---

The County Administrative Office – Intergovernmental and Legislative Affairs (IGLA) Division is charged with the development and execution of the County's Legislative Program and Strategic Grant Services Program. Each year, IGLA staff meets with members of the Board of Supervisors and works with County departments to develop these programs to reflect the interests and priorities of the Board of Supervisors.

Once the programs are drafted, they are reviewed by the Legislative Committee, which provides direction regarding desired changes, and considers a recommendation to the Board of Supervisors to approve the program documents. Staff recommends that the Legislative Committee take these actions today, so that the Board of Supervisors may consider adoption of these recommendations at their January 28, 2020 meeting.

**Alignment with Board of Supervisors Strategic Initiatives:**

The Legislative and Strategic Grants Services Programs are organized to align with the Board of Supervisors Strategic Initiatives (Economic Development, Administration, Health and Human Services, and Public Safety) in order to report on the comprehensive efforts undertaken by both programs in the advancement of Board priorities. This alignment assists IGLA staff and the County's legislative advocates and grant consultants to maximize the impact of their efforts. Together the programs seek to impact funding opportunities from state and federal budget authorizations – which translate into available funding opportunities for local projects and programs.

## 2020 Legislative Program

The Board adopted the 2019-2020 Legislative Program on January 29, 2019, as a two-year program to correspond with the two-year legislative cycles of the state and federal legislatures. The 2020 Legislative Program is an update to the previously adopted program. The Legislative Program was developed in close collaboration with County departments and the County's state and federal legislative advocates (Nossaman LLP and Ballard Spahr LLP) in order to represent the County's state and federal legislative interests. Once adopted by the Board, the Legislative Program will provide authority and guidance regarding the County's legislative efforts – enabling actions to be quickly taken to protect or defend the County's interests in our state and national capitals. The Program contains:

1. Legislative Principles: Which provide broad direction and authority to IGLA staff and the County's legislative advocates to advance the County's interests.
2. Legislative Priorities: Which define the priority interests and concerns of the County and include descriptions of each issue along with key objectives to guide advocacy efforts.

## **2020 Strategic Grant Services Program**

Once adopted by the Board, the Strategic Grant Services Program provides authority and guidance regarding the efforts of IGLA staff and the County's grant consultants (Nossaman LLP) in the pursuit of grant funding for the County's highest priority projects.

Link provided in document to: *Policies Governing Program Activities* which is now available online in the Board Policy Manual. The Policies outline the roles of the Board of Supervisors, IGLA staff, the County's grant consultants, and County departments in the execution of the Program.

#### **2020 Work Plan**

A result of close collaboration with County departments, the Work Plan identifies priority projects and funding sources to guide efforts over a 12-month period. The Work Plan is designed to be flexible to adjust to the County's changing priorities and leaves 20% of Program capacity unallocated in order to take advantage of new or unanticipated funding opportunities.

#### **2020 Grant Needs Inventory**

A comprehensive inventory of County projects which require a source of grant funding developed in consultation with the Board and department heads. This every evolving list guides the research of IGLA staff and the County's grant consultants.

Thank you to the Legislative Committee, County department heads/staff, the County's legislative advocates and grant consultants, and IGLA staff for their contributions to the 2019-2020 Legislative Program Update and 2020 Strategic Grant Services Program.
