COMMISSIONER COMMENTS, REQUESTS AND REFERRALS

Commissioner Roberts and Commissioner Work informed the Planning Commission that both the Greater Monterey Peninsula and the South County Land Use Advisory Committees (LUACs) are currently in need of additional members. They encouraged interested members of the public to apply for appointment to these committees, highlighting the important role LUACs play in local land use planning and community input.

Commissioner Mendoza reported that there are upwards of 40 vehicles operating on the roadside during weekends. He emphasized the public safety risks this poses and noted that the nearby railroad station, which holds a land use permit, may not be authorized for vendor or swap meet activity. If the current land use permit does not permit such operations, enforcement action should be considered.

Commissioner Shaw requested that Code Enforcement be brought forward to further discuss the matter. She also asked Staff review this concern and schedule a discussion before the Board of Supervisors, as originally noted during the Planning Commission meeting in February of this year.

Commissioner Diehl emphasized the urgency of this issue, urging prompt action to address the safety and zoning concerns.

Chair Gonzales appointed a subcommittee comprised of Commissioner Shaw, Commissioner Mendoza, and himself to meet, evaluate the situation, and prepare a formal letter to the Board of Supervisors on behalf of the Planning Commission.
