Salaried positions shall not be charged at an hourly rate. If hourly staff were incorrectly budgeted as salaried staff, wage will be allowable not to exceed maximum range.

All personnel costs submitted for payment with monthly invoices shall be based on actual expenditures. If a Contractor plans to use the same personnel/staff to provide services for multiple programs, a cost allocation method must be submitted. The allocation method must result in an equitable distribution of personnel costs to the different programs. Salaries are only allowable for the time the employee is performing work for the contracted program.

Salaries must be adequately documented by time sheets signed by the employee and the immediate supervisor, payroll register, payroll warrant, employee personnel file, general ledger accounts and a cost allocation method. DRP must be notified immediately if there are any changes to staffing (promotions, terminations, etc.).

Billing Guideline: Staff salaries are reimbursable if they have been properly vetted by DRP and are approved to work (including temporary). DRP may request timesheets and/or paystubs with monthly invoices to account for employees. For contracted staff below 50% of allocated time, Contractor must record time spent servicing the DRP contract or complete one-month time study. Consult with DRP regarding time study process.

b) Salary Increase Policy

All salary increases within the range must be pre-approved. Salary increase requests are to be sent to the DRPInvoiceUnit@cdcr.ca.gov at least 30 days prior to implementation. Salary increases must not change the total amount of the contract, nor increase the personnel category by greater than 15% without an amendment. Retroactive salary increases are unallowable unless specifically approved by the DRP Deputy Director or designee. Request for salary increases in excess of 5% annually will require additional justification.

Allowable salary increases within the range are as follows:

- Merit salary adjustment;
- Anniversary increase;
- The CDCR Contract Compliance Analyst increases contract responsibilities which in turn results in increased responsibilities of the established budgeted positions;
- Cost of living adjustments (COLA);
- The Contractor experiences documented recruitment or retention problems. Recruitment documentation should include, but is not limited to the following:
 - Length of vacancy;
 - Prevailing wages; and,
 - Documented recruitment efforts; or
- The salary increases are required by the Contractor's agreement with its employees' unions.

c) Vacancies and Personnel Savings

Salary costs for vacant positions will not be reimbursed, or claimed for personnel services during the "vacancy period". If the use of salary savings is determined as an audit finding, the associated costs claimed will be disallowed, unless approved by the DRP Deputy Director or designee through a BTR.

d) Temporary Help and Overtime

Temporary Help and Overtime costs are allowable and must be billed from separate lines as shown below. Written DRP approvals for overtime must be submitted with the monthly invoice upon DRP request. Prep-time is an unallowable expense. Overtime shall be reimbursed from the overtime line item. Overtime cost will be disputed if comingled in the individual staff salary line items. Temporary staff must be listed on the staff salary summary sheet included with monthly invoice.

(A) PERSONNEL	No. of positions	MIN HR/SAL	MAX HR/SAL	Monthly Salary	% of Project	Hours per month
Temporary Help	N/A	Various	Various	Various	Various	N/A
Overtime	N/A	Various	Various	Various	Various	N/A

3. Staff Benefits

Staff benefits must be claimed in the fiscal year accrued. Contractors must adhere to a minimum and maximum range of benefits, which shall not exceed the staff benefits allocation for each fiscal year and for the contract term. Actual costs for staff benefits shall be provided based on a percentage of total staff salaries. Staff benefits may include regular compensation paid to employees for vacation, sick leave, jury duty, military training, and employer contributions for payroll taxes, employee health and unemployment insurance, social security, workers compensation, and a retirement plan.

Contractors must ensure benefit costs paid by CDCR are reconciled with actual costs at fiscal year-end in accordance with the procedures outlined by the Code of Federal Regulations cost principles and Generally Accepted Accounting Principles applicable to your organization. After the fiscal year-end reconciliation, the Contractor must provide a statement to DRP detailing the reconciliation. The Contractor shall remit any overpaid benefit costs to DRP Invoice Unit within 30 days after the end of the fiscal year. Remittances may be adjusted off the Contractor's final invoice or the Contractor may submit a check payable to CDCR.

a) Staff Benefit Breakdown

Staff benefit breakdown is due to DRP 30 days after the start of services of the contract. The Contractor breakdown must include the following:

- A detailed narrative identifying and explaining the expenses that makes up the established fringe benefit percentage rate/range.
- A copy of all written benefit/leave policies.
- Any applicable cost allocation plan for benefit costs that are shared with multiple programs. (Example: workers' compensation, self-insured health insurance, etc.).

The benefits narrative must itemize all benefits claimed in calculating the fringe benefit percentage rate/range. The narrative must include a percentage breakdown for each type of benefit. Applicable components must be detailed by percent of salary expense, not by dollars expended.

Billing Guidelines: Staff benefit breakdown must be provided within 30 days of contract execution. Contractor must provide a staff benefits cost breakdown, which clearly identifies the benefits, percentages, and/or costs, above employees' hourly or salaried wages are being charged. DRP will not reimburse staff benefit cost until breakdown is on file with DRP.

b) Staff Benefit Increase

Contractors may request a staff benefit increase for one of the following reason. Submit request via BTR to DRPInvoiceUnit@cdcr.ca.gov and include appropriate supporting documentation:

- An increase in employee health care or workers' compensation costs.
- An increase in social security or unemployment insurance costs.
- An increase in employee payroll taxes.

Billing Guideline: Increase in staff benefits must be approved by the Deputy Director via BTR. Documented proof of increased costs must be provided (i.e., tax documents, invoices, etc.). Staff benefit increases will only take effect upon approval of BTR. Cost billed above the maximum range will be disallowed.

c) Paid Time Off (PTO)

Paid time off, including vacation, sick, personal, etc., are allowable in the personnel category. Paid time off is reimbursed by one of the following:

1. **Accrual basis:** Employee's paid time off accruals are clearly identified in the staff benefit breakdown and billed on a monthly basis from the staff benefit line item. The Contractor is responsible for maintaining in reserve a portion of the percentage determined for staff benefits to allow for leave accrual pay-off at the end of the contract or employment termination. CDCR will not be liable for payment of accrued vacation time at the end of the contract or employment termination in excess of the amount maintained in reserve. The Contractor shall deposit reserve funds in an interest bearing account insured by a government agency. Interest earnings are the property of the State and may not be used for any purpose. Such interest earnings must be reported and the interest remitted to the State by the Contractor by July 30th each fiscal year. In the event the contract ends before the close of the fiscal year, payment must be received by the last business day of the month immediately succeeding the end of the contract. The Contractor will remit any interest income to CDCR's Headquarters Accounting Office for placement in the General Fund.
2. **Cash Basis:** Employee's paid time off is billed through salary line items with regular pay. Unused time off is reimbursed at the end of the fiscal year or termination of individual employment. Unused paid time off must be substantiated with documentation of leave earnings, usage, balance and time sheets. All accrued leave cash-outs shall not exceed 80 hours.

PTO costs in the form of regular compensation paid to employees during periods of authorized absences from the job are allowable if all of the following criteria are met:

- The Contractor has established written paid time off policies;
- Costs are in accordance with contract requirements;
- The costs are equitably allocated to all related activities;
- Not exceed a monthly accrual of 20 hours.

Leave accruals will only be reimbursed for the time contracted staff provided services to a CDCR contract. Paid time off will be compensated consistent with Contractor's written policies and for such time earned during the current contract only. CDCR will not be liable for time earned from previous contracts or employment. For example, an employee begins working on a contract services with 3 weeks of accrued vacation. When the employee takes vacation, these three weeks cannot be charged to the current contract's personnel category. The paid time off costs accrued from a prior CDCR contract must be paid out of the indirect cost budget. When an employee retires or terminates during the contract term, payments for unused leave are allowable as indirect costs. All accrued leave cash-outs in excess of 80 hours shall be paid out of indirect costs.

Contractors shall maintain original source documentation to support leave earning, usage, and balance for each staff. Contractors shall submit leave statements for staff listed on the Budget Rate Sheet at the request of the DRP.

4. Sub-Contractor or Consultant Costs

A Sub-Contractor or consultant is defined as an individual or a firm, which the Contractor contracts for professional service(s). For the definition of an employee or a contract worker, refer to the Internal Revenue Service Publication 15A and the State of California, Employment Development Department, Employment Determination Guide DE 38.

Billing Guidelines: Receipts for Sub-Contractor or Consultant costs are required for reimbursement. Sub-Contractor(s) or Consultant(s) must also be properly approved by DRP prior to services being performed. Sub-Contractor or Consultant expenditures will be disputed if agreements are not on file with DRP. If the budget rate sheet includes a specific business or entity name, an amendment must be processed to change the sub-contractor or consultant per the State Contracting Manual (SCM) Section 3.9 Amendments. If the budget rate sheet identifies general services that shall be provided such as "Transitional Housing" or "Instructor", the contractor may change the sub-contractor or consultant via a Budget Transfer Request per the below requirements.

a) Sub-Contracting Requirements

Nothing contained in this Agreement, or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of Contractor's responsibilities and obligations hereunder. The Contractor agrees to be fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. It is the Contractor's responsibility to ensure that all expenditures claimed, including all subcontractor expenditures, are allowable costs associated in performing the contracted services. If expenditures are found to be unallowable during an audit, the Contractor's and/or subcontractor's reimbursements will be recalculated and adjusted accordingly. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

Change in sub-contractors or consultants, either by Amendment or BTR during the term of the contract shall be subject to the following requirements:

1. Subcontractor or consultant agreements of \$4,999 or less require the Contractor to obtain at least three informal bids. If three informal bids are unattainable, the Contractor shall document reason why. Documentation shall include advertisements, bids received and shall be maintained by the Contractor. The written bid documentation shall be included in the BTR submission.
2. Subcontractor/consultant agreements of \$5,000 up to \$14,999 require the Contractor to obtain at least three formal written bids or submit a sole source document to DRP for approval. Three bids and/or sole source document must be included in the BTR submission.
3. Subcontractor/consultant of \$15,000 or more shall be awarded to the lowest responsible bidder or under an approved evaluation criteria making all efforts to comply with the Disabled Veteran Business Enterprise (DVBE) participation program requirements. If specific evaluation criteria are utilized, a minimum of 30 percent of the points shall be allocated to cost. Documentation must be included in the BTR submission.

Sole source or specific evaluation criteria require prior written approval from the DRP Section Chief or designee. Failure to comply with the requirements may result in delay or disallowance of payments of invoices.

5. Direct Operating Cost

Direct costs can be identified to a final cost objective. Direct operating costs are defined as necessary program expenditures, which are based on actual costs, substantiated by original source documentation and cannot be based on the overall organizational expenses that would be defined as indirect costs. (See section on indirect cost.) Operating costs can include expendable equipment, but are exclusive of Sub-Contractor/consultant service and indirect costs.

Specific guidelines for Direct Operating Costs are as follows:

- Specific operating cost purchases require DRP preapproval prior to purchase. Purchases requiring pre-approval will be identified in the fiscal year invoice guidelines. Guidelines are sent by DRP at the beginning of each fiscal year.
- The indirect or profit fee should not be applied to any transitional housing costs, with the exception the Contractor is providing the transitional housing directly.
- Per Governor's memorandum dated February 18, 2011, entitled, Stuff We All Get (S.W.A.G), Governor Brown directs state agencies and departments to stop spending taxpayer dollars on promotional and marketing gift items, such as key chains, coffee mugs, squeeze toys, pens, trinkets, etc. "Not a cent of taxpayer money should be spent on unnecessary items. As a result, any unnecessary items shall be disallowed. <https://www.gov.ca.gov/news.php?id=16911>
- For safety and security reasons, In-Prison contract purchases require pre-approval from DRP and the Correctional Counselor III at the facility.
- Operating cost expenditures (single or multiple like items) greater than \$5,000 may be required to be reimbursed over the useful life of the equipment (as defined by the Internal Revenue Service) for budgetary purposes. If useful life extends beyond contract term, cost may be re-allocated to the subsequent contract if awarded.
- Written pre-approvals are to be included with invoice.

a) Facility Lease, Rent and Depreciation

CDCR shall be responsible for the monthly reimbursement of lease/rent cost during the term of the agreement. Leasing terms shall be clearly identified in dollar value. If Contractor uses facility for non-CDCR purposes, or uses facility for non-CDCR clients such as Federal, County, or City clients, Contractor must clearly identify the service-ratio of clients (cost allocation plan) in the form of a percentage. Lease costs will be reimbursed based on the appropriate cost ratio. Leasing or rental agreements are exclusively between the Lessor and Contractor (Lessee), unless otherwise specified and pre-approved by CDCR.

Maintenance, repair and capital expenditure provisions included in lease documents are exclusively the responsibility of the Contractor. CDCR will not reimburse the following expenses through the facility lease line item:

1. Tenant improvement (TI) and capital expenditure costs, defined as structural or non-structural, exterior or interior repairs, alterations, improvements or changes to a commercial or industrial property to accommodate tenant needs.
2. Property tax, assessments, loans, and/or other liabilities are the sole responsibility of the Contractor
3. CDCR will not reimburse for late payment penalties or fees.

b) Program Facility Leased by the Contractor

Reasonable rent or lease costs applicable to the occupied space(s) for the CDCR project may be charged in the budget proposal of the contract. Space costs must be reasonable and comparable to rental space(s) for the surrounding area. If the Contractor occupies space(s), which will only be partially used for this project, the allowable space costs must be based on the percentage of space used for the project. Property taxes for rented or leased properties are unallowable.

c) Program Facility Owned by Contractor

If the Contractor owns the facility, it may be compensated for the use of the building through (1) depreciation or (2) current interest expense related to the original purchase of the facility. The computation of facility owned depreciation will be based on total facility purchase cost, less land cost. If a Contractor-owned facility is fully depreciated, a rental fee equal to Fair Market Value is allowable. The Fair Market Value shall be supported by an appraisal report prepared by a licensed independent real estate appraiser. The completed appraisal report must be submitted to the DRP for review within 30 days of the start of services.

1. Facility Depreciation

If a Contractor will be charging depreciation, a proper depreciation method must be followed and applied. The computation of the depreciation will be based on total facility purchase cost, less land cost. Adequate property records must be maintained and the straight line method of computing depreciation must be used in accordance with the internal revenue code. The method of computing depreciation must be in accordance with GAAP, and must be consistently applied. Only interest expense related to the original purchase price's remaining principal balance is allowed. Interest expenses related to equity loans are not allowable.

The method of computing depreciation must be consistently applied. If a Contractor-owned facility is fully amortized and fully depreciated, a rental fee equal to a fair market value is allowable.

d) Capital Expenditures or Improvement

Cost for construction, remodel, renovation, alteration, or improvement of privately owned/leased property which would enhance the value of such property to the benefit of the owner are allowable if specifically requested in writing by DRP. Capital expenditure costs of \$5,000 or more are reimbursed through straight line depreciation.

e) Maintenance and Repair of Facility

Allowable maintenance and repair costs are those that are necessary for the upkeep of the facility and non-expendable equipment.

f) Food

Food costs should be reasonable and necessary to carry out program services. CDCR recommends purchasing food items in bulk at wholesale prices. If Contractor is required to maintain a stock of food items, an inventory control system must be utilized to ensure appropriate use of items. Items such as eating utensils, pots, pans, cleaning detergents, and other items used to prepare meals are not food part of the food cost and should be considered as household supplies.

g) Communication

These costs may include telephone, messenger services, cellular phones, postage, internet services, printing for job postings, and basic cable services. Communications costs should clearly identify, and be limited to, the facility where the service is provided as relates to the contract. For shared communications costs where contractors house multiple clients, expenses must be allocated according to the cost allocation plan.

Billing Guidelines: Communication costs are allowable for staff located in the personnel category of the approved budget rate sheet.

h) Utilities

Utility costs may include gas, heat, electricity, water, sewer and trash collection. All utility statements must be made available to CDCR upon request

i) Insurance

Insurance costs are contingent upon receipt of an actual paid invoice from the insurance carrier detailing the costs that are specifically for the approved agreement. Cost may be allocated monthly and reconciled at year-end. Additional insurance costs beyond the required levels of the contract requirement will be incurred by the Contractor. Insurance costs should clearly identify and be limited to the facility where the service is provided as related to the contract. Contractor servicing additional agencies will be reimbursed based on the cost allocation submitted and shall notate a cost allocation percentage with the monthly supporting documentation. If any changes occur to the insurance policy at any time, the Contractor is required to provide an updated policy.

j) Travel

All travel expenses will be based on actual costs not to exceed the California Department of Human Resources (CalHR) designated rates. If the Contractor and/or subcontractor are required to travel during the performance of this agreement, CDCR agrees to pay travel and per diem. If the Contractor's travel and per diem rates exceed CalHR's rate, CDCR will only reimburse the Contractor based on CalHR rates unless specifically pre-approved by the Deputy Director or designee.

The Contractor may not claim meals provided by CDCR, meals included in hotel expenses, conference fees, meals included in transportation costs such as airline tickets, or meals that are otherwise provided. CDCR shall not reimburse for alcoholic beverages.

Contractor cannot claim business mileage, if indirect costs are claimed for the vehicle used for transportation during travel for business purposes. All business mileage will be calculated from the Contractor's business location unless a trip is commenced at an employee's home. In this case, the distance traveled shall be calculated from employee's residence or headquarters whichever shall result in a lesser distance. Business mileage will be reimbursed when the Contractor's and/or subcontractors personal vehicle is used in the direct performance of this Agreement. To facilitate consistent processing 262 A of monthly invoices, contract staff should utilize State Travel Expense Claim (TEC) STD. Travel and/or mileage costs invoiced to CDCR must be consistent with the organization's travel policy and CalHR rates.

To facilitate consistent processing with your monthly invoices contract staff should utilize State Travel Expense Claim (TEC) STD. 262A to support the travel/per diem expenses submitted to CDCR. Expenses must be properly supported. When submitting travel claims for reimbursement, attach all original receipts to

a 8 1/2" by 11" sheet of paper. Travel and/or mileage costs invoiced to CDCR must be consistent with the organization's travel policy and CalHR rates, and submitted on the correct budget line item consistent with above requirements. Contractors should document the allocation of shared travel/mileage costs to the appropriate programs/funding sources. Travel Expense Claim with hand written edits shall require Contractor staff initials. The State's travel and per diem rates may change periodically; therefore, these rates will not be specifically identified in this document. To obtain the most current travel and per diem rates go to the CalHR website at: <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx>.

Out-of-state travel is unallowable. On a case by case basis out-of-state travel will be considered if the following conditions are met:

1. Training for Trainers (T4T) for mandated contract related training, if applicable;
2. Written pre-approval from DRP; All out-of-state travel requests require pre-approval by the DRP Deputy Director or designee

Billing Guidelines: Receipts are required for every expensed item (i.e., airline tickets, lodging, meals, incidentals etc.) incurred as a result of conducting CDCR business and must be attached to the monthly invoice. No reimbursement will be issued without a receipt. Airfare will be reimbursed at economy/coach rates. Reimbursement for business class and first class airfares is an unallowable cost. Travel expense claims must be submitted with the State Travel Expense Claim (STD 262A). Any cost or rates out of compliance with the CalHR website will be disallowed.

Supplies may include, but are not limited to newspapers, brochures, magazines, books, curriculum, other related publications and participant needs. Participant/program supply cost shall not include food.

n) Expendable Equipment

Expendable equipment is defined as expendable items, which depreciate with use and have a unit acquisition cost of less than \$5,000 per unit. Title to any expendable equipment purchased or built with State funds as part of the agreement will vest in CDCR. The Contractor must retain a list of expendable equipment purchases, such as cameras, calculators, two way radios, computer equipment, TV's, tablets, iPads, etc., for audit purposes. Upon termination of the agreement, non-expendable equipment becomes the property of CDCR. Expendable equipment must be listed on the DRP Invoice Unit Inventory List and submitted with your monthly invoice as expendable equipment is purchased.

The cost of expendable equipment purchased should be comparable to the prevailing price for similar items within the market. The Contractor should maintain an accurate inventory record for each piece of equipment purchased or built with funds provided under the terms of the contract. The inventory record of each piece of such equipment should include:

- Date acquired
 - Total cost
 - Serial number,
 - Model identification (on purchased equipment) and
 - Any other information or description necessary to identify said equipment
- The inventory record must be submitted to CDCR upon request. If equipment purchased will be used by other entities sharing the facility program space, the proration of shared costs must be included in the cost allocation plan (CAP) and invoiced accordingly. Failure to adhere to these reporting requirements may result in CDCR assessing a fair-market value payment from subsequent contracts.

Billing Guidelines: Equipment purchases exceeding a single item value of \$100 must be documented on the inventory list and submitted with the monthly invoice. Cost not properly documented will be disputed.

o) Non-Expendable Equipment

Non-expendable equipment is defined as movable articles which has a normal useful life of at least one year or more; and, has a unit acquisition cost of \$5,000 or more. (Note: A unit consists of one item.) CDCR will not provide funding to purchase non-expendable equipment. Contractors will be allowed to rent/lease equipment to be used in the performance of the contract. Contractors will be allowed to be compensated for the use of non-expendable equipment through depreciation.

The computation of depreciation shall be based on the acquisition cost and the useful life of the non-expendable equipment. CDCR will not pay for depreciation costs of non-expendable equipment that is fully depreciated. The period of useful life established for each class of non-expendable equipment must take into consideration such factors as type of non-expendable equipment, nature of the non-expendable equipment used, historical and usage patterns (refer to the Internal Revenue Service Publication 946).

In the absence of clear evidence indicating that the expected consumption of the non-expendable equipment will be significantly greater in the early portions than in the later portions of its useful life, the straight line method of depreciation shall be used. Contractors are responsible to update the Non-Expendable Equipment form as necessary and provide a copy to DRP.

Non-expendable equipment and costs not listed on the Non-Expendable Equipment form Exhibit AA shall be disallowed. Non-expendable equipment items must be listed and the method of charge identified. Contractors will be allowed to rent/lease non-expendable equipment to be used in the performance of the contract. Non-Expendable Equipment form list all types of non-expendable equipment used with this project. Budgeted costs for non-expendable equipment reflect payment made per month during the term of the contract.

The list of Non-Expendable Equipment consists of a listing of:

- Equipment Item and Serial Number;
- Rent Cost or Lease Cost (indicate monthly cost);

Depreciation (if not using the straight line method, you will be required to submit support justification indicating the method of depreciation)

Billing Guidelines: Non-Expendable Equipment/Depreciated cost must be documented on the form, Exhibit AA. s) Vehicle Lease

All vehicles purchased or leased with contract funds, must receive written approval from DRP. Vehicles will be accounted for on a tracking system inventory maintained by CDCR. Vehicle leases used in the performance of the Agreement should be clearly identified at the commencement of the contract and limited to the program where the service is provided. Contractors servicing multiple program/contracts will be reimbursed for vehicle leases (and listed on the nonexpendable equipment form) based on the cost allocation plan submitted, and shall notate a cost allocation percentage with the monthly supporting documentation. Wholly owned vehicles used in the performance of this agreement must be clearly identified where applicable, any compensation for the use of owned vehicles in the performance of this Agreement shall be reimbursed through depreciation. v) Client Transportation

If a contract requires client transportation, costs can include cab fares, bus passes/tokens, client transporting mileage, vehicle lease, and car maintenance and be reimbursed at actual costs. If mileage is used as reimbursement, refer to the standard mileage rate permitted by the Internal Revenue service. If Contractor uses a business/corporate owned vehicle for transporting clients the Contractor can bill CDCR for either mileage or depreciation, but may not bill for both. Contractors must be consistent in the billing method throughout the contract term. These costs should be adequately documented and tracked. The use of bus tokens should be tracked by keeping a log of who receives them, date received and signature of person receiving them.

Billing Guidelines: Bus tokens can be purchased in bulk and in advance but must be reconciled at fiscal year-end. Cost not fully utilized shall be allocated to next fiscal year and reconciled at year end for the length of the contract term. If bus token costs are not reconciled to utilization in their June invoice, DRP may reduce the Contractor invoice by accumulated token cost until reconciliation is provided.

w) Modalities

x) Alcohol and Other Drug Certification

The California Department of Corrections and Rehabilitation (CDCR), Division of Rehabilitative Programs (DRP) has established a wide range of rehabilitative programming services addressing substance abuse, criminal thinking, anger management, family relationships, denial management, and victim impact. In order to provide effective services, all contract staff providing SUD services should have an Alcohol and Other Drugs (AOD) certification from an accredited certifying organization recognized by the Department of Health Care Services. - All reimbursements are contingent upon the availability of contract funds. Additionally, CDCR reserves the right to rescind this reimbursement policy at any time.

y) Translation Services

The cost of interpretation or interpreting of oral or sign-language communication.

6. Indirect Cost

Indirect costs are incurred for a common or joint purpose benefiting more than one objective. Indirect costs are general costs that cannot be easily assigned or allocated to a program based on some formula or timekeeping effort.

The indirect cost rate is calculated by adding up your total direct program costs and dividing that figure by your total organization's direct costs. Multiply this figure against total indirect costs to arrive at the program's share of indirect costs. Another way to illustrate this is through the following algebraic formula (Direct Program Costs/Total Organizational Direct Costs X Total Indirect Costs = Program's Share of Indirect Costs). There are several measures used to determine the proportion of indirect costs to allocate/charge/apply to each program. Two of the more familiar and generally accepted methods for developing the cost allocation are:

1. The ratio of the program's or contract's total direct costs to the Contractor's organization-wide total direct costs (Total Direct Program Costs/Total Direct Organizational Costs X 100 = Percentage of Indirect Costs to Allocate to the Program).
2. The ratio of the program's or contract's direct charged salaries and wages to the Contractor's organization-wide salaries and wages, excluding the administrative salaries and wages (Total Direct Program Salaries and Wages/Total Direct Organizational Salaries and Wages X 100 = Percentage of Indirect Costs to Allocate to the Program).

The Contractor may develop an allocation plan based on another operational or statistical basis. However, the method must be approved by the DRP. Contractors must be able to explain their rationale for assigning any indirect expenses to a program or contract. Bidder's that have established indirect cost rates with the Federal Government may use their approved Federal cost allocation plan for State purposes. However, the State may disallow items that are allowable under their Federal plan.

Billing Guideline: If the Contractor does not have a cost allocation plan on file with DRP, indirect cost will be disputed.

Listed below are allowable indirect cost:

The following costs are typically considered indirect. However, if these costs can be easily allocated to a final cost objective, they shall be identified on the line item budget as a direct cost.

- a) **Accounting:** The cost of establishing and maintaining accounting and other information systems required for the management of contracted programs. This includes costs incurred by central service agencies for these purposes.

The California Department of Corrections and Rehabilitation acknowledges that there may be other allowable and unallowable project costs which are not listed in the invoice exhibit. However, all associated project costs incurred and claimed are subject to a fiscal audit.

7. Profit Fee (Only for-profit Contractors may claim)

A maximum profit fee of up to 5 percent (5%) of the cost of operating the project, exclusive of indirect costs and sub-Contractor costs, is allowed per fiscal year. Profit fee costs will be added to the other proposed costs and become part of the total bid. If a budget amendment occurs due to an increase or decrease in fiscal year funding levels, the Contractor shall adjust the budgeted profit fee costs accordingly. At no time shall the profit fee percentage be greater than that of the original bid. Any unallowable costs from an audit may result in a recalculation of profit fee costs and recovery by CDCR of the difference. Profit fee shall not include Sub-Contractor cost.

8. Operating Reserve/Contingency Fund

Nonprofit organizations and government agencies may include a line item for operating reserve/contingency fund, which can be up to 5 percent of the cost of operating the project, exclusive of indirect and subcontractor costs. Unallowable costs identified at audit will result in a recalculation of the operating reserve/contingency fund costs; and, CDCR will recover the difference.

Billing Guideline: The operating reserve/contingency fund can only be used when, (1) it is necessary to pay for unanticipated allowable costs as determined by the CDCR Program Deputy Director or designee and (2) funds from other line items are not available to pay for the unanticipated costs and (3) the Contractor is a Non Profit or Governmental Agency.

III. Sanctions

Contract deficiencies addressed in Corrective Action Plans may include sanctions. Sanctions can be applied to monthly invoices. Sanction penalties will cease following confirmation from DRP that all deficiencies have been addressed and remedied.

IV. Automated Re-Entry Management System (ARMS)

The Contractor will post daily/nightly attendance in the ARMS system by close of business on the 10th of each month, or last business day prior to the 10th of the month. As the Client 4 report is a point in time report, DRP analyst will pull facility(s) report(s) by close of business (COB) the 12th of each month, or the last business day prior to the 12th.

V. Amendment

An amendment is defined by the SCM as any modification to a contract and must be approved through the amendment process per SCM Section 3.9 Amendments. An amendment is required when any of the following proposed changes to an executed contract are required:

- Increase or decrease in total funding for the term of the contract;

VI. Budget Transfer Request

A Budget Transfer Request is a document used by the Contractor to indicate budget transfer costs of existing project funds without the need to process a formal amendment. The Contractor must include a justification and applicable supporting documentation when submitting a BTR. If the documentation or justification is not appropriate, a denial or delay in payments of invoices may occur. All BTRs must be approved by the DRP Deputy Director or designee. BTRs are effective for the entire fiscal year or contract term if requested by the Contractor.

BTRs for the last quarter of any given fiscal year, or upon term end of contract, must be received by DRP no later than 30 days after the fiscal year end or contract term end. BTRs received 30 days after the fiscal year or contract term end must be accompanied by a signed late justification summary memorandum, submitted by the Contractor for approval by the Deputy Director or designee. For audit purposes, the Contractor shall maintain documentation concerning their BTR(s).

The BTR process enables the Contractor to transfer monies across allowable categories; adjust monies within line items within the budgeted categories; reconciliation of the budgeted funds to reflect actual expenditures. CDCR will not pay invoices exceeding the budgeted category amounts until a BTR has been received and approved by the Deputy Director or designee. See the table below for a list of allowable budget transfers across categories.

Billing guidelines: An approved BTR is not an approval of any specific expenditure. The Contractor is to ensure proposed expenditures are allowable per the contract. BTRs are allowable for changes in sub-contractor or consultant only if they are listed by general name, i.e., "Transitional Housing" or "Instructor", on the Budget Rate Sheet.

BTR Allowable/Non-Allowable Transfers

The following changes require an immediate BTR and approval from the DRP Deputy Director or designee. If a BTR is not immediately submitted, costs may be disputed:

- Allowable transfers across established categories to address category funding deficiencies. (See table above). DRP will not reimburse cost above budgeted category funding;
- Increasing staff benefits budget in accordance with the benefit section under personnel. Documented proof of increased costs must be provided (i.e., tax documents, invoices, benefit summary, etc.);

- If a line item is exceeded by an amount equal to or greater than \$5,000; or,
- Change sub-contractor or consultants when the line item does not include a specific business name or entity.

2. Reconciliation Budget Transfer Requests:

The Contractor shall submit a reconciliation BTR at the fiscal year-end to reconcile funds not requiring the submittal of an immediate BTR or upon the request of DRP at any time during the term of the contract. Reconciliation BTRs are due no later than 30 business days after the fiscal year-end quarter.

of the State's confidential information, such methods and procedures may be used with the written consent of the State. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data already rightfully in the Contractor's possession that is independently developed by the Contractor outside the scope of the Agreement or is rightfully obtained from third parties.

Unless specifically stated otherwise, all performance under the Agreement(s) must stop immediately upon receipt of the Notice. To the extent that the information provided by the Contractor fails to so assure CDCR, CDCR may require that any implicated Contractor staff be denied access to and the supervision of CDCR inmates and/or parolees at the facility and access to inmate and/or parolee records. Notwithstanding the foregoing, and without waiving any obligation of the Contractor, CDCR retains the power to conduct an independent investigation of any incident(s). Furthermore, it is the responsibility of the Contractor to include the foregoing terms within any and all subcontracts, requiring that subcontractor(s) agree to the jurisdiction of CDCR to conduct an investigation of their facility and staff, including review of subcontractor employee personnel records, as a condition of the Agreement.

The Contractor shall be responsible for reimbursing CDCR for any additional expenses incurred to cure such defects.

13. Temporary Nonperformance

If, because of mechanical failure or for any other reason, the Contractor shall be temporarily unable to perform the work as required, the State, during the period of the Contractor's inability to perform, reserves the right to accomplish the work by other means and shall be reimbursed by the Contractor for any additional costs above the Agreement price.

- (2) For the twelve-month (12-month) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed Agreement within the 12-month period prior to his or her leaving state service.

In addition to the above, the Contractor shall avoid any conflict of interest whatsoever with respect to any financial dealings, employment services, or opportunities offered to inmates or parolees. The Contractor shall not itself employ or offer to employ inmates or parolees either directly or indirectly through an affiliated company, person or business unless specifically authorized in writing by CDCR. In addition, the Contractor shall not (either directly, or indirectly through an affiliated company, person or business) engage in financial dealings with inmates or parolees, except to the extent that such financial dealings create no actual or potential conflict of interest, are available on the same terms to the general public, and have been approved in advance in writing by CDCR. For the purposes of this paragraph, "affiliated company, person or business" means any company, business, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind which has any ownership or control interest whatsoever in the Contractor, or which is wholly or partially owned (more than 5% ownership) or controlled (any percentage) by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders, either directly or indirectly. "Affiliated companies, persons or businesses" include, but are not limited to, subsidiary, parent, or sister companies or corporations, and any company, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind that is wholly or partially owned or controlled, either directly or indirectly, by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders.

The Contractor shall have a continuing duty to disclose to the State, in writing, all interests and activities that create an actual or potential conflict of interest in performance of the Agreement.

The Contractor shall have a continuing duty to keep the State timely and fully apprised in writing of any material changes in the Contractor's business structure and/or status. This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor's business status or structure that could affect the performance of the Contractor's duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

Members of boards and commissions are exempt from this section if they do not receive payment other than payment for each meeting of the board or commission, payment for preparatory time and payment for per diem.

17. Travel

Contractor's rates shall include all travel expenses required to perform services in accordance with this contract.

In addition, Contractor must recover and return any State-issued identification card provided to Contractor's employee(s) upon their departure or termination.

19. Security Clearance/Fingerprinting

The State reserves the right to conduct fingerprinting and/or security clearance—through the Department of Justice, Bureau of Criminal Identification and Information (BCII)—prior to award and at any time during the term of the Agreement, in order to permit Contractor (and/or Contractor employee) access to State premises. The State further reserves the right to terminate the Agreement should a threat to security be determined.

Title to any expendable equipment purchased or built with State funds as part of this agreement will vest in the State. The Contractor must retain a listing of expendable equipment purchases that are considered "theft-sensitive" items, such as cameras, calculators, two-way radios, computer equipment, etc., for audit purposes. Upon completion or termination of the agreement, Contractors are required to leave all expendable equipment for use by subsequent contractors or for the State to dispose of accordingly. The State may authorize the continued use of such equipment for work to be performed under a different agreement.

The cost of expendable equipment purchased should be comparable to the prevailing price for similar items in the surrounding area.

22. Electronic Waste Recycling

The Contractor certifies that it complies with the requirements of the Electronic Waste Recycling Act of 2003, Chapter 8.5, Part 3 of Division 30, commencing with Section 42460 of the Public Resources Code, relating to hazardous and solid waste. Contractor shall maintain documentation and provide reasonable access to its records and documents that evidence compliance.

23. Liability for Loss and Damages

Any damages by the Contractor to the State's facility including equipment, furniture, materials or other State property, will be repaired or replaced by the Contractor to the satisfaction of the State at no cost to the State. The State may, at its option, repair any such damage and deduct the cost thereof from any sum due Contractor under this Agreement.

24. Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for injuries inflicted by inmates or parolees of the State. The State agrees to disclose to the Contractor any statement(s) known made by any inmate or parolee which indicate violence may result in any specific situation, and the same responsibility will be shared by the Contractor in disclosing such statement(s) to the State.

25. Additional Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for any injuries caused by exposure to any blood borne pathogens, aerosol transmissible diseases, or communicable diseases. Contractor agrees that it shall comply fully with all applicable Cal/OSHA regulations concerning protection of the Contractor's employees from diseases; including Title 8, California Code of Regulations section 5193 (Blood Borne Pathogens), and Title 8, section 5199 (Aerosol Transmissible Diseases). Contractor agrees to indemnify, defend, and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any of the Contractor's employees arising out of exposure to any blood borne pathogen, aerosol transmissible disease, or communicable disease during the Contractor's performance of the Agreement.

26. Workers' Compensation

Contractor hereby represents and warrants that Contractor is currently and shall, for the duration of this agreement, carry workers' compensation insurance, at Contractor's expense, or that it is self-insured through a policy acceptable to CDCR, for all of its employees who will be engaged in the performance of this agreement. Such coverage will be a condition of CDCR's obligation to pay for services provided under this agreement.

Prior to approval of this agreement and before performing any work, Contractor shall furnish to the State evidence of valid workers' compensation coverage. Contractor agrees that the workers' compensation insurance shall be in effect at all times during the term of this agreement. In the event said insurance coverage expires or is canceled at any time during the term of this agreement, Contractor agrees to give at least thirty (30) days prior notice to CDCR before said expiration date or immediate notice of cancellation. In the event the Contractor fails to keep workers' compensation insurance coverage in effect at all times, the State reserves the right to terminate this agreement and seek any other remedies afforded by the laws of this State.

Contractor also agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all of Contractor's workers' compensation claims and losses by Contractor's officers, agents and employees related to the performance of this agreement.

27. Insurance Requirements

Insurance as required herein shall be a condition of the State's obligation to pay for services provided under this Agreement. Prior to approval of this Agreement and before performing any work, Contractor and any subcontractor shall furnish to the State evidence of valid coverage. The following shall be considered evidence of coverage: A certificate of insurance, a "true and certified" copy of the policy, or any other proof of coverage issued by Contractor's insurance carrier. Binders are not acceptable as evidence of coverage. Providing evidence of coverage to the State conveys no rights or privileges to the State, nor does it insure any State employee or insure any premises owned, leased, used by or otherwise or under the control of the State. It does, however, serve to provide the State with proof that the Contractor and any subcontractors are insured at the minimum levels required by the State of California.

Contractor agrees that any liability insurance required in the performance of this Agreement shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires or is canceled during the term of this Agreement, Contractor shall provide the State within five (5) business days of receipt by contractor a copy of any notice of cancellation or non-renewal of insurance required by the contract. Evidence of coverage required in the performance of this Agreement shall not be for less than the remainder of the term of this Agreement or for a period of not less than one year. The State and the Department of General Services (DGS) reserve the right to verify the Contractor's evidence of coverage; evidence of coverage is subject to the approval of the DGS. In the event the Contractor fails to keep insurance coverage as required herein in effect at all times, the State reserves the right to terminate this Agreement and to seek any other remedies afforded by the laws of the State of California.

Contractors and their employees who have any contact (physical or nonphysical) with inmates/parolees, shall be required to furnish to the CDCR Program/Institution Contract Manager, at no cost to CDCR, a documented Tuberculosis (TB) evaluation/test for TB infection (Tuberculin Skin Test (TST) or a blood test Interferon Gamma Release Assay (IGRA) completed within (30) thirty days of the start date of the services and be certified to be free of TB in an infectious or contagious stage by a licensed healthcare provider prior to assuming their contracted duties and annually thereafter.

CDCR is committed to providing a safe, humane, secure environment, free from sexual misconduct. This will be accomplished by maintaining a program to ensure education/prevention, detection, response, investigation and tracking of sexual misconduct and to address successful community re-entry of the victim.

All Contractors and their employees are expected to ensure compliance with this policy as described in Department Operations Manual, Chapter 5, Article 44.

If you are providing services for the confinement of our inmates, you and your staff are required to adopt and comply with the PREA standards, 28 Code of Federal Regulations (CFR) Part 115 and with CDCR's Department Operations Manual, Chapter 5, Article 44, including updates to this policy. This will include CDCR staff and outside audit personnel (who also conduct PREA audits of state prisons) conducting audits to ensure compliance with the standards.

As a Contractor with CDCR, you shall not assign an employee to a CDCR facility or assign an employee to duties if that employee will have contact with CDCR inmates, if that employee has 1) engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); 2) been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent

or refuse; or 3) has been civilly or administratively adjudicated to have engaged in the activity described in this section.

The Contractor shall conduct a criminal background records check for each contract employee who will have contact with CDCR inmates and retain the results for audit purposes. By signing this contract the Contractor agrees to ensure that all of the mandates of this Section 5: Prison Rape Elimination Policy are complied with. Material omissions, by the contract employee, regarding such misconduct or the provision of materially false information, shall be grounds for removal from institutional grounds.

Contract employees, who have contact with inmates, shall be provided training via the Exhibit titled; "PRISON RAPE ELIMINATION POLICY, Volunteer/Contractor Informational Sheet" to learn their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. A copy of this signed informational sheet will be provided to the institution before a contract employee may have contact with inmates.

Any contract employee who appears to have engaged in sexual misconduct of an inmate shall be prohibited from contact with inmates and shall be subject to administrative and/or criminal investigation. Referral shall be made to the District Attorney unless the activity was clearly not criminal. Reportable information shall be sent to relevant licensing bodies.

Contractor and Contractor's employee(s) and/or subcontractor(s) must be cleared prior to providing services. The Contractor will be required to complete a Request for Gate Clearance for all persons entering the facility a minimum of ten (10) working days prior to commencement of service. The Request for Gate Clearance must include the person's name, social security number, valid state driver's license number or state identification card number and date of birth. Information shall be submitted to the Contract Liaison or his/her designee. CDCR uses the Request for Gate Clearance to run a California Law Enforcement Telecommunications System (CLETS) check. The check will include Department of Motor Vehicles check, Wants and Warrants check, and Criminal History check.

Gate clearance may be denied for the following reasons: Individual's presence in the institution presents a serious threat to security, individual has been charged with a serious crime committed on institution property, inadequate information is available to establish positive identity of prospective individual, and/or individual has deliberately falsified his/her identity.

All persons entering the facilities must have a valid state driver's license or photo identification card on their person.

36. Budget Contingency Clause

It is mutually agreed that if the California State Budget Act for the current fiscal year and/or any subsequent fiscal years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor, or to furnish any other considerations under this Agreement, and Contractor shall not be obligated to perform any provisions of this Agreement.

If funding for the purposes of this program is reduced or deleted for any fiscal year by the California State Budget Act, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an Agreement amendment to Contractor to reflect the reduced amount.

CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION
PRISON RAPE ELIMINATION POLICY
Volunteer/Contractor Informational Sheet

The Prison Rape Elimination Policy for the California Department of Corrections and Rehabilitation (CDCR) is explained on this informational sheet. As a volunteer or private contractor who has contact with CDCR offenders, it is your responsibility to do what you can, within the parameters of your current assignment, to reduce incidents of sexual violence, staff sexual misconduct, and sexual harassment and to report information appropriately when they are reported to you or when you observe such an incident.

Historical Information

Both the Congress and State Legislature passed laws, the Federal Prison Rape Elimination Act (PREA) of 2003, the Sexual Abuse in Detention Elimination Act, Chapter 303, Statutes of 2005, and most recently the United States, Department of Justice Final Rule; National Standards of 2012 to help prevent, detect and respond to sexual violence, staff sexual misconduct and sexual harassment behind bars. It is important that we, as professionals, understand all aspects of these laws and our responsibilities to help prevent, detect, and respond to instances by offenders and staff.

The CDCR policy is found in Department Operations Manual (DOM), Chapter 5, Article 44. PREA addresses five types of sexual offenses. Sexual violence committed by offenders will encompass: Abusive Sexual Contact, Nonconsensual Sex Acts, or Sexual Harassment by an Offender (towards an offender). The two remaining types of sexual offenses covered by PREA are Staff Sexual Misconduct and Staff Sexual Harassment (towards an offender).

CDCR's policy provides for the following:

- CDCR is committed to continuing to provide a safe, humane, secure environment, free from offender on offender sexual violence, staff sexual misconduct, and sexual harassment.

- All sexual violence, staff sexual misconduct, and sexual harassment is strictly prohibited.
- This policy applies to all offenders and persons employed by the CDCR, including volunteers and independent contractors assigned to an institution, community correctional facility, conservation camp, or parole.

Retaliatory measures against employees or offenders who report incidents of sexual violence, staff sexual misconduct, or sexual harassment as well as retaliatory measures taken against those who cooperate with investigations shall not be tolerated and shall result in disciplinary action and/or criminal prosecution.

Retaliatory measures include, but are not limited to:

- Coercion.
- Threats of punishment.
- Any other activities intended to discourage or prevent staff or offenders from reporting incident(s).

Professional Behavior

Staff, including volunteers and private contractors are expected to act in a professional manner while on the grounds of a CDCR institution and while interacting with other staff and offenders. Key elements of professional behavior include:

- Treating everyone, staff and offenders alike, with respect
- Speaking without judging, blaming, or being demeaning
- Listening to others with an objective ear and trying to understand their point of view
- Avoiding gossip, name calling, and what may be perceived as offensive or “off-color” humor
- Taking responsibility for your own behavior

Preventative Measures

You can help reduce sexual violence, staff sexual misconduct, and sexual harassment by taking various actions during the performance of your duties as a volunteer or private contractor.

The following are ways in which you can help:

- Know and enforce the rules regarding the sexual conduct of offenders.
- Be professional at all times.
- Make it clear that sexual activity is not acceptable.
- Treat any suggestion or allegation of sexual violence, staff sexual misconduct, and sexual harassment as serious.
- Follow appropriate reporting procedures and assure that the alleged victim is separated from the alleged predator.
- Never advise an offender to use force to repel sexual advances.

Detection

All staff, including volunteers and private contractors, is responsible for reporting immediately and confidentially to the appropriate supervisor any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

After immediately reporting to the appropriate supervisor, you are required to document the information you reported. You will be instructed by the supervisor regarding the appropriate form to be used for documentation.

You will take necessary action (i.e., give direction or press your alarm) to prevent further harm to the victim.

I have read the information above and understand my responsibility to immediately report any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

ARMS DATA SHARING SECURITY AGREEMENT

Agreement is made at Sacramento California on September 1, 2020 by and between the California Department of Corrections (CDCR) and Monterey County Probation Department (**PROVIDER**) (Agreement Number C5609805, September 1, 2020 through June 30, 2023) to deliver Provider access to and use of the Automated Reentry Management System (ARMS) developed by CDCR.

This ARMS Data Sharing Agreement (DSA) is an attachment to an initial or existing agreement between CDCR and **PROVIDER** dated September 1, 2020.

1.0 This ARMS DSA is entered into by and between the Administrators of the CDCR and Provider to establish the content, use, and protection of data described below (ARMS Data) needed by Provider to support the contracted service, whether such data is provided by CDCR or collected by Provider on behalf of CDCR.

2.0 The ARMS closes a significant gap in information for offenders treated with rehabilitation programming by contracted providers. While ARMS will accumulate significant data, the data will need to be shared with other stakeholders throughout the rehabilitation process to ensure the process of rehabilitation is effective. The concept of operations within ARMS includes security and protection for Personal Health Information (PHI) and Personally Identifiable Information (PII). The data in ARMS has been classified as Moderate according to Federal Information Processing Standard (FIPS) Publication 199 Standards for Security Categorization of Federal Information and Information Systems and the ARMS solution has been contracted to provide Federal Risk and Authorization Management Program (FedRAMP) standards for technical implementation to protect information maintained in the “Cloud.”

3.0 In order to ensure the security of the ARMS Data the Provider agrees to permit CDCR or its authorized representatives to make online inspections at any time, or onsite inspections during regular business hours, for the purpose of conducting program and/or performance audits to ensure Provider is preserving the security of CDCR electronic data. CDCR is authorized to investigate reports of Provider misuse of electronic data. During such security audit or investigation, Provider shall comply with CDCR requests in providing access to its employees, together with records, books and correspondence, hardware and/or electronic files, and other documentation or media of every kind directly related to this ARMS DSA that are necessary for CDCR to carry out such security audit and investigation.

4.0 ARMS Data includes each of the types of information listed below. For purposes of this ARMS DSA the following definitions apply:

- a. Public Information (PI) – information maintained by CDCR that is not exempt from disclosure under the provisions of the California Public Records Act (Government Code Sections 6250-6265) or other applicable state or federal laws (SAM §5320.5).

ARMS DATA SHARING SECURITY AGREEMENT

- b. Confidential Information (CI) – information maintained by CDCR that is exempt from disclosure under the provisions of the California Public Records Act (Government Code Sections 6250-6265) or other applicable state or federal laws (SAM §5320.5).
- c. High Risk Confidential Information (HRCI) - Non-public information that if disclosed could result in a significant harm (including financial, legal, risk to life and safety or reputational damage) to the CDCR or individual(s) if compromised through alternation, corruption, loss, misuse, or unauthorized disclosure. Examples of HRCI include, but are not limited to, information such as the following:
 - i. Personally identifiable information such as a person’s name in conjunction with a person’s social security, credit or debit card information, individual financial account, driver’s license number, state ID number, or passport number, or a name in conjunction with biometric information;
 - ii. Personal health information such as any information about health status, provisions of health care, or payment for health care information as protected under the Health Insurance Portability and Accountability Act (HIPAA) of 1996;
 - iii. Correctional Offender Record Information as defined in California PC §§ 13100-13104;
 - iv. All IT infrastructure information that would reveal vulnerabilities to, or otherwise increase the potential for an attack on, an information technology system of a public agency, including but not limited to firewall and router configurations, server names, IP addresses, and other system configurations;
 - v. Any Document which contains information identifying any Confidential Informant, or information provided, as defined in CCR Title 15, Section 3321;
 - vi. Any documentation of information which contains information or data within any Gang Data Base as defined in Department Operations Manual (DOM) Section(s) 52070.22 through 52070.24;
 - vii. Records of investigations, intelligence information, or security procedures as specified in the PRA Section 6254(f).
- d. Sensitive Information (SI) – information maintained by CDCR that requires a higher than normal assurance of accuracy and completeness. Thus the key factor for sensitive information is that of integrity. Typically, sensitive information includes records of financial transactions and regulatory actions.
- e. Protected Health Information (PHI) - is defined as any information, in any form, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that can be used to identify an individual.

- g. Family Education Rights and Privacy Act (FERPA) - schools must have written permission from the parent or eligible student in order to release any information from a student's education record except where authorized under 34 CFR § 99.31.
- h. Criminal Offender Record Information (CORI) - means records and data compiled by criminal justice agencies for purposes of identifying criminal offenders; and maintaining for each offender a summary of arrests, pretrial proceedings, nature and disposition of criminal charges, sentencing, incarceration, rehabilitation, and release. Such information shall be restricted to that which is recorded as the result of an arrest, detention, or other initiation of criminal proceedings or of any consequent proceedings related thereto. It shall be understood to include, where appropriate, such items for each person arrested as the following:
 - i. Personal identification.

 - iii. The fact, date, and results of any pretrial proceedings.
 - iv. The fact, date, and results of any trial or proceeding, including any sentence or penalty.
 - v. The fact, date, and results of any direct or collateral review of that trial or proceeding; the period and place of any confinement, including admission, release; and, where appropriate, readmission and rerelease dates.
 - vi. The fact, date, and results of any release proceedings.
 - vii. The fact, date, and authority of any act of pardon or clemency.
 - viii. The fact and date of any formal termination to the criminal justice process as to that charge or conviction.
 - a) The fact, date, and results of any proceeding revoking probation or parole.

CORI shall not include intelligence, analytical, and investigative reports and files, nor statistical records and reports in which individuals are not identified and from which their identities are not ascertainable.

- i. Authorized Persons – means (i) Authorized Employees; and (ii) Provider's contractors, agents, outsourcers, and auditors as disclosed as part of the initial contract Agreement with CDCR who have a need to know or otherwise access HRCI PII, PHI, FERPA, or CORI to enable Provider to perform its obligations

ARMS DATA SHARING SECURITY AGREEMENT

under this Agreement, and who are bound in writing by confidentiality obligations sufficient to protect HRCI, PII, PHI, FERPA, or CORI in accordance with the terms and conditions of this ARMS DSA.

- j. Security Breach – means (i) any act or omission that materially compromises either the security, confidentiality or integrity of ARMS Data or the physical, technical, administrative or organizational safeguards put in place by Provider (or any Authorized Persons) that relate to the protection of the security, confidentiality or integrity of personal information, or (ii) receipt of a complaint in relation to the privacy practices of Provider (or any Authorized Persons) or a breach or alleged breach of this Agreement relating to such privacy practices.

5.0. Period of Agreement

The period of this ARMS DSA shall be in effect for the time Provider is on contract to provide rehabilitation services with CDCR and making use of the CDCR ARMS Software as a Service (SaaS) solution, unless earlier terminated by 30-day written notice by either organization. The ARMS DSA is to be reviewed not less than every three years from the date of this ARMS DSA coordinated by the CDCR Information Security Officer (ISO). In the absence of this ARMS DSA, Provider may be prevented from retaining a contract for services.

6.0. Intended Use of ARMS Data

By this Agreement CDCR has appointed Provider as a licensed user organization of ARMS and ARMS Data. ARMS Data will be uploaded into ARMS from various CDCR systems for the purpose of ensuring contracted providers in ARMS have data necessary to make continuity of care decisions. Provider is granted permission for the use of the ARMS Data and is a caretaker or custodian of the ARMS data.

7.0. Constraints on Use of ARMS Data

All ARMS data to which CDCR provides access to Provider or which is collected by Provider on behalf of CDCR's employees is the property of CDCR, and shall not be sold, loaned, licensed, given, assigned, or in any way shared with third parties without the express prior written permission of the CDCR ISO. Data will be entered by Provider to the ARMS as well as by CDCR staff members from multiple divisions into the hosted application. The CDCR ARMS data shall not be sold or used, internally or externally, for any purpose not directly related to the scope of work defined in this agreement without the express prior written permission of the CDCR ISO. This duty extends to all authorized persons, agents, and employees of the Provider. This obligation survives the termination of this Agreement.

ARMS DATA SHARING SECURITY AGREEMENT

8.0. ARMS Data Security

Provider shall employ industry best practices, both technically and procedurally, to protect all ARMS Data from unauthorized physical and electronic access. Methods employed are subject to review and approval by CDCR at such times and with such frequency as CDCR deems necessary.

a. ARMS Data Elements

ARMS Data shared with Provider shall be limited to the data elements specifically defined and authorized by CDCR for use by Provider. Data collected within ARMS includes data to meet application requirements. If Provider wishes to collect additional data within ARMS other than that directed through CDCR requirements, Provider must submit a request in writing to CDCR. Under no circumstances shall Provider collect any information classified as SI or CI without the express prior written approval of the CDCR ISO. Data to be shared or collected shall be strictly limited to the elements defined within the ARMS specifications, including interfacing or uploaded data files for use in ARMS.

b. ARMS Data Handling Requirements

ARMS Data handling requirements may vary depending on the classification of ARMS Data shared with Provider. However, it is anticipated that most ARMS Data shared with Provider will involve a mix of classes of ARMS Data including SI, CI, HRCI, PHI, PII, or CORI. Therefore, whenever ARMS Data elements are aggregated for collection, transmission, or storage, the aggregate ARMS Data shall be handled using the protocols that apply to the most sensitive ARMS Data element.

c. In the general course of business with CDCR rehabilitative programming, the Provider must handle and treat ARMS Data of all types in full compliance with the following provisions as a general standard of care:

- i. Provider acknowledges and agrees that in the course of its engagement may receive or have access to some or all of the types of confidential ARMS Data listed above. Provider shall comply with the terms and conditions set forth in this Agreement in its collection, receipt, transmission, storage, disposal, use and disclosure of such ARMS Data and be responsible for the unauthorized collection, receipt, transmission, access, storage, disposal, use and disclosure of ARMS Data under its control or in its possession by all Authorized Persons. Provider shall be responsible for, and remain liable to, CDCR for the actions and omissions of all Authorized Persons that are not Authorized Employees concerning

ARMS DATA SHARING SECURITY AGREEMENT

- the handling or treatment of ARMS Data as if they were Provider's own actions and omissions.
- ii. ARMS Data is deemed to be Confidential Information of CDCR and is not Confidential Information of Provider. In the event of a conflict or inconsistency between this Section and the ARMS DSA to which this ARMS DSA is added by this Attachment or Amendment, the terms and conditions set forth in this Section shall govern and control.
 - iii. In recognition of the foregoing, Provider agrees and covenants that it shall:
 - a) Keep and maintain all ARMS Data in strict confidence to avoid unauthorized access, use, or disclosure.
 - b) Use and disclose ARMS Data solely and exclusively for the purposes for which the data, or access to it, is provided pursuant to the terms and conditions of this ARMS DSA, and not use, sell, rent, transfer, distribute, or otherwise disclose or make available ARMS Data for Provider's own purposes or for the benefit of anyone other than CDCR, in each case, without CDCR ISO prior written consent. Release of information including any data from ARMS to the media in any fashion that identifies client or CDCR individuals is prohibited. Aggregate summarization of data for programs may be shared if no individual information is disclosed. Examples include: types of programs offered, number of individuals in programs, length of programs, completion rate averages, etc.
 - c) Not, directly or indirectly, disclose ARMS Data to any person other than its Authorized Persons, including any, subcontractors, agents, lessees, licensees, outsourcers, or auditors (an "Unauthorized Third Party"), without the express prior written consent from the CDCR ISO unless and to the extent required by Government Authorities or as otherwise, to the extent expressly required, by applicable law, in which case, Provider shall (i) notify CDCR before such disclosure or as soon as possible but not later than 48 hours; (ii) be responsible for and remain liable to CDCR for the actions and/or omissions of such Unauthorized Third Parties concerning the treatment of such ARMS Data as if they were the Provider's own actions and/or omissions; and (iii) require the Unauthorized Third Party that has access to ARMS Data to execute a written agreement agreeing to comply with the terms and conditions of this Agreement relating to the treatment of ARMS Data.
 - iv. Provider User Management
 - a) Provider agrees to submit each ARMS user for CDCR program review and approval in accordance with program contract terms and conditions. CDCR reserves the right to require Provider to

ARMS DATA SHARING SECURITY AGREEMENT

- remove any user which CDCR determines is unqualified to continue to have access to ARMS.
- b) In the event that the employment of a Provider employee or sub-contract entity or person who utilizes an ARMS user account for the CDCR program, is terminated for cause, or whose employment is terminated or ended for any reason, Provider agrees that the Providers local Site Administrator will inactivate the ARMS user's account immediately.
 - c) Provider agrees to inform CDCR of any change in the status of an ARMS user, including those referenced this section within one (1) business day.
 - d) CDCR reserves the right to inspect Provider user status change records in accordance with Section 3 of this ARMS DSA.
- v. Provider shall exercise care for ARMS Data that is brought into ARMS, but not entered by Provider. ARMS Data not entered by Provider will be released to Provider for one offender at a time if the following conditions are met to facilitate Provider's control and responsibility (Provider may be required to perform these functions to facilitate their own continuity of care for clients managed in ARMS):
- a) The offender has signed a release of information (ROI) and that ROI is loaded into ARMS and verified prior to granting access to data other than that input by the program.
 - b) The Provider is under contract with CDCR as a provider or as a subcontractor to Provider.
 - c) Referral information may go to any provider and will not include information that is not releasable to the public.
 - d) Providers can only view information on offenders that are referred to them for rehabilitation services and upon acceptance of that referral with the intent to enroll the offender.
- vi. Providers must ensure that their staff members are authorized to perform in appropriate roles for the information they will be handling. This will include roles that have access to medical information that must have the need to know and require the data for performing their function. The Health Information Portability and Accountability Act (HIPAA) governs the use of medical data; however, mental health information is further controlled to DAPO clinicians (internal or contracted) for mental health specified programs within ARMS. The CFR 42, Part 2 governs the use of alcohol and drug abuse patient records. Education data for clients shall be managed in compliance with the Family Educational Rights and Privacy Act (FERPA).
- vii. Providers are permitted to use the data provided to them online in ARMS for the purposes of delivering contracted services to referred clients only.

ARMS DATA SHARING SECURITY AGREEMENT

- Providers are also permitted to upload data to ARMS; however, whatever data is uploaded to ARMS must be treated as ARMS data for the purpose of any further sharing from ARMS.
- viii. When typing, keying, or in any way entering data into ARMS in open text fields, there are mandatory restrictions to the data entered in these fields. Images and documents uploaded to ARMS also cannot have the data in this section included. Under no circumstances should the following data be entered into text fields or included in uploaded images or documents (this information must be part of annual training):
- a) Any specific (named) gang affiliations.
 - b) Any information that could identify any victims of the clients.
 - c) Any information that could identify witnesses of events related to the clients.
 - d) Specific offenses for which clients were convicted.
 - e) Offender enemy information.
 - f) The CDCR program area data unit will audit text fields for inappropriate information pertinent to this clause.
- ix. If providers elect to download data from ARMS for uploading to their systems, the following provisions must be in effect at all times:
- a) The data must be protected (encrypted) at all times in storage or in transit.
 - b) The data may be uploaded to provider systems to allow their systems to support their business model, invoicing, and other appropriate purposes. Data is still the property of the State and must be protected in provider systems from further inspection or use under the same conditions as if it were in ARMS (HIPAA, FERPA, etc.).
 - c) CDCR data must not be further exchanged with any other system or entity electronically or manually unless specifically authorized in writing by the CDCR ISO.
 - d) CDCR reports of data must not be shared for other than business purposes in support of State funded program services each provider is under contract to provide.
 - e) Data download files or extracts from ARMS must be destroyed promptly once the data is uploaded to other systems.
- x. Training will be made available by the CDCR program area data unit on conditions requiring release of information and data handling or sharing for any reason related to ARMS data. Providers must ensure each employee is trained in these conditions prior to using ARMS and on an annual basis and certify this training is complete within ARMS on an annual basis. Training will include:

ARMS DATA SHARING SECURITY AGREEMENT

- a) Roles that are required by contracts to handle and protect specific types of data.
- b) Conditions under which data can be seen by users.
- c) Conditions under which data from ARMS can be extracted for external use and how that data must be handled and protected if extracted.
- d) User responsibility to protect data in Provider environment.
- e) Requirement to destroy all data extracts when no longer under contract with CDCR. Destruction includes elimination of the possibility to recreate the file from any non-application source. Paper files and data in protected systems can be maintained for contract required durations.
- f) Methods to clear all CDCR data from enterprise systems in the event of a mandatory closure or if the Provider goes out of business.
- g) Methods to ensure that no data shall be shared beyond Provider's own systems needed for activity invoicing. No exceptions are allowed.
- h) Training to ensure that the Provider takes appropriate measures to ensure that all its agents, partners and subcontractors comply with all the provisions herein. PRA requests shall be referred to the CDCR contract point of contact and Title 15 for information that can be released to the public.
- i) Training as to what information is prohibited for open text fields.

The use of other encryption algorithms for data storage must be approved in writing by CDCR ISO. Approval may be granted or withheld at CDCR's sole discretion. Provider shall certify in writing within five business days that all copies of the ARMS Data stored on Provider servers, backup servers, backup media, or other media have been permanently erased or destroyed. Destruction includes elimination of the possibility to recreate the file from any non-application source. Paper files of business services to CDCR clients and data in protected systems can only be maintained for contract required durations.

The California Department of Corrections and Rehabilitation (CDCR) established a network of rehabilitation providers and a data system to track services you receive. To help provide the best service possible, including continuity of care from an in-prison to community transition, your information will be brought into the case management system to track provider services you receive. Only those parties serving your needs will have access to your data. The data will remain available to providers in the CDCR contracted network for the duration of your time in-prison, on parole, and up to a year following parole to track progress in ways that are intended to improve services and your ability to successfully reintegrate with society. For you to help providers serve your needs while you participate in the program, CDCR needs the following statement of your consent signed:

I, _____, hereby agree to have my records as defined above shared with providers in the CDCR contracted network for the purposes of providing care and treatment to assist in my areas of need.
