6. Insurance.

6.1 Evidence of Coverage:

Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition the CONTRACTOR upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the Agency’s Contact, unless otherwise directed. The CONTRACTOR shall not receive a “Notice to Proceed” with the work under this Agreement until it has obtained all insurance required and such, insurance has been approved by the Agency. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

Prior to the execution of this Agreement by the Agency, CONTRACTOR shall file certificates of insurance with the Agency's contract administrator, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Agency, annual certificates to Agency's Contract Administrator. If the certificate is not received by the expiration date, Agency shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles Agency, at its sole discretion, to terminate this Agreement immediately.

7. Maintenance of Records. CONTRACTOR shall prepare, maintain and preserve all reports and records that may be required by federal, State, and local rules and regulations relating to services performed under this Agreement. CONTRACTOR shall retain all such records for at least five years from the date of final payment, or until any litigation relating to this Agreement is concluded, whichever is later.
8. Right to Audit at Any Time. Agency officials shall have the right, at any time during regular working hours and on reasonable advance notice, to examine, monitor and audit all work performed and all records, documents, conditions, activities and procedures of CONTRACTOR or its subcontractors relating to this Agreement. 9. Confidentiality; Return of Records. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with all federal, State and local laws providing for the confidentiality of records and other information. To the extent permitted by applicable law and regulations, CONTRACTOR shall maintain confidentiality with respect to Agency's well database and other water use data.

CONTRACTOR shall not disclose any confidential information received from Agency or prepared in connection with the performance of this Agreement without the express permission of Agency. CONTRACTOR shall promptly transmit to Agency all requests for disclosure of any such confidential information. CONTRACTOR shall not use any confidential information gained through the performance of this Agreement except for the

purpose of carrying out CONTRACTOR's obligations hereunder. When this Agreement expires or terminates, CONTRACTOR shall return to Agency all records, which CONTRACTOR utilized or received, from Agency to perform services under this Agreement.

10. Termination. Either party may terminate this Agreement by giving written notice of termination to the other party at least thirty (30) days prior to the effective date of termination, which date shall be specified in any such notice. In the event of such termination, the amount payable hereunder shall be reduced in proportion to the services provided prior to the effective date of termination. Agency may terminate this Agreement at any time for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes, without limitation, the failure of CONTRACTOR to perform the required services at the time and in the manner provided herein. If Agency terminates this Agreement for good cause, Agency may be relieved of the payment of any consideration to CONTRACTOR, and Agency may proceed with the work in any manner, which it deems proper. Costs incurred by Agency thereby shall be deducted from any sum due CONTRACTOR.
11. Amendments and Modifications. No modification or amendment of this agreement shall be valid unless it is set forth in writing and executed by the parties.
12. Non-Discrimination. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR shall comply fully with all federal, State and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to any target population designated herein shall not be deemed prohibited discrimination.

CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including without limitation federal and State income taxes and social security arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold harmless Agency from any and all liability, which Agency may incur because of CONTRACTOR's failure to make such payments.

The Agency shall at all times retain responsibility for public contracting, including with respect to any subsequent phase stemming from this Agreement. CONTRACTOR's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONTRACTOR shall cooperate with the Agency to ensure that all bidders for a subsequent contract on any subsequent phase of this project, if applicable, have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONTRACTOR pursuant to this Agreement.

EXHIBIT A Scope of Work

Monterey County Water Resources Agency

Project: CSIP Supplemental Well 10H01 Repair Project

Description of Project:

During an inspection on CSIP Well 10H01, multiple holes were discovered in the casing at approximately 245ft BSE, and flow was seen entering through the holes. This section of the well is contained within the well seal, so no exposure to the P-180 aquifer should occur at this location. A fluid resistivity log was conducted that confirmed poor water quality water was entering the well at this location, causing contamination into the P-400 where this well is perforated. A cement bond log also confirmed discontinuous sections of cement seal, allowing seawater intruded P-180 water to vertically migrate within the well. This project will use a Swage Patch to provide a temporary fix to get the well back in service while a replacement well is planned. The contractor will furnish all equipment needed to conduct the work and repair as proscribed.

Scope of Work Details:

- Conduct a brushing of the upper section of the casing where the patch will be installed (0-280ft BSE)
 - Nylon brush was used before, but scale was still present, use a slightly more aggressive steel brush
 - Video well to verify placement of patch/ patches
- Install Swage Patch at location identified in video to cover multiple holes from 244-246ft BSE
 - Based on video but plan for 20ft centered patch
- Video to review and verify patch placement
- Conduct test pumping of well
 - Furnish and install test pump and variable speed motor with variable flow (1000-2500 gpm)
 - Water Quality monitoring will take place during test pumping
 - Steps and interval will likely be initial WQ test with readings every hour
 - WQ tests will be performed at Agency supplied lab
 - Continue with sample frequency until WQ stabilizes or 16 hours elapse
 - Perform for at least two-8 hour days
 - Discharge piping will need to be connected to Agency supplied piping away from site
- Site shall remain contained of all equipment, materials and fluids and shall be returned to original condition if modifications or spills, etc. occur.
- Mitigation efforts for erosion control are mandatory, discharge will occur in a nearby ditch using a low threat discharge waiver.
- Agency will apply for Well Modification Permit
- **Second Site:** 01P01- Furnish and Install test pump of same specifications
- Test pump for 4 hours
 - WQ sample taken at start of pumping and at the end of the 4 hours
 - Agency will take to lab for analysis
