Re: Support for Residential Reconstruction and Conservation Easement Expansion at 182
Van Ess Way (PLN230138)

Dear Jeff:

Thank you for taking the time to show me Field Architecture's plans for the two new homes proposed for 182 Van Ess Way, the proposed lot line adjustment, and the proposed expansion of the existing Conservation Easement by over 10,000 sqft pursuant the pending Coastal Development Permit application before the County of Monterey (PLN230138). Based upon the fact that we will not see the proposed residences, the benefit of expanding the Conservation Easement, and the Owner of 182 Van Ess Way's agreement to re-surface Van Ess Way following the construction of the new proposed homes, I am forwarding this letter of support which may be shared with County Staff.

Sincerely,

Carlotta Mellon

Re: Support for Residential Reconstruction and Conservation Easement Expansion at 182 Van Ess Way (PLN230138)

Dear Jeff:

Thank you for taking the time to show us Field Architecture's plans for the two new homes proposed for 182 Van Ess Way, the proposed lot line adjustment, and the proposed expansion of the existing Conservation Easement by over 10,000 sq.ft. pursuant the pending Coastal Development Permit application before the County of Monterey (PLN230138). Based upon the fact that we will not see or hear the proposed residences and the easement change remains well below the crest of the mutual knoll, the benefit of expanding the Conservation Easement, and the Owner of 182 Van Ess Way's agreement to re-surface Van Ess Way following the construction of the new proposed homes, we are forwarding this letter of support which may be shared with County Staff.

Sincerely,

Dear Aengus:

Thank you for taking the time to show me Field Architecture's plans for the two new homes proposed for 182 Van Ess Way, the proposed lot line adjustment, and the proposed expansion of the existing Conservation Easement by over 10,000 sqft pursuant to the pending Coastal Development Permit application before the County of Monterey (PLN230138). Based upon the fact that we will not see the proposed residences and the benefit of expanding the Conservation Easement, we are forwarding this letter of support which may be shared with County Staff. This letter of support is also contingent upon the proposed lot line adjustment not relocating any building envelopes adjacent to our residence on Spindrift.

Sincerely,
