17-052 and 18-048.

4. The time period for providers to complete an initial assessment and subsequent assessments for SMHS are up to clinical discretion of COUNTY; however, CONTRACTOR's providers shall complete assessments within a reasonable time and in accordance with generally accepted standards of practice.

D. Problem List

1. CONTRACTOR will create and maintain a Problem List for each client served under this Agreement. The problem list is a list of symptoms, conditions, diagnoses, and/or risk factors identified through assessment, psychiatric diagnostic evaluation, crisis encounters, or other types of service encounters.

2. CONTRACTOR must document a problem list that adheres to industry standards utilizing at minimum current SNOMED International, Systematized Nomenclature of Medicine Clinical Terms (SNOMED CT®) U.S. Edition, September 2022 Release, and ICD-10-CM 2023.

3. A problem identified during a service encounter may be addressed by the service provider during that service encounter and subsequently added to the problem list.

4. The problem list shall include, but is not limited to, all elements specified in BHIN 22-019.

5. COUNTY does not require the problem list to be updated within a specific timeframe or have a requirement about how frequently the problem list should be updated after a

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

problem has initially been added. However, CONTRACTOR shall update the problem list within a reasonable time such that the problem list reflects the current issues facing the client, in accordance with generally accepted standards of practice and in specific circumstances specified in BHIN 22-019.

E. Treatment and Care Plans

1. CONTRACTOR is not required to complete treatment or care plans for clients under this Agreement, except in the circumstances specified in BHIN 22-019 and additional guidance from DHCS that may follow after execution of this Agreement.

F. Progress Notes

1. CONTRACTOR shall create progress notes for the provision of all SMHS services provided under this Agreement.

2. Each progress note shall provide sufficient detail to support the service code selected for the service type as indicated by the service code description.

3. Progress notes shall include all elements specified in BHIN 22-019, whether the note be for an individual or a group service.

4. CONTRACTOR shall complete progress notes within three business days of providing a service, with the exception of notes for crisis services, which shall be completed within 24 hours.

5. Providers shall complete a daily progress note for services that are billed on a daily basis, such as residential and day treatment services, if applicable.

G. Transition of Care Tool

1. CONTRACTOR shall use a Transition of Care Tool for any clients whose existing services will be transferred from CONTRACTOR to an Medi-Cal Managed Care Plan (MCP) provider or when NSMHS will be added to the existing mental health treatment provided by CONTRACTOR, as specified in BHIN 22-065, in order to ensure continuity of care.

2. Determinations to transition care or add services from an MCP shall be made in alignment with COUNTY policies and via a client-centered, shared decision-making process.

3. CONTRACTOR may directly use the DHCS-provided Transition of Care Tool, found at: https://www.dhcs.ca.gov/Pages/Screening-and-Transition-of-Care-Tools-for-Medi-Cal-Mental-Health-Services.aspx, or obtain a copy of that tool provided by the COUNTY. CONTRACTOR may create the Transition of Care Tool in its Electronic Health Record (EHR). However, the contents of the Transition of Care Tool, including the specific wording and order of fields, shall remain identical to the DHCS provided

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

form. The only exception to this requirement is when the tool is translated into languages other than English.

H. Telehealth

1. CONTRACTOR may use telehealth, when it deems clinically appropriate, as a mode of delivering behavioral health services in accordance with all applicable COUNTY, state, and federal requirements, including those related to privacy/security, efficiency, and standards of care. Such services will conform to the definitions and meet the requirements included in the Medi-Cal Provider Manual: Telehealth, available in the DHCS Telehealth Resources page at:

   https://www.dhcs.ca.gov/provgovpart/Pages/TelehealthResources.aspx.

2. All telehealth equipment and service locations must ensure that client confidentiality is maintained.

3. Licensed providers and staff may provide services via telephone and telehealth as long as the service is within their scope of practice.

4. Medical records for clients served by CONTRACTOR under this Agreement must include documentation of written or verbal consent for telehealth or telephone services if such services are provided by CONTRACTOR. Such consent must be obtained at least once prior to initiating applicable health care services and consent must include all elements as specified in BHIN 22-019.
5. COUNTY may at any time audit CONTRACTOR's telehealth practices, and CONTRACTOR must allow access to all materials needed to adequately monitor CONTRACTOR's adherence to telehealth standards and requirements.

V. MONTEREY INTEGRATED SYSTEM OF CARE TRANSFORMATION INITIATIVE (MISTI)

A. Participation in the Monterey Integrated System of Care Transformation Initiative

Monterey County Behavioral Health (MCBH) envisions a system of care that addresses the needs of individuals and families with co-occurring mental health (MH) and substance use disorder (SUD) conditions, as well as other MH and/or SUD complex challenges, across their lifespan. The system is designed to ensure that services are welcoming, coordinated, and integrated, focusing on cultural and linguistic competence.

CONTRACTOR shall participate in the Monterey Integrated System Transformation Initiative (MISTI). CONTRACTOR will take specific actions to develop co-occurring capability within their programs, including:

IV. PAYMENT CONDITIONS

A. If CONTRACTOR is seeking reimbursement for eligible services funded by the Short-Doyle/Medi-Cal, Mental Health Services Act ("MHSA"), SB 90, Federal or State Grants, and/or COUNTY funds provided pursuant to this Agreement, reimbursement for such services shall be based on actual cost of providing those services less any deductible revenues collected by the CONTRACTOR from other payer sources. In order to reduce COUNTY costs, the CONTRACTOR shall comply with all applicable provisions of the California Welfare and Institutions Code (WIC), the California Code of Regulations, the Code of Federal Regulations, and the federal Social Security Act related to reimbursements by non-County and non-State sources, including, but not limited to, collecting reimbursements for services from clients (which shall be the same as patient fees established pursuant to WIC section 5710) and from private or public third-party payers.

CONTRACTOR shall not claim reimbursement from COUNTY for (or apply sums received from COUNTY with respect to) that portion of its obligations which has been paid by another source of revenue. If CONTRACTOR is seeking reimbursement for mental health services provided pursuant to this Agreement, reimbursement for such services shall be based upon the actual allowable costs of providing those services less any deductible revenues, as stated above. Notwithstanding any other provision of this Agreement, in no event may CONTRACTOR request a rate that exceeds the COUNTY'S Maximum Rate, which is based on the most recent State's Medi-Cal Behavioral Health Service Fee Schedules established by the State's Department of Health Care Services. In no case shall payments to CONTRACTOR exceed County's Maximum Rates. In addition to the rate limitation, in no event shall the maximum reimbursement that will be paid by COUNTY to CONTRACTOR under this Agreement for any Program Amount be more than the amount identified for each Program Amount for each Funded Program, as identified in this Exhibit B, Section III. Said amounts shall be referred to as the "Maximum Obligation of County," as identified in this Exhibit B, Section V.

B. To the extent a recipient of services under this Agreement is eligible for coverage under Short-Doyle/Medi-Cal or Medicaid or Medicare or any other Federal or State funded program ("an eligible beneficiary"), CONTRACTOR shall ensure that services provided to eligible beneficiaries are properly identified and claimed to the Funded Program

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

responsible for such services to said eligible beneficiaries. For the Short-Doyle/Medi-Cal Funded Program, CONTRACTOR assumes fiscal responsibility for services provided to all individuals who do not have full-scope Medi-Cal or are not Medi-Cal eligible during the term of this Agreement.

C. CONTRACTOR shall be responsible for delivering services to the extent that funding is provided by the COUNTY. To the extent that CONTRACTOR does not have funds allocated in the Agreement for a Funded Program that pays for services to a particular eligible beneficiary, CONTRACTOR shall, at the first opportunity, refer said eligible beneficiary to another CONTRACTOR or COUNTY facility within the same geographic area to the extent feasible, which has available funds allocated for that Funded Program.

D. In order to receive any payment under this Agreement, CONTRACTOR shall submit reports and claims in such form as General Ledger, Payroll Report and other accounting documents as needed, and as may be required by the County of Monterey Department of Health, Behavioral Health Bureau. Specifically, CONTRACTOR shall submit its claims on Behavioral Health Invoice Form provided as Exhibit G, to this Agreement, along with backup documentation, on a monthly basis, to COUNTY so as to reach the Behavioral Health Bureau no later than the thirtieth (30th) day of the month following the month of service. See Section III, above, for payment amount information to be reimbursed each fiscal year period of this Agreement. The amount requested for reimbursement shall be in accordance with the approved budget and shall not exceed the actual net costs incurred for services provided under this Agreement.

CONTRACTOR shall submit via email a monthly claim using Exhibit G, Behavioral Health Invoice Form in Excel format with electronic signature along with supporting documentation, as may be required by the COUNTY for services rendered to:

MCHDBHFinance@countyofmonterey.gov

E. CONTRACTOR shall submit all claims for reimbursement under this Agreement within thirty (30) calendar days after the termination or end date of this Agreement. All claims not submitted after thirty (30) calendar days following the termination or end date of this Agreement shall not be subject to reimbursement by the COUNTY. Any claim(s) submitted for services that preceded thirty (30) calendar days prior to the termination or end date of this Agreement may be disallowed, except to the extent that such failure was through no fault of CONTRACTOR.

F. If CONTRACTOR fails to submit claim(s) for services provided under the terms of this Agreement as described above, the COUNTY may, at its sole discretion, deny payment for that month of service and disallow the claim.

G. COUNTY shall review and certify CONTRACTOR'S claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement, and shall then submit such certified claim to the COUNTY Auditor. The County Auditor-Controller shall pay the amount certified within thirty (30) calendar days of receiving the certified invoice.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

H. To the extent that the COUNTY determines CONTRACTOR has improperly claimed services to a particular Program Amount, COUNTY may disallow payment of said services and require CONTRACTOR to resubmit said claim of services for payment from the correct Program Amount, or COUNTY may make corrective accounting transactions to transfer the payment of the services to the appropriate Program Amount.

I. If COUNTY certifies payment at a lesser amount than the amount requested COUNTY shall immediately notify the CONTRACTOR in writing of such certification and shall specify the reason for it. If the CONTRACTOR desires to contest the certification, the CONTRACTOR must submit a written notice of protest to the COUNTY within twenty (20) calendar days after the CONTRACTOR'S receipt of the COUNTY notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such a dispute until the parties have met and attempted to resolve the dispute in person.

V. MAXIMUM OBLIGATION OF COUNTY

A. Subject to the limitations set forth herein, COUNTY shall pay to CONTRACTOR during the term of this Agreement a maximum amount of **$481,252** for services rendered under this Agreement.

B. Maximum Annual Liability:

FISCAL YEAR LIABILITY	AMOUNT
September 3, 2024 to June 30, 2025	$62,476
July 1, 2025 to June 30, 2026	$418,776
TOTAL MAXIMUM COUNTY OBLIGATION:	**$481,252**

C. If, as of the date of signing this Agreement, CONTRACTOR has already received payment from COUNTY for services rendered under this Agreement, such amount shall be deemed to have been paid out under this Agreement and shall be counted towards COUNTY'S maximum liability under this Agreement.

D. If for any reason this Agreement is canceled, COUNTY'S maximum liability shall be the total utilization to the date of cancellation not to exceed the maximum amount listed above.

E. As an exception to Section D. above with respect to the Survival of Obligations after Termination, COUNTY, any payer, and CONTRACTOR shall continue to remain obligated under this Agreement with regard to payment for services required to be rendered after termination.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

VI. BILLING AND PAYMENT LIMITATIONS

B. Provisional Payments: COUNTY payments to CONTRACTOR for performance of eligible services hereunder are provisional until the completion of all settlement activities and audits, as such payments are subject to future Federal, State and/or COUNTY adjustments. COUNTY adjustments to provisional payments to CONTRACTOR may be based upon COUNTY'S claims processing information system data, State adjudication of Medi-Cal claims files, contractual limitations of this Agreement, annual cost and MHSA reports, application of various Federal, State, and/or COUNTY reimbursement limitations, application of any Federal, State, and/or COUNTY policies, procedures and regulations, and/or Federal, State, or COUNTY audits, all of which take precedence over monthly claim reimbursements.

C. Allowable Costs: Allowable costs shall be the CONTRACTOR'S actual costs of developing, supervising and delivering the services under this Agreement, as set forth in the Budget provided in Exhibit H and 2 C.F.R. § 230. Only the costs listed in Exhibit H of this Agreement as contract expenses may be claimed as allowable costs. Any dispute over whether costs are allowable shall be resolved in accordance with the provisions of applicable Federal, State and COUNTY regulations.

D. Cost Control: CONTRACTOR shall not exceed by more than twenty (20%) percent any contract expense line-item amount in the budget without the written approval of COUNTY, given by and through the Contract Administrator or Contract Administrator's designee. CONTRACTOR shall submit an amended budget using Exhibit H, or on a format as required by the COUNTY, with its request for such approval. Such approval shall not permit CONTRACTOR to receive more than the maximum total amount payable under this Agreement. Therefore, an increase in one line item shall require corresponding decreases in other line items.

E. Other Limitations for Certain Funded Programs: In addition to all other limitations provided in this Agreement, reimbursement for services rendered under certain Funded Programs may be further limited by rules, regulations and procedures applicable only to that Funded Program. CONTRACTOR shall be familiar with said rules, regulations and procedures and submit all claims in accordance therewith.

F. Adjustment of Claims Based on Other Data and Information: The COUNTY shall have the right to adjust claims based upon data and information that may include, but are not limited to, COUNTY'S claims processing information system reports, remittance advices, State adjudication of Medi-Cal claims, and billing system data.

VII. LIMITATION OF PAYMENTS BASED ON FUNDING AND BUDGETARY RESTRICTIONS

A. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State which may in any way affect the provisions or funding of this Agreement, including, but not limited to, those contained in State's Budget Act.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

B. This Agreement shall also be subject to any additional restrictions, limitations, or conditions imposed by the Federal government which may in any way affect the provisions or funding of this Agreement.

C. In the event that the COUNTY'S Board of Supervisors adopts, in any fiscal year, a COUNTY Budget which provides for reductions in COUNTY Agreements, the COUNTY reserves the right to unilaterally reduce its payment obligation under this Agreement to implement such Board reductions for that fiscal year and any subsequent fiscal year during the term of this Agreement, correspondingly. The COUNTY'S notice to the CONTRACTOR regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such action.

D. Notwithstanding any other provision of this Agreement, COUNTY shall not be obligated for CONTRACTOR'S performance hereunder or by any provision of this Agreement during any of COUNTY'S current or future fiscal year(s) unless and until COUNTY'S Board of Supervisors appropriates funds for this Agreement in COUNTY'S Budget for each such fiscal year. In the event funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR of any such non-appropriation of funds at the earliest possible date and the services to be provided by the CONTRACTOR under this Agreement shall also be reduced or terminated.

VIII. BILLING PROCEDURES AND LIMITATIONS ON COUNTY'S FINANCIAL RESPONSIBILITY FOR PAYMENT OF SERVICES UNDER FEDERAL SOCIAL SECURITY ACT, TITLE XIX SHORT-DOYLE/MEDI-CAL SERVICES AND/OR TITLE XXI HEALTHY FAMILIES

The Short-Doyle/Medi-Cal (SD/MC) claims processing system enables California county Mental Health Plans (MHPs) to obtain reimbursement of Federal funds for medically necessary specialty mental health services provided to Medi-Cal-eligible beneficiaries diagnosed as Seriously Emotionally Disturbed (SED). The Mental Health Medi-Cal program oversees the SD/MC claims processing system. Authority for the Mental Health Medi-Cal program is governed by Federal and California statutes.

A. If, under this Agreement, CONTRACTOR has Funded Programs that include Short-Doyle/Medi-Cal services, CONTRACTOR shall certify in writing annually, by August 1 of each year, that all necessary documentation shall exist at the time any claims for Short-Doyle/Medi-Cal services are submitted by CONTRACTOR to COUNTY.
CONTRACTOR shall be solely liable and responsible for all service data and information submitted by CONTRACTOR.

B. CONTRACTOR acknowledges and agrees that the COUNTY, in undertaking the processing of claims and payment for services rendered under this Agreement for these Funded Programs, does so as the Mental Health Plan for the Federal, State and local governments.

C. CONTRACTOR shall submit to COUNTY all Short-Doyle/Medi-Cal claims or other State required claims data within the thirty (30) calendar daytime frame(s) as prescribed

by this Agreement to allow the COUNTY to meet the time frames prescribed by the Federal and State governments. COUNTY shall have no liability for CONTRACTOR'S failure to comply with the time frames established under this Agreement and/or Federal and State time frames, except to the extent that such failure was through no fault of CONTRACTOR.

D. COUNTY, as the Mental Health Plan, shall submit to the State in a timely manner claims for Short-Doyle/Medi-Cal services only for those services/activities identified and entered into the COUNTY'S claims processing information system which are compliant with Federal and State requirements. COUNTY shall make available to CONTRACTOR any subsequent State approvals or denials of such claims upon request by the CONTRACTOR.

E. CONTRACTOR acknowledges and agrees that COUNTY'S final payment for services and activities claimed by CONTRACTOR Short-Doyle/Medi-Cal services is contingent upon reimbursement from the Federal and State governments and that COUNTY'S provisional payment for said services does not render COUNTY in any way responsible for payment of, or liable for, CONTRACTOR'S claims for payment for these services.

F. CONTRACTOR'S ability to retain payment for such services and/or activities is entirely dependent upon CONTRACTOR'S compliance with all laws and regulations related to same.

G. Notwithstanding any other provision of this Agreement, CONTRACTOR shall hold COUNTY harmless from and against any loss to CONTRACTOR resulting from the denial or disallowance of claim(s) for or any audit disallowances related to said services, including any State approved Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities, by the Federal, State or COUNTY governments, or other applicable payer source, unless the denial or disallowance was due to the fault of the COUNTY.

H. CONTRACTOR shall repay to COUNTY the amount paid by COUNTY to CONTRACTOR for Title XIX Short-Doyle/Medi-Cal and/or Medi-Cal Administrative Activities subsequently denied or disallowed by Federal, State and/or COUNTY government.

I. Notwithstanding any other provision of this Agreement, CONTRACTOR agrees that the COUNTY may off set future payments to the CONTRACTOR and/or demand repayment from CONTRACTOR when amounts are owed to the COUNTY pursuant to Subparagraphs G. and H. above. Such demand for repayment and CONTRACTOR'S repayment shall be in accordance with Exhibit I, Section II (Method of Payments for Amounts Due to County) of this Agreement.

J. CONTRACTOR shall comply with all written instructions provided to CONTRACTOR by the COUNTY, State or other applicable payer source regarding claiming and documentation.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

CONTRACTOR may request each monthly Cash Flow Advance only for such services/activities and only to the extent that there is no reimbursement from any public or private sources for such services/activities.

E. Cash Flow Advance (CFA) Invoice. For each month for which CONTRACTOR is eligible to request and receive a CFA, CONTRACTOR must submit to the COUNTY an invoice of a CFA in a format that is in compliance with the funding source and the amount of CFA CONTRACTOR is requesting. In addition, the CONTRACTOR must submit supporting documentation of expenses incurred in the prior month to receive future CFAs.

F. Upon receipt of the Invoice, COUNTY, shall determine whether to approve the CFA and, if approved, whether the request is approved in whole or in part.

G. If a CFA is not approved, COUNTY will notify CONTRACTOR within ten (10) business days of the decision, including the reason(s) for non-approval. Thereafter, CONTRACTOR may, within fifteen (15) calendar days, request reconsideration of the decision.

H. Year-end Settlement. CONTRACTOR shall adhere to all settlement and audit provisions specified in Exhibit I, of this Agreement, for all CFAs received during the fiscal year.

MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.
(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.
(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.
(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.
(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.

4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.

5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).

6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.

7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.

8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410I, which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non- permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

EXHIBIT I: AUDITS AND AUDIT APPEALS

I. AUDITS AND AUDIT APPEALS

A. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State law including but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., authorized representatives from the Federal governments, State or COUNTY may conduct an audit of CONTRACTOR regarding the services/activities provided under the fiscal year(s) for which the audit is outstanding. In addition, contract compliance audits or reviews may be conducted by the County of Monterey Auditor-Controller's Office or designated representative. Furthermore, the California State Controller Office performs audits of the mandated cost claims for the seriously emotionally disturbed pupils for the Out-of-State Mental Health Services Program and Handicapped and Disabled Students Programs. The Centers for Medicare and Medicaid Services (CMS) also perform audits of the Certified Public Expenditure (CPE) processes, negotiated rate audit information, and other issues.

B. Settlement of audit findings shall be conducted according to the auditing party's procedures in place at the time of the audit.

C. In the case of a Federal Government or State audit, COUNTY may perform a post-audit based on Federal or State audit findings. Such post-audit shall take place when the Federal Government or State initiates its settlement action, which customarily is after the issuance of the audit report by the Federal Government or State and before the Federal Government or State's audit appeal process.

   1. If the Federal Government or State stays its collection of any amounts due or payable because of the audit findings, COUNTY shall also stay its settlement of the same amounts due or payable until the responsible auditing party initiates its settlement action with COUNTY.

   2. COUNTY shall follow all applicable Federal, State and local laws, regulations manuals, guidelines and directives in recovering from CONTRACTOR any amount due to the COUNTY.

   3. COUNTY shall issue an invoice to CONTRACTOR for any amount due to the COUNTY no later than ninety (90) calendar days after the Federal or State issues its audit settlement letter to the COUNTY. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section II (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

D. CONTRACTOR may appeal any such audit findings in accordance with the audit appeal process established by the party performing the audit.

   1. For Federal audit exceptions, Federal audit appeal processes shall be followed.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

2. CONTRACTOR may appeal the State audit findings in conformance with provisions of Sections 51016 et seq. of Title 22 of the California Code of Regulations. Such appeals must be filed through COUNTY. COUNTY shall notify CONTRACTOR of State appeal deadlines after COUNTY'S receipt from State of the audit report.

3. If at any time the Appeal process results in a revision to the audit findings, and the Federal Government or State recalculates the final settlement with COUNTY, COUNTY may perform a post-audit based on the Federal or State revised findings after the Federal Government or State has issued its revised settlement with the COUNTY, based on such re-computed final settlement.

   a. If the re-computed final settlement results in amounts due to CONTRACTOR by the COUNTY, COUNTY shall make such payments to CONTRACTOR within thirty (30) calendar days of issuing the revised settlement amount to the CONTRACTOR.

   b. If the re-computed final settlement results in amounts due from CONTRACTOR to the COUNTY, CONTRACTOR shall make payment to the COUNTY within thirty (30) days that the COUNTY issues its invoice to the CONTRACTOR.

E. Notwithstanding any other provisions of this Agreement, if CONTRACTOR appeals any audit report, the appeal shall not prevent the COUNTY from recovering from CONTRACTOR any amount owed by CONTRACTOR that the Federal Government or State has recovered from COUNTY.

F. Should the auditing party be the COUNTY, CONTRACTOR shall have thirty (30) calendar days from the date of the audit report with in which to file an appeal with COUNTY. The letter providing the CONTRACTOR with notice of the audit findings shall indicate the person(s) and address to which the appeal should be directed. COUNTY shall consider all information provided by CONTRACTOR with its appeal, and shall issue its decision on the appeal after such consideration. Such decision is final. COUNTY shall issue an invoice for any amount due COUNTY fifteen (15) calendar days after COUNTY has notified CONTRACTOR of the COUNTY'S audit appeal findings. CONTRACTOR shall make payment to the COUNTY in accordance with the terms of Section II (Method of Payments for Amounts Due to COUNTY) of this Exhibit I. Said payment shall be submitted to the person and at the address identified in the COUNTY invoice.

II. METHOD OF PAYMENTS FOR AMOUNTS DUE TO COUNTY

A. Within ten (10) business days after written notification by COUNTY to CONTRACTOR of any amount due by CONTRACTOR to COUNTY, CONTRACTOR shall notify COUNTY as to which of the following five (5) payment options CONTRACTOR requests be used as the method by which such amount shall be recovered by COUNTY.

   Any such amount shall be:

   1. Paid in one cash payment by CONTRACTOR to COUNTY;

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

2. Deducted from future claims over a period not to exceed six (6) months;

4. Paid by cash payment(s) by CONTRACTOR to COUNTY over a period not to exceed six (6) months; OR

5. A combination of any or all of the above.

B. If CONTRACTOR does not so notify COUNTY within such ten (10) days, or if CONTRACTOR fails to make payment of any such amount to COUNTY as required, then Director, in his sole discretion, shall determine which of the above five (5) payment options shall be used by COUNTY for recovery of such amount from CONTRACTOR.

EXHIBIT J: FEDERAL AND STATE TELEHEALTH LAWS

Purpose: Demonstrate CONTRACTOR's telehealth compliance with federal & state telehealth laws

A. **Federal Telehealth Law**

There are no specific federal laws governing the delivery of telehealth related to compliance, but there are numerous laws requiring telehealth reimbursement parity with face-to-face services. However, in parity with on-ground mental health services, Telehealth 'covered entities' are required to uphold federally-established HIPAA regulations according to the Health Insurance Portability and Accountability Act of 1996.

HIPAA Regulations: In addition to standard operations, HIPAA security guidelines for the electronic delivery of telehealth services have been established by HITECH (Health Information Technology for Economic and Clinical Health) as part of the American Recovery and Reinvestment Act of 2009 (ARRA). Specifically, CONTRACTOR Telehealth technologies and operational standards conform to HITECH guidelines for HIPAA compliance through:

B. **California Telehealth Law**

California was one of the earliest adopters of a state telehealth policy with the passing of The Telemedicine Development Act of 1996, which established a legal requirement to recognize telehealth services as equivalent to face to face services, and for such services to be reimbursable by both Medi-Cal and Medicare, as well as commercial insurers.

Current and relevant CA telehealth codes/laws include:

• **Cal. Health & Safety Code § 1374.13. (c)** - On and after January 1, 1997, no health care service plan contract that is issued, amended, or renewed shall require face-to-face contact between a health care provider and a patient for services appropriately provided through telemedicine, subject to all terms and conditions of the contract agreed upon between the enrollee or subscriber and the plan.

• **Cal. Health & Safety Code § 14132.72. (a)** - It is the intent of the Legislature to recognize the practice of telemedicine as a legitimate means by which an individual may receive medical services from a health care provider without person-to-person contact with the provider.

Docusign Envelope ID: 67E00EEA-F2F8-47B2-B49A-3BC6C9B6DF74

• **AB 415 (2012)** – Was passed to facilitate the advancement of telehealth as way of providing health services. The law established that telehealth services may consist of a real-time (synchronous) interaction between a patient and a health care provider located at a distant site or may involve the transmission of a patient's medical information from patient's site to a distant site without the presence of the patient ("asynchronous store and forward"). The law also affirmed that the use of telehealth includes allied health professions such as mental health practitioners. (See Cal. Bus. & Prof. Code § 2290.5).

• **AB 809 (2015)** - Provided that informed consent for telehealth services may be verbal only, although USCTH still obtains written consent and acknowledgement of telehealth service delivery as a "best practice".

Additional Important Telehealth Facts:

California law considers telehealth equivalent to in-person services ... Regulations established by The Telemedicine Development Act of 1996 focus on the prompt and equivalent payment for telemedicine services by contracting entities to uphold the law's intention that **telemedicine/telehealth be recognized as a legitimate means of service delivery the same as face-to-face services for all services that are possible through a telehealth platform.**

Allied health professions are covered under the law ... Please note that the language from the Telemedicine Development Act of 1996 (Senate Bill 1665) was updated in 2012 to "**telehealth**" instead of telemedicine and covers **allied health** professions in addition to medical services.

CMS has a history of paying for telehealth services ... For informational purposes, a recent article in *healthitoutcomes.com – May, 28, 2015* – states "Total reimbursements for telemedicine by the Centers for Medicare & Medicaid Services reached $13.9 million in 2014."

B. Child Abuse Reporting. CONTRACTOR shall ensure that all known or suspected instances of child abuse or neglect are promptly reported to proper authorities as required by the Child Abuse and Neglect Reporting Act, California Penal Code sections 11164, et seq. CONTRACTOR shall require all of its employees, consultants, and agents performing services under this Agreement who are mandated reporters under the Act to sign statements indicating that they know of and shall comply with the Act's reporting requirements.

C. Elder Abuse Reporting. CONTRACTOR shall ensure that all known or suspected instances of abuse or neglect of elderly people 65 years of age or older and dependent adults age 18 or older are promptly reported to proper authorities as required by the Elder Abuse and Dependent Adult Protection Act (California Welfare and Institutions Code, sections 15600 Code, et seq.). CONTRACTOR shall require all of its employees, consultants, and agents performing services under this Agreement who are mandated reporters under the Act to sign statements indicating that they know of and shall comply with the Act's reporting requirements.

XII. INDEMNIFICATION

CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies, in connection with the performance of this

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR'S performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the COUNTY. "CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

XIII. INSURANCE

A. Evidence of Coverage. Prior to commencement of this Agreement, the CONTRACTOR shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR upon request shall provide a certified copy of the policy or policies.
This verification of coverage shall be sent to the COUNTY'S Contracts/Purchasing Office, unless otherwise directed. The CONTRACTOR shall not receive approval for services for work under this Agreement until all insurance has been obtained as required and approved by the COUNTY. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

B. Qualifying Insurers. All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A-VII, according to the current A. M. Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.

C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.

2. Business automobile liability insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.

3. Workers Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

D. Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, officials, employees, and volunteers as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance and endorsements with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section IV (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section V.

XIV. ACCESS TO AND AUDIT OF RECORDS

A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.

B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of ten (10) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.

C. Overpayment. If the results of any audit show that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

D. Responsibility for Audit Exceptions. Any and all audit exceptions by COUNTY or any Federal or State agency resulting from an audit of CONTRACTOR'S performance of this

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

E. Availability of Records for Grievances and Complaints by Recipients of Service. CONTRACTOR shall ensure the availability of records for the prompt handling of grievances or complaints filed by recipients of services. Release of records shall be subject to the confidentiality provisions set forth in this Agreement.

F. Reports. CONTRACTOR shall prepare any reports and furnish all information required for reports to be prepared by the COUNTY as may be required by the State of California or applicable law, including, but not limited to Budgets, Cost Allocation Methodologies, Tax Returns, Accounting Policies, Audited Financial Statements, Organization Charts, Personnel Policies, Bank Reconciliations, and Depreciation Schedules.

XV. NON-DISCRIMINATION

A. Non-discrimination. During the performance of this Agreement, CONTRACTOR shall not unlawfully discriminate against any person because of race, religion, color, sex, gender, gender identity, genetic information, national origin, ethnic group identification, ancestry, mental or physical handicap, medical condition, health status or need for health care services, marital status, age (over 40), or sexual orientation, either in CONTRACTOR'S employment practices or in the furnishing of services to recipients. CONTRACTOR shall insure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be unlawful discrimination. In addition, CONTRACTOR'S facility access for the disabled shall comply with § 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794).

B. Discrimination defined. The term "discrimination," as used in this Agreement, is the same term that is used in Monterey County Code, Chapter 2.80 ("Procedures for Investigation and Resolution of Discrimination Complaints"); it means the illegal denial of equal employment opportunity, harassment (including sexual harassment and violent harassment), disparate treatment, favoritism, subjection to unfair or unequal working conditions, and/or discriminatory practice by any Monterey County official, employee or agent, due to an individual's race, color, ethnic group, sex, national origin, ancestry, religious creed, sexual orientation, age, veteran's status, cancer-related medical condition, physical handicap (including AIDS) or disability. The term also includes any act of retaliation.

C. Application of Monterey County Code Chapter 2.80. The provisions of Monterey County Code Chapter 2.80 apply to activities conducted pursuant to this Agreement. CONTRACTOR and its officers and employees, in their actions under this Agreement, are agents of the COUNTY within the meaning of Chapter 2.80 and are responsible for ensuring that their workplace and the services that they provide are free from discrimination, as required by Chapter 2.80. Complaints of discrimination made by recipients of services against CONTRACTOR may be pursued by using the procedures established by or pursuant to Chapter 2.80. CONTRACTOR shall establish and follow its

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

own written procedures for prompt and fair investigation and resolution of discrimination complaints made against CONTRACTOR by its own employees and agents or recipients of services pursuant to this Agreement, and CONTRACTOR shall provide a copy of such procedures to COUNTY on demand by COUNTY.

D. Compliance with Applicable Law. During the performance of this Agreement, CONTRACTOR shall comply with all applicable Federal, State and local laws and regulations which prohibit discrimination including, but not limited to, the following:

1. California Code of Regulations, Title 9, §§ 526, 527;
2. California Fair Employment and Housing Act, (Govt. Code § 12900, et seq.), and the administrative regulations issued thereunder, Cal. Code of Regulations, Title 2, § 7285, et seq.;

4. Federal Civil Rights Acts of 1964 and 1991 (see especially Title VI, 42 U.S.C. § 2000(d), et seq.), as amended, and all administrative rules and regulations issued thereunder (see especially 45 C.F.R. Parts 80);
5. Sections 503 and 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §§ 793 and 794); all requirements imposed by the applicable HHS regulations (45 C.F.R. Part 84); and all guidelines and interpretations issued pursuant thereto;
6. Americans with Disabilities Act of 1990, 42 U.S.C. §12101, et seq., and 47 U.S.C. §§ 225 and 611, and any Federal regulations issued pursuant thereto (see 24 C.F.R. Chapter 1; 28 C.F.R. Parts 35 and 36; 29 C.F.R. Parts 1602, 1627, and 1630; and 36 C.F.R. Part 1191);
7. Unruh Civil Rights Act, Cal. Civil Code § 51, et seq.
8. California Government Code section 12900 (A-F) and California Code of Regulations, Title 2, Division 4, Chapter 5.

In addition, the applicable regulations of the California Fair Employment and Housing Commission implementing Government Code § 12990 as set forth in Chapter 5, Division 4 of Title 2 of the California Code of Regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full.

E. Written Assurance. Upon request by COUNTY, CONTRACTOR shall give any written assurances of compliance with the Civil Rights Acts of 1964 and 1991, the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990, as may be required by the Federal government in connection with this Agreement, pursuant to 45 C.F.R. sec. 80.4 or C.F.R. § 84.5 or other applicable Federal or State regulations.

F. Written Statement of Non-discrimination Policies. CONTRACTOR shall maintain a written statement of its non-discrimination policies and procedures. I. Binding on Subcontractors. The provisions above shall also apply to all of CONTRACTOR'S subcontractors who provide services pursuant to this Agreement. CONTRACTOR shall include the non-discrimination and compliance provisions set forth above in all its subcontracts to perform work or provide services under this Agreement.

XVI. CULTURAL COMPETENCY AND LINGUISTIC ACCESSIBILITY

A. CONTRACTOR shall provide services in a culturally competent manner to assure access to services by all eligible individuals as required by State regulations and policies, other applicable laws, and in accordance with Exhibit E of this Agreement. Cultural competency is defined as a congruent set of practice skills, behaviors, attitudes, and policies that enable staff to work effectively in providing contractual services under this Agreement in cross-cultural situations. Specifically, CONTRACTOR'S provision of services shall acknowledge the importance of culture, adapt services to meet culturally unique needs, and promote congruent skills, behaviors, attitudes, and policies enabling all persons providing services to function effectively in cross-cultural situations.

B. CONTRACTOR shall provide linguistically accessible services to assure access to services by all eligible individuals as required by State regulations and policies and other applicable laws. Specifically, CONTRACTOR shall provide services to eligible individuals in their primary language through linguistically proficient staff or interpreters. Family members, friends, or neighbors may be used as interpreters only in emergency situations.

C. For the purposes of this Section, "access" is defined as the availability of medically necessary mental health services in a manner that promotes and provides the opportunity for services and facilitates their use.

XVII. DRUG FREE WORKPLACE

C. Requiring that each employee engaged in the performance of the Agreement or grant is given a copy of the company's drug-free policy statement and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

XVIII. INDEPENDENT CONTRACTOR

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is at all times acting and performing as an independent contractor and not as an employee of the COUNTY. No offer or obligation of permanent employment with the COUNTY or particular COUNTY department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from COUNTY any form of employee benefits including, but not limited to sick leave, vacation, or retirement benefits, workers' compensation coverage, insurance, disability benefits, or social security benefits, or unemployment compensation or insurance. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes including, but not limited to, Federal and State income taxes and Social Security, arising out of CONTRACTOR'S compensation for performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold the COUNTY harmless from any and all liability COUNTY may incur because of CONTRACTOR'S failure to pay such taxes when due.

The parties further agree that the terms of this Agreement are severable and, in the event of changes in law as described above, the unaffected provisions and obligations of this Agreement shall remain in full force and effect.

O. Successors and Assigns. The Behavioral Transitional Care Unit (BTCU) at Merced Behavioral Center is a specialized unit designed to offer an elevated level of psychiatric care for conservatees, distinct from the Main Housing Unit (MHU), with advanced services for those conserved clients needing more intensive care and behavioral management.

A. Enhanced Services Compared to the MHU

The BTCU will provide more intensive care than the MHU, marked by a higher staffing ratio, increased monitoring frequency, and specialized treatment programs. The BTCU's treatment program will be exclusively tailored to the psychiatric needs of higher-acuity clients.

B. Staffing and Expertise

In contrast to the MHU, BTCU staff will be trained in MABPRO, a higher standard of training focused on managing more complex psychiatric behaviors. The BTCU will also see at least a 50% increase in counseling staff compared to the MHU, ensuring a more personalized care approach. The unit will also have a dedicated RN Supervisor, CNA Supervisor, Activities Assistant, and Special Treatment Program Manager. Lastly, the unit will also have its own psychiatrist (Dr. Soo Chun, MD) who has extensive experience with highly challenging residents.

C. Specialized Treatment Programs

While the MHU utilizes Cognitive Behavioral Therapy, the BTCU will primarily focus on Dialectical Behavioral Therapy, catering to the unique needs of our clients. This shift in therapeutic approach is designed to better manage the specific challenges faced by BTCU residents.

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

D. Increased Frequency of Care

Residents in the BTCU will have access, if necessary, to more frequent psychiatric evaluations and therapy sessions compared to the monthly schedule in the MHU, as determined by the Interdisciplinary Team. This increased care frequency is vital for addressing the complex needs of BTCU residents.

E. Advanced Behavioral Monitoring

Monitoring in the BTCU will be more frequent than in the MHU, with checks every 30 minutes as opposed to every hour, and the flexibility to increase to every 15 minutes. This heightened observation is critical for managing severe behavioral issues.

F. Transition and Discharge Planning

The BTCU introduces a novel level system, allowing for gradual transition from higher to lower care levels, culminating in a hybrid stage with the MHU. This system is designed to provide a smoother transition compared to the standard practices in the MHU, as well as help identify the resident's readiness for a lower level of care before transitioning.

G. Collaboration with Monterey County Behavioral Health Services

Regular and detailed communication with the Monterey County Behavioral Health will be a priority in the BTCU, tailored to the needs and requests of the COUNTY Placement Team. This includes weekly and monthly reports, immediate notifications for any change in conditions, and updates to interdisciplinary team notes.

V. PROGRAM GOALS

A. To assist Monterey County Behavioral Health Bureau (MCBHB) in efficiently and effectively managing limited resources by providing an alternative to utilization of State hospital days and acute hospital administrative days.

B. To stabilize the client's psychiatric condition through medication management and program service.

C. To restore the client's level of functioning in the community to a lower level of care.

D. To increase the client's motivation and skills toward self-restoration.

E. To prevent or decrease the rate of decompensation, thus decreasing placements at higher, more costly levels of care.

F. To provide the intensive staff required to supervise and treat behavioral psychiatric and medical conditions.

VI. PROGRAM PLAN & ORGANIZATIONAL CHART

The CONTRACTOR will provide the COUNTY with a copy of the Special Treatment Program plan.

VII. CASE MANAGEMENT

The COUNTY will provide a case manager to coordinate services and assess for discharge planning.

VIII. ADMISSION CRITERIA, BASIC SERVICES & CONTINUED STAY CRITERIA

A. ADMISSION CRITERIA

The CONTRACTOR shall admit patients with a DSM V diagnosis and conserved found to be gravely disabled subject to bed availability, with order of a physician, and in compliance with reasonable admission policies and procedures. Individuals in need of 24-hour skilled nursing services, patients who may have histories of and, without adequate treatment, are at risk of displaying behavioral symptoms (such as combativeness, development risk, suicide risk, and excessive verbal abusiveness) which preclude them from being admitted into a lower level care facility, shall be considered acceptable for admission. Frequency, scope, and severity of these behaviors are a determining factor to be discussed on an individual patient basis between the COUNTY and the CONTRACTOR. The COUNTY may grant individual exceptions to these admission criteria. Individuals whose mental illness is deemed appropriate for acute care, as well as individuals suffering exclusively from development disability, mental retardation or physical illnesses (without psychiatric component) shall not be considered for admission. All admissions are subject to the prior authorization from the COUNTY and CONTRACTOR's commitment to provide care and services in accordance with the terms of this Agreement.

B. BASIC SERVICES

The basic service level (the minimum array of services provided to IMD residents) shall comply with Title 22 of the California Code of Regulations, Section 72445, which includes life skill training, money management, training on accessing community services, transitional programs, and discharge planning with the COUNTY staff. Basic services shall also include: reasonable access to required medical treatment and up-to-date psychopharmacology, transportation to needed off-site services, and bilingual/ bicultural programming as specifically described herein.

C. CONTINUED STAY CRITERIA

1. Admission for contracted services occurs only under the order of a licensed mental health physician, with approval of the COUNTY representative(s).

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

2. Admission is available only to clients in need of 24-hour skilled nursing services and observation of mental illness or other related disorders. Individuals with exclusively physical illnesses shall not be admitted.

3. Clients must exhibit behavioral symptoms, which prohibit them from being admitted into a lower level care. Due to their mental illness, clients are unable to provide for their basic needs.

IX. DISCHARGE CRITERIA & PLANNING

At the point the client no longer requires the level of service of a locked skilled nursing facility, as determined by the COUNTY case manager, a plan for the client's transfer to a less restrictive community setting will be arranged by the COUNTY case manager in conjunction with the CONTRACTOR staff.

X. TRANSFER TO ACUTE LEVEL OF CARE

If a client meets the criteria of medical necessity for acute psychiatric inpatient care, the CONTRACTOR will notify the COUNTY conservator and case manager, then proceed with the facility's psychiatrist to notify the COUNTY inpatient psychiatrist to arrange for the transfer of the client.

XI. LIMITATIONS OF SERVICE

The CONTRACTOR will operate within the scope of services outlined in the CONTRACTOR's State of California license.

XII. EVALUATION & REPORTING REQUIREMENTS

In addition to all evaluation and reporting requirements previously stated in this Agreement, CONTRACTOR will meet all reporting and evaluation requirements stated as a condition of the facility's license. Additionally, CONTRACTOR will report any unusual incidents that occur at the facility to the Contract Monitor.

XIII. QUALITY ASSURANCE

A. CONTRACTOR shall comply with Chapter 3 of Division 5 of Title 22 of the California Code of Regulations pertaining to skilled nursing facilities.

B. CONTRACTOR will meet all quality assurance requirements which are a condition of their license. COUNTY will routinely monitor the CONTRACTOR in terms of compliance with the COUNTY'S Quality Improvement Plan (QIP) in the following areas:

1. Medical necessity;
2. Appropriateness of continued treatment;
3. Focus, level, intensity of care;
4. Outcome of treatment; and

5. Cost of treatment.

XIV. MONTEREY INTEGRATED SYSTEM OF CARE TRANSFORMATION INITIATIVE (MISTI)

A. Participation in the Monterey Integrated System of Care Transformation Initiative

Monterey County Behavioral Health (MCBH) envisions a system of care that addresses the needs of individuals and families with co-occurring mental health (MH) and substance use disorder (SUD) conditions, as well as other MH and/or SUD complex challenges, across their lifespan. The system is designed to ensure that services are welcoming, coordinated, and integrated, focusing on cultural and linguistic competence.

CONTRACTOR shall participate in the Monterey Integrated System Transformation Initiative (MISTI). CONTRACTOR will take specific actions to develop co-occurring capability within their programs, including:

- Appointing a representative to the MISTI Steering Committee.
- Identifying a change agent for each program to participate in monthly meetings and training events
- Completing a COMPASS-EZ self-assessment for each agency and identifying priority areas for action
- Developing a Quality Improvement (QI) action plan derived from the COMPASS-EZ that focuses on at least three key areas such as improving engagement, recognition, integrated service planning, and staff competency in co-occurring care.
- Participating in activities designed by MCBH to improve collaboration between mental health and substance use disorder programs, ensuring integrated care for individuals with co-occurring conditions

EXHIBIT E: ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.

4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.

5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).

6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.

7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.

8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

(a) "Breach" shall have the same meaning as "breach" as defined in 45 C.F.R. § 164.402; however, the term "Breach" as used in this BAA shall also mean the unlawful or unauthorized access to, Use or Disclosure of a patient's "medical information" as defined under Cal. Civil Code § 56.05(j), for which notification is required pursuant to Cal. Health & Safety Code 1280.15, or a "breach of the security of the system" under Cal. Civil Code § 1798.29.

(b) "California Confidentiality Laws" shall mean the applicable laws of the State of California governing the confidentiality, privacy, or security of PHI or other personally identifiable information (PII), including, but not limited to, the California Confidentiality of Medical Information Act (Cal. Health & Safety Code § 120975 *et seq.*), the Lanterman-Petris-Short Act (Cal. Welf. & Inst. Code § 5328 *et seq.*), and California's data breach law (Cal. Civil Code § 1798.29).

(c) "Protected Health Information" or "PHI" shall mean any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual or the past, present or future payment for the provision of health care to an individual; (ii) that identifies the individual or with respect to which there is a reasonable basis to believe the information that can be used to identify the individual, and (iii) is provided by Covered Entity to Business Associate or created, maintained, received, or transmitted by Business Associate on Covered Entity's behalf. PHI, when used in this BAA, includes EPHI.

(d) "Services" shall mean the services for or functions performed by Business Associate on behalf of Covered Entity pursuant to an underlying services agreement "(Services Agreement") between Covered Entity and Business Associate to which this BAA applies.

2. PERMITTED USES AND DISCLOSURES OF PHI

Unless otherwise limited herein, Business Associate may:

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

(b) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

(c) Use PHI if necessary for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as permitted by 45 C.F.R. § 164.504(e)(4)(i);

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI

3.1. Responsibilities of Business Associate. Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach; and

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set;

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

Docusign Envelope ID: 9531BF50-13CB-4895-BBC9-ECC5E3E1968C

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. If the Business Associate maintains broader coverage and/or higher limits than these minimums, the Covered Entity requires, and shall be entitled to, the broader coverage and/or the higher limits maintained by the Business Associate. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be

Matter Type: BoS Agreement

a. Approve and authorize the Director of Health Services or designee to execute a retroactive Mental Health Services Agreement between the County of Monterey and Telecare Corporation for the provision of skilled nursing services to Monterey County adults with primary diagnoses of organic brain syndrome, traumatic brain injury, medical debilitation, and severe mental illness, for a maximum County obligation of $544,404 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($54,440) of the original Agreement, do not significantly change the scope of services, and do not increase the total not to exceed maximum amount over $598,844.

RECOMMENDATION:

It is recommended that the County of Monterey Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to execute a retroactive Mental Health Services Agreement between the County of Monterey and Telecare Corporation for the provision of skilled nursing services to Monterey County adults with primary diagnoses of organic brain syndrome, traumatic brain injury, medical debilitation, and severe mental illness, for a maximum County obligation of $544,404 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($54,440) of the original Agreement, do not significantly change the scope of services, and do not increase the total not to exceed maximum amount over $598,844.

SUMMARY/DISCUSSION

The County contracted with Telecare Corporation for services to Monterey County residents for the periods of Fiscal Years (FY) 2006-2025. Telecare Corporation administers programs at two contracted facilities, Garfield Neurobehavioral Center and Morton-Bakar Center. Both centers are licensed Skilled Nursing Facilities (SNF) and provide treatments covering conditions ranging from Traumatic Brain Injury and other medical debilitation to psychosocial rehabilitation and skills-building support for older adults ages fifty-seven (57) and older, with a primary diagnosis of severe mental illness.

This Agreement with Telecare Corporation is for one (1) fiscal year term from July 1, 2025 to June 30, 2026, which renews and updates Agreement A-17007 ending June 30, 2025. This Agreement renews the same contract provisions with a 3% rate increase for the services provided.

Due to late and ongoing contract negotiations, with direction for an effective date of July 1, 2025, the agreement took additional time to review and agendize, which by necessity makes the agreement

retroactive when presented to your board.

Approval of this Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act) and the California Code of Regulations Titles 9 &22 and sustains the continuity of core services to seriously mentally ill clients of Monterey County.

This Agreement contains contains the County's standard 30-day "no cause" provision (Section V, B) and an additional defunding provision (Section V, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This work supports the following County of Monterey Health Department 2025-2028 Strategic Plan Goal(s): 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by the 1991 Realignment funding. The funds for this Agreement are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2025-26 Adopted Budget.

RECOMMENDATION:

It is recommended that the County of Monterey Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to execute a retroactive Mental Health Services Agreement between the County of Monterey and Telecare Corporation for the provision of skilled nursing services to Monterey County adults with primary diagnoses of organic brain syndrome, traumatic brain injury, medical debilitation, and severe mental illness, for a maximum County obligation of $544,404 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($54,440) of the original Agreement, do not significantly change the scope of services, and do not increase the total not to exceed maximum amount over $598,844.

SUMMARY/DISCUSSION

The County contracted with Telecare Corporation for services to Monterey County residents for the periods of Fiscal Years (FY) 2006-2025. Telecare Corporation administers programs at two contracted facilities, Garfield Neurobehavioral Center and Morton-Bakar Center. Both centers are licensed Skilled Nursing Facilities (SNF) and provide treatments covering conditions ranging from Traumatic Brain Injury and other medical debilitation to psychosocial rehabilitation and skills-building support for older adults ages fifty-seven (57) and older, with a primary diagnosis of severe mental illness.

This Agreement with Telecare Corporation is for one (1) fiscal year term from July 1, 2025 to June 30, 2026, which renews and updates Agreement A-17007 ending June 30, 2025. This Agreement renews the same contract provisions with a 3% rate increase for the services provided.

Due to late and ongoing contract negotiations, with direction for an effective date of July 1, 2025, the agreement took additional time to review and agendize, which by necessity makes the agreement

retroactive when presented to your board.

Approval of this Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act) and the California Code of Regulations Titles 9 &22 and sustains the continuity of core services to seriously mentally ill clients of Monterey County.

This Agreement contains contains the County's standard 30-day "no cause" provision (Section V, B) and an additional defunding provision (Section V, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This work supports the following County of Monterey Health Department 2025-2028 Strategic Plan Goal(s): 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by the 1991 Realignment funding. The funds for this Agreement are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2025-26 Adopted Budget.

4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

D. Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, officials, employees, and volunteers as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance and endorsements with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section IV (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section V.

XIV. ACCESS TO AND AUDIT OF RECORDS

A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.

B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of ten (10) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.

C. Overpayment. If the results of any audit show that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

D. Responsibility for Audit Exceptions. Any and all audit exceptions by COUNTY or any Federal or State agency resulting from an audit of CONTRACTOR'S performance of this

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

EXHIBIT E: ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.

4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.

5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).

6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.

7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.

8. Ensure that 100% of staff, over a 3-year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

(b) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

(c) Use PHI if necessary for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as permitted by 45 C.F.R. § 164.504(e)(4)(i);

(d) Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI

3.1. Responsibilities of Business Associate. Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach; and

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set;

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

5.8 Indemnification. Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

5.9 Applicability of Terms. This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability. The insurance coverage limits, per claim and in the aggregate, shall not be less than the following amounts based upon the number of unique patient served under this agreement:

Unique Patients	Coverage

More than 60,000	$10,000,000

If the Business Associate maintains broader coverage and/or higher limits than these minimums, the Covered Entity requires, and shall be entitled to, the broader coverage and/or the higher limits maintained by the Business Associate. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be

Docusign Envelope ID: 72599F7B-AAC0-4DCB-9AFB-B630BC5D268C

available to the Covered Entity. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

5.11 Legal Actions. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law. 5.15 Information Blocking Rules. Business Associate shall not take any action, or refuse to take any action, with regard to Covered Entity's electronic health information that would result in "information blocking" as prohibited by 42 U.S.C. § 300jj-52 and 45 C.F.R. Part 171 (collectively, "Information Blocking Rules"). Business Associate and Covered Entity shall cooperate in good faith to ensure Covered Entity's electronic health information is accessed, exchanged, and used in compliance with the Information Blocking Rules.

It is recommended that the County of Monterey Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to execute a retroactive Mental Health Services Agreement between the County of Monterey and Inspire Behavioral Health, LLC for the provision of mental health services to Monterey County adult residents with severe psychiatric disabilities in a secure Skilled Nursing Facility as an Institution for Mental Disease (IMD), for a maximum County obligation of $1,489,685 for the term of July 1, 2025 through June 30, 2026; and

SUMMARY/DISCUSSION

The County contracted with Inspire Behavioral Health, LLC for mental health services to Monterey County adult residents with severe psychiatric disabilities in a Skilled Nursing Facility for the periods of Fiscal Years (FY) 2008-2025. Inspire Behavioral Health, LLC is a Skilled Nursing Facility, Institution for Mental Disease for adults with psychiatric impairments and disabilities that required a locked skilled nursing level of care. Treatment includes individualized programs and services to assist clients in their development of new skills.

This Agreement with Inspire Behavioral Health, LLC is for one (1) fiscal year term from July 1, 2025

to June 30, 2026, which renews and updates Agreement A-17000 ending June 30, 2025. This Agreement renews the same contract provisions but increases the number of beds from nine (9) to eleven (11) beds based on historical usage.

Due to late and ongoing contract negotiations, with direction for an effective date of July 1, 2025, the agreement took additional time to review and agendize, which by necessity makes the agreement retroactive when presented to your board.

Approval of this Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act) and the California Code of Regulations Titles 9 &22 and sustains the continuity of core services to seriously mentally ill clients of Monterey County.

This Agreement contains the County's standard 30-day "no cause" provision (Section V, B) and an additional defunding provision (Section V, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This Agreement contains a non-standard insurance provision of claims-based coverage. Like the previous years, the vendor is able to provide a claims-based coverage subject to a $3,000,000 aggregate claim amount as part of its Commercial General Liability insurance.

This work supports the following County of Monterey Health Department 2025-2028 Strategic Plan Goal(s): 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by the 1991 Realignment funding. The funds for this Agreement are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2025-26 Adopted Budget.

SUMMARY/DISCUSSION

The County contracted with Inspire Behavioral Health, LLC for mental health services to Monterey County adult residents with severe psychiatric disabilities in a Skilled Nursing Facility for the periods of Fiscal Years (FY) 2008-2025. Inspire Behavioral Health, LLC is a Skilled Nursing Facility, Institution for Mental Disease for adults with psychiatric impairments and disabilities that required a locked skilled nursing level of care. Treatment includes individualized programs and services to assist clients in their development of new skills.

This Agreement with Inspire Behavioral Health, LLC is for one (1) fiscal year term from July 1, 2025

to June 30, 2026, which renews and updates Agreement A-17000 ending June 30, 2025. This Agreement renews the same contract provisions but increases the number of beds from nine (9) to eleven (11) beds based on historical usage.

Due to late and ongoing contract negotiations, with direction for an effective date of July 1, 2025, the agreement took additional time to review and agendize, which by necessity makes the agreement retroactive when presented to your board.

Approval of this Agreement meets the requirements of the State Welfare and Institutions Code 5600 (Bronzan-McCorquodale Act) and the California Code of Regulations Titles 9 &22 and sustains the continuity of core services to seriously mentally ill clients of Monterey County.

This Agreement contains the County's standard 30-day "no cause" provision (Section V, B) and an additional defunding provision (Section V, D), which provides the County the ability to amend or terminate the Agreement in the event of a reduction and/or termination of funding.

This Agreement contains a non-standard insurance provision of claims-based coverage. Like the previous years, the vendor is able to provide a claims-based coverage subject to a $3,000,000 aggregate claim amount as part of its Commercial General Liability insurance.

This work supports the following County of Monterey Health Department 2025-2028 Strategic Plan Goal(s): 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel and Auditor-Controller have reviewed and approved this Agreement as to form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by the 1991 Realignment funding. The funds for this Agreement are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2025-26 Adopted Budget.

All coverage, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A-VII, according to the current A. M. Best's Key Rating Guide or a company of equal financial stability that is approved by the COUNTY'S Contracts/Purchasing Officer.

C. Insurance Coverage Requirements. Without limiting CONTRACTOR'S duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

1. Commercial general liability insurance, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broadform Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.

4. Professional Liability Insurance, if required for the professional service being provided, (e.g., those persons authorized by a license to engage in business or profession regulated by the California Business and Professional Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

D. Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to the COUNTY and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the COUNTY shall be given notice in writing at least thirty (30) calendar days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, officials, employees, and volunteers as Additional Insured with respect to liability arising out of the CONTRACTOR'S work, including ongoing and complete operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the COUNTY and that the insurance of the Additional Insured shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the COUNTY, CONTRACTOR shall file certificates of insurance and endorsements with the COUNTY'S contract administrator and the COUNTY'S Contracts/Purchasing Office, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made

Docusign Envelope ID: 2D1E7608-CF11-4C5C-B43D-B5BD04E613C9

in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by COUNTY, annual certificates to COUNTY'S Contract Administrator and COUNTY'S Contracts/Purchasing Office. If the certificate is not received by the expiration date, CONTRACTOR shall have five (5) calendar days to send the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance coverage is a breach of this Agreement, which entitles COUNTY, at its sole and absolute discretion, to (1) immediately disallow claim(s) for payment and/or withhold payment(s) by COUNTY to CONTRACTOR, pursuant to Section IV (A), for services rendered on or after the effective date of termination, reduction, non-renewal, or cancellation of the insurance coverage maintained by CONTRACTOR, and/or (2) terminate this Agreement pursuant to Section V.

XIV. ACCESS TO AND AUDIT OF RECORDS

A. Right to Inspect Records. At any time during the term of this Agreement or after the expiration or termination of this Agreement, in accordance with Federal and State laws including, but not limited to the California Welfare and Institutions Code (WIC) Sections 14170 et seq., the COUNTY or its representative, Federal or State governments may conduct an audit, review or other monitoring procedures of the CONTRACTOR regarding the services/activities provided under this Agreement. The COUNTY or its representative, Federal or State governments shall have the right to inspect any and all books, records, and facilities maintained by CONTRACTOR during normal business hours and without advance notice to evaluate the use of funds and the cost, quality, appropriateness, and timeliness of services.

B. Maintenance of Records. CONTRACTOR shall maintain any and all records documenting all services set forth under this Agreement for a period of ten (10) years from the end of the fiscal year in which such services were provided or until three (3) years after final resolution of any audits, or appeals, whichever occurs later. CONTRACTOR shall maintain such records in a form comporting with generally accepted accounting and auditing standards and all applicable laws.

C. Overpayment. If the results of any audit show that the funds paid to CONTRACTOR under this Agreement exceeded the amount due, then CONTRACTOR shall pay the excess amount to COUNTY in cash not later than thirty (30) calendar days after the COUNTY notifies the CONTRACTOR of such overpayment; or, at COUNTY'S election, COUNTY may recover the excess or any portion of it by offsets made by COUNTY against any payment(s) owed to CONTRACTOR under this or any other Agreement or as set forth in Exhibit I, if made part of this Agreement.

D. Responsibility for Audit Exceptions. Any and all audit exceptions by COUNTY or any Federal or State agency resulting from an audit of CONTRACTOR'S performance of this

Docusign Envelope ID: 2D1E7608-CF11-4C5C-B43D-B5BD04E613C9

Agreement, or actions by CONTRACTOR, its officers, agents, and employees shall be the sole responsibility of the CONTRACTOR.

E. Availability of Records for Grievances and Complaints by Recipients of Service. CONTRACTOR shall ensure the availability of records for the prompt handling of grievances or complaints filed by recipients of services. Release of records shall be subject to the confidentiality provisions set forth in this Agreement.

F. Reports. EXHIBIT E: ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Cultural Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.
- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.

Docusign Envelope ID: 2D1E7608-CF11-4C5C-B43D-B5BD04E613C9

- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

CONTRACTOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog, Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.

Docusign Envelope ID: 2D1E7608-CF11-4C5C-B43D-B5BD04E613C9

3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond an appropriate and respectful manner.

4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.

5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).

6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.

7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.

8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. CONTRACTOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the CONTRACTOR named below, I certify acceptance and understanding for myself and the CONTRACTOR of the above provisions.

The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. (iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

Docusign Envelope ID: 2D1E7608-CF11-4C5C-B43D-B5BD04E613C9

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

Board of Supervisors

Introduced: 8/14/2025

Current Status: Health Department - Consent

Version: 1

Matter Type: Ordinance

Adopt an ordinance to amend Chapter 15.04 of the Monterey County Code to remove County of Monterey regulation of small public water systems.

Proposed California Environmental Quality Act ("CEQA") Action: Find that the adoption of this ordinance is categorically exempt per Sections 15060(c)(2) and 15060(c)(3) of the CEQA Guidelines because it is an administrative activity that will not result in direct or indirect changes to the environment.

RECOMMENDATION:
It is recommended that the Board of Supervisors
a. Find the adoption of this ordinance is categorically exempt per Sections 15060(c)(2) and 15060(c)(3) of the CEQA Guidelines because it is an administrative activity that will not result in direct or indirect changes to the environment; and
b. Adopt an ordinance to amend Chapter 15.04 of the Monterey County Code to remove County of Monterey regulation of small public water systems.

SUMMARY:
The proposed ordinance amends sections of Chapter 15.04 to remove County of Monterey ("County") regulation of Small Public Water Systems, as defined as a system for the provision of piped water to the public for human consumption that has at least 15 but not more than 199 service connections or regularly serves at least 25 individuals at least 60 days out of the year. Since 1993, the County has been delegated local primacy responsibility for Small Public Water Systems pursuant to the Delegation Agreement between the State and the County. As of September 1, 2025, the Delegation Agreement will terminate, and the State will regulate all Small Public Water Systems in Monterey County.

The County will continue to regulate Local Small Water Systems, defined as serving 2-4 service connections and State Small Water Systems defined as a system that serves at least 5, but not more than 14, service connections, and does not regularly serve drinking water to more than an average of 25 individuals daily for more than 60 days per year.

On August 26, 2025, the Board of Supervisors introduced and waived the first reading of the draft ordinance and advanced the ordinance for consideration of adoption at the meeting on September 16, 2025, at 10:30 a.m.

DISCUSSION:
California Department of Public Health, under the provisions of Section 116330 of the California Health and Safety Code, has previously delegated primacy to 32 local primacy agencies (LPAs) for the regulation of public water systems with 15 to 199 service connections and certain non-community water systems. LPAs are county environmental health jurisdictions that have applied for and were granted regulatory authority over a portion of the public water systems in their county, including Monterey County. The last LPA agreement was executed July 1, 1993. In 2013, the LPA agreement was updated to clarify issues and update the partnership between Monterey County and the State to assure a healthy water supply for County residents.

The County of Monterey Environmental Health Bureau (EHB) has administered the Local Primacy Agency (LPA) program, having been committed to ensuring the safety and quality of drinking water for the community. However, the resource challenges and lack of adequate state support have placed significant strain on the ability to fulfill the requirements of the Local Primacy Delegation Agreement (LPDA). After an extensive evaluation of resources and the capacity to administer the program, the County of Monterey Environmental Health Bureau, pursuant to California Department of Public Health, under the provisions of Article 2, Section 116330 (c) (2) of the California Health and Safety Code, notified the State Water Resources Control Board that effective September 1, 2025, the County of Monterey will no longer retain local primacy.

The proposed draft ordinance was introduced to the Board of Supervisors at its meeting on August 26, 2025. The Board set September 16th at 10:30 AM as the date and time to consider adoption of the ordinance.

Monterey County Code Chapter 15.04 addresses the LPA in multiple sections. The ordinance amendment, as indicated in the red-line and clean copies of the ordinance included as Attachments 1 and 2, removes items in these sections from Monterey County Code that are no longer relevant with the return of the local primacy back to the State, and modifies Section 12 to reflect violation enforcement.

CEQA
Under the California Environmental Quality Act (“CEQA”), this ordinance is not considered a “Project” under CEQA because it does not have the potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment (CEQA Guidelines Sections 15060(c)(2) and 15060(c)(3)).

While this work is not directly in support of a Health Department strategic goal, it is in support of one or more of the ten essential public health services, specifically, 2. Diagnose and investigate health problems and health hazards in the community; 3. Inform, educate, and empower people about health issues; and 6. Enforce laws and regulations that protect health and ensure safety.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel has approved the ordinance as to form.

FINANCING:
Adoption of the ordinance will have no direct financial impacts.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
The proposed ordinance supports the related Board of Supervisors Strategic Initiatives:

☐ Economic Development:
- Through collaboration, strengthen economic development to ensure a diversified and healthy economy.

☒ Administration:
- Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.
