WHEREAS, ESO is in the business of providing software services (the "**Services**") to businesses and municipalities; and

WHEREAS, Customer desires to obtain these Services from ESO, all upon the terms and conditions set forth herein;

NOW, THEREFORE, for and in consideration of the agreement made, and the payments to be made by Customer, the Parties mutually agree to the following:

1. **Services.** ESO agrees to provide Customer the Services selected by Customer on Exhibit A attached hereto and incorporated by reference herein. Customer agrees that Services purchased hereunder are neither contingent on the delivery of any future functionality or future features, nor dependent on any oral or written public comments made by ESO regarding future functionality or future features.
2. **Subscription Fees, Invoices and Payment Terms.**
 - a. **Payment of Invoices.** Customer shall pay the full amount of invoices within thirty (30) days of receipt (the "**Due Date**"). Customer is responsible for providing complete and accurate billing and contact information to ESO and to notify ESO of any changes to such information.
 - b. **Disputed Invoices.** If Customer in good faith disputes a portion of an invoice, Customer shall remit to ESO, by the Due Date, full payment of the undisputed portion of the invoice. In addition, Customer must submit written documentation: (i) identifying the disputed amount, (ii) an explanation as to why the Customer believes this amount is incorrect, (iii) what the correct amount should be, and (iv) written evidence supporting Customer's claim.
3. **Termination.**
 - a. **Termination by Customer for ESO Default.** If ESO fails to perform a material obligation under this Agreement and does not remedy such failure within thirty (30) days following written notice from Customer ("**ESO Default**"), Customer may terminate this Agreement without incurring further liability, except for the payment of all accrued but unpaid Subscription Fees. If ESO is unable to provide Service(s) for ninety (90) consecutive days due to a Force Majeure event as defined in Section 16a, *Force Majeure*, Customer may terminate the affected Service(s) without liability to ESO.
 - b. **Termination by ESO for Customer Default.** ESO may terminate this Agreement with no further liability if (i) Customer fails to pay for Services as required by this Agreement and such failure remains uncorrected for five (5) days following written notice from ESO, or (ii) Customer fails to perform any other material obligation under this Agreement and does not remedy such failure within thirty (30) days following written notice from ESO (collectively referred to as "**Customer Default**"). In the event of a Customer Default, ESO shall have the right to (i) terminate this Agreement; (ii) suspend all Services being provided to Customer; (iii) terminate the right to use the Software on the web and/or mobile devices; (iv) apply interest to the amount past due, at the rate of one and one-half percent (1½%) (or the maximum legal rate, if less) of the unpaid amount per month; (v) offset any amounts that are owed to Customer by ESO against the past due amount then owed to ESO; and/or (vi) take any action in connection with any other right or remedy ESO may have under this Agreement, at law or in equity. If ESO terminates this Agreement due to a Customer Default, Customer shall remain liable for all accrued Subscription Fees and other charges.

Customer shall reimburse ESO for the cost of the media on which Customer's data is delivered to Customer.

5. **System Maintenance.** In the event ESO determines that it is necessary to interrupt the Services or that there is a potential for Services to be interrupted for the performance of system maintenance, ESO will use good-faith efforts to notify Customer prior to the performance of such maintenance and will schedule such maintenance during non-peak hours (midnight to 6 a.m. Central Standard Time). In no event shall interruption of Services for system maintenance constitute a failure of performance by ESO.
6. **Access to Internet.** Customer has sole responsibility for obtaining, maintaining, and securing its connections to the Internet, and ESO makes no representations to Customer regarding the reliability, performance or security of any particular network or provider.
7. **Mobile Software.** If Customer elects to use ESO's Mobile Software (the "***Software***"), the provisions of this Section shall apply.

Customer agrees to keep the Software free and clear of all claims, liens, and encumbrances.

 - d. **Title.** ESO hereby represents and warrants to Customer that ESO is the owner of the Software or otherwise has the right to grant to Customer the rights set forth in this Agreement. 8. **Support and Updates.** During the Term of this Agreement, ESO shall provide Customer the support services and will meet the service levels as set forth in Exhibit B attached hereto and incorporated herein. ESO will also provide Updates to Customer, in accordance with Exhibit B.
9. **Other Services.** Upon request by Customer, ESO may provide services related to the Software other than the standard support described above at ESO's then-current labor rates. - f. **Severability.** If any provision of this Agreement is held by a court of competent jurisdiction to be contrary to law, the provision shall be modified by the court and interpreted so as best to accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of this Agreement shall remain in effect.
- g. **Taxes and Fees.** This Agreement is exclusive of all taxes and fees. Unless otherwise required by law, Customer is responsible for and will remit (or will reimburse ESO for) all taxes of any kind, including sales, use, duty, customs, withholding, property, value-added, and other similar federal, state or local taxes (other than taxes based on ESO’s income) assessed in connection with the Services and/or Software provided to Customer under this Agreement.

- h. Independent Contractor. Nothing in this Agreement shall be construed to create: (i) a partnership, joint venture or other joint business relationship between the Parties or any of their affiliates; or (ii) a relationship of employer and employee between the Parties. EXHIBIT E

HOSPITAL DATA EXCHANGE SUPPORT SERVICE LEVELS

This Exhibit describes the software support services (“*Support Services*”) that ESO will provide and the service levels that ESO will meet.

1. Definitions.

Unless defined otherwise herein, capitalized terms used in this Exhibit shall have the same meaning as set forth in the Agreement.

- (a) “*Customer Service Representative*” shall be the person at ESO designated by ESO to receive notices of Errors encountered by Participant that Participant’s Administrator has been unable to resolve.
- (b) “*Error*” means any failure of the Software to conform in any material respect with its published specifications.
- (c) “*Error Correction*” means a bug fix, patch, or other modification or addition that brings the Software into material conformity with its published performance specifications.
- (d) “*Priority A Error*” means an Error that renders the Software inoperative or causes a complete failure of the Software.
- (e) “*Priority B Error*” means an Error that substantially degrades the performance of the Software or materially restricts Participant’s use of the Software.
- (f) “*Priority C Error*” means an Error that causes only a minor impact on Participant’s use of the Software.
- (g) “*Update*” means any new commercially available or deployable version of the Software, which may include Error Corrections, enhancements or other modifications, issued by ESO from time to time to its Participants.
- (h) “*Normal Business Hours*” means 8:00 am to 5:00 pm Monday through Friday, Central Time Zone.

2. Participant Obligations.

Participant will provide at least one administrative employee (the “*Administrator*” or “*Administrators*”) who will handle all requests for first-level support from Participant’s employees with respect to the Software. Such support is intended to be the “front line” for support and information about the Software to Participant’s employees. ESO will provide training, documentation, and materials to the Administrators to enable the Administrators to provide technical support to Participant’s employees. The Administrators will refer any Errors to ESO’s Participant Service Representative that the Administrators cannot resolve, pursuant to Section 3 below; and the Administrators will assist ESO in gathering information to enable ESO to identify problems with respect to reported Errors.

3. Support Services.

- (a) Scope. As further described herein, the Support Services consist of: (i) Error Corrections that the Administrator is unable to resolve, and (ii) periodic delivery of Error Corrections and Updates. The Support Services will be available to Participant during normal business hours, to the extent practicable. Priority A Errors encountered outside normal business hours may be communicated to the Participant Service Representative via telephone or email. Priority B and C Errors encountered outside normal business hours shall be communicated via email.
- (b) Procedure.
 - (i) *Report of Error.* In reporting any Error, the Participant’s Administrator will describe to ESO’s Participant Service Representative the Error in reasonable detail and the circumstances under

which the Error occurred or is occurring; the Administrator will initially classify the Error as a Priority A, B or C Error. ESO reserves the right to reclassify the Priority of the Error.

(ii) *Efforts Required.* ESO shall exercise commercially reasonable efforts to correct any Error reported by the Administrator in accordance with the priority level assigned to such Error by the Administrator. Errors shall be communicated to ESO’s Participant Service Representative after hours as indicated below, depending on the priority level of the Error. In the event of an Error, ESO will within the time periods set forth below, depending upon the priority level of the Error, commence verification of the Error; and, upon verification, will commence Error Correction. ESO will work diligently to verify the Error and, once an Error has been verified, and until an Error Correction has been provided to the Administrator, shall use commercially reasonable, diligent efforts to provide a workaround for the Error as soon as reasonably practicable. ESO will provide the Administrator with periodic reports on the status of the Error Correction on the frequency as indicated below.

<u>Priority of Error</u>	<u>Communicating Error to ESO outside Normal Business Hours</u>	<u>Time in Which ESO Will Commence Verification</u>	<u>Frequency of Periodic Status Reports</u>
Priority A	Telephone or email	Within 30 minutes of notification	Every 1 hour until resolved
Priority B	Telephone or email	Within 2 hours of notification	Every 4 hours until resolved
Priority C	Telephone or email	Within 2 calendar days	Every day until resolved

4. ESO Server Administration.

- (a) ESO is responsible for maintenance of Server hardware. Server administration includes:
 - (i) Monitoring and Response
 - (ii) Service Availability Monitoring
 - (iii) Backups
 - (iv) Maintenance
 - A. Microsoft Patch Management
 - B. Security patches to supported applications and related components
 - C. Event Log Monitoring
 - D. Log File Maintenance
 - E. Drive Space Monitoring
 - (v) Security
 - (vi) Virus Definition & Prevention
 - (vii) Firewall

EXHIBIT F

GENERAL SECURITY AND COMPLIANCE STANDARDS

ESO uses the Software-as-a-Service (SaaS) model of software delivery. Our Microsoft Azure data hosting facilities are SAS 70, Type II, PCI compliant and meet a number of rigorous requirements that help ensure the security of customer data at all times:

- High Availability Standards – Each data center location offers 24 x 7 x 365 onsite staffing, plus a robust backbone network, redundant power and environmental controls, and other backup equipment designed to keep servers continuously up-and-running.
- ESO's data centers are equipped with video surveillance systems and intercoms and require dual-token authentication for access.
- ESO schedules off-site, automatic client data backups nightly, up to the last committed transaction.
- Disaster Recovery – ESO's disaster recovery measures include built-in redundancy for each component of the hardware infrastructure, including multiple database servers with a Raid-5 configuration.

ESO employs encryption technology to protect client data and communications, including 256-bit SSL Certification and 1024-bit RSA public keys. All HIPAA-sensitive hospital-to-participant outcome data stored on the field device of an ESO EHR user is encrypted. Any data transmitted over HTTPS protocol to the central database is encrypted. In addition, ESO employs strict operating system security, two-factor authentication and database security measures at its data hosting facilities:

- All HIPAA-sensitive data stored on the field device is encrypted.
- Any data transmitted over HTTPS protocol to the central database is encrypted.

Additional safeguards ensure that information is not inadvertently shared with unauthorized individuals on an end user level:

- Email addresses and/or fax numbers are assigned to specific incident locations. If a user wishes to email or fax a record, that record can be sent only to the address or fax number associated with that facility.
- Interoperability directly with receiving facilities via secure VPN and HL7 messaging for delivery of the EMS record directly into the hospital EHR at participating facilities.
- Hospital administrators who are assigned login access using ESO Health Data Exchange will be able to access only the records for patients transferred to their particular hospital.

Health Data Exchange

Health Data Exchange has native support for HL7 integration in any variation of the Version 2 standard. These integrations are typically supported through a network to network secure VPN tunnel as the MLLP protocol doesn't have adequate built in encryption. A directed network connection from Health Data Exchange will make the interface appear as if it was within the communicating facility like an external lab system or registration system. These HL7 streams can be configured to support multiple message types including ADT (Admission/Discharge/Transfer), ORU (Observation/LAB Results), and BAR (Billing/Accounts/Receivable), which are traditionally triggered by event-driven methods within an EHR system and copied to the HDE outbound channel. These messages are then consolidated from stream and allocated to a specific patient entity as a cumulative record of a given visit and accessible as an encounter record from within a patient's continuity of care.

ESO will provide a HIPAA-compliant message system to send, receive and store clinical data. Additional safeguards ensure that information is not inadvertently shared with unauthorized individuals on an end user level:

- Hospital administrators who are assigned login access using Patient Tracker will be able to access only the records for patients transferred to their particular hospital.
- A robust application security model prevents one ESO Solutions client from accessing another's data — this is reapplied with every request and enforced for the entire duration of a user session.

We anticipate that each facility will have their own security and compliance screening process. We will provide the details necessary to satisfy their individual requirements.

Data Redundancy & Recovery

ESO implements a triple-fault redundant configuration with regard to hardware failure within its production environment. Issues related to hardware failure will not trigger a data recovery process. Availability is maintained through redundant systems and data synchronization. In the event of end-user data loss, the first step is to determine the extent to which data needs to be recovered. The table below provides the possible scenarios and the responses that the ESO team will take to restore consistent data.

Data Single Point Recovery	T-Log replay from point in time
Data Point in Time Recovery	Restore from previous full backup and replay required T-Logs
Data Full Recovery	Restore from previous full backup and replay all T-Logs

Backup Data Availability

ESO maintains the prior days full SQL backup near line and available. 1-24 hours of SQL Transaction Log backups in 15 minute increments are also near line and available. For data outside of the prior full SQL backup, restoration from tape is required. Full SQL backups in the previous 7 days are maintained on site and are available to be restored to an alternate file location for use in restoration of data. Any need for data outside the previous 7 days will require tapes to be returned from offsite storage where applicable. Offsite tapes require 4-24 hours to be brought onsite at which point the tape restoration process proceeds as normal.

Data Restoration Prioritization

ESO will prioritize SQL data restoration such that security related data proceeds customer facing data. Restoration will then follow with the real-time application data being restored ahead of reporting data and finally administrative data being restored last.

EXHIBIT J BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement (“*Agreement*”) dated this 31st day of March, 2017 (“*Effective Date*”), is entered into by and between ESO Solutions, Inc. (“*Vendor*”), a Texas corporation, and the County of Monterey, a political subdivision of the State of California (“*Covered Entity*”), for the purpose of setting forth Business Associate Agreement terms between Covered Entity and Vendor. Covered Entity and Vendor each are referred to as a “*Party*” and collectively as the “*Parties*.” This Agreement shall commence on the Effective Date set forth above.

WHEREAS, Covered Entity, owns, operates, manages, performs services for, otherwise are affiliated with or are themselves a Covered Entity as defined in the federal regulations at 45 C.F.R. Parts 160 and 164 (the “*Privacy Standards*”) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 (“*HIPAA*”) and the Health Information Technology for Economic and Clinical Health Act of 2009 (“*HITECH*”);

WHEREAS, pursuant to HIPAA and HITECH, the U.S. Department of Health & Human Services (“*HHS*”) promulgated the Privacy Standards and the security standards at 45 C.F.R. Parts 160 and 164 (the “*Security Standards*”) requiring certain individuals and entities subject to the Privacy Standards and/or the Security Standards to protect the privacy and security of certain individually identifiable health information (“*Protected Health Information*” or “*PHI*”), including electronic protected health information (“*EPHI*”);

WHEREAS, the Parties wish to comply with Privacy Standards and Security Standards as amended by the HHS regulations promulgated on January 25, 2013, entitled the “Modifications to the HIPAA Privacy, Security, Enforcement, and Breach Notification Rules Under the Health Information Technology for Economic and Clinical Health Act and the Genetic Information Nondiscrimination Act,” as such may be revised or amended by HHS from time to time;

WHEREAS the Parties are also committed to complying with the California Confidentiality of Medical Information Act, Ca. Civil Code §§ 56 et seq. (“*CMIA*”), where applicable. Business Associate acknowledges that the CMIA prohibits Business Associate from further disclosing the PHI it receives from Covered Entity where such disclosure would be violative of the CMIA;

WHEREAS, in connection with Vendor’s performance under its agreement(s) or other documented arrangements between Vendor and Covered Entity, whether in effect as of the Effective Date or which become effective at any time during the term of this Agreement (collectively “*Business Arrangements*”). Vendor may provide services for, or on behalf of, Covered Entity that require Vendor to use, disclose, receive, access, create, maintain and/or transmit health information that is protected by state and/or federal law; and

WHEREAS, Vendor and Covered Entity desire that Vendor obtain access to PHI and EPHI in accordance with the terms specified herein;

NOW, THEREFORE, in consideration of the mutual promises set forth in this Agreement and the Business Arrangements, and other good and valuable consideration, the sufficiency and receipt of which are hereby severally acknowledged, the Parties agree as follows:

1. Vendor Obligations.

In accordance with this Agreement and the Business Arrangements, Vendor may use, disclose, access, create, maintain, transmit, and/or receive on behalf of Covered Entity health information that is protected under applicable state and/or federal law, including without limitation, PHI and EPHI. All capitalized terms not otherwise defined in this Agreement shall have the meanings set forth in the regulations promulgated by HHS in accordance with HIPAA and HITECH, including the Privacy Standards and Security Standards (collectively referred to hereinafter as the “*Confidentiality Requirements*”). All reference to PHI herein shall be construed to include EPHI. PHI shall mean only that PHI Vendor uses, discloses, accesses, creates, maintains, transmits and/or receives for or on behalf of Covered Entity pursuant to the Business Arrangements. The Parties hereby acknowledge that the definition of PHI includes “*Genetic Information*” as set forth at 45 C.F.R. §160.103. To the extent Vendor is to carry out an obligation of Covered Entity under the Confidentiality Requirements, Vendor shall comply with the provision(s) of the Confidentiality Requirements that would apply to Covered Entity (as applicable) in the performance of such obligations(s).

2. Use of PHI.

Except as otherwise required by law, Vendor shall use PHI in compliance with this Agreement and 45 C.F.R. §164.504(e). Vendor agrees not to use PHI in a manner that would violate the Confidentiality Requirements if the PHI were used by Covered Entity in the same manner. Furthermore, Vendor shall use PHI for the purpose of performing services for, or on behalf of, Covered Entity as such services are defined in the Business Arrangements. In addition, Vendor may use PHI (i) as necessary for the proper management and administration of Vendor or to carry out its legal responsibilities; provided that such uses are permitted under federal and applicable state law, and (ii) to provide data aggregation services relating to the health care operations of the Covered Entity as defined by 45 C.F.R. § 164.501. Moreover, Vendor will not identify Covered Entity without consent. Covered Entity authorizes Vendor to de-identify PHI it receives from Covered Entity. All de-identification of PHI must be performed in accordance with the Confidentiality Requirements, specifically 45 C.F.R. §164.514(b).

3. **Disclosure of PHI.**

3.1 Subject to any limitations in this Agreement, Vendor may disclose PHI to any third party as necessary to perform its obligations under the Business Arrangements and as permitted or required by applicable law. Vendor agrees not to disclose PHI in a manner that would violate the Confidentiality Requirements if the PHI was disclosed by the Covered Entity in the same manner. Further, Vendor may disclose PHI for the proper management and administration of Vendor; provided that: (i) such disclosures are required by law; or (ii) Vendor: (a) obtains reasonable assurances from any third party to whom the PHI is disclosed that the PHI will be held confidential and used and disclosed only as required by law or for the purpose for which it was disclosed to third party, and (b) requires the third party to agree to immediately notify Vendor of any instances of which it is aware that PHI is being used or disclosed for a purpose that is not otherwise provided for in this Agreement or for a purpose not expressly permitted by the Confidentiality Requirements. Vendor shall report to Covered Entity any use or disclosure of PHI not permitted by this Agreement of which it becomes aware. Such report shall be made within five (5) business days of Vendor becoming aware of such use or disclosure.

3.2 If Vendor uses or contracts with any agent, including a subcontractor (collectively “*Subcontractors*”) that uses, discloses, accesses, creates, receives, maintains or transmits PHI on behalf of Vendor, Vendor shall require all Subcontractors to agree in writing to the same restrictions and conditions that apply to Vendor under this Agreement. In addition to Vendor’s obligations under Section 9, Vendor agrees to mitigate, to the extent practical and unless otherwise requested by the Covered Entity, any harmful effect that is known to Vendor and is the result of a use or disclosure of PHI by Vendor or any Subcontractor in violation of this Agreement. Additionally, Vendor shall ensure that all disclosures of PHI by Vendor and its Subcontractors comply with the principle of “**minimum necessary use and disclosure**,” (i.e., in accordance with 45 C.F.R. §164.502(b), only the minimum PHI that is necessary to accomplish the intended purpose may be disclosed).

4. **Individual Rights Regarding Designated Record Sets.**

If Vendor maintains a Designated Record Set on behalf of Covered Entity, Vendor shall: (i) provide access to and permit inspection and copying of PHI by Covered Entity under conditions and limitations required under 45 C.F.R. §164.524, as it may be amended from time to time; and (ii) amend PHI maintained by Vendor as required by Covered Entity. Vendor shall respond to any request from Covered Entity for access by an individual within ten (10) business days of such request and shall make any amendment requested by Covered Entity within twenty (20) business days of such request. Any information requested under this **Section 4** shall be provided in a form or format requested, if it is readily producible in such form or format. Vendor may charge a reasonable fee based upon Vendor’s labor costs in responding to a request for electronic information (or a cost-based fee for the production of non-electronic media copies). Vendor shall notify Covered Entity within ten (10) business days of receipt of any request for access or amendment by an individual.

5. **Accounting of Disclosures.**

Vendor shall make available to Covered Entity within ten (10) business days of a request by Covered Entity the information required for an accounting of disclosures of PHI in accordance with 45 C.F.R. §164.528 (or such shorter time as may be required by state or federal law). Such accounting must be provided without cost if it is the first accounting requested within any twelve (12) month period. For subsequent accountings within the same twelve (12) month period, Vendor may charge a reasonable fee based upon Vendor’s labor costs in responding to a request for electronic information (or a cost-based fee for the production of non-electronic media copies) only after Vendor informs Covered Entity and Covered Entity informs the individual in advance of the fee, and the individual is afforded an opportunity to withdraw or modify the request. Such accounting obligations shall survive termination or expiration of this Agreement and with respect to any disclosure, whether on or before the termination of this Agreement, shall continue for a minimum of seven (7) years following the date of such disclosure.

6. **Withdrawal of Authorization.**

If the use or disclosure of PHI under this Agreement is based upon an individual’s specific authorization regarding the use of his or her PHI, and: (i) the individual revokes such authorization in writing; (ii) the effective date of such authorization has expired; or (iii) the authorization is found to be defective in any manner that renders it invalid for whatever reason, then Vendor agrees, if it has received notice from Covered Entity of such revocation or invalidity, to cease the use and disclosure of any such individual’s PHI except to the extent Vendor has relied on such use or disclosure, or where an exception under the Confidentiality Requirements expressly applies.

7. **Records and Audit.**

Vendor shall make available to HHS or its agents its internal practices, books, and records relating to the compliance of Vendor and Covered Entity with the Confidentiality Requirements, such internal practices, books and records to be provided in the time and manner designated by HHS or its agents.

8. **Implementation of Security Standards; Notice of Security Incidents.**

Vendor will comply with the Security Standards and, by way of example and not limitation, use appropriate safeguards to prevent the use or disclosure of PHI other than as expressly permitted under this Agreement. In accordance with the Security Standards, Vendor will implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the PHI that it uses, discloses, accesses, creates, receives, maintains or transmits. To the extent feasible, Vendor will use commercially reasonable efforts to ensure that the technology safeguards used by Vendor to secure PHI will render such PHI unusable, unreadable and indecipherable to individuals unauthorized to acquire or otherwise have access to such PHI. Vendor will promptly report to Covered Entity any Security Incident of which it becomes aware; provided, however, that Covered Entity acknowledges and shall be deemed to have received notice from Vendor that there are routine occurrences of: (i) unsuccessful attempts to penetrate computer networks or services maintained by Vendor; and (ii) immaterial incidents such as "pinging" or "denial of services" attacks. At the request of Covered Entity, Vendor shall identify: the date of the Security Incident, the scope of the Security Incident, Vendor's response to the Security Incident, and to the extent permitted by law, the identification of the party responsible for causing the Security Incident, if known.

9. **Data Breach Notification and Mitigation.**

9.1 **HIPAA Data Breach Notification and Mitigation.** Vendor agrees to implement reasonable systems for the discovery and prompt reporting of any "breach" of "unsecured PHI" as those terms are defined by 45 C.F.R. §164.402 ("**HIPAA Breach**"). The Parties acknowledge and agree that 45 C.F.R. §§164.404 and 164.410, as describe below in this **Section 9.1**, govern the determination of the date of a HIPAA Breach. In the event of any conflict between this **Section 9.1** and the Confidentiality Requirements, the more stringent requirements shall govern. Following the discovery of a HIPAA Breach, Vendor will notify Covered Entity immediately and in no event later than five (5) business days after Vendor discovers such HIPAA Breach unless Vendor is prevented from doing so by 45 C.F.R. §164.412 concerning law enforcement investigations. For purposes of reporting a HIPAA Breach to Covered Entity, the discovery of a HIPAA Breach shall occur as of the first day on which such HIPAA Breach is known to Vendor or, by exercising reasonable diligence, would have been known to Vendor. Vendor will be considered to have had knowledge of a HIPAA Breach if the HIPAA Breach is known, or by exercising reasonable diligence would have been known, to any person (other than the person committing the HIPAA Breach) who is an employee, officer or other agent of Vendor. No later than ten (10) business days following a HIPAA Breach, Vendor shall provide Covered Entity with sufficient information to permit Covered Entity to comply with the HIPAA Breach notification requirements set forth at 45 C.F.R. §164.400 *et. seq.* This **Section 9.1** shall survive the expiration or termination of this Agreement and shall remain in effect for so long as Vendor maintains PHI.

9.2 **Data Breach Notification and Mitigation Under Other Laws.** In addition to the requirements of **Section 9.1**, Vendor agrees to implement reasonable systems for the discovery and prompt reporting of any breach of individually identifiable information (including, but not limited to, PHI and referred to hereinafter as "**Individually Identifiable Information**") that, if misused, disclosed, lost or stolen would trigger an obligation under one or more State data breach notification laws (each a "**State Breach**") to notify the individuals who are the subject of the information. Vendor agrees that in the event any Individually Identifiable Information is lost, stolen, used or disclosed in violation of one or more State data breach notification laws, Vendor shall promptly: (i) notify Covered Entity within five (5) business days of such misuse, disclosure, loss or theft; and (ii) cooperate and assist Covered Entity with any investigation into any State Breach or alleged State Breach. This **Section 9.2** shall survive the expiration or termination of this Agreement and shall remain in effect for so long as Vendor maintains PHI or Individually Identifiable Information.

10. **Obligations of Covered Entity.**

10.1 **Notification Requirement.** Covered Entity shall notify Vendor of:

- a. Any limitation(s) in Covered Entity's notice of privacy practices in accordance with 45 CFR 164.520 to the extent that such changes may affect Vendor's use or disclosure of PHI;
- b. Any changes in, or revocation of, permission by Individual to use or disclose PHI, to the extent that such changes may affect Vendor's use or disclosure of PHI; and
- c. Any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Vendor's use or disclosure of PHI.

10.2 **Permissible Requests.** Covered Entity agrees that it will not request Vendor to use or disclose PHI in any manner that would not be permissible under the Confidentiality Requirements if done by Covered Entity.

11. **Terms and Termination.**

11.1 **Termination.** This Agreement shall remain in effect until terminated in accordance with the terms of this **Section 11**; provided, however, that termination shall not affect the respective obligations or rights of the Parties arising under this Agreement prior to the effective date of termination, all of which shall continue in accordance with their terms.

11.2 **Termination with Cause.** Either Party may immediately terminate this Agreement if either of the following events have occurred and are continuing to occur:

RFP #10588

Agreement between County of Monterey and
ESO Solutions, Inc.

- a. Vendor or Covered Entity fails to observe or perform any material covenant or obligation contained in this Agreement for ten (10) business days after written notice of such failure has been given; or
- b. Vendor or Covered Entity violates any provision of the Confidentiality Requirement or applicable federal or state privacy law relating to its obligations under this Agreement.

11.3 May Terminate Business Arrangements in Event of for Cause Termination. Termination of this Agreement for either of the two reasons set forth in **Section 11.2** above shall be cause for immediate termination of any Business Arrangement pursuant to which Vendor uses, discloses, accesses, receives, creates, or transmits PHI for or on behalf of Covered Entity.

11.4 Termination Upon Conclusion of Business Arrangements. Upon the expiration or termination of all Business Arrangements, either Covered Entity or Vendor may terminate this Agreement by providing written notice to the other Party.

11.5 Return of PHI Upon Termination. Upon termination of this Agreement for any reason, Vendor agrees either to return all PHI or to destroy all PHI received from Covered Entity that is in the possession or control of Vendor or its Subcontractors. In the case of PHI for which it is not feasible to return or destroy, Vendor shall extend the protection of this Agreement to such PHI and limit further uses and disclosure of such PHI. Vendor shall comply with other applicable state or federal law, which may require a specific period of retention, redaction, or other treatment of such PHI. This **Section 11.5** shall survive the expiration or termination of this Agreement and shall remain in effect for so long as Vendor maintains PHI.

12. No Warranty.

PHI IS PROVIDED SOLELY ON AN "AS IS" BASIS. THE PARTIES DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

13. Ineligible Persons.

Vendor represents and warrants to Covered Entity that its directors, officers, and key employees: (i) are not currently excluded, debarred, or otherwise ineligible to participate in the federal health care programs as defined in 42 U.S.C. § 1320a-7b(f) of any state healthcare program (collectively, the "*Healthcare Programs*"); (ii) have not been convicted of a criminal offense related to the provision of healthcare items or services but have not yet been excluded, debarred, or otherwise declared ineligible to participate in the Healthcare Programs; and (iii) are not under investigation or otherwise aware of any circumstances which may result in Vendor being excluded from participation in the Healthcare Programs (collectively, the "*Warranty of Non-exclusion*"). Vendor representations and warranties underlying the Warranty of Non-exclusion shall be ongoing during the term, and Vendor shall immediately notify Covered Entity of any change in the status of the representations and warranties set forth in this **Section 13**. Any breach of this **Section 13** shall give Covered Entity the right to terminate this Agreement immediately.

14. Waiver.

No provision of this Agreement or any breach thereof shall be deemed waived unless such waiver is in writing and signed by the Party claimed to have waived such provision or breach.

15. Assignment.

Neither Party may assign (whether by operation of law or otherwise) any of its rights any of its obligations under this Agreement without the prior written consent of the other Party. Notwithstanding the foregoing, a Party shall have the right to assign its rights and obligations hereunder to any entity that is an affiliate or successor entity, whether by merger, acquisition, change in control, or other transaction involving the sale of all or substantially all of that Party's assets, without prior approval of the other Party.

16. Severability.

Any provision of this Agreement that is determined to be invalid or unenforceable will be ineffective to the extent of such determination without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such remaining provisions.

17. Equitable Relief.

The Parties understand and acknowledge that any disclosure or misappropriation of any PHI in violation of this Agreement will cause irreparable harm, the amount of which may be difficult to ascertain, and therefore agree that either Party shall have the right to apply to a court of competent jurisdiction for specific performance and/or an order restraining and enjoining any such further disclosure or breach and for such other relief deemed appropriate. Such right shall be in addition to the remedies otherwise available at law or in equity.

18. **Nature of Agreement; Independent Contractor.**

Nothing in this Agreement shall be construed to create: (i) a partnership, joint venture or other joint business relationship between the Parties or any of their affiliates; or (ii) a relationship of employer and employee between the Parties. Vendor is an independent contractor and not an agent of Covered Entity. This Agreement does not express or imply any commitment to purchase or sell goods or services.

19. **Counterparts; Execution.**

This Agreement and any amendments hereto may be executed by the Parties individually or in any combination, in one or more counterparts, each of which shall be an original and all of which shall together constitute one and the same agreement. Execution and delivery of this Agreement and any amendments by the Parties shall be legally valid and effective through: (i) executing and delivering the paper copy of the document, (ii) transmitting the executed paper copy of the documents by facsimile transmission or electronic mail in "portable document format" (*.pdf) or other electronically scanned format, or (iii) creating, generating, sending, receiving or storing by electronic means this Agreement and any amendments, the execution of which is accomplished through use of an electronic process and executed or adopted by a Party with the intent to execute this Agreement (i.e. "electronic signature" through a process such as DocuSign®). In making proof of this Agreement, it shall not be necessary to produce or account for more than one such counterpart executed by the party against whom enforcement of this Agreement is sought.

20. **Entire Agreement.**

This Agreement constitutes the complete agreement between Vendor and Covered Entity relating to the matters specified in this Agreement and supersedes all prior representations or agreements, whether oral or written with respect to such matters. In the event of any conflict between the terms of this Agreement and the terms of the Business Arrangements or any such later agreement(s), the terms of this Agreement shall control unless the terms of such Business Arrangements are more strict with respect to PHI and comply with the Confidentiality Requirements, or the Parties specifically otherwise agree in writing. No oral modification or waiver of any of the provisions of this Agreement shall be binding on either Party to this Agreement; *provided, however* that upon the enactment of any law, regulation, court decision or relevant government publication and/or interpretive guidance or policy that a Party believes in good faith will adversely impact the use or disclosure of PHI under this Agreement, that Party may amend the Agreement to comply with such law, regulation, court decision or government publication, guidance or policy by delivering a written amendment to the other Party which shall be effective thirty (30) calendar days after receipt. No obligation on either Party to enter into any transaction is to be implied from the execution or delivery of this Agreement. This Agreement is for the benefit of, and shall be binding upon the Parties, their affiliates and respective successors and assigns.

21. **Notice.**

All notices, requests, demands and other communications required or permitted to be given or made under this Agreement shall be in writing, shall be effective upon receipt or attempted delivery, and shall be sent by (i) personal delivery; (ii) certified or registered United States mail, return receipt requested; (iii) overnight delivery service with proof of delivery, or (iv) electronic mail. Notices shall be sent to the addresses below. If no address is listed below, then the Parties agree that sending a notice to the last known address of said Party is a valid form of notice. No Party to this Agreement shall refuse delivery of any notice hereunder.
