10. Board Comments

Supervisor Mary L. Adams commented it's been all about the fires for District 5; She attended the Fire Department's muster and was impressed with the number of fire fighters there to work; She stated she knows why this has been a great success with the River and Carmel fires due to the number fire fighters out there not only locally but also coming from out of state; She thanked all and said mother nature has been on our side; there has been little growth from both the River and Carmel fires and the River fire is 33% contained with the Carmel fire 30% contained; some evacuees have returned home and soon all will return home; the Monterey County employees stepped up to the plate to lend a hand and have been great; for District 5 the future holds mudslides which is an outcome from the fires which they have to keep an eye on; Now they are working with the Dolan fires with Cal Fire and all the volunteers fire fighters which she again thanked all.

Supervisor Jane Parker joined in thanking and showing appreciation for the Monterey County employees; She gave a shout out to the Office of the Emergency Services webpage that has fantastic information on there which is an excellent effort; She thanked the fire fighters and the County Staff for all stepping up to the plate; She has received a lot of positive feedback from the community and commented this takes a lot of organizational skill to pull all of this together in a way to run smoothly; Her Hot Topic meeting last night had a guest speaker Sara Blackstone which was very informative; The community's desire to be helpful was great and working with the non-profits to help those that are in need of help is appreciated; She thanked all again for the help and the coordination and noted one unfortunate donation of a pallet of food went bad but we continue to channel efforts to stay on a positive path.

Supervisor John M. Phillips agreed with all his colleagues and that these fires have been catastrophic; He thanked the Fire Departments and the Law

Enforcement Agency's for working together during this time; He has been fighting the fire at his own home and knows it is not easy with all the smoke and is thankful for all the fire fighters; He visited the Monterey County Convention center and was impressed with all the efforts of the Monterey County staff, Fire Department and the Law Enforcement Agencies.

Supervisor Luis A. Alejo joined in his colleagues expressions of gratitude to all the fire fighters, Red Cross, the Monterey County staff and shared this is a time to reflect; We need to keep everyone safe and unfortunately some of his friends lost their homes and all their possessions and he expressed his condolences; He commended the Monterey County staff on all their efforts; He had a chance to visit Sherwood Hall to see all those that are in need of shelter and he is very grateful; He gave a shout out to Dr. Ochoa from the local university who opened up the dorms to the First Responders and the evacuees and lastly he commented that he sworn in one of his past employees who just became the newest attorney in a small ceremony over the weekend; He praised her for achieving her goals and breaking down barriers to reach her success.

He also thanked the Sheriff's office. He stated we are still not out of harm's way yet as the fire is still burning in District 3 and they still have evacuees. Next, he thanked the Monterey County staff for building all the shelters for those evacuees so quickly to mobilize things; He was so moved with how the community responded as they received over 100 calls for donations which meant a lot to him; He thanked Kelsey Scanlon for all her efforts and the Office of the Emergency Services and shared Kelsey must be a robot who works off of coffee as she was always there when needed and that she is an asset to the Office of the Emergency Services; Fire is very destructive; however, it has the power to bring us together as a community; He commended Rippling River who brought bus full's of elderly people who needed other shelter; He noted we still have COVID and continues to be very thankful to all those for their efforts.
