RE: **Legislative Program Webpage Update**

The County Administrative Office is in the process of updating their webpages. The project is being led by the County's Public Information Officer, Maia Carroll, in collaboration with staff of the Information Technology Department.

The Legislative Program webpages will be the first to be updated and will go live within the next few weeks. A link to the program webpage will be directly accessible from the mail CAO webpage making it easier to locate. Additionally, from the County's main page if you type "legislative" into the search function, the first item that appears will be a link to the Legislative Program page.

The main Legislative Program page provides information on the Board's Legislative Program, Legislative Committee, and contacts for the program. It also provides links to the following informational resources:

- **Legislative Program:** Link to the most recent Board adopted Legislative Program document.
- **Legislative Committee Agendas:** Links to the County's Legistar site to access all current and past meeting agendas.
- **Legislative Advocacy Letters:** **NEW FEATURE:** Links to a listing of the Board's legislative advocacy letters.
- **Policies Governing Legislative Activities:** Links to the Board's adopted policies governing the legislative activities of the Board, department heads, staff, the County's legislative advocates, and County advisory boards and commissions.
- **Legislative Resources:** Links to a list of websites for each of the County's federal and state elected officials, legislative research links, and links to County legislative associations – California State Association of Counties (CSAC), Rural County Representatives of California (RCRC), and National Association of Counties (NACo).
