- 6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

7.0 TERMINATION.

- 7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.
- 7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of

CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

- 7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION.

- 8.01 Contractor shall indemnify, defend, and hold harmless the County of Monterey (hereinafter "County"), its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with, performance of this Agreement by Contractor and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. The Contractor shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the Contractor is obligated to indemnify, defend and hold harmless the County under this Agreement.

Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 Qualifying Insurers:

Business Automobile Liability Insurance, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than \$500,000 per occurrence.

(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.

(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance, if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of

three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall **provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds** with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, and shall further provide that **such insurance is primary** insurance to any insurance or self-insurance maintained by the County and that the insurance of **the Additional Insureds shall not be called upon to contribute** to a loss covered by the CONTRACTOR'S insurance. The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY.

- 10.01 **Confidentiality.** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by

CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.02 County Records. When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.03 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least ~~three~~^{four} years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 Access to and Audit of Records. The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

~~10.05 Royalties and Inventions. County shall have a royalty free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. 11.01 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), or sexual orientation, either in CONTRACTOR's employment practices or in the furnishing of services to recipients. **EXHIBIT A.2 - SCOPE OF
SERVICE**

1. Prime Software System

- 1.1. **County Management Support** - HdL will assist the County in evaluating current policies and procedures in order to enhance operational efficiency. This may include suggestions to redesign forms/reports, implement new processes, or adopt new strategies for improving communication with the business community and other County departments.
- 1.2. **Data Conversion** - HdL will convert the County's existing data. If County is migrating from HdL "Classic" Business License, County will provide a current backup of the existing Microsoft Access or Microsoft SQL Server HdL database. If County is converting from another vendor's software, the County agrees to provide its current data in ASCII delimited file format, SQL Server backup, or another format agreed upon between HdL and the County; along with a file layout detailing the content of the file. This data will be required a minimum of two times during the conversion process. The County understands that the second (and any subsequent) data set must be provided in the same format and layout as the first data set. Any inconsistencies between the first and second data sets will result in a delayed installation date and additional charges for conversion.

1.3. Implementation**1.3.1. HdL's responsibilities**

- 1.3.1.1. **Project manager** - HdL will provide a project manager (PM) to guide the software implementation process. The primary responsibility for the HdL PM is to ensure successful and timely completion of each step of the software implementation schedule. The HdL PM will work closely with the County's designated project manager to define the software implementation schedule, identify County needs and configure the software accordingly, validate the data conversion, provide user training, and generally shepherd the County through the software implementation process.
- 1.3.1.2. **IT support** - HdL will provide a dedicated IT staff member to provide IT support during the software implementation process. This individual will provide the necessary instruction and assistance in order to install the software in the County's computing environment, and will provide any needed technical support.
- 1.3.1.3. **Training** - HdL will provide software training as defined in the agreed upon software implementation schedule. This generally consists of two separate training sessions. The size and participants of each training session will be determined by the HdL PM and the County's designated project manager.
- 1.3.1.4. **User manual** - HdL will provide access to a digital copy of the software user manual. The County may use the manual as needed for internal use by County staff. The user manual contains proprietary and confidential information, and as such is bound by the confidentiality portion of the agreement. The user manual may not in any circumstances be distributed to any 3rd party or any individual that is not a current County staff member responsible for using or maintaining the software.

1.3.2. County's responsibilities

- 1.3.2.1. **Project manager** - The County will designate a staff member to serve as the County's project manager (PM). This individual must be intimately involved in the daily business processes which the software will automate, and be empowered to make, or quickly secure from management, decisions required for the implementation of the software. The primary responsibility for the County PM is to ensure that all County responsibilities during the software implementation are met according to the agreed upon software implementation schedule. The County PM will be instrumental in the successful implementation of the software; working closely with the HdL PM to verify data conversion, review and approve reports, establish business rules, and configure all aspects of the software.
- 1.3.2.2. **IT support** - The County will designate an IT staff member to work with HdL staff throughout the software implementation process. This individual must be knowledgeable about the County's computing environment and be authorized to manage the SQL Server database and

install and configure software on the network server and workstations. The primary responsibility of the County's IT designee is to provide data to HdL for conversion (if required), install the SQL Server database, and install the software in the County's computing environment.

- 1.3.3. **Schedule** – The default timeline for complete implementation (including "Go Live") of the software is approximately 60 days from the start of implementation. When the Agreement is signed by all parties, HdL will immediately work with the County to establish a specific implementation schedule.
- 1.4. **Payment Gateway** - For online payment functionality HdL's solutions include built in payment gateway services supporting both credit card and eCheck transactions. If a different payment gateway is required, there will be a \$5,000 development cost to establish the custom payment gateway integration.
- 1.5. **Maintenance and Support**
- 1.5.1. **Customer Support** - HdL will provide customer support by telephone, email and the web during the term of the Agreement. In the United States, no charge support is available as follows: For customer support between the hours of 8:00 am and 5:00 pm Pacific time, Monday through Friday, email support@hdlcompanies.com or call the HdL offices at (909) 861-4335 and ask for software support. For technical support before 8:00 am or after 5:00 pm Pacific time, Monday through Friday (or anytime Saturday), email 911@hdlcompanies.com and an HdL staff member will be paged. Please only include your name, agency and contact # in emails to 911@hdlcompanies.com. You will be contacted as soon as possible.
- 1.5.2. **Support Policy Regarding Reports** - HdL provides a number of reports with the installation of the software. These reports are developed using Crystal Reports and fall into one of two categories, standard or HdL custom developed. HdL provides support on both standard and HdL custom developed reports, provided that the reports have not been modified by the client or other third party. As part of support, HdL will make minor modifications to reports as needed by the County. This includes change of logo, phone #, address, signatures, and minor text edits. Other report edits and modifications requested by the County may not be covered under the Software Use Fee, and will be developed on a time and material basis at the current rate.
- 1.5.3. **Software Upgrades** - Except to the extent that upgrades of the software include new modules or features not previously offered as part of the software as of the date hereof, County is entitled to upgrades of the software within the terms of the Agreement. Though rare, additional costs may apply depending on the extent of the upgrade. Potential additional costs include training, consulting, configuration, or other requested services.
- 1.5.4. **Outside Connections to HdL Database** - HdL programs rely on the integrity of the database to operate properly. As such, it is critical that any outside connection to the database be implemented with HdL's full knowledge and participation. Only "read only" connections will be established to the HdL database. No modifications will be made to the HdL database, including database/table design and data content. Any repair work necessary due to violations of the above items will not be covered by the Software Use Fee, and as such will be billable to the client on a time and material basis. The County shall contact HdL for instructions if any added functionality is required, including reading additional data or writing to the HdL database.
- 1.6. **System Requirements** - The software and database will be installed on the County's network on hardware supplied by the County. Any specifications provided below indicate minimum requirements. It is the County's responsibility to ensure that any hardware used to host the software/database or run the client application meets the specifications dictated by the operating system and any software/services hosted by the hardware. For example, minimum operating system specifications will not be sufficient if the file server is also hosting the County's email system.
- 1.6.1. **Application Server Specifications** - The application server will host the HdL Prime web service, which serves as the HdL Prime business layer. The HdL Prime web service uses the Microsoft Windows Server with IIS platform. - 1.6.2. **Database Server Specifications** - The database server will host all application data. The database server should be dedicated to server related functions. Using a client's PC as the database server in a multi-user environment is not supported. HdL Software systems use the Microsoft SQL Server database platform. The following versions are supported: MS SQL Server 2008 / 2008 Express, MS SQL Server 2008 R2 / 2008 R2 Express, MS SQL Server 2012 / 2012 Express, MS SQL Server 2014/ 2012 Express. The database server should have at least 15 gigabytes of space available to allow for the initial database and growth.
- 1.6.3. **Workstation Specifications** - The software will be run on the client workstation. HdL Prime is deployed to the workstation via a click once installer. The Crystal Reports and .NET 4.x runtimes will also need to be installed on the workstation. The following hardware recommendations are based on user feedback regarding performance levels: 4+GB Memory, 1280x1024 screen resolution, MS Windows XP Pro/Vista/7/8/10 operating system.
- 1.6.4. **Network Specifications** - The software communicates via web services, and is designed to operate efficiently over the network. High-speed local area network connections are always helpful, but Prime will also run without difficulty over slower WAN connections such as T1 or mobile broadband.
