BETWEEN
THE COUNTY OF MONTEREY, BY AND THROUGH THE COUNTY OF MONTEREY
HEALTH DEPARTMENT, BEHAVIORAL HEALTH BUREAU
AND
CITY OF SEASIDE**

**SEASIDE GANG REDUCTION, INTERVENTION AND PREVENTION AND YOUTH
DIVERSION PROGRAMS**

This Memorandum of Understanding (hereafter referred to as "MOU") is made and entered by and between the County of Monterey, a political subdivision of the State of California by and through the Monterey County Health Department, Behavioral Health Bureau (hereafter the "County") and City of Seaside (hereafter the "Collaborator").

RECITALS

- A. The Seaside Gang Reduction, Intervention and Prevention Program (hereafter referred to as "Seaside GRIP") program and the Youth Diversion (hereafter referred to as "Youth Diversion") program is a partnership between the City of Seaside and the County to provide youth in the City of Seaside prevention and intervention services and strategies to prevent and decrease their involvement in gangs. The implementation of these programs will use funds awarded to the City of Seaside from the State of California's Board of State and Community Corrections California Gang Reduction, Intervention and Prevention (hereafter referred to as "CalGRIP") Program and the County's Mental Health Services Act Prevention and Early Intervention funds (hereafter referred to as "MHSA PEP").
- B. The Collaborator and the County will work together to reduce gang activity through the use of evidence-based prevention, intervention and suppression activities. The Seaside GRIP program and the Youth Diversion program will consist of obtaining referrals from Collaborator, assessment, individual/family/group therapy, community presentations as needed and referrals to community agencies utilizing a newly fitted "one-stop" resource center for youth and gang violence prevention and interventions services, known as the Seaside Youth Resource Center (hereafter referred to as "SYRC").
- C. The partnership between Collaborator and County will establish a referral system network that will identify youth who are in need of youth and gang violence prevention and intervention services for both programs. Youth and their families will gain access to the programs by referral from Collaborator. The fiscal year 2015-2016 was the first year of the Seaside GRIP program implementation and fiscal year 2009-2010 was the first year of program implementation for the Youth Diversion Program originally with the City of Seaside Police Department. The goals of the programs are to serve at least TWENTY-FIVE (25) youth for the Seaside GRIP program and at least TWENTY-FIVE (25) for the Youth Diversion program each fiscal year.

The goals of the PROGRAM are to:

- Provide a wide range services to at-risk, on probation, and gang-involved youth and their families to reduce risk factors for violence and increase protective factors.
- Coordinate community resources;
- Promote healthy family environments; and
- Reduce recidivism in criminal activity by addressing emotional and psychological needs of youth through the provision of mental health early intervention services.

EXHIBIT B: ASSURANCE OF COMPLIANCE WITH MONTEREY COUNTY'S CULTURAL COMPETENCY POLICY

In a culturally competent system, each provider organization shows respect for and responds to individual differences and special needs. Services are provided in the appropriate cultural context and without discrimination related to race, national origin, income level, religion, gender, sexual orientation, age, or physical disability, to name a few. Culturally competent caregivers are aware of the impact of their own culture on their relationships with consumers/families and know about and respect cultural and ethnic differences. They adapt their skills to meet each individual's/family's values and customs. Cultural competence is a developmental and dynamic process – one that occurs over time.

Organizations in a Culturally Competent Service System Promote:

Quality Improvement

- Continuous evaluation and quality improvement
- Supporting evidence-based, promising, community defined, and emerging practices that are congruent with ethnic/racial/linguistic group belief systems, cultural values and help-seeking behaviors.

Collaboration

- Collaborating with Behavioral Health and other community programs
- Resolving barriers to partnerships with other service providers

Access

- Providing new services to unserved and underserved children, youth, adults and/or older adults
- Reducing disparities in access to, and retention in, care as identified in the Mental Health Services Act Plan
- Ensuring representation of mental health services consumers, family members of a mental health services consumer, and/or representatives from unserved communities on their advisory/governance body or committee for development of service delivery and evaluation (with a minimum target of 40%).
- Developing recruitment, hiring, and retention plans that are reflective of the population focus, communities' ethnic, racial, and linguistic populations.

Culturally Competent Services:

- Are available, accessible and welcoming to all clients regardless of race, ethnicity, language, age, and sexual orientation.
- Provide a physical environment that is friendly, respectful and inclusive of all cultures.
- Provide information, resources and reading materials in multilingual formats.
- Promote and foment culturally accepted social interactions, respect and healthy behaviors within the family constellation and service delivery system.

- Provide options for services, which are consistent with the client's beliefs, values, healing traditions, including individual preferences for alternative, spiritual and/or holistic approaches to health.
- Offer services in unserved and underserved communities.
- Have services available in the evening and on weekends to ensure maximum accessibility.
- Offer services in Spanish and other necessary languages (such as Tagalog, Vietnamese, Oaxacan, Trique and other languages spoken of Monterey County residents).

Definitions for Cultural Competency

"Cultural Competence" is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers, family members, and professionals that enables that system, agency, or those professionals and consumers, and family member providers to work effectively in cross-cultural situations.

(Adapted from Cross, et al., 1989; cited in DMH Information Notice No.02-03).

"Cultural Competence" is a means to eliminating cultural, racial and ethnic disparities. Cultural Competence enhances the ability of the whole system to incorporate the languages, cultures, beliefs and practices of its clients into the service. In this way all clients benefit from services that address their needs from the foundation of their own culture. Strategies for elimination of these disparities must be developed and implemented. Cultural Competence must be supported at all levels of the system.

(CMHDA Framework for Eliminating Cultural, Linguistic, Racial and Ethnic Behavioral Health Disparities)

[Cultural Competency] A set of congruent behaviors, attitudes, and policies that come together in a system, agency or amongst professionals and consumers and enables that system, agency or those professionals and consumers to work effectively in cross-cultural situations.

(Cross, Bazron, Dennis & Issacs, 1989)

The ability to work effectively with culturally diverse clients and communities.

(Randall David, 1994)

COLLABORATOR hereby agrees that it will comply with the principles and guidelines set forth in Monterey County's Health Department – Behavioral Health's Cultural Competency Policy (as outlined above), and will:

1. Develop organizational capacity to provide services in a culturally and linguistically competent manner. This may include: hiring staff with the linguistic capabilities needed to meet the diverse language needs in Monterey County (for example, Spanish, Tagalog,

Vietnamese, Oaxacan, Trique, American Sign Language (ASL), Middle Eastern languages); providing staff with training in cultural competency; making services accessible at locations and times that minimize access barriers, and ensuring that staff have an open, welcoming and positive attitude and feel comfortable working with diverse cultures.

2. Create a physical environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: decorating waiting and treatment areas with pictures that reflect the diverse cultures of Monterey County; providing reading materials, resources and magazines in varied languages, at appropriate reading levels and suitable for different age groups, including children and youth; consideration of cultural differences and preferences when offering refreshments; ensuring that any pictures, symbols or materials on display are not unintentionally disrespectful to another culture.
3. Provide a services delivery environment that ensures people of all cultures, ages and sexual orientation feel welcome and cared for. This may include: respect for individual preferences for alternative, spiritual and/or holistic approaches to health; a reception staff that is competent in the different languages spoken by consumers/families; staff that is knowledgeable of cultural and ethnic differences and needs, and is able and willing to respond in an appropriate and respectful manner.
4. Support the county's goal to reduce disparities to care by increasing access and retention while decreasing barriers to services by unserved and underserved communities.
5. Include the voice of multi-cultural youth, client and family members, including: monolingual and bilingual clients and family members and representatives from unserved and underserved communities, in the advisory/governance body or committee for development of service delivery, planning and evaluation (County Goal: 40%).
6. Participate in outcome evaluation activities aimed at assessing individual organizations as well as countywide cultural competency in providing mental health services.
7. As requested, meet with the Monterey County Health Department - Behavioral Health Director or designee to monitor progress and outcomes of the project.
8. Ensure that 100% of staff, over a 3 year period, participate in cultural competency training including, but not limited to, those offered by Monterey County Behavioral Health.

Dissemination of these Provisions. COLLABORATOR shall inform all its officers, employees, agents, and subcontractors providing services hereunder of these provisions.

By my signature below, as the authorized representative of the COLLABORATOR named below, I certify acceptance and understanding for myself and the COLLABORATOR of the above provisions.
