Referral Title: Velocity International Event & Sponsorship at Weathertech Laguna Seca Raceway		
Referral Purpose: To consider a significant proposal by Velocity International to bring an August Monterey Motorsports Reunion Event to Weathertech Laguna Seca Raceway		
Brief Referral Description: On December 8, 2021, Jeff O'Neil of Velocity International emailed the Board of Supervisors that he submitted a proposal by Velocity International for an August Monterey Motorsports Reunion event that would provide significant benefits and revenue without taking any risk. The proposal would bring \$9,250,000 over a 10-year contract, invest an additional \$2,000,000 in improvements, and potentially bring other contributors or sponsors to help pay for additional infrastructure and track maintenance costs.		
Velocity International just completed a successful event at Weathertech Laguna Seca Raceway on November 14 with over 12,000 in attendance and with an amazing collection of rare cars. The event included high profile participants, including McLaren Racing's CEO Zak Brown, Ford's CEO Jim Farley, Walmart's Rob Walton and Cisco Systems' Executive Vice-President and General Manager Jeetu Patel, among other notable auto and business leaders. The event even brought a younger audience compared to other similar events.		
This referral would direct staff to quickly enter into discussions and negotiations with Velocity International, and to expeditiously bring the proposal back for full Board of Supervisors' consideration. The Board of Supervisors has previously requested that such potential sponsorships be brought to Laguna Seca Raceway, and this proposal could also potentially offset the significant \$10 million costs to repave the track and construct a new bridge as discussed during the board meeting last Tuesday, December 8, 2021.
