SUMMARY/DISCUSSION:

Toyon Associates Inc. provides expert services in areas of reimbursement from state and federal government. Their consulting services includes preparation of state's Medi-Cal cost reports, federal Medicare cost report, special supplemental cost reports (P-14) to the state, state's Short Doyle cost reports and annual state's OSHPD reports. Toyon provides assistance in representing Natividad Medical Center during scheduled audits and appeals for all state and federal cost and supplemental reports. Toyon provides strategic assistance on reimbursement issues related to Disproportionate Share, Realignment, Bad Debts, Waiver funding and programs and other reimbursement related initiatives particular to safety net provider (public) hospitals.

The previous Amended and Consolidated Agreement with Toyon Associates Inc. for these services was initiated in 2009 and expired on June 30, 2015. NMC wishes to enter into a new Agreement, retroactive to July 1, 2015. Toyon Associates Inc. will continue to provide NMC with the services described above including pursuing reimbursable cost available on previously reported year which are available to Monterey County Health System. This is an ongoing

process between provider (NMC), State and Federal Government.

The primary reason that this Agreement was not completed on time was due to numerous months of negotiations between the parties. Between July and February the total amount owed is approximately \$152,771.57.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this Agreement as to legal form and risk provisions, and the Auditor-Controller has reviewed and approved as to payment provisions. The Agreement has also been reviewed and approved by NMC's Finance Committee on 11/24/15 and by its Board of Trustees on 12/4/15.

FINANCING:

The cost for this Agreement is \$1,000,000 of which \$364,068 is included in the Fiscal Year 2015-16 Adopted Budget. The amounts for the remaining years of the Agreement will be included in those budgets as appropriate. There is no impact to the General Fund.

Exhibit A-1- Rural Floor Budget Neutrality Appeals Services

Scope of Services and Payment Provisions

This Exhibit A-1 is the Exhibit A-1 referred to in that certain County of Monterey Agreement for Services (More Than \$100,000) - Amended and Consolidated Professional Services Agreement Dated for reference purposes only on July 1, 2015, by and between Natividad Medical Center ("NMC"), a general acute care teaching hospital wholly owned and operated by the County of Monterey, which is a political subdivision of the State of California, and Toyon Associates Inc., a California corporation (hereinafter "Contractor" or "Toyon") (the "Amended and Consolidated Agreement"). All initially capitalized terms defined in the Amended and Consolidated Agreement shall have the same meanings in this Exhibit A-1.

The Service provided through this Exhibit A-1 is for the purpose of pursuing additional PPS reimbursement through the Medicare appeals process by disputing CMS transition to a State level rural floor budget neutrality factor.

Toyon will pursue additional PPS reimbursement through the Medicare appeals process by disputing CMS transition to a State level rural floor budget neutrality factor. The PPS Program is a budget neutral program, which means any increase or decrease in any funding source has to be offset by applying a budget neutrality factor, since the annual Medicare PPS budget is set each year by Congress and cannot be adjusted.

1. Background:

The regulations require each State to have a rural floor. The rural floor is the wage index established based on the wage indices for all the hospitals in the State. If a hospital's wage index is below the rural floor, it receives the wage index set at the rural floor. This means that California's rural floor will be based on the wage indices of California hospitals that are not subject to the rural floor. Since there are a significant number of hospitals in Southern California that are not subject to the rural floor, the transition to the specific budget neutrality factor in California will have a large negative impact on California hospitals not subject to the rural floor, especially Northern California hospitals.

Toyon is disputing the change from a national budget neutrality factor to individual state neutrality factors through a group appeal. Contractor's obligations with respect to the Exhibit A-1 Scope of Services remains in effect for so long as the foregoing issue stays unresolved, such that the applicable Services shall be deemed "Contractor Surviving Obligations" (as defined below) if not resolved by the Expiration Date. As such, this Exhibit A-1 Scope of Services will not be an on-going cost. Once the litigation concludes and payments are distributed, the work pursuant to this Exhibit A-1 will be completed and this Exhibit A-1 will expire.

2. Scope of Services:

Toyon's service will include this appeal, and include, but are not limited to, the following:

- Prepare and file appeal letters to the Provider Reimbursement Review Board (PRRB) to establish the issue.
- Develop appeal strategy, perform research, and obtain documentation needed to pursue the rural floor budget neutrality issue.
- Prepare and file preliminary and final position papers.
- Review the Intermediary's preliminary and final position papers.
- Attempt to obtain administrative resolutions with the Intermediary in advance of scheduled PRRB hearings.
- Represent Natividad Medical Center at PRRB hearings if administrative resolution cannot be obtained. This includes preparation of testimony, evidence, and hearing strategy.
- If a PRRB Medicare hearing is necessary, we will engage an attorney to assist in handling the case and will prepare all needed hearing documentation.
- Perform all follow up needed with the Medicare Program with respect to appeals and reopening requests.
- Review any revised settlements resulting from appeals or reopening's and any hearing decisions and provide recommendations to Natividad Medical Center.
- Pursue unfavorable PRRB decisions to court if, in Toyon's opinion, there is sufficient likelihood of success and sufficient reimbursement value in relation to the cost of pursuing the case.

3. Cost Reporting Periods Covered By This Agreement:

Toyon will pursue the rural floor budget neutrality issues for cost reporting periods (June 30, 2009 through June 30, 2011) that fall within the timeline for a transition to a State level budget neutrality factor. To the extent the rural floor issues and related appeal is unresolved on the Expiration Date, Toyon's obligations to complete the Exhibit A-1 Scope of Services shall survive the Expiration Date, with no additional compensation to Toyon for such extension, and shall constitute "Contractor Surviving Obligations" within the meaning of the Agreement. Toyon shall notify NMC when the Exhibit A-1 Scope of Services is completed.

4. Compensation:

Payment for the Exhibit A-1 Scope of Services will be calculated at 25% of the additional Medicare reimbursement realized by NMC as a result of Toyon's efforts, not to exceed One Hundred Thousand Dollars (\$100,000), in the aggregate. The additional reimbursement will be a payment to NMC by the Medicare Intermediary or a reduction in Medicare liabilities. Payment is due to Toyon within 30 days from the Monterey County Auditor Controller's Office notification of receipt by NMC of additional reimbursement or notification that additional reimbursement was applied against existing liabilities. No fees or expenses are due to Toyon unless additional reimbursement is realized.

When Contractor performs work relating to this Exhibit A-1 Rural Floor Budget Neutrality Appeal Scope of Services, Contractor will expressly reference "Exhibit A-1 Rural Floor Budget Neutrality Appeal Scope of Service" on their billing invoices.

All initially capitalized terms defined in the Amended and Consolidated Agreement shall have the same meanings in this Exhibit A-2.

Contractor agrees to prepare and defend Medicare/Medicaid Crossover Bad Debt Claims.

1. Background:

The Medicare Program reimburses hospitals for the uncollected portion of Medicare beneficiary deductible and coinsurance amounts related to covered services (excluding the physician component). In order to be reimbursed for these bad debts, various documentation and procedural requirements must be met. Medicare regulations for bad debt recovery are contained at 42 CFR 413.80 and Medicare guidelines are contained at PRM 15-1, Chapter 3.

Contractor's obligations with respect to the Exhibit A-2 Scope of Services shall remain in effect until NMC's Medicare/Medicaid Crossover Bad Debt Listings have been prepared and defended during the Medicare audit for each of the cost reporting periods under the Term of Agreement, such that the applicable Services shall be deemed "Contractor Surviving Obligations" (as defined below) if not resolved by the Expiration Date.

2. Scope of Services:

Contractor will perform the following services to document and obtain reimbursement for uncollected Medicare/Medicaid crossover bad debts for each year covered under this Agreement.

- Obtain Medicare and Medi-Cal payment databases in electronic format.
- Prepare inpatient and outpatient Medicare/Medicaid crossover bad debt lists containing all required data elements.
- Verify on a sample basis that the Medicare deductible and coinsurance amounts in the bad debt list agree with the applicable Medicare remittance advices and insure that neither physician services nor non-covered items are included in the bad debt list.
- Prepare and present inpatient and outpatient Medicare/Medicaid crossover bad debt lists for cost report filing and for Medicare audit purposes.
- Respond to any Intermediary requests for additional documentation or audit samples relating to the bad debt lists.

Contractor will provide the Exhibit A-2 Scope of Services set forth in the Agreement for a fixed professional fee of \$6,000 per cost reporting period.

The fee per each cost reporting period is to be paid as follows (to the extent not already paid pursuant to the Original Professional Services Agreement for this Service): 40% at the time Contractor commences work on the applicable cost report, 60% upon presentation of the Medicare/Medicaid Crossover Bad Debt List. This fixed fee includes all professional time. A cost reporting period for the purposes of this Agreement shall be defined as follows: the period covered within a cost report filed with the Medicare Program.

This pricing assumes Contractor is able to obtain electronic remittance advice data and/or electronic payment files. Occasionally, some Medi-Cal managed care providers cannot provide this information. In such cases Contractor reserves the right to bill additional amounts to cover the cost of manual summarization of the data. NMC will be notified in advance for approval before proceeding if this occurs.

To the extent the Exhibit A-2 Scope of Services for a cost reporting period have not been completed prior to the Expiration Date, Toyon's obligations to complete the Exhibit A-2 Scope of Services shall survive the Expiration Date, with no additional compensation to Toyon for such extension, and shall constitute "Contractor Surviving Obligations" within the meaning of the Agreement. For appeals and reopening's filed on or after July 1, 2015, the compensation will be calculated as 20% of the additional reimbursement received by NMC as a result of Toyon's efforts in pursuing Medicare/Medi-Cal appeals and reopening's. The maximum fees payable to Toyon, in the aggregate, for these services are eight hundred thousand dollars (\$800,000). This percentage covers all fees and expenses. Payment is due to Toyon within thirty (30) days from the Monterey County Auditor Controller's Office notification of: receipt by NMC of additional reimbursement or notification that additional reimbursement was applied against existing liabilities. To the extent one or more appeals remains unresolved on the Expiration Date, Toyon's obligation to complete the Exhibit A-3 Scope of Services for such appeal(s) shall survive the Expiration Date, with no additional compensation to Toyon for such extension, and shall constitute "Contractor Surviving Obligations" within the meaning of the Agreement.

In preparing the report, Toyon will comply with all applicable OSHPD reporting rules. Toyon will review the data for reasonableness and program edits. Data included in the report that affects NMC's PIRL calculations and Medi-Cal disproportionate share will be reviewed for consistency and reasonableness, if applicable.

2. Data/Reporting:

NMC's OSHPD report is prepared annually and shall be filed with OSHPD no later than one hundred twenty (120) days following the end of the applicable fiscal year (or any earlier period required by law). Exhibit A-5 - Medicaid Eligible Day Services (POS/Historical)

Scope of Services and Payment Provisions

This Exhibit A-5 is the Exhibit A-5 referred to in that certain County of Monterey Agreement for Services (More Than \$100,000) - Amended and Consolidated Professional Services Agreement dated for reference purposes only on July 1, 2015, by and between Natividad Medical Center ("NMC"), a general acute care teaching hospital wholly owned and operated by the County of Monterey, which is a political subdivision of the State of California, and Toyon Associates Inc., a California corporation (hereinafter "Contractor" or "Toyon") (the "Amended and Consolidated Agreement"). All initially capitalized terms defined in the Amended and Consolidated Agreement shall have the same meanings in this Exhibit A-5.

1. Background:

The Medicare Program pays Medical Centers that serve a disproportionate share of low-income patients an additional payment amount under the prospective payment system (PPS). This additional payment is referred to as the "disproportionate share adjustment" and is based on the formula set forth in Title 42, Code of Federal Regulations, Section 412.106. The formula involves the calculation of a disproportionate share adjustment factor which is multiplied by the amount of federal DRG payments. In calculating the disproportionate share adjustment factor, two ratios are critical. The first is the SSI ratio which represents the number of Medicare patient days for patients entitled to both Medicare Part A and SSI (excluding those patients who receive only State supplement) divided by the total number of Medicare Part A patient days. The second is the Medicaid ratio, which represents the number of Medicaid patient days divided by total Medical Center patient days. The SSI and Medicaid ratios are computed based on the PPS areas of the Medical Center.

The Centers for Medicare and Medicaid Services (CMS) through their regional intermediaries require substantial documentation for DSH payment purposes. The required documentation has increased over the past few years to include a set of steps requiring verification that the patient days claimed as Medicaid eligible days are in fact Medicaid eligible and that the patient does not have Medicare Part A coverage.

Toyon has a proprietary DSH documentation system which it will use to assist Natividad Medical Center to comply with Medicare requirements and which will support the Medical Center's DSH claims.

2. Scope of Services:

Toyon will prepare two Medi-Cal eligible day listings. The initial eligible day listing will utilize the State of California's Point of Service (POS) system that will be used for the filing of the Medicare cost report. This POS system provides the initial Medi-Cal eligible day determination and is the best source of eligibility for filed cost report purposes. Steps included in this POS list preparation include:

- Query of the State of California's POS system to identify Medi-Cal eligible patients
- Medicare common working file query of all eligible Medi-Cal eligible patients to ensure there is no dual coverage
- Link of eligible Obstetric patients to nursery newborn patients
- Review of results to ensure accuracy
- Preparation of summary Medi-Cal eligible days report for inclusion in the Medicare filed cost report

The second process for eligible Medi-Cal days identification is the use of the State of California's Historical eligibility system using Toyon's automated DSH eligibility system. This system is fully available 13 months after the end of the hospital's fiscal year. This is a far greater detailed analysis scrubbing of the patient database. Toyon's services include:

- Submission of Patient Database to State of California's historical eligibility system
- Scrub the Medi-Cal eligible patients through our 3 step process to exclude all dual eligible patients.
- Identification and pursuit of all out State Medicaid eligible patients.
- Detailed analysis and reprocessing of claims that may have limited or incorrect patient identification information
- Summarization of the finalized DSH eligible days list
- Identification of all patient days to be protested and appealed based on their return status
- Amend Medicare cost report for inclusion of updated eligible days prior to the Medicare audit
- Assist NMC in responding to any audit conducted by the Medicare Intermediary involving a Medicaid eligible day listing and/or DSH claim prepared by Toyon. A written report will be provided to NMC which analyzes any differences between the audit finding and filed claims and provide recommendations
- Toyon will request, facilitate, and follow up on all DSH related documentation/information needs throughout the project.

3. NMC will perform the following:

NMC will cause its agents and employees to comply in a timely manner with all reasonable requests from Toyon in connection with the preparation and presentation of the Medical Center's claims.

4. Compensation:

Toyon will provide the Scope of Services set forth in Section 2 of this Exhibit A-5 for a fixed fee of \$16,000 for each cost reporting period. The fee is to be paid as follows (to the extent not already paid pursuant to the Original Professional Services Agreement for this Service): 40% upon the completion of the DSH POS listing used to file Medicare cost report filing. The remaining 60% will be paid upon the presentation of the historical eligible day listing package for Medicare cost report finalization purposes. To the extent the Intermediary's

audit of the list remains unresolved on the Expiration Date; Toyon's obligations to complete the Exhibit A-5 Scope of Services for such cost reporting period shall survive the Expiration Date, with no additional compensation to Toyon for such extension, and shall constitute "Contractor Surviving Obligations" within the meaning of the Agreement. The fixed fee includes all professional time and out-of-pocket expenses. A "cost reporting period" for the purposes of this Agreement shall be defined as follows: the period covered within a cost report filed with the Medicare Program.

When Toyon performs work relating to this Exhibit A-5 Medicaid Eligible Day Scope of Services, Toyon will expressly reference "Exhibit A-5 Medicaid Eligible Day Scope of Services" on their billing invoices.

Exhibit A-6 - Medicare/Medi-Cal/Short Doyle Cost Report Preparation Services

Scope of Services and Payment Provisions

This Exhibit A-6 is the Exhibit A-6 referred to in that certain County of Monterey Agreement for Services (More Than \$100,000) - Amended and Consolidated Professional Services Agreement dated for reference purposes only on July 1, 2015, by and between Natividad Medical Center ("NMC"), a general acute care teaching hospital wholly owned and operated by the County of Monterey, which is a political subdivision of the State of California, and Toyon Associates Inc., a California corporation (hereinafter "Contractor" or "Toyon") (the "Amended and Consolidated Agreement"). All initially capitalized terms defined in the Amended and Consolidated Agreement shall have the same meanings in this Exhibit A-6.

1. Background:

The Medicare and Medicaid Programs require the preparation and submission of an annual cost report five months after the end of each fiscal year. The complexity of the annual cost report has increased greatly over the years even though the actual amount of reimbursement affected by the cost report has decreased. Proper compilation of the cost reports is important for future reimbursement increases and to maintain compliance with Medicare reporting rules. Toyon has prepared hundreds of cost reports for all types and sizes of facilities and is well qualified to assist NMC with the preparation of its annual cost report.

2. Scope of Services:

Toyon agrees to prepare the annual Medicare/Medicaid and Short Doyle cost reports for timely submission to the fiscal intermediaries. As of the date hereof, NMC's Medicare/Medicaid cost reports are accepted by the Medicare Intermediary for filing no later than five (5) months after the end of the applicable fiscal year, and NMC's Short Doyle cost reports are accepted for filing no later than one hundred twenty (120) days after the end of the applicable fiscal year.

Toyon will provide the following services:

- Prepare NMC's Medicare/Medi-Cal/Short Doyle cost report for each applicable fiscal year using CMS approved software. The preparation of the cost reports will be for filing purposes and will include preparation of all related supplemental forms and questionnaires as required by the Medicare and Medi-Cal programs. The filed cost report will comply with all applicable Medicare/Medi-Cal regulations while protecting NMC's rights. All areas with significant reimbursement effect will be reviewed. Consideration will be given based on prior year's cost reports and previous audited Medicare cost reports to ensure consistency.
- Upon the completion of the Medicare/Medi-Cal cost report, Toyon will prepare the Short Doyle cost report. The cost allocation from the Medicare/Medi-Cal cost report is needed for the Short Doyle cost report preparation.

Non-Allowable Cost Analysis-Optional:

- Toyon will perform a review to identify non-allowable costs. The review will begin with interviews of appropriate management personnel to develop an understanding of NMC's organization and activities that occurred during the fiscal year. Toyon will then perform a review of Administrative and General costs and any other areas deemed warranted identifying non-allowable costs. This will include a review of account payable vendor invoices as needed. A report of findings and recommendations for cost elimination will be prepared and provided to management prior to completion of the cost report.
- The cost report for the fiscal year ending on the Expiration Date will not have been completed and filed by the Expiration Date. As such, Toyon's obligations to complete the cost report for that final fiscal year pursuant to this Exhibit A-6 shall survive the Expiration Date, with no additional compensation to Toyon for such extension, and shall constitute "Contractor Surviving Obligations" within the meaning of the Agreement.

3. Data Requirements:

For purposes of this agreement, Toyon assumes NMC maintains the basic data needed to complete the report such as departmental revenue and expense information, cost finding statistics, census information, payroll hours and dollars summarized by classifications, etc.

4. Reliance upon Facility Records:

In preparing the cost report, Toyon will be relying upon the accuracy of the cost, revenue, and statistical information provided to us. Toyon will not be auditing this information. Toyon will, however, eliminate any costs identified as non-allowable by the facility as well as any specific items that may come to Toyon's attention during the course of the engagement.

5. Compensation:

The professional fees to prepare each annual set of cost reports (i.e. the Medicare annual cost report and the Short Doyle cost report), including provision of the related Services described above, will be provided under a fixed fee arrangement and are set forth below. The fixed professional fees will be billed as follows (to the extent not already paid pursuant to the Original Professional Services Agreement for this Service): 40% at the time Contractor commences work on the applicable cost reports and the remaining 60% after delivery of the cost report package for filing.

Preparation Price	Optional Non-Allowable Cost Analysis	Grand Total
\$25,000	\$6,000	\$31,000

Software use fee incurred in conjunction with the project will be billed in addition to professional fees. If Toyon uses their approved software, the use fee for the cost report will be \$600. If NMC uses its own software, there will be no software charge. Invoices, for all

services, will be submitted timely and are due and payable within 30 days after receipt in the Monterey County Auditor-Controller's Office.

Natividad Medical Center will cause its employees and agents to comply in a timely manner with all reasonable requests from Toyon in connection with the preparation of Natividad Medical Center's cost reports.

When Toyon performs work relating to this Exhibit A-6 Medicare Cost Report Preparation Scope of Services, Toyon will expressly reference "Exhibit A-6 Medicare Cost Report Preparation Scope of Services" on their billing invoices.

EXHIBIT A-8 – Medicare Appeal Services – Two-Midnight Rule/Policy Dispute

Scope of Services and Payment Provisions

This Exhibit A-8 is the Exhibit A-8 referred to in that certain County of Monterey Agreement for Services (More Than \$100,000) - Amended and Consolidated Professional Services Agreement dated for reference purposes only on July 1, 2015, by and between Natividad Medical Center ("NMC"), a general acute care teaching hospital wholly owned and operated by the County of Monterey, which is a political subdivision of the State of California, and Toyon Associates Inc., a California corporation (hereinafter "Contractor" or "Toyon") (the "Amended and Consolidated Agreement"). All initially capitalized terms defined in the Amended and Consolidated Agreement shall have the same meanings in this Exhibit A-8.

1. Background:

Within the FY 2014 IPPS Final Rule published on August 19, 2013, CMS instituted a 0.2 percent rate cut. CMS justified this rate cut as necessary in order to ensure that the application of the new "two-midnight" rule / policy did not lead to an aggregate increase in yearly IPPS payments for the Medicare program. During the notice and comment period for the FY 2014 IPPS rule, comments were made that identified the existence of statistical errors in CMS' underlying calculations that supported the rate cut. CMS justified the rate cut on the basis that the two-midnight rule (which presumes that hospital inpatient stays of two days are longer are medically necessary) would lead to a net increase of 40,000 inpatient cases per year. However, an independent analysis of CMS's own data has been made and the overwhelming conclusion is the two-midnight rule would lead to a substantial decrease in inpatient stays and a large increase in outpatient encounters. Many hospital systems have analyzed the impact on their own reimbursement and have reached the same conclusion. In other words, the financial impact of the two midnight rule on providers should result in a payment *increase*, not a payment decrease. There is no substantial evidence to support CMS' conclusion, thus making the rule legally invalid.

The Medicare Program allows hospitals to appeal final determinations that originate through Medicare Administrative Contractor (MAC) determinations and *Federal Register* notifications. The regulation is 42 C.F.R. § 405.1835. The services set forth in this agreement are for the purpose of increasing the hospital's Medicare reimbursement through the Medicare appeal process.

2. Scope of Service:

Toyon's service will include this appeal, and include, but are not limited to, the following:

- Review the audited cost reports, Intermediary Workpapers, and *Federal Register* notices to determine the issues to be appealed and/or reopened. All issues that impact Medicare reimbursement may be pursued. The issues to be appealed / reopened may include, but are not limited to, disproportionate share, bad debts, wage index, PPS standardized amounts, allowable costs, cost finding statistics, and cost apportionment statistics. Issues may be pursued even if the time period for administrative appeal rights has been exhausted.

- Prepare and file appeal letters to the Provider Reimbursement Review Board (PRRB) to establish Medicare appeals (if not already done), to add issues to existing appeals, and/or to transfer issues to group appeals.
- Develop appeal strategy, perform research, and obtain documentation needed to pursue disputed issues.
- Prepare and file cost report reopening requests if appropriate.
- Prepare and file preliminary and final position papers.
- Review the Intermediary's preliminary and final position papers.
- Attempt to obtain administrative resolutions with the Intermediary in advance of scheduled hearings.
- If a PRRB Medicare hearing is necessary, we will engage an attorney to assist in handling the case and will prepare all needed hearing documentation.
- Perform all follow up needed with the Medicare Program with respect to appeals and reopening requests.
- Review any revised settlements resulting from appeals or reopenings and any hearing decisions and provide recommendations to NMC.
- Pursue unfavorable PRRB decisions to court if, in TOYON'S opinion, there is sufficient likelihood of success and sufficient reimbursement value in relation to the cost of pursuing the case.
- Pursue issues directly to court or use expedited jurisdictional review if, in TOYON'S opinion, such action is deemed warranted.

3. Periods Covered By This Agreement:

This appeal service applies to federal fiscal years 2014 through 2018. Additional federal fiscal years may be added to this agreement by written amendment executed by both parties.

4. Compensation

Payment for Medicare appeal services set forth in this contract will be calculated as 10% of the additional Medicare reimbursement realized by NMC as a result of our work, not to exceed One Hundred Thousand Dollars (\$100,000) in the aggregate. The additional reimbursement resulting from a successful appeal will either be a payment to NMC by the Medicare Program or a reduction of an outstanding liability. Payment is due to TOYON within 30 days of NMC'S receipt of additional reimbursement or notification that its liability has been decreased. No fees or expenses are due to TOYON unless additional reimbursement is realized.

Miscellaneous Terms:

Toyon shall have the right to continue the contingent fee projects (Exhibits A-1, A-4 and A-8) it started previously approved by NMC through to completion and to bill NMC based on the results obtained even if such billing is subsequent to the termination of the Agreement. The contingent fee projects must be fully settled or completed and final payment is received by NMC.
