Dear Ms. Wurden:

This letter is to confirm the interest of Monterey County d/b/a Natividad Medical Center, a local governmental entity, federal I.D. Number 94-6000524 in working with Central California Alliance for Health (CAAH) and the Department of Health Care Services (DHCS) to provide a Medi-Cal managed care rate range Intergovernmental Transfer (IGT) to be used as a portion of the nonfederal share of actuarially sound Medi-Cal managed care capitation rate increases for the MCP for the period of July 1, 2013 to June 30, 2014. This is a non-binding letter, stating our interest in helping to finance health improvements for Medi-Cal beneficiaries in our jurisdiction. The government entity funds are being provided voluntarily, and the State of California is in no way requiring the government entity to provide any funding.

We would like to provide the 2013-14 rate range IGT funding for the rate period of July 1, 2013 to June 30, 2014. The MCP is in agreement with this proposal. Monterey County d/b/a Natividad Medical Center is willing to contribute up to 60% of the maximum amount allowable as calculated by DHCS as the nonfederal share of this IGT and negotiated with the MPC. We recognize that there will be an additional 20 percent assessment fee on the funding provided for the administrative costs of operating the IGT program.

We have listed the individual from our organization who will serve as the point of communication between our organization, Central California Alliance for Health and DHCS on this issue as follows:

Daniel Leon, CFO
Natividad Medical Center
