Testing and Treatment

COUNTY OF MONTEREY
HEALTH DEPARTMENT

Nationally Accredited for Providing Quality Health Services

When to Test

- ▶ If you are sick
- ▶ If you have been exposed to someone with COVID-19
- ▶ Before and after traveling
- ▶ Before and after attending large gatherings
- ▶ Before visiting a loved one in a congregate living facility (e.g., nursing home)
- ▶ As required by your employer, CalOHSa, or CDPH

Test to Treat

- ▶ There are treatments available for individuals at high risk of severe COVID-19 disease
- ▶ Treatment must be started within 5 days of symptom onset
- ▶ “Test-to-treat” expedites testing, medical provider evaluation and anti-viral medication dispensing
- ▶ “Test to treat” may be offered in medical clinics, pharmacies, or testing sites
- ▶ If you are uninsured, you can get free test to treat services at the state-sponsored LHI OptumServe testing sites

Risk Reduction

COUNTY OF MONTEREY
HEALTH DEPARTMENT
Nationally Accredited for Providing Quality Health Services

Strategies to Further Reduce Transmission of COVID-19

- ▶ Get vaccinated and boosted, if eligible
- ▶ Wear a face covering in indoor public settings
- ▶ Avoid large gatherings
- ▶ Wash hands frequently
- ▶ Stay home if sick
- ▶ Get tested
