This Addendum No. 1 consists of **preliminary questions/written responses** for **RFQ #10805 On-Call Environmental Planning and Consulting Services for Various Local and Federally Funded Road, Bridge, Building, Facilities, and Parks Projects Located Within Monterey County, California**

Question No.	Question	County of Monterey Response
1	Is the County aiming to have full service CEQA and NEPA consultants or would the County be open to having consultants on the list for specific specialties like noise?	Monterey County’s goal is to have full service environmental consultants that provide services as stated in the RFQ. Consultants can include sub-consultants who may provide specific services such as acoustic studies, ecological consulting firm, etc.
2	Will the County consider bids that address some, but not all, of the RFQ’s Scope of Work If an ecological consulting firm, could only address portions of the scope dealing with biological/aquatic resources (surveys, studies, technical reports, permitting, etc.)?	Please refer to the answer to question number 1.
3	Is a 10-H2 form required for subconsultants?	Yes, please use the Attachment B- Exhibit 10-H2 Cost Proposal form on page 31 of RFQ #10805
4	The “Scoring Criteria Table” in Section 9 of the RFQ identifies a 3-page limit for the “Project Management Approach.” Does this refer to Section 2 of the proposal/SOQ (for which no page limit is identified in Section 8 of the RFQ) or to Section 4 of the proposal/SOQ (for which a 1-page limit is identified in Section 8 of the RFQ)?	Project Management Approach is revised to have a three (3) page limit on page 14 of the RFQ to be consistent with Section 9, Selection Criteria.
5	Is it possible to send over Exhibit 10 (enclosed) in Excel form? It would be helpful in punching numbers in with subconsultants prior to submittal.	The Caltrans10 H-2 forms that include some calculation tables can be found using this link <a href="http://*LAPM Chapter 10 Exhibit 10 H1-H3 Cost Proposal (ca.gov).">*LAPM Chapter 10 Exhibit 10 H1-H3 Cost Proposal (ca.gov)</a> . The County utilizes the forms from this website. Excel forms created by proposers are acceptable however, the forms must replicate the PDF 10-H2 Caltrans forms.
