CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

Pursuant to California Civil Code Section 1938 (c), making any repairs or modifications necessary to correct violations of construction related accessibility standards that are noted in a CASp report is presumed to be the responsibility of the COUNTY, unless otherwise mutually agreed upon by COUNTY and CONTRACTOR. OCCUPANCY TERMS

A Certified Access Specialist (CAsp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CAsp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CAsp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CAsp inspection, the payment of the fee for the CAsp inspection and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

M. PROPOSITION 65 WARNING

CALIFORNIA PROPOSITION 65 WARNING. This warning is provided in compliance with the requirements of California's Proposition 65, due to exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm, from exposures to materials used in and around the construction site of **845 East Laurel Drive, Salinas, California.**

“WARNING: MATERIALS INCLUDED IN THE CONSTRUCTION OF THE PREMISES AND PROPERTY WILL EXPOSE YOU TO FORMALDEHYDE AND OTHER CHEMICALS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS OR OTHER REPRODUCTIVE HARM. FURTHER INFORMATION MAY BE OBTAINED FROM THE MANAGER/OWNER.”

This warning is provided to inform tenants of the exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm. The exposures are caused by the materials of which the office buildings on this site are constructed. **Environmental exposures to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm will continue for as long as _____ engages in ongoing construction on and around the surrounding property.**

Formaldehyde. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes and offices. Formaldehyde is present in the air because it is emitted by a variety of building materials and products purchased by the builder from materials suppliers. These materials and products include carpeting, pressed wood products, insulation, plastics, and glues.

Other Chemicals. The Premises and/or ongoing construction sites in this development have not been tested. Given the cost of testing, it is not feasible to test every rental property and nearby construction site to ascertain the level of formaldehyde or other carcinogens and reproductive toxicants present in the rental property or ongoing construction sites nearby. Most homes, offices and construction sites that have been tested elsewhere do contain formaldehyde as well as other carcinogens and reproductive toxicants, although their concentrations vary from property to property with no obvious explanations for the differences. One of the problems is that many of the suppliers of building materials and products do not provide information on chemical ingredients to their builders. In the absence of specific information on

OCCUPANCY TERMS

these leased premises, and in light of the materials used in and around their construction, we believe that a warning is necessary.

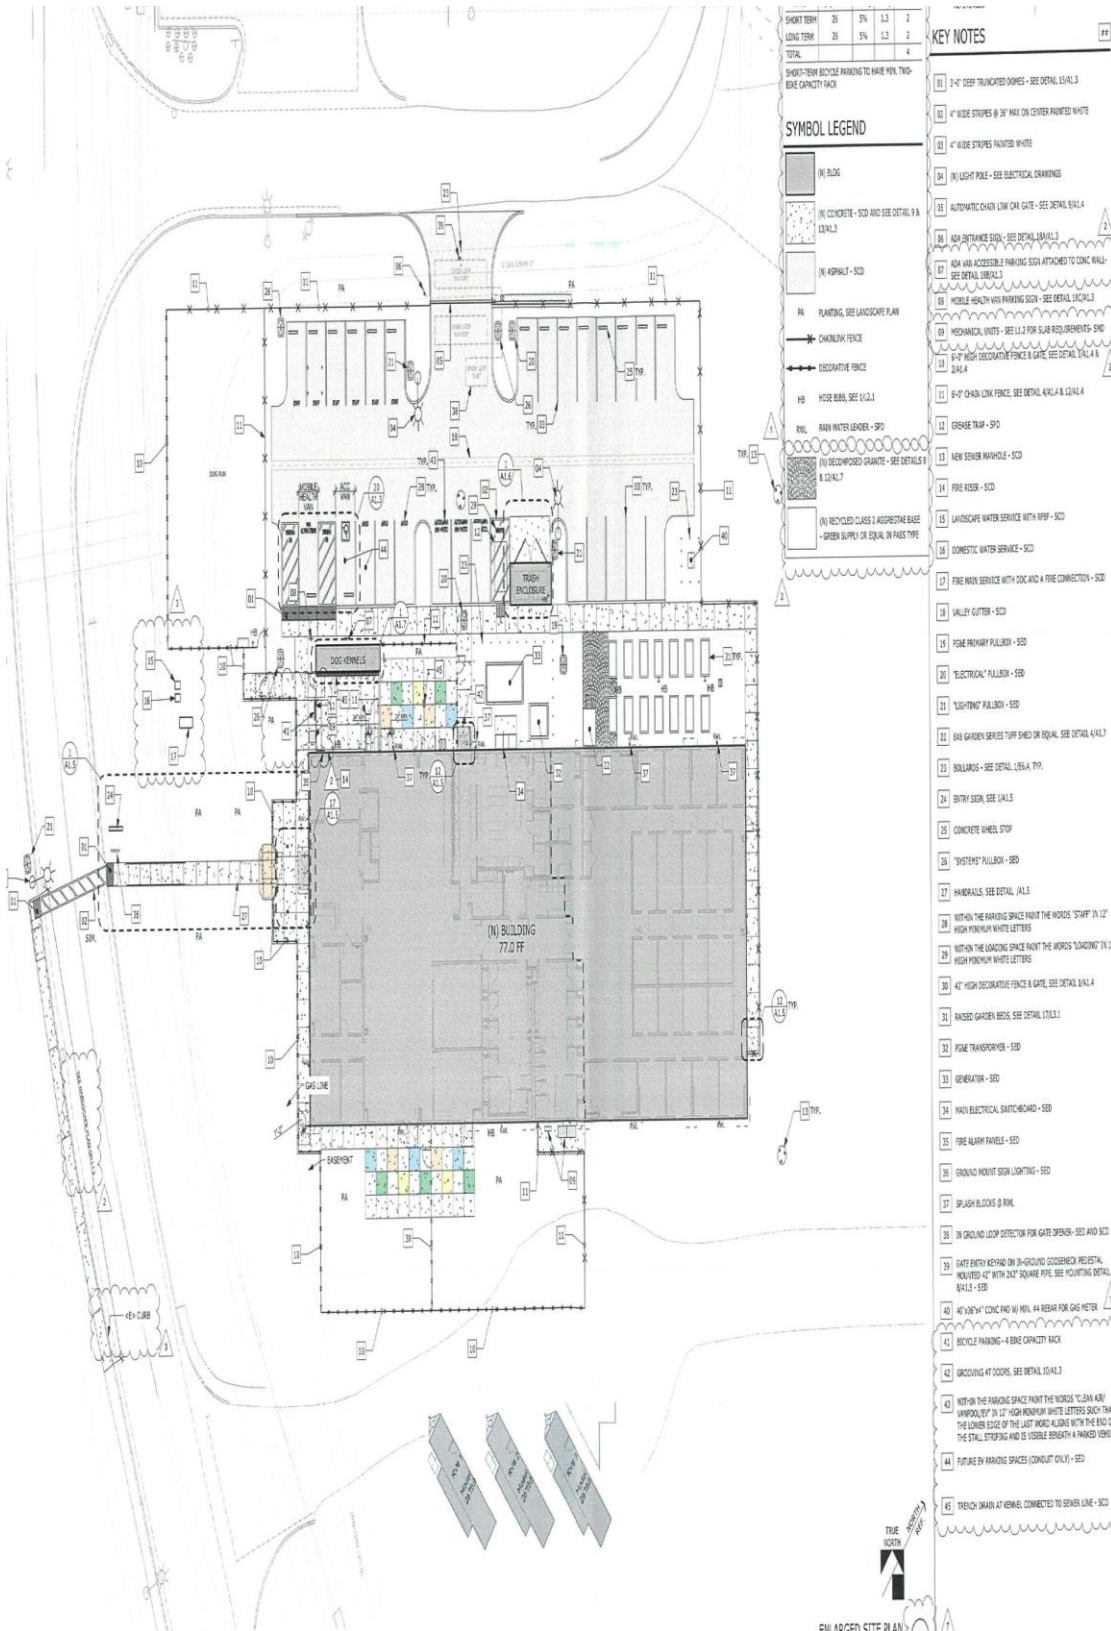

Please provide this warning to invitees and guests entering this leased property. You may have further questions about these issues. _____, has made no inquiries of our material suppliers concerning these matters. _____ is willing to provide, upon request, the names of known material suppliers, which may be contacted for further information.

N. DEED RISTRATION AND COVENANT

COUNTY and CONTRACTOR acknowledge that the Premises shall remain available for activities under the Homeless Emergency Aid Program (HEAP) for a duration of ten (10) years following the date of issuance of certificate of occupancy of the completion of the SHARE Center as evidenced by the Deed Restriction and Covenant document recorded by the Monterey County Clerk-Recorders Office as document number 2019052407. Certificate of Occupancy was issued on 2019052407.

PARTICIPANT ANIMAL GUIDELINES – PET FRIENDLY FACILITY**A. PURPOSE**

The following are guidelines regarding personal pet care while residing within the SHARE Center located at 845 E. Laurel Drive, Salinas. If vaccination proof is unavailable, the pet may be accepted temporarily but must be scheduled for vaccination. All guests with pets must sign an acknowledgement of these guidelines. A sample acknowledgement form is provided at the end of this exhibit below.

B. POLICY GUIDELINES

Both service and emotional support animals and pets are eligible to reside at the SHARE Center. CONTRACTOR is responsible for providing clear client advisement on, as well as ongoing enforcement of, the following pet policies and practices: Upon entry into the program the participant must be advised of the following:

- B.1 All animals must be registered with the shelter.
- B.2 The animal must display behavior that is appropriate for a communal living space and will be held to the same standards as all residents. If the animal displays inappropriate (e.g., aggressive, or destructive) behavior, the animal will be assessed and provided with resources to assist with the issue. If the behavior does not improve, the animal may be provided with temporary housing resources outside of the shelter. Participants may be required to remove their animals for any of the following reasons:
 - B.2.1 The animal's behavior poses a direct threat to the safety of others and the threat cannot be eliminated by a reasonable modification.
 - B.2.2 The animal is disruptive and interfering with the program and the participant does not take effective action to control it.
 - B.2.3 The animal is creating an unsanitary condition.
- B.3 Participants are responsible for taking care of their animal. This includes:
 - B.3.1 The animal must have food and fresh water.
 - B.3.2 Dogs must be walked daily.
 - B.3.3 Waste material is to be picked-up and properly disposed.
 - B.3.4 The animal must be kept clean – e.g., bathed one time per week or as needed; the participant is responsible for cleaning the bathroom tub or sink if used for animal washing.
 - B.3.5 Crate/carriers must be washed on a weekly basis or as needed.
 - B.3.6 Participants must keep their animal current with any required vaccinations (proof is required) and attend to any medical needs that their animal may have.
- B.4 Animals must be free of fleas and other pests.
- B.5 Owners must agree to store food for their animals in designated areas and may not to leave food or water for their animal outside of their dwelling where it may attract other animals.
- B.6 Participants must feed, water, clean, exercise and cleanup after their animal.
- B.7 All animals must be appropriately contained. For example, dogs must be on a leash or in a crate while indoors and cats must be carried or kept in an appropriately sized crate/carrier when outside the participant's dwelling.
- B.8 Animals must be in a crate if left unattended. If the owner allows another participant to watch the animal while they are off site, this decision is solely the responsibility of the owner and the animal's behavior remains the responsibility of the owner.
- B.9 The animal's owner is accountable for providing for and taking care of the animal. The shelter does not assume any liability for the animal while it is in the shelter.

PARTICIPANT ANIMAL GUIDELINES – PET FRIENDLY FACILITY

- B.10 Owners must have an identified emergency care person.
 - B.10.1 Owners must provide the name and contact information of an emergency care person who will take care of their animal in the event that the owner is in the hospital, jail, or otherwise indisposed.
 - B.10.2 Animal control will be contacted if the emergency care person is unable to be contacted or unwilling to care for the animal.
- B.11 The following are recommendations for the animals before entering the shelter. If animals do not meet these suggested policies, the shelter staff is able to provide information about low-cost/free resources for animals to receive these services:
 - B.11.1 Pets should have a current vaccination (e.g., rabies) and city licensure.
 - B.11.2 Dogs and cats should be spayed/neutered.
 - B.11.3 If applicable, participants should register their animal as a service animal or emotional support animal as it may facilitate the process to obtain permanent housing.

C. GUIDELINES REGARDING SERVICE ANIMALS

- C.1 Clients may request permission to be accompanied by a service animal. Service animals are individually trained to do work or perform tasks for people with disabilities. When it is not obvious what service an animal provides, staff should limit inquiries to the following two questions:
 - C.1.1 Is the animal required because of a disability?
 - C.1.2 What work or task has the animal been trained to perform?
- C.2 Staff should not ask about the person’s disability or ask that the animal demonstrate its ability to perform the work or task. Participants that require the assistance of a service animal are not required to provide any form of documentation. Participants that require the assistance of an emotional support animal may be required to provide documentation from a medical provider, psychologist, social worker, non-medical service provider, peer support group member, or other reliable third party that the participant has a disability, and that the animal provides support that alleviates a symptom or effect of their disability. A determination regarding whether any documentation for an emotional support animal is required will be considered on a case-by-case basis. If the client answers ‘yes’ to either of the questions, they are entitled to be accompanied by the service animal pending immunization verification of the following:
 - C.2.1 Rabies Certification
 - C.2.2 Spray/Neuter Certification (if applicable)
