**WHEREAS**, Monterey County experienced cyclone strength winds on February 17, 2017 as a storm hit unincorporated area of the County of Monterey; and

**WHEREAS**, these winds caused a tree to fall on the control panel that operates the water system that services the San Jerardo Housing Cooperative, Inc.; and

**WHEREAS**, this resulted in the need to provide bottled water at the time the damage occurred and then three months later due to malfunctional system controls; and

**WHEREAS**, it will be necessary to install a temporary control panel and remove the damaged control panel so it can be rebuilt; and

**WHEREAS**, the cost associated with this work is beyond the annual amount budgeted for standard operations and the Boronda County Sanitation District’s reserves are inadequate to fund the cost of such repairs; and

**WHEREAS**, expenditures required to complete this Project meet County of Monterey Strategic Initiatives related to Health & Human Services, Infrastructure and Public Safety as emergency response during the winter storms is critical to the safe and effective collection of wastewater, and protects the health and safety of property owners and residents living in the Boronda County Sanitation District.

**NOW, THEREFORE**, the Monterey County Board of Supervisors hereby resolves to approve the following:

- a. Authorize redirecting \$13,200 of the \$9,500,000 Board approved General Fund 001 operating transfer out, originally earmarked for the Road Fund 002, to the Boronda County Sanitation District – Zone 2 San Jerardo for immediate critical repairs in response to storm damages;
