|                       | 1.                                     |             | An onsite Wastewater Treatment System, referred to throughout Article I.E. as "OWTS", is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the sameparcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A WastewaterTreatment Facility means a facility designed to receive wastewater from a regionalarea, e.g. The Monterey Regional Water Pollution Control Agency (MRWPCA) orthe Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.   |                            |                         |                             |
|                       | 2.                                     |             | An expired OWTS permit may only be renewed reinstated if no changes to Monterey County-Code, Chapter 15.20 or the Central Coast Basin Plan have been the permit conforms with OWTS regulations approved by the Monterey County Board of Supervisors or the Central Coast Reginal Water Quality Control Board, respectively, in place at the time of application for reinstatement. since the date of permit issuance and no changes to the OWTS design are proposed. An OWTS permit that has expired more than 36 24 months from the date of issuance shall be void; therefore, a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit. If an applicant proposes to change the OWTS design of an expired OWTS permit a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit. |                            |                         |                             |

| PE Number             | Section #                  |              | Description   | FY 2022-23<br>Article I.E. | FY 2023-24 Article I.E. | Other Proposed<br>Fee Value |
|                       | 1.                         |              | Environmental Health fees are based on an hourly rate approved by the Board of Supervisors flat fee based on the estimated reasonable through Health Department Fees, Article I.E. Unless a "deposit" is indicated, the fee is a flat fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement/activity for which the fee is charged. For certain matters, a "deposit" is indicated because the cost of processing varies widely depending on the particular application. Where a "deposit" is indicated, the fee will be based on actual cost, measured by actual time spent on a particular application in quarter hour (.25) increments. Applicant is required to pay the deposit, which is based on an estimate of minimum cost, and to increase the deposit if, in the course of processing the application, County determines that the deposit is insufficient to cover actual processing time. The fee will be calculated at full cost recovery when the project is complete. Where there are conflicting deposit amounts, the lower deposit shall apply. On deposit matters, applicant and the Director of Health, or designee, may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application. |                            |                         |                             |
|                       | 2.                         |              | In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission. The Appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, which sets the fee substantially lower than the actual cost. The Appeal Fee is subsidized by the County General Fund.  |                            |                         |                             |
|                       | 3.                         |              | "Extraordinary development applications" are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.  |                            |                         |                             |
|                       | 4.                         |              | Fees assessed on behalf of the EHB for Combined Development Permits under Chapter 21.76 of Title 21 and Chapter 20.70 of Title 20 are not subject to any discount or cost reduction because only one (1) EHB review fee is assessed per permit application. Fees for environmental review are separate from the permit review fee and will be assessed separately.  |                            |                         |                             |

|                       | 5.                          | Fees collected for Development Review Conferences shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 12 months of the application appointment.   |                            |                         |                             |
|                       | 6.                          | Projects approved after the effective date of this Article, with conditions of approval and mitigation measures that require monitoring by the EHB, shall be subject to the Condition Compliance / Mitigation Monitoring fee set forth in this Article. Projects approved prior to the effective date of this Article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.   |                            |                         |                             |
|                       | 7.                          | An Onsite Wastewater Treatment System, referred to throughout Article I.E. as "OWTS", is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the same parcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A Wastewater Treatment Facility means a facility designed to receive wastewater from a regional area, e.g. Monterey One Water (MW1) or the Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.   |                            |                         |                             |
|                       | 8.                          | The applicant for a discretionary land use development permit, use permit, construction permit, Williamson Act agreement, Mills Act contract, lot line adjustment, and/or any procedure that requires processing through the Health Department and includes recording/filing of a document with the Monterey County Recorder shall, in addition to the payment of any and all other Count and/or Health Department fees, be required to pay any and all applicable standard recording/filing fees no later than the time of the recording/filing of that document. The payment of the applicable recording/filing fee shall be required whether or not the document is processed on behalf of the applicant by an employee of the County of Monterey (e.g., Health Department staff or Clerk of the Board) or is processed by the applicant. Failure to ensure full payment of such recording/filing fee by the time of the recording/filing shall be grounds for rejection of the recording/filing of that document with no liability to the County. |                            |                         |                             |
